31. Mr Johnson (Don Mills) - Resolution - Whereas, the gasoline pricing practices of large supplier/retailers continues to be a problem which threatens consumers with unreasonably high and non-transparent prices and undermines the important role played by independent gasoline retailers in Ontario; and

Whereas, gasoline pricing is an issue of common interest to all provincial governments and Canadian consumers; and

Whereas, ensuring fair competition in the marketplace is the responsibility of the federal government under the Competition Act; and

Whereas, this legislature has already unanimously passed a resolution calling on the federal government to exercise fully its powers under the Competition Act to stop anti-competitive practices that threaten the survival of small, independent gasoline retailers; and

Whereas, the federal Competition Bureau is of the opinion that no marketplace problems exist in the gasoline industry which violate the Competition Act as currently drafted;

Be it resolved by this House that the Government of Ontario call upon the federal government to address this problem of national dimensions by amending the Competition Act to address pricing practices within the gasoline industry and appoint a special investigator to review the situation and make recommendations to ensure that Canadian consumers benefit from competitive and transparent gasoline prices across this country.

Mr Harris, seconded by Mrs McLeod and Mr Rae

That this Legislature and the people of Ontario affirm that we value and cherish Canada, and Quebec's distinctive character within our country. In partnership, Canadians have built a country that many people regard as the very best in the world. We have social, cultural and economic strengths that are the envy of virtually all nations.

Ontarians seek change in the federal system. We have demonstrated this commitment to change in the past and continue to do so. The Status Quo is not acceptable. Ontario will be a strong ally for change within the Canadian federation. We agree that we need a more functional, harmonious country, and a more flexible and decentralized federation.

This legislature and the people of Ontario appeal to the people of Quebec, with an open heart and generosity of spirit, to remain a part of this country and to work together for change and progress within Canada.

Mr Sterling - Ordered, That the order of precedence for private members' public business be continued in the Second Session of the 36th Parliament.

Carried December 18, 1997.

PRIVATE MEMBERS' MOTIONS

1. Mr Bradley - Resolution - That in the opinion of this House, since the Niagara Escarpment has been designated as a Biosphere Reserve by the United Nations Educational, Scientific and Cultural Organization and since increased pressure is being applied on the Government to weaken or dismantle the Niagara Escarpment Commission established by the former Progressive Conservative Government of Premier William Davis to protect the integrity and character of these lands, this House fully supports the continued existence and present mandate of the Commission to protect this unique and beautiful natural asset which will enable it to be preserved for this and future generations in Ontario.

Carried on division October 26, 1995.

2. Mr Tilson - Resolution - Whereas the Liberal Government of Canada has passed Bill C-68, an Act Respecting Firearms and Other Weapons,

and whereas Ontario welcomes real gun control, and supports those portions of Bill C-68 which provide tougher penalties for the criminal use of firearms, new offenses related to firearm smuggling and trafficking, and a ban on para-military weapons,

and whereas existing laws requiring the registration of handguns have done little to reduce the number of crimes committed with hand guns or lower the volume of handguns smuggled into Canada,

And whereas the national gun registration provisions of Bill C-68 will result in a massive misallocation of the limited resources available to law enforcement agencies, with no practical effect on the traffic in illegal firearms, or the use of guns by violent criminals,

And whereas the gun registration provisions of Bill C-68 will take police officers off the street and involve them in bureaucracy rather than fighting crime, and will make the task of real gun control more difficult and dangerous for police officers,

Now be it resolved that the Province of Ontario urge the House of Commons of the Government of Canada to sever from Bill C-68 those provisions for a compulsory registration of all firearms and implement the rest of the bill forthwith, and further, that the House of Commons introduce legislation aimed at real gun control that will include the creation of a national firearm enforcement unit, improve the enforcement of anti-smuggling measures by custom officials at border crossing points, enhance access to the Canadian Police Information Centre (CPIC) computers for Customs officials, and electronically link Canadian police services with the Bureau of Alcohol, Tobacco and Firearms in the United States.

3. Mr Christopherson - Resolution - Whereas it is important for the provincial government to work in partnership with communities across Ontario to provide the infrastructure and economic opportunities necessary for job creation, and

Section 6B-2

Whereas the previous New Democratic Government invested in the economic future of Hamilton by committing \$5 million for the creation of a cultural industry strategy, and a further \$5 million for the Revitalization of Barton Street; both of which would have created jobs and supported the expansion of Hamilton's important culture and arts industry, and

Whereas the saving and rehabilitation of the 71 year old landmark "Lister Block" building would have saved an important part of Hamilton's heritage, created jobs and injected much needed economic stimulation into our downtown core, and

Whereas Hamilton's McMaster University would have become the home to North America's first United Nations University for the Environment, with a \$5 million dollar provincial investment matched by Federal funds, and

Whereas Hamilton was scheduled to receive more than 1,000 units of non-profit housing, which would have created jobs and provided affordable housing for Hamilton's most vulnerable citizens, and

Whereas these economic initiatives were identified as priorities by local government and the community itself,

Therefore be it resolved that the Progressive Conservative Government admit the serious damage it has caused to Hamilton's economic future by cancelling these critical economic initiatives and that full funding be restored immediately.

Lost November 2, 1995.

4. Mrs Munro - Resolution - That in the opinion of this House, the Government of Ontario should amend the Freedom of Information and Protection of Privacy Act, 1987 and the Municipal Freedom of Information and Protection of Privacy Act, 1987 to prevent vexatious, frivolous, abusive, time consuming or costly requests that are clearly of a repetitious, systematic or malicious nature, without denying or restricting access if there is a legitimate reason for the request.

