PRIVATE MEMBERS' MOTIONS

1. Mr. Shymko - Resolution - That this House, on behalf of the people of Ontario, requests the Government of Canada to protest and condemn the latest wave of persecution, mass arrests, wounding and killing of freedom-loving Albanian nationals in Yugoslavia, mostly students and workers whose public demands for basic human, economic and national rights in the predominantly Albanian province of Kosovo have placed that region under an unprecedented state of emergency; and this House on behalf of the people of Ontario urges the Government of Canada to make appropriate representation before the Government of Yugoslavia expressing grave concern about these flagrant violations of basic human rights, in particular the ruthless action of State security forces, secret trials, torture and policies of ethnocide against the two million Albanians in Yugoslavia as documented by Amnesty International, and that such actions be opposed as incompatible with the provisions of the United Nations Charter, the Universal Declaration of Human Rights and the Helsinki Final Act to which the Government of Yugoslavia is a signatory.
2. Mr. Kennedy - Resolution - That in the opinion of this House, and in accordance with the Resolution of the Third Session of the 31st Parliament, passed on June 21, 1979, the Government should introduce legislation to reduce the writ period of Provincial General Elections and By-elections to a length of 30 days; and further that the ballot include the registered political party affiliation of the candidates; and that the House give early consideration to the establishment of a Select Committee on Election Laws to consider such other election reforms as the Committee may deem appropriate.
3. Mr. Havrot - Resolution - That, in the opinion of this House, the Government should reflect the fact that mining is the largest employer, and largest revenue-producer in the North, by examining the feasibility of re-establishing a separate Ministry of Mines. Carried on division May 14th, 1981.
4. Mr. Spensieri - Resolution - That in the opinion of this House, The Procedural Affairs Committee should undertake a study of all provincial appointments made to agencies, boards and commissions, as well as to senior levels of the Public Service, which would determine whether the social and ethno-cultural diversity of the population of Ontario is reasonably reflected in those appointments. 5. Mr. Johnson (Wellington-Dufferin-Peel) - Resolution - That this House urge the Ontario Government through the Minister of Agriculture and Food to allocate sufficient resources to permit the reasonable financing of tile drainage loans to more readily meet the needs of Ontario farmers. And to advance the Provincial program for completion of province wide tile drainage installation on agricultural land which is inadequately drained resulting in a reduction in productivity. Carried May 28th, 1981.

6. Mr. Smith - Resolution - That this House disagrees with the Government's continuing emphasis on electrical generation by nuclear power stations, and in particular the acceleration of construction of the Darlington plant, despite evidence which shows that such additional electricity will not be needed; and that this House believes that there should be a redirection of Government funds to encourage conservation programmes, as well as a massive programme to develop alternative energy sources such as fuel alcohol for internal combustion engines. Lost on division May 28th, 1981.
7. Mr. Gordon - Resolution - That, in the opinion of this House, the presently operating Task Force on Equal Opportunities and Access, set up by the Ontario Advisory Council on Multiculturalism and Citizenship, which is studying provincial government appointments to agencies, boards and commissions as well as government employment and promotion practices, be extended full co-operation and assistance by government ministries and agencies, and that the report of the Task Force be made public upon its completion.
8. Mr. Philip - Resolution - That, in the opinion of this House, the Government of Ontario should take immediate steps to develop programs and introduce Legislation designed to alleviate the current housing crisis evidenced by the rapidly increasing price of houses and the diminishing stock of decent affordable housing in Ontario, and that, in particular, the Government should: (1) introduce a Housing Speculation Tax in the Assembly to tax away the speculative profits made by persons who buy and sell housing and land (for the purpose of making easy profits in a speculative market), but that includes a specific exemption for homeowners selling residences they occupy, and for long term investors who provide affordable rental accommodation; (2) sponsor the establishment of a Select Committee of the Assembly to inquire into and assess the impact of the flow of foreign speculative capital on the Province's housing market; and (3) establish effective housing programs to produce and upgrade the stock of decent, affordable housing in Ontario.
9. Mr. Miller (Haldimand Norfolk) - Resolution - That, in the opinion of this House, the Government recognize that economic pressures are forcing many farmers in this province out of the agriculture industry, and that the Government take immediate steps to set up short and long term financial programs so that the agriculture industry will grow and prosper and compete equitably with agricultural financial assistance programs in other provinces - and give our young farmers an opportunity to get back to farming. Carried October 22nd, 1981.
10. Mr. Taylor (Simcoe Centre) - Resolution - That this House reaffirm its support for producer operated provincial and national marketing boards, which provide an effective means of marketing many farm products in this country, and which give farmers much needed bargaining power in the marketplace and have been an effective mechanism to provide consumers with a stable supply of wholesome food products at reasonable prices, and which are supportive of the family farm, small business, and the promotion and development of food resources throughout this province and country. Carried June 18th, 1981.

