All proposed amendments shall be filed with the Clerk of the Committee by 4:00 p.m. on the day prior to the last day on which the Committee is authorized to consider the bill clause by clause. At 4.00 p.m. on the last day on which the Committee is authorized to consider the bill clause by clause, those amendments which have not yet been moved shall be deemed to have been moved and the Chair of the Committee shall interrupt the proceedings and shall, without further debate or amendment, put every question necessary to dispose of all remaining sections of the bill and any amendments thereto. Any divisions required shall be deferred until all remaining questions have been put, the Chair shall allow one 20 minute recess pursuant to Standing Order 128 (a) and all deferred divisions shall be taken in succession. PRIVATE MEMBERS' BUSINESS

1. Mr Drainville - Resolution - That, in the opinion of this House, recognizing that farmers need new markets, and that there are compelling environmental and social benefits of renewable fuel production and use, the relevant government ministries should cooperate in an interministerial committee to undertake studies and pilot projects to determine a comprehensive provincial ethanol strategy leading to changes in various provincial regulations; and to aggressively lobby the federal government to alter its regulations and tax policies so as to foster the development of a prosperous ethanol industry in Ontario.

2. Mrs Sullivan - Resolution - That, in the opinion of this House, since Bills 74, 108, 109 and 110 are complex, inter-related pieces of legislation, whose principles are broadly supported and since representatives of health care professionals and practitioners, consumer organizations and agencies, and advocacy groups have advanced reasoned, serious and objective criticisms of these Bills, and put forward proposals for their improvement and practicable implementation and since this government has put forward no proposals for amendments to the Bills in a public forum and provided no commitments regarding consultation on review of any amendments; the Government should:
 - 1) withdraw these Bills from active legislative consideration and that they only be considered as draft Bills;
 - 2) that the Bills be reprinted with the government's proposed amendments;
 - 3) that the redrafted Bills be circulated for public analysis and comment during the spring, 1992 session of this House;
 - 4) that a renewed period of public hearings on the redrafted Bills be conducted by the Standing Committee on Administration of Justice during the summer, 1992 intersession;
 - 5) that clause by clause consideration of the redrafted Bills also be conducted by the Standing Committee on Administration of Justice during the summer, 1992 intersession; and
 - 6) that the Bills proceed to Committee of the Whole House in the autumn, 1992 session.

Section 7-23

3. Mr Phillips (Scarborough-Agincourt) - Resolution - That, in the opinion of this House, the provincial budget must present a comprehensive picture of Ontario's Economic and Social situation to include a broad range of social and economic indicators which can be monitored and targeted for progress including:

- 1) The number of people living below the poverty line, including the number of children.
- 2) Social assistance caseloads.
- 3) Social assistance benefit levels expressed in both dollar terms as well as a percentage of the poverty line.
- 4) Usage of foodbanks.
- 5) Housing data including the average home prices in selected cities required to purchase a home, average rents in selected cities, and waiting lists for assisted housing.
- 6) Distribution of income and wealth in Ontario.
- 7) Income distribution by gender.
- 8) Tax burdens faced by different income groups.
- 9) Number of lay-offs and their success rates at securing comparable re-employment.

Carried on division April 23, 1992.

4. Mr Cousens - Resolution - That, in the opinion of this House, since each of the four major sulphur dioxide sources in Ontario reported in November 1989 to the Standing Committee on General Government that they would meet or surpass the emission reductions required for 1994 by the Countdown Acid Rain Program, and since the Committee subsequently recommended that the Ministry of the Environment should "vigorously" plan for the post 1994 stage of acid gas emission control with respect to the four major polluters, and since the four major polluters only account for 80 percent of Ontario's sulphur dioxide emissions; therefore the Ontario Government's "Countdown Acid Rain Program" should be extended beyond 1994 and expanded to include the other 20 percent of emitters, and this Government should introduce new regulations under the Environmental Protection Act that will:

Section 7-24

1) establish specific emission limits and schedules for each of the four major acid gas emission sources (Ontario Hydro, Inco Ltd., Falconbridge and Algoma Steel) for the period 1995-2005; and

2) establish specific emission limits and schedules for all other emitters of sulphur dioxide and nitric oxide.

Carried May 7, 1992.

5. Mr Drainville - Resolution - That, in the opinion of this House, the Ministry of Agriculture and Food, in developing policies and programmes for agriculture and rural development should take account of the special needs of the aboriginal peoples - their land ownership structures and political and cultural traditions - so that they may participate to the full in government programmes and initiatives for agricultural and rural development.

6. Mr Martin - Resolution - That, in the opinion of this House, recognizing that cross border shopping is one of the major threats to the economy of our communities, province and country and that an estimated \$2 billion in 1991 was spent in the United States by Ontario alone and, further, that cross border shopping is a significant factor in a more integrated North American economy; the Government of Ontario should make the challenge of cross border shopping a priority by conducting a comprehensive study of its impact on the economy of Ontario. Such a study would be a joint venture of Provincial, Federal and the affected Municipal governments and would examine the unique and combined influences of such factors as the present cross border shopping initiatives of the Ministry of Industry, Trade and Technology; the cost of gasoline; the impact of Sunday Shopping; and the value of the Canadian dollar.

Carried April 23, 1992.