Carried November 23, 1995.

5. Mr Bisson - Resolution - That in the opinion of this House, the Government of Ontario should maintain a fair and equitable rent control program, similar to the present rent control system introduced by the previous New Democratic Party government which protected tenants from abusive landlords, rather than creating a market based system that allows abusive landlords to gouge tenants, and leave tenants vulnerable to unfair rent increases.

Lost on division November 30, 1995.

6. Mr Wood (Cochrane North) - Resolution - That in the opinion of this House, the Government of Ontario should recognize the uniqueness of northern Ontario, and in that recognition restore the funding cuts made to programs and services in the north so that the citizens of the north are provided with equitable services and programs similar to those provided to other areas of the province.

7. Mrs McLeod - Reasoned Amendment - That Bill 26, An Act to achieve Fiscal Savings and to promote Economic Prosperity through Public Sector Restructuring, Streamlining and Efficiency and to implement other aspects of the Government's Economic Agenda, be NOT now read a second time but be referred back to the government and that the government must split Bill 26 into no fewer than 17 bills and that these bills be then the subject of reasonable and adequate public scrutiny.

Withdrawn December 12, 1995.

8. Ms Lankin - Resolution - That in the opinion of this House, since the evidence placed before the Standing Committee on Finance and Economic Affairs illustrates that the stated fiscal plan of the government will not work and that the government's commitment to deliver 725,000 jobs over the next four years is unattainable, given the current state of the Ontario economy combined with the government's plan to deliver a 30% reduction in personal income taxes at the same time as eliminating the deficit and that the evidence presented to the Committee illustrates the contradictions within the government's fiscal and economic agenda as well as the damage it will cause in every community in Ontario, therefore this House calls on the government to recognize its responsibility to working men and women in this Province and abandon its plan to introduce a 30% reduction in personal income taxes and instead the government should concentrate on the creation of jobs so that the economy will grow, the deficit can be eliminated and the accumulated debt reduced.

Lost on division March 28, 1996.

9. Mr Beaubien - Resolution - That in the opinion of this House, the Minister of Transportation should bring forth amendments to the Highway Traffic Act which would incorporate a change to the Inspection Requirements and Performance Standards for Motorcycles in regard to the present handlebar height regulations in the Province of Ontario.

Carried March 28, 1996.

Section 6B-4

10. Mr Brown (Algoma-Manitoulin) - Resolution - That in the opinion of this House, since the Northern Ontario Heritage Fund belongs to Northern Ontario, and represents a small share of the resource revenues to the Province from the resource sector, and is an important tool for improving economic, social, and health conditions in the North, and since the former New Democratic Party Government transferred the legacy of Northerners to the consolidated revenue fund of the Province of Ontario, and that Premier Harris has expressed his deep concern about the disappearance of the funds from the trust account; therefore, the Government of Ontario should return the funds with interest to the Trust; update the mandate; and put the funds to valuable use for the people of Northern Ontario.

Carried on division April 4, 1996.

11. Mr Marchese - Resolution - That in the opinion of this House, since it is in the public interest that public utilities and banks be more accountable to the citizens, ratepayers and consumers they serve; and that cutbacks in government funding are forcing non-governmental consumer organizations and government ministries alike to make drastic reductions in their watchdog and consumer support activities, with detrimental effects on accountability; and since some of Ontario's public utilities may be privatized, making the need to ensure accountability all the greater; and that Citizens' Utility Boards can be established that would further the goals of public input and involvement and be operated without public funds or additional regulation; and that public utilities can be required to facilitate the operation of Citizens' Utility Boards without adding to their own costs of doing business; therefore (a) the Government of Ontario should move promptly to introduce legislation creating Citizens' Utility Boards and requiring public utilities to facilitate their operation; and (b) the Government of Ontario should urge the federal government to take similar action with respect to banks.

Lost on division April 4, 1996.

12. Mr Tilson - Resolution - That in the opinion of this House, since the Federal Liberal Government introduced Section 745 to the Criminal Code in 1976; and

since a person convicted of first degree murder is not eligible to apply for parole for 25 years at the time of sentencing; and

since Section 745 says that where an offender has a parole ineligibility period of more than 15 years and the offender has served at least 15 years, or only 60% of their sentence, the offender can apply to the court for a reduction of the parole ineligibility period; and

since CAVEAT, Victims of Violence, the Canadian Association of Chiefs of Police, the Canadian Police Association, and the Police Association of Ontario have all called on the Federal Government to immediately repeal Section 745 from the Criminal Code; and

since holding hearings under Section 745 uses precious resources which could be redirected elsewhere to prosecute serious crime; and

since the Federal Government has failed to pass a Private Member's Bill that Liberal

Section 6B-5

backbench Member, John Nunziata of Ontario tabled in the Federal House of Commons in 1991, 1994 and 1995, that calls for the repeal of Section 745; and

since Federal Justice Minister Allan Rock has failed to state definitively that the Federal Government will repeal Section 745 to keep convicted murderers off the streets of our communities;

therefore the Government of Ontario should urge the Government of Canada to repeal Section 745 to ensure that convicted murderers serve their entire sentences and to protect victims, their families and the community.

Carried April 18, 1996.