11. Mr. Cassidy - Motion under Standing Order 63(a) - That this House: condemns the decision of the government to ignore the recommendations of the Hall Commission on Health Care to eliminate health premiums and substitute a more progressive system of taxation; condemns the government for its outrageous decision to raise OHIP premiums by 15% and maintain health premiums at the highest level in Canada; condemns the government for making the overall burden of personal taxes in Ontario including health premiums the highest of any province for families on modest income; condemns the government for forcing families to pay \$552 a year for medicare and then blocking access to universal medicare by means of user fees on health facilities and tolerating extra billing by opted out doctors; and for all these reasons this House no longer has confidence in the government.

12. Mr. McClellan - Resolution - That, in the opinion of this House, Recommendation #40 of the Royal Commission on the Status of Pensions in Ontario, which reads, in part: "The Government of Ontario should institute by legislation a mandatory retirement savings plan for all workers in Ontario aged 18 to 64 with the following features: a)The Provincial Universal Retirement System (PURS) to be based on an individual account (money purchase) design."; is rejected by this House on the grounds first, that the PURS proposal will take 47 years to reach maturity, second, that PURS provides no specific benefits to individual subscribers and third, that as a mandatory plan, PURS represents government intervention to expand and guarantee a market for the services of the private pension industry; and further, that this House rejects Recommendation #35 of the Royal Commission on the Status of Pensions (respecting the Canada Pension Plan) on the grounds that the proper path of pension reform lies in the expansion of the existing public pension system; and therefore this House endorses the following proposals and adopts them as the basis of Ontario's pension reform policy: 1. Canada Pension Plan benefits should be increased to 50% of earned income up to 1.5 times the Average Industrial Wage; 2. Old Age Security benefits should be pegged at 15% of the Average Industrial Wage; 3. Minimum benefits under the CPP should be based upon 50% of the Average Industrial Wage, to recognize the value of labour outside the economy; 4. The child-rearing drop-out amendment to the Canada Pension Plan should be ratified immediately by the Government of Ontario; 5. Exemptions from the increase will be permitted to employers with established plans if they provide benefits of equivalent value; 6. The CPP should require the splitting of pension credits by economic partners; 7. and finally, the Select Committee on Pensions referenced in the Speech from the Throne should be instructed through its terms of reference, to study and report upon ways and means of implementing voluntary early retirement under the Canada Pension Plan, including in particular any necessary amendments to the income tax system.

Carried October 15th, 1981.
15. Mr. Johnston (Scarborough West) - Resolution - That, in the opinion of this House, the Government of Ontario should establish a Select Committee or All-Party Task Force for the purpose of analyzing and making recommendations based on the Federal Report of the Special Committee on the Disabled and the Handicapped, entitled OBSTACLES. In particular, the committee or task force should consider these specific recommendations for possible development of programmes and the introduction of legislation: 1. that the key strategy for all government assistance to disabled persons in the future must be that of "independent living". Wherever possible, disabled persons must be able to leave institutions and be provided with funds and the assistance they need to live on their own. The first step is for the government to review the income requirements of the disabled in order to ensure that they receive an adequate level of support. The province should work with the Federal Government to establish a Comprehensive Disability Insurance Programme which would be integrated with the Canada Pension Plan. Until the Insurance Programme takes effect, the province and the federal government should share the costs for income tested flat rate disability supplement to the CPP. The Plan itself should modify its Liquid Asset and Earnings Exemptions to allow for the extra costs incurred due to disability. 2. that the Ontario government require all firms with a substantial government contract to implement an Affirmative Action Programme for disabled persons. The government should establish an Affirmative Action Board through the Ontario Human Rights Commission to enforce contract compliance and provide guidelines and assistance to these firms. 3. that employers and labour unions in the private sector be encouraged to provide employment opportunities, income and job security to employees who become disabled either in or outside of the job. 4. that the provincial government work with both the federal and municipal levels of government to provide reasonable access for disabled persons to all modes of transportation. 5. that the Ontario government provide financial assistance and encouragement to municipalities to support by-laws and programmes which would increase the use of and access to all municipal services and facilities by the disabled, ensure that streetscape designs and architectural plans respect the needs of the handicapped, and require municipalities to have by-laws that permit the establishment of Group Homes and encourage the presence of disabled organizations. 6. that the Ontario government, in cooperation with the federal government, consumer groups, professional associations and voluntary organizations develop guidelines for standards of care in long-term institutional settings which protect the rights of the handicapped to privacy, to legal advice, and to refuse medical treatment. 7. that the Ontario government ensure that its industrial development and small business grants, loans and other incentives are made available to disabled persons and their organizations. 8. that election polling stations be located so that they are easily accessible to the disabled. 9. that the operation of Lieutenant-Governor's