Section 7-25

7. Mr Carr - Resolution - That, in the opinion of this House, given that the previous Liberal government and the present NDP government have contributed to the high taxation, high government spending, and high unemployment in the province of Ontario through their tax, spend and borrow approach to fiscal management, this government should introduce the following measures to bring prosperity back to Ontario:

- Commit to a policy of achieving deficit reduction through expenditure controls and not through tax increases.
- Avoid hiking taxes or introducing new taxes.
- Introduce legislation to cap and where necessary to roll-back wage increases in the broader public sector to hold wage hikes to the level of the transfer payment increases announced by the Treasurer on January 21.
- Provide tax relief for the retail, tourism and small business sectors through reductions in the provincial sales and gasoline taxes.
- Abandon its proposed changes to Ontario labour law, proposals which are only helping to fuel the exodus of business and investment from Ontario.
- Restructure the provincial welfare system to make more productive use of social assistance dollars by financing wage subsidies for employers who hire social assistance recipients.

Lost on division April 30, 1992.

8. Mr Brown - Resolution - That, in the opinion of this House, the government should establish immediately a Select Committee on Energy and the Environment to investigate the following factors and make recommendations:

In view of the increasing evidence of the contribution of combustion of fossil fuels to global warming, amongst other contributors, substantial understanding of the implications of climatic change on the environment and economy of Ontario and on human activity, and widespread public concern regarding these issues, and in view of the fact that energy policy has a direct bearing on these issues because of its impact on the mix, level and efficiency of use of all types of primary energy resources, to identify the extent to which current provincial energy policy affects carbon dioxide emissions, the potential for controlling, stabilizing or reducing carbon dioxide emissions, and the types of public policy or programme initiatives to achieve the objectives of limiting the adverse environmental and economic impacts of carbon dioxide emissions, and to consider:

Section 7-26

(i) all energy sources, including oil, natural gas, coal, electricity and alternative energy sources, with an emphasis on energy produced by the combustion of fossil fuels to provide heat or motive power;

(ii) in the case of electricity and alternate energy sources, both the direct use of fossil fuels and the economic potential for non-combustion energy sources;

(iii) demand management initiatives, including energy efficiency, with respect to their roles as non-carbon dioxide-forming sources of energy; and

(iv) all sectors of energy applications, including the industrial, commercial, residential, institutional and transportation sectors.

Carried on division May 14, 1992.

9. Mr Wilson (Kingston and the Islands) - Resolution - That, in the opinion of this House, the Ministry of the Environment should adopt a policy of composting at the place the organic waste is generated - homes, schools, etc. as the most effective way of reaching our province's target of diverting 50 percent of solid waste from landfill sites by the year 2000. The policy should emphasize the need for composting to take place at source wherever possible, for two reasons:

- 1) It is more cost effective as there is no need to transport the organic materials and as there would be less need to build central composting facilities throughout the province.
- 2) It also eliminates the ongoing contamination problem central composting facilities must deal with as non-compostables become mixed with compostables.

Carried May 14, 1992.

Section 7-27

10. Mr Drainville - Resolution - That in the opinion of this House, the Standing Committee on the Legislative Assembly should be authorized to review and report to the House on recommended changes to the Standing Orders to allow Independent Members of the assembly the right to more fully participate in the work of the assembly.

In particular, the committee should review:

- clause 30 (b) of the Standing Orders to give Independent Members the collective right to make one statement every two weeks during the period for "Members' Statements".
- clause 32 (b) and (d) of the Standing Orders to give Independent Members the collective right to ask one question and one supplementary question every two weeks during the Oral Question Period.
- section 69 - to continue to give a Member who is not of a recognized Party in the Legislative Assembly the right to make one speech at second and third readings of every government bill.
- clause 108 (a) of the Standing Orders to give an Independent Member the right to sit as a member of one standing committee of his or her choice.
- clause 108 (a) of the Standing Orders to give the government of a majority Parliament the right to appoint an extra member to a standing committee that has an Independent Member sitting as a member of the committee.
- section 124 of the Standing Orders to give an Independent Member the right to take part in public proceedings of any standing or select committee of which he or she is not a Member, with the right to ask questions of witnesses and the right to receive all documents and exhibits, but with no right to vote on the committee.

Carried June 11, 1992.

11. Mr Morrow - Resolution - That in the opinion of this House, since ambulance officers work in a stressful environment and in life and death situations, February 20th in each year should be recognized and proclaimed as "Ambulance Officers Day".

Carried May 28, 1992.

Section 7-28

12. Mr Wilson (Simcoe West) - Resolution - That in the opinion of this House, the Minister of Municipal Affairs should immediately amend The County of Simcoe Act, 1990, to restore that part of the Township of Tecumseth that was amalgamated under the name of the Town of Bradford-West Gwillimbury to the boundary that existed before the County of Simcoe Act, 1990, came into effect, and that these lands will become part of the Town of New Tecumseth.