13. Ms Churley - Resolution - That in the opinion of this House, since cancer is one of the leading causes of premature death in Ontario, claiming more than 20,000 lives annually, and since Ontario currently spends in excess of one billion dollars a year on cancer treatment, and since the previous New Democratic Party Government recognized this dire threat and commissioned a task force to advise on ways to effectively stem the rising incidence of this disease, and since the Ontario Task Force on the Primary Prevention of Cancer tabled its report in March 1995, advising the government on an action-based plan for the primary prevention of cancer and the present Conservative government has yet to respond; therefore in order to protect human health, prevent cancer and benefit natural ecosystems; this House calls upon the Government of Ontario to (a) immediately appoint a working Committee consisting of environmental, health, labour, industry, women's, aboriginal and other interested groups; and (b) work with the Committee to establish realistic and measurable timetables for sunseting persistent, bio-accumulative toxic chemicals that are known or suspected carcinogens as outlined in the report of the Task Force.

14. Mr Silipo - Resolution - That in the opinion of this House, since there is a significant and growing sense of cynicism and alienation toward the political process of Ontario and it is to the benefit of all to restore the relevance of government in people's lives; and

since the present system does little to address the growing cynicism among the electorate towards the political process; and

since the fairest and most democratic system of election is one which results in the composition of the Legislature reflecting as closely as possible the preferences of the electorate; and

since the present "first past the post" system of electing members to the Legislative Assembly of Ontario does not mirror the voters' preferences adequately, usually resulting in majority governments being formed by a party receiving a minority of voter support; and

since the present legislative system grants little constructive role to the opposition parties although they usually represent a majority of voters' preferences; and

Section 6B-6

since the Mike Harris government is committed to introducing legislation to change the electoral system by reducing the number of MPPs in the Legislative Assembly and this will provide an opportunity to review the entire electoral system to make it more democratic;

therefore, as one major part of reforming the electoral system of Ontario,

- a) members of the Legislative Assembly of Ontario should be elected by a system of proportional representation which would better reflect the wishes of the voters and promote better representation of women and the diversity of Ontario in the Legislature; and
- b) this system should be applied on a regional basis to maintain the appropriate balances between urban and rural Ontario; and
- c) the Legislative Assembly Committee should examine the various possible models of proportional representation which could be applied to Ontario; and
- d) the Legislative Assembly Committee should report back to the Legislative Assembly with one or more models of proportional representation for Ontario which could be incorporated by the government into the legislative changes required to reform the electoral system.

15. Mr Colle - Resolution - That in the opinion of this House, since the roads in this province constitute a \$100 billion asset; and that the Ministry of Transportation is responsible for the construction and maintenance of the provincial highway system which consists of about 22,000 kilometres of roadway; and

since the 1995 Annual Report the Provincial Auditor has concluded that 60% of highways are currently considered to be in poor or substandard condition; and that if immediate actions are not taken to repair highways the condition of the infrastructure will continue to deteriorate to the point that a massive and costly reconstruction effort will become necessary; and

since the average cost of rehabilitation is estimated at \$80,000 per kilometre lane but if not implemented immediately the reconstruction cost per kilometre lane escalates to \$250,000 per kilometre lane; and that poorly maintained roads jeopardize the safety of motorists and increase the number of accidents resulting in higher repair and insurance costs; and

since representatives for the Ontario Road Builders' Association who appeared before the Finance Committee earlier this year told committee members that since this government came into power no money has been spent on the roads and highways in the province thus increasing the deterioration of roads; and that provincial cuts to the road maintenance and repair budget mean increased costs for future road reconstruction; and

Section 6B-7

since the Provincial Government is transferring thousands of kilometres of provincial roads to municipalities which in addition have had their provincial operating grants drastically cut; and that a comprehensive long-term government investment strategy in road maintenance and repair will maintain and encourage economic growth and commerce in communities across Ontario and can readily be undertaken by a highly trained and highly skilled local workforce;

therefore, the Government of Ontario should immediately establish a Road Maintenance and Reconstruction Fund whereby the government guarantees that a fixed portion of the gas tax along with other government revenues be designated to go directly toward the Road Maintenance and Reconstruction Fund for road maintenance, repair and reconstruction in order to systematically eradicate the existing substandard condition of 60% of provincial roads.

16. Mr Clement - Resolution - That in the opinion of this House, since Ontarians are entitled to high levels of service from the public sector; and

since Ontarians sent a clear message in the June election that the status quo is not acceptable and called for a government committed to driving substantive reforms in the delivery of public services; and

since the Progressive Conservative government has already taken steps to respond to this message by reviewing all public expenditures; and

since it is important that this process does not neglect the needs of Ontarians and should include the establishment of guiding principles within the public service that will ensure that it is responsive to the public's expectations;

therefore, in order to provide Ontarians with a better, more accountable and more responsive public service, the Chair of the Management Board should investigate the establishment of a mechanism to ensure that the following principles and standards are adopted by the government of Ontario;

- a) measurable standards need to be established whereby the public as consumers of public services can assess how services are delivered on a regular basis;
- b) information needs to be readily available to the public that will allow them to understand what services cost, who is in charge and how they can benefit from the service;
- c) the public must be consulted on a regular basis to ensure that the service is still achieving its desired objectives and continues to be a service which the public sector should be providing;
- d) the public's needs must be paramount in determining how to deliver a service;

Section 6B-8

- e) the public must be treated equally and with dignity and respect;
- f) the public must have access to a system of redress whereby the government must accept the responsibility for the delivery of services in an appropriate manner; and
- g) the taxpayer must be protected by ensuring that government services are delivered in an efficient and economic manner within the context of the existing fiscal environment.