- Warrants be reviewed to protect the mentally handicapped and those deemed "criminally insane". 10. that all provincial departments, agencies or crown corporations' offices which are listed in the public telephone book be equipped with a teletypewriter (TDD) in order to provide telephone access to hearing and speech impaired persons. 11. that the government assume full responsibility for funding assistive devices for the handicapped under OHIP as recommended by the Ontario March of Dimes. 12. that the Ontario Government negotiate with the Federal Government the replacement of the Vocational Rehabilitation of Disabled Persons Act.
16. Ms. Bryden - Resolution - That in the opinion of this House, the Government of Ontario should: 1. use the power under section 63a subsection 8(a) of the Highway Traffic Act to make regulations "requiring the use of child seating and restraint systems in motor vehicles on highways and prescribing the specifications thereof"; 2. make it mandatory that seat belts, child car seats, or child restraint harnesses suited to their age and weight be required for all children while travelling in motor vehicles; 3. require that such child seating and restraint systems shall comply with the Children's Car Seats and Harnesses Regulations under The Hazardous Products Act (Canada); 4. institute a public education program to inform the public about the necessity for these regulations and encourage compliance; 5. introduce legislation amending section 5 of The Retail Sales Tax Act to provide an exemption from the tax imposed by the Act for purchasers of child seating and restraint systems that comply with the Children's Car Seats and Harnesses regulations under the Hazardous Products Act (Canada).
 17. Mr. Elston - Resolution - That this House direct the Standing Committee on Administration of Justice to immediately conduct an examination of the capabilities of the Ministry of Consumer and Commercial Relations to license, monitor and investigate the financial institutions of this Province. Lost on division October 29th, 1981.
 18. Mr. Smith - Motion under Standing Order No.63(a) - That the Legislative Assembly, noting the failure of the government's budget to provide immediate and effective relief from the high interest rates now burdening mortgaged home owners, farmers and small businessmen in Ontario, declares it has no confidence in this government.
 19. Mr. Samis - Resolution - That this House requests the Parliament of Canada to include Ontario in the provisions of Section 133 of the British North America Act as part of any revised constitution in order that the francophone minorities of New Brunswick, Manitoba and Ontario be guaranteed the same language rights.
 20. Mr. McClellan - Resolution - That, in the opinion of this House, the Government recognizes that the Progressive Conservative Party of Ontario, many of its candidates and its constituency associations spent inordinate amounts of money during the last general election thereby seriously undermining the integrity of the electoral process, and that in order to correct this undemocratic development, this House directs the Commission on Election Contributions and Expenses to proceed immediately under Sections 4(1)d and f of the Election Finances Reform Act. Specifically, the Commission should investigate expenditures by parties, candidates and constituency associations with a view to recommending amendments to the said act to set spending limits for future provincial elections. Carried November 5th, 1981.