13. Mr Bradley - Resolution - That, in the opinion of this House, since General Motors announced its intention on February 24 of this year to close its St. Catharines Foundry eliminating over 2,000 employment positions in addition to 750 women and men who were to be laid off indefinitely as of March 1 and over 100 people who will lose their jobs as a result of the decision to discontinue the 3.1 litre V-6 engine; and

Since the St. Catharines General Motors Foundry is a cost competitive, world class, high quality operation with a highly skilled and motivated work force; and

Since the loss of these jobs will mean the loss of \$130 million in wages and salaries to the economy of the Niagara Region and the Province of Ontario; and

Since the implications for businesses and industries that service and supply the auto sector are extremely negative and serious; and

Since whenever a production line and a significant part of a plant shuts down, the fixed cost of maintaining the rest of the operation increases and the quality of components from elsewhere cannot be guaranteed;

The Legislative Assembly of Ontario should urge General Motors to continue the operation of its Foundry in St. Catharines.

Carried July 9, 1992.

14. Mr Tilson - Resolution - That, in the opinion of this House, recognizing that Bill 143 limits waste disposal options for Greater Toronto Area (GTA) municipalities, and the residents of Town of Caledon, in the Regional Municipality of Peel, have been unfairly burdened with fifteen potential sites, many on prime agricultural land, and given willing host communities outside the GTA cannot have any sites considered during the environmental assessment process, and given the town of Kirkland Lake recently conducted a municipal referendum which voted 69% in favour of an environmental assessment on the former Adams Mine as a possible site for GTA garbage, the government should immediately repeal Bill 143 and institute a process which guarantees all citizens of Ontario a full environmental assessment and consideration of all options for GTA waste disposal.

Section 7-29

15. Mr Cousens - Resolution - That, in the opinion of this House, recognizing that,

- the decision to prohibit the regions of the Greater Toronto Area from searching for landfill sites beyond their boundaries is contrary to the intent of the Environmental Assessment Act, Section 5(3), and

- the government has promised each person in Ontario the right to a full environmental assessment, including the right to a review of all options as it pertains to waste disposal in Ontario, and

- the impact of a landfill site in the Greater Toronto Area has not been fully examined in terms of the effect on communities, the environment, agriculture, municipalities, businesses and individuals,

the Minister of the Environment should amend Bill 143 to allow a more democratic process for the consideration of future options for the disposal of Greater Toronto Area waste, and consideration of disposal sites outside the GTA where a "willing host" community exists.

16. Mr Mills - Resolution - That, in the opinion of this House, recognizing that there are a large number of British Old Age Pensioners residing in Ontario who are, in many cases, entirely dependent upon pensions earned through their contributions made while working in the United Kingdom, and that these pensioners suffer deprivation and discrimination in that the amount of their pension incomes were frozen to the rate in force when first commenced, in contrast to British pensioners in other jurisdictions whose pensions have been indexed to the cost of living, the Government of Ontario should, (a) petition the Government of the United Kingdom in the name of those ideals of justice and human rights to review immediately their policy pertaining to pensioners living in Canada and, thus, the Province of Ontario, to abandon the damaging inaction of the past 13 years and return to the table to resume discussions with the Government of Canada over the long sought wide-ranging social security reciprocal agreement which will bring into force the indexation of British old-age pensions in this country and province, and (b) petition Her Majesty the Queen to request Her Royal Highness' intercession with her Ministers to rectify this manifest injustice.

Carried July 16, 1992.

Section 7-30

17. Mr Carr - Resolution - That, in the opinion of this House, since the government intends to legalize casinos and is considering other forms of gambling in the province, and since studies have been done which indicate that where casinos are found, they are inseparable from organized criminal activities, and since most forms of gambling end up being a tax on those least able to pay and gambling produces in many people a terrible addiction, the Government of Ontario should cut expenditures rather than attempt to increase revenues through expanded lotteries and further, they should stop looking to casinos and other forms of gambling as a "quick-fix" solution to pay down the deficit and reverse their decision to proceed with legislation to legalize casinos and other forms of gambling.

18. Mr Harris - Resolution - That, in the opinion of this House, recognizing that the national flag of Canada represents values that unite all Canadians; and acknowledging the fact that Canadians deplore any desecration of the national flag of Canada, and that the desecration of the provincial flag is equally repugnant; the Legislative Assembly of Ontario should support Bill C-227 (an Act of the Parliament of Canada to amend the criminal code, making it a criminal offence to physically desecrate the national flag of Canada); and, that the Assembly should seek to have this Act amended to include the Ontario flag as well.

19. Mr Beer - Resolution - That, in the opinion of this House, recognizing that,

- the decision to prohibit the regions of the Greater Toronto Area from searching for landfill sites beyond their boundaries is contrary to the intent of the Environmental Assessment Act, Section 5(3), and

- the government has promised each person in Ontario the right to a full environmental assessment, including the right to a review of all options as it pertains to waste disposal in Ontario, and

- the impact of a landfill site in the Greater Toronto Area has not been fully examined in terms of the effect on communities, the environment, agriculture, municipalities, businesses and individuals,

the Minister of the Environment should amend Bill 143 to allow a more democratic process for the consideration of future options for the disposal of Greater Toronto Area waste, and consideration of disposal sites outside the GTA where a "willing host" community exists.

20. Mr Sutherland - Resolution - That, in the opinion of this House, all Regional, County, District, City, and Town Governments with a population over 10 000 should be required to develop purchasing policies by January 1, 1994 that include the use of recycled materials, and that each purchasing policy include the following: (1) that all tendering documents indicate that preference will be given to bids that use recycled material, (2) that all advertising for contracts will indicate that preference will be given to bids that use recycled materials, (3) that in selecting the supplier of the contracts, the municipality may consider an allowance in the bid price for those products that have 50% recycled material.