17. Mr Stewart - Resolution - That in the opinion of this House, since the expression of spirituality in public schools is currently limited only to the reading of prayers and other spiritual texts, and that the multi-faith character of Canadian society has never implied that particular expressions of, as well as education about, diverse spiritual traditions are to be suppressed, but openly celebrated and respected by students and all Canadians as part of the intrinsic fabric of our country, and

since spiritual expression and reflection is an important part of the overall development of values and the communication of the varied role of spirituality in our lives, and that open spiritual expression is practiced within the publicly-funded separate school system,

therefore, the Ministry of Education and Training should recognize the important role of spirituality and spiritual expression among students of multi-faith traditions in Ontario's public school system by allowing local Public Boards across Ontario the right to determine for themselves how such spiritual expressions should be included in the daily activities of their schools.

18. Mrs Boyd - Resolution - That in the opinion of this House, since persons with disabilities in Ontario face systemic barriers in access to employment, services, goods, facilities and accommodation; and

since all Ontarians will benefit from the removal of these barriers, thereby enabling these persons to enjoy equal opportunity and full participation in the life of the province;

therefore, the Government of Ontario should keep its promise as set out in the letter from Michael D. Harris to the Ontarians with Disabilities Act Committee dated May 24, 1995 to:

- a) enact an Ontarians with Disabilities Act within its current term of office; and
- b) work together with members of the Ontarians with Disabilities Act Committee, amongst others, in the development of such legislation.

Section 6B-9

19. Mr Curling - Resolution - That in the opinion of this House, since the Minister of Municipal Affairs and Housing has caused considerable confusion by publicly telling landlords and builders that he will introduce legislation that will end rent control, but on the other hand, tells tenants they will be protected without any explanation; and

since this government has cancelled over 390 non-profit housing projects that would have provided needed and decent shelter to lower income Ontarians, but has made known no plan to make up for this short-fall in affordable accommodation; and

since the Minister intends to drastically change six pieces of housing legislation, including rent control, that will wipe out tenant protection in Ontario; and

since rent control legislation was first introduced in 1975 and improved on by subsequent governments over the past 20 years; and

since this government continues to attack the most vulnerable in our society;

therefore, the Government of Ontario should stop its plans to gut rent control, and work with tenants to ensure that tenant protection and rent control be maintained in the province of Ontario.

20. Mr Cooke - Resolution - That in the opinion of this House, the Government of Ontario should introduce a Bill of Rights for Ontario Children; which, in keeping with the spirit of the United Nations Convention on the Rights of the Child to which Canada is a signatory; the spirit of Yours, Mine and Ours: Ontario's Children and Youth 1994 Report of the Premier's Council on Health, Well-being and Social Justice; and the spirit of Mike Harris's Common Sense Revolution which promises community nutrition programs, a learning and earning and parenting program, homework assistance programs, and child support enforcement, and that such a Bill of Rights for Ontario Children should include the following principles:

- 1) that every child has the right to a standard of living adequate for his or her physical, mental, spiritual, moral and social development;
- 2) that every child has the right to benefit from social security, including adequate social assistance where financial need exists;
- 3) that every child has the right to benefit from accessible, high-quality child care services and facilities;
- 4) that every child has the right to be protected from exploitation and abuse, whether physical, sexual, mental or emotional;
- 5) that every disabled child has the right to enjoy a full and decent life, in conditions which ensure dignity, promote self-reliance, and facilitate the child's active participation in the community;

Section 6B-10

- 6) that every child has the right to the highest attainable standard of health and access to health care services, including the provision of adequate, nutritious food and clean drinking water;
- 7) that every child has the right to participate fully in cultural and artistic life with equal opportunities for cultural, artistic, recreational and leisure activities; and
- 8) that every child accused of an offence has the right to be treated in a manner consistent with promoting the child's sense of dignity and worth, reinforcing the child's respect for the human rights and fundamental freedoms of others, and taking into account the child's age, reintegration and assuming a constructive role in society.

21. Mr Hampton - Resolution - That in the opinion of this House, since workers fund pension plans but have little or no say in how these funds are administered, directed and invested; and

since pension funds account for about \$360 billion in Canada; and

since workers need to have a say in how their pension plans are run and how funds are invested to benefit their future;

Therefore the Government of Ontario should immediately bring forward legislation amending the Pension Benefits Act that provides that, wherever a pension plan exists in a workplace, that at least one half of the members of any committee or board responsible for the plan and fund administration and investment be representatives of members of the pension plan.

Lost on division June 13, 1996.

22. Mrs Ecker - Resolution - That in the opinion of this House, the income tax system unfairly favours political over charitable donations of \$200 or less; and

since charitable organizations and the work of volunteers are a vital part of Ontario's communities that serve the needs of many individuals and enrich the quality of life we enjoy in Ontario; and

since promoting the spirit of volunteerism and the work of charitable community organizations is a high priority for the Government of Ontario; and

since the Canadian Centre for Philanthropy has submitted to the federal government that there should be an increase in credits for charitable donations; and

since studies indicate that increasing the tax credit can increase the amount donated by those who file for credits; and

since tax credits for charitable donations are the responsibility of the Government of Canada;

Therefore the Government of Ontario should pursue discussions with the Government of Canada to explore the feasibility of increasing charitable credits on contributions of \$200 or less so that they are equivalent to credits for political donations.

Carried June 20, 1996.