Mr. McGuigan - Resolution - That this Government take steps to ensure that the Solicitor General's estimates contain provision for additional obligations incurred under policing agreements with municipalities made pursuant to section 64 of the Police Act, and that such provision be commensurate with payment received from municipalities under such agreements. Blocked November 19th, 1981.
25. Mr. Swart - Resolution - That, in the opinion of this House, the Minister of Revenue should direct, immediately, the Assessment Branch of his Ministry to locate, through a questionnaire to each householder and home owner, all housing which has urea formaldehyde foam insulation (UFFI) and, further, take immediate steps to reduce the assessed value of such houses proportionate to the reduction in their market value due to the UFFI as required by the Assessment Act.
26. Mr. Swart - Resolution - That, in the opinion of this House, the Minister of Consumer and Commercial Relations should amend the Ontario Building Code Regulation 925-75 to provide that a municipal building permit is required for the removal of UFFI insulation from all buildings. 31. Mr. MacDonald - Motion of Censure - That this House has lost confidence in the Speaker's capacity to exercise the responsibilities of the chair with adequate competence and impartiality, thereby resulting in frequent infringement of the privileges of individual members and jeopardizing the orderly conduct of the legislative business. Therefore this House 1) urges the Speaker to resign; and 2) establishes a committee made up of the House leaders of each party which would report back an acceptable list of nominee(s) for election by Members of the Legislature of a new Presiding Officer. The day care system for Ontario provide care for children from infancy to age 12, based on the neighbourhood hub model, with provincial government funding available to neighbourhood centres to provide a full range and mix of services, including: (a) Group centres, principally in schools, but also in community centres, churches, libraries; (b) Private home day care, as set out in (6); (c) Part time care through group centres or drop-in facilities; (d) Emergency care for sick children, night care, and in-home care for the children of shift workers; (e) Workplace day care where appropriate; (f) Integrated neighbourhood-based group care for special needs children. 3. Responsibility for the provision of day care services should be transferred to a separate department of Early Childhood Care and Education within the Ministry of Education, and that an Inter-Ministry task force be established to examine this proposal. 4. The province be committed to provide funds for day care and assistance in implementation when 25 children within a school attendance area are in need of such services. 5. Day care funds be directed only to non-profit community-controlled child care centres and those operated by government. 6. Private home day care providers be registered as a condition of public funding, and where possible, private home day care be linked with neighbourhood group child care centres, and that Home care providers be offered training programmes and other support systems, and receive salaries and benefits commensurate with

- group care staff. 7. It be recognized that the standards existing in the present Day Nurseries' Act are the minimum required for good care, and that sufficient staff be employed to enforce these standards. 8. Persons with education and experience in the field of Early Childhood Education continue to be the primary staff in child care centres, and that salaries and benefits of day care workers be commensurate with other professional workers in education, nursing and social work. 9. Government operated child care centres institute a mechanism for parent/staff input and decision-making. 10. Publicly funded educational programmes be provided in languages of the community to increase public awareness of the goals, availability, operation and funding of day care services.
33. Blocked December 17th, 1981.
34. Mr. Wildman - Resolution - That this House deplores the role played by the Government of Ontario in acquiescing to the exclusion of Section 34 of the proposed "Resolution containing a joint address to Her Majesty The Queen respecting the Constitution of Canada" which recognized and affirmed aboriginal and treaty rights from the package agreed to by 10 first ministers at the recent federal-provincial constitutional conference and requests the Government of Canada to initiate immediately bilateral negotiations for inclusion of such a clause acceptable to both sides with representatives of the Indian, Metis and Inuit peoples of Canada who have been chosen by those groups themselves--including, in particular, representatives from the following organizations from Ontario: the Union of Ontario Indians, the Association of Iroquois and Allied Bands, Grand Council Treaty #9, Grand Council Treaty #3, the Ontario Metis and Non-Status Indian Association, and the Native Women's Council.
35. Mr. Williams - Resolution - That in the opinion of this House, the Government should enact Legislation to establish a fixed 30-day writ period for Provincial Elections. Blocked December 17th, 1981.
36. Mr. Smith - Motion under Standing Order No. 63(a) - That, noting the Government's continued refusal to table significant information which led to the Premier's decision to purchase 25% of the common shares of Suncor Inc., a decision to be ratified on November 20; and the overwhelming need for additional financial support for health, educational, industrial revitalization and energy substitution programmes instead of the commitment of \$650 million to the Suncor purchase, this House no longer has confidence in the Government. Lost on division November 19th, 1981.
37. Ms Bryden - Notice of Reasoned Amendment - That Bill 115, an Act to amend the Regional Municipality of Hamilton-Wentworth Act be NOT now read a second time but be referred back to the government for redrafting to recognize that the limitation of store hours in the Region should be on a uniform basis throughout the Region as a general principle, but that provision should be made to allow limited exemptions for special occasions rather than grant the far-reaching powers of exemption provided for in the present amendment which would undermine the basic principles of section 134 of the Act.