Carried July 23, 1992.

21. Mr Villeneuve - Resolution - That, in the opinion of this House, when the next Commission for the purpose of a redistribution of Ontario Electoral Districts is established, the Commission should be instructed to take into consideration the varying conditions, circumstances and requirements regarding representation as between rural and urban electoral districts, and the increase in the geographic area of rural ridings after the redistributions of the 1970's and 1980's, with the intention of creating three classifications of constituencies - urban, urban-rural, and rural, so as to limit the geographic area of rural ridings, and to a lesser degree that of urban-rural ridings, - as well as the number of organized municipalities which members must represent.

22. Mr Sterling - Resolution - That, in the opinion of this House, the Senate of Canada should be abolished.

Section 7-32

23. Mrs Marland - Resolution - That, in the opinion of this House, recognizing that on June 18, 1992, the Minister of Housing released the consultation paper, Apartments in Houses, which contains draft legislation to allow homeowners to create an apartment in a house without municipal zoning approval; and recognizing that the Housing Ministry's consultation period, even with the Ministry's decision to accept written submissions after the deadline of August 31, 1992, is inadequate for legislative changes of this magnitude; and recognizing that several parties, including the Association of Municipalities of Ontario, many municipal councils, the Ontario Homebuilders' Association, and many ratepayers groups, have identified serious deficiencies in the proposed legislation; and recognizing that these deficiencies include the following:

- failing to recognize that accessory apartments, unless located in suitably zoned areas, may not offer a reasonable quality of life for their occupants or be compatible with their surrounding neighbourhoods;
- failing to provide adequate legal protection to homeowners who need to regain possession of their accessory apartments;
- interfering with municipal zoning authority and negating official plans and decades of land-use planning decisions;
- failing to provide municipalities with licensing authority for accessory apartments;
- failing to consider how municipalities and school boards will pay for the services required by the residents of accessory apartments;
- failing to consider whether sufficient infrastructure is in place to accommodate the residents of accessory apartments;
- failing to require on-site parking for accessory apartments;
- contributing to the "absentee landlord syndrome" by failing to limit accessory apartments to owner-occupied homes;

therefore the Minister of Housing should not introduce the legislation proposed in the consultation paper, Apartments in Houses, which would permit an apartment as-of-right in a detached, semi-detached, or row house.

24. Mr Harnick - Resolution - That, in the opinion of this House,

1) recognizing that the Attorney General is a member of the Executive Council; and is also a member of a political party who, as such is subject to partisan political influences; and recognizing that it is desirable to reduce the potential for conflicts-of-interest; and

2) recognizing that the Attorney General is responsible for the financing and administration of the Courts; and recognizing the importance of the independence of the judiciary, and

3) recognizing that the Attorney General is responsible for the decision-making process of the prosecutorial system; and recognizing the importance of the independence of the prosecution service,

the Government of Ontario should transfer the responsibility for financing and the administration of the Courts to the judiciary and, create by statute, the position of an independent Director of Public Prosecutions.

25. Mr Villeneuve - Resolution - That in the opinion of this House, because deer farming represents a new and viable opportunity for Ontario agriculture and a means of replacing the foreign imported venison which the Ontario restaurant industry currently purchases, that because domestic deer such as white-tail have demonstrated their ability to survive and thrive in Ontario, and because the regulated farming of domestic and other deer will considerably reduce the incidence of poaching across Ontario and establish standards for the production of venison, and because Ontario lags behind neighbouring provinces in encouraging and promoting deer farming, this House believes the introduction of a Deer Farms Act with marketing standards for all deer, including domestic deer, should be a priority for the Minister of Agriculture and Food.

Section 7-34

26. Mr Drainville - Resolution - That, in the opinion of this House,

- 1) recognizing that families are made more emotionally and economically vulnerable by the operation of various gaming and gambling ventures; and
- 2) recognizing that the people of Ontario did not give a mandate to the New Democratic Government to introduce casino gambling; and
- 3) recognizing that the citizens of Ontario have not been consulted on this particular government initiative,

the Government of Ontario should cease all means of establishing gambling casinos by regulation and that appropriate legislation be introduced into the Legislative Assembly along with, a process which includes significant opportunities for public consultations and full public hearings.

27. Mr Curling - Resolution - That, in the opinion of this House, since over 75% of the trade of the Province of Ontario is with the United States of America; and since Ontario has created exceptional technological infrastructure in the areas of health, resources, transportation, education and technological development; and since we have in our recent history an example of how enhanced and exuberant economic growth has beneficially affected the attitude of citizens of all countries toward the people of Japan; and since attitudes of racial intolerance towards Japanese people have given way to respect and cultural sensitivity, as a consequence of that nation's contributions to the global economy; and since it is the genuine intent of every citizen of Ontario to move toward greater equality and the establishment of a better system of securing to every person the human rights for which our democratic society stands; and since Ontario has abandoned efforts with bettering trade with developing nations; the Government of Ontario should make a significant commitment and a concerted effort to re-establishing very active trade activities with developing nations that will focus on Technology Transfer and the enhancing of the skills of the people and, through trade policies, which benefit the economy of the Province of Ontario as well as the economies of developing nations, the citizens of Ontario will acquire a sensitivity toward the culture of developing nations and a regard for their citizens as persons deserving of respect.