23. Mr Hudak - Resolution - That in the opinion of this House, since government intervention in the economy via regulation has become an increasingly popular policy option; and

since the regulatory burden has increased substantially in the Province of Ontario in the last ten years as a result; and

since the direct costs to government of regulation including monitoring and enforcing regulations are only a small portion of the total regulatory burden; and

since the bulk of the regulatory burden is borne by the private sector and consumers in the form of compliance costs; and

since increased costs of doing business result in higher prices, fewer products or services on the market and a consequent reduction in employment; and

since a reduction in the overall costs of regulation is a goal of the Red Tape Review Commission and the Government of Ontario;

Therefore, the Government of Ontario should design a regulatory envelope such that the total regulatory burden imposed upon private and public sector actors in Ontario will not increase and, should in fact, decrease in a fiscal year.

24. Mr Hastings - Resolution - That in the opinion of this House, the Ontario Ministry of the Environment and Energy should undertake a plan to rebalance environmental protection through strict regulatory mechanisms with other realistic, affordable and workable alternatives; and

since other jurisdictions throughout the world have successfully adopted other complementary market oriented solutions for air and water pollution; and

since the current regulatory system is multifaceted, complex and highly cost inefficient for our economy, the preservation of jobs and our vital health care system; and

since environmental compliance requires new approaches to achieve the ultimate goals of water pollution, prevention and enhanced air quality through balanced regulation and market oriented solutions; and

Section 6B-12

since the smog problem in urban Ontario requires innovative solutions and in conjunction with the financial services sector, requires a workable system of emission reduction tradable credits combined with absolute liability for the principal players and a new environmental regime for air and water pollution prevention;

Therefore, the Government of Ontario, working in conjunction with the financial services sector, should investigate and subsequently adopt new clean air incentives and strategies to realize the above referenced goals.

25. Mr Wildman - Motion of Censure - That the Speaker of the Legislative Assembly of Ontario no longer enjoys the confidence of this House.

26. Mr Hudak - Resolution - That in the opinion of this House, the Government of Ontario should strongly urge the Government of Canada to invest at least two cents of the ten cents per litre federal excise fuel tax to support the creation of a strong and viable National Highway Network through Ontario, and that the Government of Ontario should devote similar resources to said highway network through Ontario.

27. Ms Martel - Resolution - That in the opinion of this House, the Minister of Health should reject the current Sudbury Health Services Restructuring Report as it imposes a solution not reflective of the local solution agreed to by the Manitoulin Sudbury & District Health Council; cuts over 200 acute care beds from the Sudbury hospital system; puts Sudbury's ability to act as a Regional medical referral centre at risk; will result in significant job losses of front-line health care staff which will negatively affect hospital services; and does not guarantee 100% reinvestment of savings in the Sudbury community as promised by the previous Minister of Health.

28. Mr Gerretsen - Resolution - That in the opinion of this House, the government of Ontario should develop a formal process to monitor the progress and development of Ontario's children and youth; and in order to protect children and youth and to ensure that government policies are in fact improving the progress and development of children and youth, the

Section 6B-13

government should formally develop and implement a progress report on children and youth that monitors the following categories of indicators:

- . environmental indicators which will identify the ideal environmental elements for the optimal development of children and will include economic security, family structure, physical environment, community resources, and civic vitality;
- . progression indicators which refer to the general concepts or measures over time and will provide benchmarks of development and will include health status, social relationships/involvement, academic performance, and skill development; and

That the government, through a designated Ministry, should be required to present to this House annually the findings of this report card as well as an "Action Plan" to address those areas needing improvement.

29. Mrs Fisher - Resolution - That in the opinion of this House, the Government of Ontario, in making a decision regarding the restructuring of Ontario Hydro, should take into consideration the following:

- . the historic and economic value of Ontario Hydro to the people of Ontario;
- . Ontario Hydro as a major resource to the Province, especially the significant role played by the nuclear generating sites;
- . the importance of creating a long-term vision to address the global competitiveness of energy production, transmission and sales;
- . value-added projects, such as the Bruce Energy Centre, resulting in economic growth and job creation for Ontario; and
- . the commitment made in the Common Sense Revolution, to work with the Chairman of Ontario Hydro and others to bring Hydro back to its proper role, providing reliable and affordable electrical power to Ontario, which may mean more changes at Hydro, including some moves towards privatization of non-nuclear assets.

31. Mr Wood (London South) - Resolution - That in the opinion of this House, the Legislature supports the principle of the people being able to vote on provincial and municipal issues at every municipal election, with questions, in the case of provincial issues, being placed on a province wide ballot by petition of the people or by resolution of the Legislature and with questions, in the case of municipal issues, being placed on a municipality wide ballot by petition of the people or by resolution of the Municipal Council.

32. Mr Kormos - Resolution - That in the opinion of this House, the Government of Ontario should abandon its mandatory workfare program, including mandatory community placements and introduce locally-managed welfare-to-work programs that:

- (a) are voluntary;
- (b) respect the dignity and human rights of the individual;
- (c) provide the kind of training and support that help people get marketable skills for real jobs;
- (d) pay fair wages for the work experience and training;
- (e) do not displace other workers from their jobs; and
- (f) allow welfare recipients to do volunteer work with community agencies on the same terms and conditions as any other member of the community. October 28, 1996.