38. Mr. Kennedy - Resolution - That this House expresses its support in principle for the recommendations of the Report of the Federal Committee on Wage Protection in Matters of Bankruptcy and Insolvency tabled in the House of Commons on November 16, 1981 and recommends that steps be taken forthwith to urge its adoption through necessary legislative amendments and that the federal and provincial governments co-operate in the development of a permanent solution to the problem of unpaid wages and other compensation to which employees may be entitled at law as a result of loss of employment due to bankruptcies and insolvencies.
39. Mr. Gordon - Resolution - That, in the opinion of this House, the Ontario Government, after the constitution is patriated, take the initiative in advocating that the Federal Government and the other provinces open constitutional talks to make the necessary amendments to ensure that the rights and freedoms referred to in the Charter are constitutionally guaranteed equally to male and female persons. In the interim, the Ontario Government should not take advantage of the proposed Section 33, the notwithstanding provision, of the Constitution Act, 1981, to enact legislation which would override the rights and freedoms guaranteed in the Charter equally to male and female persons.
40. Mr. Kolyn - Resolution - That this House urge the Federal Minister of Revenue to raise the duty free allowance for purchases by Canadians travelling outside Canada from \$150 to \$1200 to realistically reflect the purchasing power of the Canadian dollar.
41. Mr. Sweeney - Resolution - That in the opinion of this House, and as a result of the heightened vulnerability of workers throughout Ontario, the Government should introduce amendments to the Employment Standard Act and the Ontario Business Corporations Act to create, in specified cases, an obligation upon an employer considering worker layoffs or plant shutdowns, to consult with the employees prior to the tentative decision to lay off workers or shut down the plant.
42. Mr. Cooke - Resolution - That this House acknowledges the need in Ontario for an auto industry independent of foreign domination and that to achieve this goal, this House directs the Government to take the necessary immediate steps to establish an Ontario Automobile Program that would seek to reduce Canada's import dependency on engines and parts, reduce the high levels of foreign ownership and rebuild the auto industry in Ontario. To that end the Government should: (1) establish an interdepartmental office of automotive policy that would co-ordinate the design and implementation of the Ontario Automobile Program; (2) establish a short-term community adjustment fund that would provide assistance to laid-off and terminated workers and would assist currently affected communities to restructure their industrial base; (3) obtain a significant presence in the auto parts sector through the creation of a reorganization of the auto parts industry in order to overcome the fragmentation of the industry, its technological obsolescence and the critical shortage of investment capital. The crown corporation should: (1) obtain, where necessary, equity positions in existing Canadian-owned

auto parts companies; (2) require the Canadianization of those foreign multinationals who now operate in Ontario or who establish plants in the future; (3) enter into joint venture projects with major automobile companies; (4) negotiate long-term purchasing agreements for Canadian-made parts with major international automobile companies who sell their products in Ontario; (5) undertake, directly or indirectly, research and development into product development, process technology and whole vehicle technology; (6) explore and develop new industrial linkages between the automobile sector and other sectors of the economy. 43. Mr. Renwick - Notice of Reasoned Amendment - That Bill 175, being an Act to amend the McMichael Canadian Collection Act be NOT now read a second time but be referred back to the Minister with instruction to return the Bill with provisions which will ensure compliance by Her Majesty the Queen in Right of the Province of Ontario (hereinafter called the Crown) with the letter and spirit of the agreement between the Crown, Robert McMichael and Signe McMichael and the Metropolitan Toronto and Region Conservation Authority dated 18 November 1965, namely: (1) by reflecting the obligation of the Crown, with the advice and assistance of Robert and Signe McMichael, to develop and maintain in perpetuity at Tapawingo the collection of art reflecting the cultural heritage of Canada known as the McMichael Canadian Collection originally established by gift to the Crown from Robert and Signe McMichael pursuant to the agreement; (2) by defining the term "McMichael Canadian Collection of Art" in a manner consistent with the intention of the Agreement; (3) by requiring the Corporation known as the McMichael Canadian Collection to covenant expressly to be bound by the provisions of the agreement as required by the agreement; (4) by reducing the number of the members of the Board of Trustees of the Corporation to give and making provision for the composition of the Board and the appointment of the Chairman to be consistent with and comply with the provisions of the agreement respecting the Advisory Committee as originally established; (5) by annexing the agreement to the McMichael Canadian Collection Act as a schedule so that the agreement will form a permanent part of that Act.