28. Mrs O'Neill (Ottawa-Rideau) - Resolution - That, in the opinion of this House, 20 months have passed since the New Democratic Government was made aware of the physical, mental and sexual abuse inflicted upon residents of the Grandview Reform School; and since the acknowledgement of the abuse and the impact this abuse had on its victims the Government implemented a six month package for the Grandview victims that was inclusive of priority access to therapy; and since this package is no longer in effect; and since the victims of Grandview continue to experience mental anguish and remain without any permanent support for priority access to therapy, funds for legal costs, funds for training, and additional compensation; and since the Government has, through the introduction of a temporary package, which has now expired, acknowledged the abuse experienced by the Grandview victims as well as their need for compensation and therapy; and since this is a Government that claims to be intolerant of abuse against women; the Government of Ontario should take steps to immediately establish and implement a compensation program that is inclusive of priority access to a therapist (to be chosen by the victim), ongoing funding and access to training opportunities, financial aid for legal costs, and compensation that will allow the victims to deal with the abuse and the devastating effect it has had on their lives.

29. Mr Johnson - Resolution - That, in the opinion of this House, recognizing that the rural regions of Ontario have concerns that are distinct from those of the urban regions and that it is important for government policies to take these differences into account; recognizing also that this government now must deal with the economic and social problems of rural Ontario, and in particular with the issues of planning, resource development and of the environment; and recognizing that it is important that rural regions be given representation at every level of the decision making process; the Government of Ontario should do one of the following:

1. Create a Ministry or Secretariat of Rural Affairs;
2. Expand the mandate of an existing ministry to include rural affairs;
3. Create a rural development commission or agency.

30. Mr Elston - Reasoned Amendment - That Bill 40, An Act to amend certain Acts concerning Collective Bargaining and Employment, be NOT now read a third time but be returned to the Standing Committee on Resources Development to allow committee members to debate all the amendments that were deemed to have been read but were never discussed, because the Bill is fundamentally defective in principle.

31. Mr Elston - Resolution - That in the opinion of this House, whereas Premier Rae of the Province of Ontario has forced upon the Ontario Legislature a change in the rules governing the procedures to be followed in the House;

and whereas recognizing that Premier Rae has removed from Members of the Opposition the ability to properly debate and discuss legislation and policy in the Legislature by limiting the length of time Members may speak to only thirty minutes;

and whereas recognizing that Premier Rae has reduced the number of days that the Legislative Assembly will be in session thereby ensuring fewer Question Periods and less access for the news media to Provincial Cabinet Ministers which in turn makes them less accountable to the House and people of Ontario;

and whereas recognizing that Premier Rae has diminished the role of the neutral, elected Speaker by removing from that person, the power to determine the question of whether a debate has been sufficient on any matter before the House;

and whereas recognizing that Premier Rae has concentrated power in the Office of the Premier and severely diminished the role of elected members of the Legislative Assembly who are accountable to the people who elect them;

and whereas recognizing that these rules diminish the rights of the minority to properly voice their concerns and limit their privilege to utilize the mechanisms of Parliament as full and equal members of the House;

Premier Rae and the Government of Ontario must withdraw the rule changes imposed upon the Legislature by his majority government and restore the rules of procedure in effect previous to June 22, 1992.

32. Mr Perruzza - Resolution - That in the opinion of this House, whereas housing is a basic human right; and whereas our current property tax system is regressive and bears no relevance on ability to pay; and whereas successive, large, property tax increases have propelled property taxes to the highest levels ever; and whereas the unemployed, low-wage earners, pensioners and others on fixed incomes have great difficulty in paying their property taxes; therefore, priority should be given to reforming the property tax system by removing the education portion of property taxes and shifting the burden for education to a more progressive form of taxation.

33. Mr Mammoliti - Resolution - That, in the opinion of this House, recognizing:

1. that the Government of Ontario has supported increased tenant participation to create healthier communities, as evidenced in the reports entitled "Planning Together to Improve the Quality of Life in Public Housing Communities" and "Consultation Counts: Taking Action on a Housing Framework for Ontario"; and
2. that options for increasing tenant participation should include management by resident-controlled co-operatives; and
3. that conversions of public housing to co-operative housing carried out in the United States, Australia and Great Britain have been successful in increasing tenant participation in the management of their community;

The Ministry of Housing and the Ontario Housing Corporation should consider whether a pilot project should be carried out to assess the viability of resident-controlled co-operatives as an option for increasing tenant participation in public housing; and

1. that the pilot project,
 - i) ensure the extensive involvement of public housing tenants, board members of local housing authorities, employees of local housing authorities and members of the community, and
 - ii) not jeopardize job security for employees of local housing authorities and include consultation with the employees' union representatives; and
2. that the Ministry of Housing and the Ontario Housing Corporation ask the federal government, as a major funding partner in public housing, to contribute to the pilot project.

34. Mr Conway - Resolution - That, in the opinion of this House, recognizing that the forest industry of the Ottawa Valley is in serious difficulty, that this difficulty arises from many factors including a marked deterioration in the availability of good standing timber on both public and private lands, that this difficulty has resulted in hundreds of workers losing their jobs in communities like Pembroke, Eganville, and Barry's Bay where this industry is vital, the Government and the Legislature of Ontario should

- (a) recognize the economic importance of the forest industry to areas like Renfrew County;
- (b) take immediate steps to stabilize and support the forest industry, including taking sensible and timely action to implement the recommendations of the Central Ontario Wood Study which was completed by the Ministry of Natural Resources this past year.