M. Kormos - Proposition - Que de l'avis de la Chambre, le gouvernement de l'Ontario devrait renoncer à son programme de travail obligatoire, y compris les placements obligatoires en milieu communautaire, et de mettre en oeuvre des programmes de transition de l'aide sociale vers le marché du travail qui sont gérés au niveau local et qui:

- (a) sont volontaires;
- (b) respectent la dignité et les droits de la personne;
- (c) fournissent aux personnes le genre de formation et de soutien dont elles ont besoin pour développer les compétences nécessaires pour décrocher de vrais emplois;
- (d) prévoient un juste salaire qui tient compte de l'expérience de travail et de la formation;
- (e) ne privent pas de leur travail d'autres travailleurs;

34. Mr Cordiano - Resolution - That, in the opinion of this House, the Minister of Municipal Affairs and Housing has caused considerable concern and anxiety among the residents of Metropolitan Toronto over the issue of municipal amalgamation; and since enhanced public participation in the decision making process should be a requirement; the Government of Ontario should stop its proposed municipal amalgamation of Metropolitan Toronto until the residents have had an opportunity to participate in a referendum on this issue.

35. Mr Cleary - Resolution - That in the opinion of this House, the reopening of several parks formerly operated by the St. Lawrence Parks Commission in Eastern Ontario, an agency of the Government of Ontario would translate into enhanced tourism, new job opportunities, including employment for students, spin-off benefits for area businesses and an overall boost to the local economy and since several potential operators have submitted proposals to the government to lease or purchase these parks; this House calls on the Government of Ontario to finalize tendering and announce as soon as possible a private-sector operator for the closed parks and campgrounds of the St. Lawrence Parks Commission in order that the parks may be open for the spring/summer of 1997.

36. Mr Hastings - Resolution - That in the opinion of this House, since the Ministry of Education is currently reviewing proposals for secondary school reform in Ontario; and since the Ontario Curriculum Project is responsible for secondary school reform in Ontario;

the members of the Ontario Curriculum project should be encouraged to incorporate into its Core Curriculum, a complete program of the History of Canada, from its earliest colonial and explorer origins, up to the end of the twentieth century so that Ontario students have a comprehensive and clear understanding of their country and its institutions, past, present, and future, to enable them to play a pivotal role as informed citizens in determining the exciting future of Canada.

37. Mr Murdoch - Resolution - That in the opinion of this House, the Common Sense Revolution is promoting practical ideas for improving efficiency and making government work better for the people it serves; therefore the House strongly urges the Government of Ontario to support the removal of voice mail from every provincial government telephone paid for by

the taxpayers of Ontario.

Carried February 13, 1997.

38. Mr Tilson - Resolution - That in the opinion of this House, the Government of Canada has failed to fulfil its responsibility under the Canada Health Act to the patients and taxpayers of Ontario by adequately funding health care; and since the Government of Ontario has:-

- added another \$300 million to the health care budget, increasing it to \$17.7 billion;
- managed to fully protect health care spending even as the Government of Canada has slashed health and social transfer payments to Ontario by \$2.1 billion;
- pledged not to let annual health care spending fall below the \$17.4 billion level it was when they took office;

therefore, this House calls upon the Government of Canada to fulfil its responsibilities under the Canada Health Act to the patients and taxpayers of Ontario by reversing its decision to remove \$2.1 billion in health and social transfer payments.

39. Mr Phillips - Resolution - That in the opinion of this House, the Government of Ontario should release to the House and the public the secret studies showing the community by community impact of their downloading so the mayors, councils, ratepayers, community organizations and the public can fairly evaluate the massive changes in municipal restructuring that the Legislature is being asked to approve.

42. Mrs Pupatello - Resolution - That in the opinion of this House, the Government of Ontario should stop cutting base funding of hospitals and allow communities to determine how to restructure their hospital services and find efficiency savings based on their needs;

should ensure that community services are in place before hospitals are closed since the Health Services Restructuring Commission has begun its work of amalgamating, merging and closing many hospitals across Ontario, in both urban and rural communities;

should reinvest savings achieved through the restructuring process into local community services since the withdrawal of millions of dollars of hospital funding from those same communities is occurring without the commitment to reinvest those dollars into community services in that community;

should ensure that hospital funding must be equitable and based on a formula that reflects demographic and regional needs; and

should ensure that health services, including emergency and urgent care services, are available to all Ontarians.

Carried on division February 27, 1997.

43. Mr Conway - Resolution - Whereas the Harris government is closing hospitals in communities across Ontario, and thereby threatening patients' access to care when and where they need it; and

Whereas the new hospital bed standard that is being imposed by the government's Restructuring Commission is overly aggressive and unrealistic, especially in rural and northern Ontario; and

Whereas the downloading of responsibility for long-term care onto municipalities will put additional pressure on the hospital sector;

Therefore, be it resolved that in the opinion of this House, the Ontario Ministry of Health must develop a hospital restructuring policy that properly addresses such factors as the need for core hospital services, the availability of non-hospital alternative care, and the geographic realities of rural and northern Ontario.

relationship. As part of that new relationship, the government committed to end the downloading of services to the municipal level and that no new mandates will be enacted unless appropriate funding is allocated, found on page 13 of its election document.

46. Mr Brown (Scarborough West) - Resolution - That in the opinion of this House, the Government of Ontario should assure the people of Scarborough, who wish to keep their community identity within a unified Toronto and retain the same basic boundaries to that community, that the community council for Scarborough will be established with its membership comprised of 10 city councillors from the Scarborough Council which will guarantee local representation and local democracy and recognize that the special needs of Scarborough, as a distinct community, are maintained and addressed within a unified Toronto as proposed by Bill 103, City of Toronto Act, 1996.