45. Mr. Bradley - Resolution - That in the opinion of the House the government should sell the Canadian Challenger 600 business jet aircraft whose purchase was announced on August 11, 1981, in view of the fact that the Premier and Cabinet Ministers already have suitable and more economic means of travel, that with a \$1.466 billion provincial deficit, funds would have to be borrowed at the rate of at least 15% to cover the cost of purchase, that the cost of fuel, storage, pilots and maintenance would be far in excess of that for alternative forms of air travel, that this aircraft would be unable to land at many Ontario airports and in view of the fact that the expenditure of \$10.6 million for the purchase and the ancillary expenditures resulting would better be used to assist the people of Ontario who are confronted with the burdens of unemployment, inflation and excessive taxation.
46. Mr. Cassidy - Motion under Standing Order No. 63(a) - That this House condemns the Government for the decision announced by the Minister of Health to return Ontario to profit-motivated health care and to establish discriminatory hospital services that will threaten the health of the majority of Ontario citizens and, further, that this House condemns the Government for fundamentally undermining universal hospital care contrary to principles and agreements outstanding with the federal government and contrary to promises made by the Premier only hours previously that his Government would not impose user fees for health services, and for these reasons this House no longer has confidence in the Government. Lost on division December 10th, 1981.
47. Mr. Reed - Resolution - That in the opinion of this House and as a result of rising gasoline costs, the Government should enact Legislation to establish sales tax exemption on the sale of bicycles.

51. Mr. Philip - Resolution - That this House directs the Government: (1) to create a task force which would conduct a full public investigation of the health and other environmental effects of increasing aircraft noise in the vicinity of Toronto International Airport; and (2) to urge the Government of Canada to take immediate steps to alleviate this problem.
52. Mr. Cassidy - Resolution - That the government's proposed purchase of 25% of the shares in Suncor be referred to the General Government Committee for study from the period January 1st to March 15, 1982, that the Committee be empowered to establish a sub-committee, with representatives of the three parties, which will have power to call for and to inspect all the confidential documents and reports that were made available to the government, to the Ontario Energy Corporation, to McLeod, Young, Weir or to Price Waterhouse with respect to the government's purchase of Suncor shares; that the sub-committee be further empowered to deliver to the full Committee all of those documents or portions of those documents which in the opinion of the sub-committee may be made public without jeopardizing the commercial or competitive interests of Suncor or its parent company and which usefully contributes to the Committee review of the Suncor purchase, and that the Committee submit its report to the Legislature at the opening of the new session in 1982.

OTHER MOTIONS

Mr. Wells, seconded by Mr. Smith and Mr. Cassidy - Resolution - That, the Legislative Assembly of Ontario, recognizing that Canadians greatly deplore the serious situation in Poland today, the imposition of martial law, involving a large number of arrests, the suspension of basic rights and freedoms, and the arrest of union leaders; and recognizing that Canadians strongly support the principles of the Helsinki accords and the struggle of the Polish nation to secure these basic freedoms through their rights which have been won by workers of Poland in the last 16 months through their free trade union, Solidarity; that, therefore, this House communicate through the Government of Canada to the Government of Poland, to the Catholic Church in Poland, and to the workers in Poland through Solidarity, our grave concern that there be no political or military intervention by the Soviet Union; and that this House urge the Government of Canada, and people everywhere, to do everything in their power, while respecting the principle of non-intervention, to support the solution of Poland's internal difficulties by means of the peaceful negotiation between the Polish Government and the Polish people, and to support, as well, the creation of a new form of society that will meet the needs of the people and respect the rights of workers; and further to urge the Government of Poland to release those trade union leaders who have been arrested.