35. Mrs O'Neill (Ottawa-Rideau) - Resolution - That in the opinion of this House,

Whereas, the House of Commons has unanimously passed a resolution to end child poverty by the year 2000, which affects one million children in Canada;

Whereas, the House of Commons and the Ontario Legislature have both ratified the U.N. Convention on the Rights of Children, including an adequate standard of living, and are obligated to comply with its provisions;

Whereas, in 1990 there were as many as 370,000 children under the age of 18 who were living in poverty in Ontario;

Whereas, a national effort to end child poverty needs contributions by the provincial and federal governments in areas such as education, child care, taxation, housing and social services;

The Ontario Legislature should declare its commitment to ending child poverty in Ontario by the year 2000; and

That an Action Plan setting out short and long term initiatives to eliminate child poverty by the year 2000 be developed without delay, in collaboration with community groups; and

That the Government of Ontario collaborate with the Government of Canada and other Provinces to achieve the goal of ending child poverty; and

That an annual report be made to the Ontario Legislature, providing specific information about the progress toward the goal of eliminating child poverty.

Section 7-39

36. Mr White - Resolution - That in the opinion of this House,

Whereas the public is entitled to receive professional social work services from legally accountable professional social workers; and

Whereas professional social workers work with people suffering from serious degrees of vulnerability; and

Whereas survivors of sexual abuse, children at risk, persons with disabilities, homeless persons, and assaulted women who receive professional social work services are vulnerable to further victimization; and

Whereas Ontario is the only province in Canada without any form of legislation for the profession of Social Work; and

Whereas the Government of Ontario has recently enacted legislation to regulate the practice of twenty-four professions, these protections should be equitably extended to those being served by the profession of Social Work; and

Whereas the Province allocates substantial resources to social work services in such key ministries as Health, Corrections, Education, Community and Social Services; and

Whereas the Province supports Social Work Education at the baccalaureate, Masters, and Doctorate levels at ten Universities including programmes in both official languages and in first nation communities; and

Whereas the Ontario Association of Professional Social Workers created the Ontario College of Certified Social Workers in 1982 and that body represents those who are willing to be held publicly accountable for their professional practices; and

Whereas over the past ten years, this college has established an excellent record as a regulatory body, but it still lacks the authority of legislation;

Therefore, since the public would be best protected by legislative authorization of Professional Social Work Regulation and that Social Work clientele are just as entitled to such protection as are clients of any other profession, the Government of Ontario should develop an Act for the registration and self-regulation of Professional Social Workers within the sanction of a ministry of the Government of Ontario.

37. Mr Cousens - Resolution - That, in the opinion of this House, recognizing the importance of energy and water conservation programs as one part of protecting the environment, and that these programs can be implemented in the private sector by landlords retrofitting apartment units with water and energy saving devices, and that with Bill 121 landlords may not be guaranteed the ability to recoup the cost of their investment with water and energy saving programs, and that landlords must offer rebates to tenants on all the cost savings they incur, thereby eliminating any economic incentives for these environmentally sound projects; the Government of Ontario should amend Bill 121 to work with landlords to ensure that water and energy conservation programs can be implemented and be both worthwhile to the landlord and the environment.

**WANT OF CONFIDENCE MOTIONS PURSUANT TO

1. Mr Conway - Whereas the number of unemployed students between the ages of 15 and 24 has gone from 11.1% in September, 1990 to 18% in April 1992;

And whereas the government has not provided additional job opportunities for students;

And whereas the private sector has also had to reduce the number of opportunities offered to summer students due to an inability to compete in the current economic climate of the province of Ontario;

And whereas the Ontario Student Assistance Program was recently reduced by \$10 million;

And whereas the number of students applying for student venture capital has declined significantly demonstrating the students' lack of faith in the provinces economic performance;

And whereas the youth of this province are seeing no investment in their future by this government;

And whereas this government has managed to increase spending in other sectors which are not in crisis, thus calling into question its spending priorities in this time of recession;

Therefore, pursuant to the provisions of Standing Order 42(a), the House no longer has confidence in the government.

2. Mr Harris - This House, noting that since this government has taken office it has pursued policies which have discouraged investors and consumers and punished taxpayers and which have compounded rather than ameliorated the economic problems facing the province by imposing multi-billion dollar tax grabs, by adding billions to the provincial debt, by pursuing an anti-business agenda as expressed through its biased and unbalanced labour law reforms, by creating an environment hostile to the private sector and by showing itself to be hostage to the special interest groups as opposed to an advocate for the public interest and further noting since this government took office two years ago:

- (a) that more than 290,000 additional Ontario workers have been forced onto unemployment,
- (b) that the unemployment rate has increased by more than five percentage points,
- (c) that 86,000 jobs in manufacturing, 60,000 jobs in the construction industry and 24,000 jobs in the trade sector have vanished,
- (d) that the welfare caseload has increased to the point where today more than one million Ontarians depend on welfare,

finds that this government is incapable of managing the economy of the province in a manner which will create new jobs, new opportunities and lower taxes and therefore this government lacks the confidence of this House.