47. M. Lalonde - Proposition - Que de l'avis de la Chambre, étant donné que le ministre de la Santé a annoncé qu'il y aura bientôt de nouvelles politiques régissant la restructuration des hôpitaux ruraux;

étant donné que le ministre de la Santé a interrompu les travaux de la Commission de restructuration des services de santé en ce qui a trait aux services de santé dans les régions rurales jusqu'à ce que ces nouvelles politiques soient énoncées;

étant donné que la Commission a omis de reconnaître le caractère communautaire et rural de l'hôpital Montfort dans son rapport;

étant donné que l'hôpital Montfort est un hôpital communautaire, situé dans un milieu urbain, dont 50% de la clientèle provient des régions rurales à proximité de l'hôpital, y compris les régions de Cumberland, Prescott, Russell, Glengarry, Stormont et Dundas;

étant donné que le comté de Russell est une région rurale en pleine expansion comptant plus de 80 000 personnes et dont la majorité de la population est francophone;

étant donné que le comté de Russell est le seul comté de la province qui n'a pas d'hôpital

Section 6B-19

dans ses limites territoriales et que la population de ce comté est desservie par l'hôpital Montfort;

le gouvernement devrait exiger que la Commission considère l'hôpital Montfort comme un hôpital rural; et

le ministre de la Santé devrait ordonner que toute recommandation de la Commission relativement à l'hôpital Montfort soit suspendue jusqu'à ce qu'il énonce les nouvelles politiques concernant les hôpitaux ruraux.

48. Mr Tascona - Resolution - Whereas the province of Ontario's justice system is founded on the principles of fairness and equality; and

Whereas police have the right to take fingerprints and photo-images of persons accused of crime; and

Whereas there may be inconsistencies of policy among Ontario police services, where some will destroy an innocent person's information upon request while others wish to retain it; and

Whereas there is no legal requirement that a police service destroy the photo-image and fingerprints when a charge against a person is withdrawn or dismissed; and

Whereas the province of Ontario has an obligation to be fair to its citizens and does not intend to keep the fingerprints and photo-images of all Ontarians on file;

Therefore, in the opinion of this House, the Legislative Assembly of Ontario should ensure that the rights of innocent persons are protected by establishing guidelines for fair and consistent policies throughout the province for police services, regarding the fingerprints and photo-images of innocent persons.

49. Mr McGuinty - Reasoned Amendment - That Bill 103, An Act to replace the seven existing municipal governments of Metropolitan Toronto by incorporating a new municipality to be known as the City of Toronto, be NOT now read a third time but be returned to the Standing Committee on General Government to determine the following matters:

The amount of the shift in tax burden from provincial taxes to municipal residential, commercial and industrial property which is occurring as a result of the downloading and offloading of provincial costs onto the municipal tax base;

Section 6B-20

The impact of the offloading of provincial costs on the taxes, services and the voice of communities across Metro. The government should present evidence to demonstrate how the legislation will reduce taxes in Metro and to show how services will be protected;

The implications of ignoring the Golden and Crombie Task force recommendations to replace the 5 existing regional governments with a GTA-wide council or board made up of representatives from the municipalities within the GTA;

The implications of studies showing that, once a city gets over 1 million people, economies of scale in municipal operations start to disappear. The government's own studies showing what savings are expected should also be presented at this time.

50. Mr Wettlaufer - Resolution - That in the opinion of this House, the federal government should be urged to recognize the seriousness of impaired driving by amending the Criminal Code to provide for the following penalties:

The boundaries and trustee representation of the proposed Boards are set out in regulatory form.

The changes to the financing of education are finalized and the shift of costs onto the property tax is finally determined.

The funding formula for education is set out.

The costs of amalgamating are fully analyzed and understood.

52. Mr Kennedy - Resolution, That in the opinion of this House, the Government of Ontario should produce a concrete plan for the development of better health care in this province. Such plan must:

Ensure a high standard of health services are available to all Ontarians,

Include appropriate policies to reflect regional and demographic needs, including;

- small and rural communities,
- northern communities,
- large urban communities,
- medium sized urban communities,
- high growth communities,
- women's health,
- francophone health issues,
- seniors health,

Recognize that local communities must be allowed to determine their particular needs.

Link improvements in primary care, community health, home care, long term care, mental health, drug benefits, public health and emergency services such as ambulance to decisions concerning hospitals and other elements in an "integrated" health plan.

Identify and ensure equivalent community-based services are set up and funded in advance of any changes to hospital services.

Include a human resources plan which reflects the high value Ontarians place on their nurses, doctors and other health professionals.

Guarantee any tally of government "reinvestment" includes money which is actually being spent rather than simply announced, so as not to confuse the public.

Further, that until this plan is produced, subject to public input and approved by a Committee of this House, the Ontario Government should:

- restore cuts made to hospitals, which are causing a reduction in the quality of patient care across the province;

- stop the use of experimental formulas for patient care which are sending sick Ontarians out of hospital quicker and sicker;

stop its misguided closure of hospitals in the province through the Health Services Restructuring Commission.

53. Mr Spina - Resolution - That, in the opinion of this House, the Government of Ontario should implement a permanent, equitable, patient based healthcare funding formula, thereby ensuring that high growth GTA/905 regions such as Peel, Halton, York and Durham, where demand for healthcare services is expected to increase by 26.5% from 1995-2003, receive a more equitable share of available healthcare dollars.