3. Mr Elston - Whereas the NDP government has undertaken to make "integrity in government" and "conduct of ministers" the centrepiece of an NDP administration and made specific reference to that undertaking in its first Speech from the Throne;

And whereas several Ministers and Parliamentary Assistants of the government have, since the NDP government took office, violated the Members' Conflict of Interest Act, the general standard of conduct applicable to elected officials and Ministers of the Crown, and the specific Conflict of Interest Guidelines adopted by the Premier;

And whereas, last winter, the Premier allowed the Minister of Northern Development and Mines, without penalty, to maliciously smear the reputation of a private citizen in order to advance the government's own policy;

And whereas the Premier's own Special Communications Advisor has now wilfully smeared a private citizen with deliberate disregard for the injury done to that private citizen;

Section 7-43

And whereas these actions on the part of NDP government officials constitute personal vendettas against private citizens, and a blatant victimization of those who are already victims of abuse at the Grandview Reform School;

And whereas the Premier has consistently applied ad hoc, politically expedient standards and sanctions to those who have violated his own guidelines and appropriate standards of conduct;

And whereas the NDP government has abused the power and trust vested in it by the people of Ontario;

And whereas these gross breaches of the public trust have destroyed public confidence in this government and in the integrity of the democratic process;

Therefore, pursuant to Standing Order 43, the House no longer has confidence in the government.

SPECIAL DEBATES

OPPOSITION DAYS

SPRING PERIOD 1992

1. Mr Runciman - Opposition Day - That, in the opinion of this House, since this government has assumed office, there has been a significant increase in crime, particularly violent crimes and crimes against women and children; this government has demonstrated various misuses of police resources; this government has politicized police services boards; this government has failed to provide a bill of rights for victims of crime; this government has not provided adequate support for law enforcement agencies on the streets and in the courts; this government has undermined the morale of police forces in Ontario through political pressure and fiscal strangulation; this government has taken no action to address the serious shortage of Ontario Provincial Police officers and this shortage has left numerous communities unprotected; this government has continued the pattern of neglect and low prioritization of Ontario's law and order concerns established by recent Liberal governments; therefore, this House calls upon the government to introduce specific measures to resolve these concerns so the citizens of Ontario and those who visit our communities can walk our streets safely and without fear. Solicitor General.

2. Mr Elston - Opposition Day - Whereas the NDP government has undertaken to make "integrity in government" and "conduct of Ministers" the centrepiece of a new NDP administration and made specific reference to that undertaking in its first Speech from the Throne;

And whereas, pursuant to that undertaking, the Premier (1) placed before the Legislature and the Standing Committee on the Administration of Justice a new set of guidelines regulating conflict of interest and conduct of Ministers of the Crown; and (2) committed his government to introducing legislation based upon the Committee's consideration of these guidelines;

And whereas several Ministers and Parliamentary Assistants of the government have, since the NDP government took office, violated the Member's Conflict of Interest Act, the general standard of conduct applicable to elected officials and Ministers of the Crown and the specific guidelines initially adopted by the Premier;

And whereas in each such instance the Premier has applied ad hoc, politically expedient standards and sanctions to those who have violated his own guidelines;

Section 7-45

And whereas a special committee of the Legislature charged with examining the conduct of the Minister of Northern Development, having conducted 15 days of public and in camera hearings, found no justification for the damaging remarks made by the Minister of Northern Development concerning an Ontario physician;

And whereas the strictest application of stringent standards of conduct is essential to the maintenance of public confidence in government and the integrity of the democratic process;

Therefore, this House calls upon the government to introduce specific legislation regulating conflict of interest and the conduct of Ministers of the Crown, including clear and enforceable sanctions for any violations. Premier of Ontario.

3. Mrs McLeod - Opposition Day - Whereas the economy of Ontario is not now providing our citizens, particularly our young people, with a sense of future security or job opportunity, and;

Whereas our current institutions and programs are not now providing relief for our people from the sense of frustration and hopelessness in which they find themselves, and;

Whereas this frustration and hopelessness have been manifest in the form of incidents of violence in the City of Toronto which incidents are of great concern to all Ontarians;

Therefore, this parliament urges cooperation and understanding from all members in order to undertake constructive change designed to address the underlying causes of these incidents. Premier of Ontario.

Carried May 12, 1992.

4. Mrs McLeod - Opposition Day - Whereas the conflicting pronouncements of the Premier, the Deputy Premier, the Solicitor General and the NDP caucus have created a crisis of uncertainty in the retail industry in Ontario;

And whereas municipalities across the province have demanded that they be given the freedom to decide whether or not to open their stores on Sundays;

And whereas in border communities, faced with a growing epidemic of cross-border shopping, the matter of Sunday shopping is of particular urgency;

And whereas 67% of Ontarians have expressed their support for more open Sunday shopping;

Section 7-46

And whereas retailers across the province are facing severe economic constraints and have identified Sunday shopping as one solution to their difficulties;

And whereas in the face of this growing crisis the NDP government has irresponsibly delayed taking action while it awaits direction from the unelected members of its party;

And whereas the government has said that it is committed to creating jobs to lead us out of the current recession and it is acknowledged that more open Sunday shopping would stimulate jobs in the retail sector;

And whereas the Employment Standards Act provides considerable protection for workers who do not wish to work on Sundays;

Therefore this Legislature calls upon the NDP government to repeal the Retail Business Holidays Act immediately and introduce new legislation which would allow municipalities to decide what is the best economic decision for their communities and responds to the growing public demand for Sunday shopping in Ontario. Solicitor General.

5. Mr. Harris -That, in the opinion of this House, given the misallocation of taxpayers money during seven years of Liberal and NDP government, and given that this has resulted in the closing of hospital beds, the laying off of hospital staff, an ever increasing deficit and the constant increasing of taxes, it is essential that every possible means of reducing government spending and redirecting of funds for priority services be examined, in particular the complicated, expensive and misdirected housing policies.

Therefore, this House calls upon the government to undertake a comprehensive review of the housing policies in Ontario including the following specific areas:

1. Recognizing the role of non-profit and co-op housing, but given that the present government's commitment for non-profit construction is in excess of one billion dollars and monthly government subsidies per non-profit unit are often in excess of 2000 dollars, the government should seriously examine its involvement in non-profit housing.
2. The government should institute a program of shelter allowances which would address the need for affordability and accessibility by housing families and individuals in current and future private sector units, thus advancing the goals outlined in the Report of the Social Assistance Review Committee.

Section 7-47

3. Revise and implement a more timely regulatory approvals process which will facilitate greater social and economic opportunity through home ownership.
4. Improve planning of the infrastructure necessary to ensure safe, secure and affordable communities.
5. Given that rent control policies lead to a deterioration of quality, affordable and accessible housing, this government should replace rent controls in Ontario with new forms of tenant protection.
6. Promote the involvement of the private sector in all aspects of housing development in Ontario. Minister of Housing.

FALL PERIOD 1992

1. Mrs McLeod - Whereas the New Democratic Party government has initiated a landfill site selection process for the Greater Toronto Area through its Interim Waste Authority, and

Whereas many citizens of the Regions of Peel, Durham and York do not have confidence in the integrity of the Interim Waste Authority and are appalled at the inconsistencies involved in the process and

Whereas this government made a promise to the people of this province that they "would get tough on protecting irreplaceable farmland" and

Whereas this government made a promise to the people of this province that any new landfill sites would be "subject to the fullest kind of environmental assessment" and

Whereas 76 landfill sites are expected to close within the next 12 months across the province, and

Whereas the New Democratic Party government is not meeting its promises for waste reduction.

Therefore, the government should table a rationale, an effective plan complete with regulations, a timetable and clearly set out schedule, which will provide immediate and measurable progress for waste reduction in Ontario. Minister of the Environment.

Section 7-48

2. Mr Elston - That, this House condemns the government of Ontario for its failure to recognize:

That northern Ontario has been a source of enormous wealth for the private sector;

That northern Ontario has been a source of enormous revenues for the provincial government;

That the provincial government puts very little revenue back into the north;

That the roads in northern Ontario are in terrible shape;

That the NDP government has not proceeded with serious four-laning of highways in the north;

That the delivery of health care services in the north is still inferior;

That northern municipalities have particular problems of boom and bust while the NDP government freezes unconditional grants;

That forestry jobs are threatened because of this government's failure to live up to its commitment to provide seedlings and because of the continuing practice of clear-cutting;

That almost no attempts have been made to diversify the economy to create jobs nor to work with the private sector and create meaningful jobs when serious layoffs occur;

That the Ontario government continues to treat northern Ontario citizens like second-class citizens. Premier of Ontario.

3. Mr Harris - Whereas, the NDP government's amendments to the Ontario Labour Relations Act, known as Bill 40, will kill jobs and destroy investment in Ontario;

And whereas, Bill 40 ignores the rights of individual workers by not legislating a secret ballot vote for certification, ratification of a collective agreement and the decision to strike;

And whereas, a Progressive Conservative government will repeal Bill 40 following the next election and initiate a fair and balanced tri-partite process to review labour relations in Ontario;

Therefore, this House calls upon the NDP government to immediately withdraw Bill 40. Minister of Labour.

Lost on division November 3, 1992.

4. Mr Harris - Whereas, 320,000 jobs have been lost in Ontario;

And whereas there are 595,000 unemployed individuals in this province;

And whereas over one million persons are dependent on welfare;

And whereas the NDP's jobs Ontario Training Fund has proven to be nothing more than a public relations scam;

And whereas the NDP government's flagship program for older workers, Transitions, is badly backlogged to the point where participants have to wait more than 34 weeks to have an application approved;

And whereas the NDP government is incapable of managing change and has failed to prepare Ontario for job creation;

And whereas, our children need to have the skills necessary to meet the challenges of a rapidly changing workplace;

Therefore, this House calls upon the NDP government to immediately:

- (a) review the job training initiatives that are outlined in the Progressive Conservative Caucus' documents New Directions Vol. I: A Blueprint for Economic Renewal and Vol. II: A Blueprint for Learning in Ontario;
- (b) redirect the resources that have been allocated to implementing its flawed Ontario Training and Adjustment Board to improving delivery of the Transitions program;
- (c) repeal the Act to amend certain Acts concerning Collective Bargaining and Employment (Bill 40) as a means of attracting new job-creating investment to Ontario;
- (d) tie social assistance payments more directly to job training. Premier of Ontario.