Carried May 15, 1997.

54. Mr Hastings - Resolution - That in the opinion of this House, the Government of Ontario should, in its review of children's services, consider introducing stricter sentences to all persons convicted in the death of a child, as a result of abuse or neglect.

55. Mrs Johns - Resolution - That in the opinion of this House, given the importance of the agriculture and food industry to rural communities and the provincial economy, the Ministry of Agriculture, Food and Rural Affairs be encouraged to work with farmers, farm organizations, the research and investment communities to identify and promote new agricultural products and uses, both food and non-food, and to work with industry and rural communities to promote these new products and new product uses, and to identify and remove barriers which might hold back Ontario agriculture from realizing the benefits which these new products and product uses can bring to the provincial economy.

Carried June 12, 1997.

56. Mr Hardeman - Resolution - That in the opinion of this House, the Legislative Assembly of Ontario requests the Solicitor General consult with municipal and police stakeholders to develop standards to ensure that residents of rural areas of the Province of Ontario receive adequate and effective police service to protect their communities.

Carried June 5, 1997.

57. Mr Hastings - Resolution - That in the opinion of this House, the Government of Ontario should in its efforts to protect and preserve the present black bear population, introduce a complete ban on the hunting, trapping, killing of cubs or female black bears during the spring season before the black bear becomes extinct.

58. Mr Fox - Resolution - That in the opinion of this House, the Government of Ontario should disallow the undemocratic requirement of mandatory fee collection by unions. Trade unions should have the right to exist as the bargaining agent for employees, but there should not be a provision to allow for mandatory deduction from the wages of each employee in the unit affected by the collective agreement, the amount of the regular union dues and the automatic

remittance of the amount to the trade union.

59. Mr Pettit - Resolution - That in the opinion of this House, given that the Government of Ontario has viewed municipal restructuring as a key component of delivering government services effectively and efficiently throughout this province; and

since the Government of Ontario has so far acted on this in Bills 26 and 103; and

since the region of Hamilton-Wentworth has been undergoing a restructuring exercise for the past three years without success; and

since the people of Hamilton-Wentworth agree that local government reform is necessary to provide efficient and accountable government at less cost to taxpayers; and

since the Government of Ontario has so far put forward two workable plans for local government reform in Hamilton-Wentworth;

therefore the Government of Ontario should take the initiative as soon as possible before the municipal fall elections to implement a plan that reduces waste and duplication in the delivery of local government services and creates a single, unified level of representation for the roughly half million residents of the region of Hamilton-Wentworth.

60. Mr Skarica - Resolution - That in the opinion of this House, spent limestone quarries within (a) the Niagara Escarpment Planning Area of the Niagara Escarpment Plan as defined in the *Niagara Escarpment and Planning Act*, or (b) an area that is within a 5 kilometre radius adjacent to the said Niagara Escarpment Planning Area, are not suitable locations for solid waste disposal landfill sites.

61. Mr McGuinty - Resolution - That, pursuant to Standing Order 44(a), the House consider Sessional Paper 525, tabled June 25, 1997, the Report of the Honourable Gregory T. Evans, Integrity Commissioner, entitled *The Honourable Allan Leach - Minister of Municipal Affairs and Housing with Respect to the Health Services Restructuring Commission*.

62. Mr Silipo - Resolution - That, pursuant to Section 34(2) of the Members' Integrity Act, the legislature immediately consider the decision of the Integrity Commissioner in his ruling "Re: The Honourable Allan Leach, Minister of Municipal Affairs and Housing with Respect

to the Health Services Restructuring Commission", which was tabled in the legislature on June 25, 1997.

Withdrawn August 25, 1997.

63. Mr Hastings - Resolution - That in the opinion of this House, the Government of Ontario should encourage all the key players in the Ontario golf community to develop a comprehensive and creative high value tourism strategy through the instalment of a central computerized reservation system, co-ordinated meeting and marketing strategies, thus making Ontario a more attractive golf destination.

64. Mr Jordan - Resolution - That in the opinion of this House, Ontario's coat of arms, like those of the majority of Canada's Provinces, should feature the royal crown and other suitable heraldic devices, thus completing this official representation of our system of government.

Therefore, the Legislative Assembly of Ontario requests that Her Honour, the Lieutenant Governor-in-Council, petition the Canadian Heraldic Authority to augment Ontario's coat of arms with the embellishments to which it is entitled.

Carried August 21, 1997.

65. Mr Ford - Resolution - That in the opinion of this House, the Legislative Assembly of Ontario should ensure that the Government of Ontario send to Ontario Health Insurance Plan account holders a statement summarizing the monthly activity in their respective account each month there is account activity, and the statements indicate the expense of the provided health care service, the amount covered by the Ontario Health Insurance Plan, and the name of the health care worker who provided the service.

66. Mr Smith - Resolution - That in the opinion of this House, as the Government of Ontario has moved to realign provincial/municipal responsibilities, including transportation services, under "Who Does What", the Ontario Ministry of Transportation should prepare a plan to support the development and implementation of an infrastructure strategy by investigating reinvestment options for bridge and structure development and replacement in this province.

Carried September 4, 1997.

67. Mr Preston - Resolution - That, in the opinion of this House, since the federal government increased the threat to community safety through the introduction of conditional sentencing

in September of 1996, which has been referred to as "judge-ordered parole", and which allows criminal offenders to serve their sentences at large in the community, and not incarcerated in a correctional facility, the federal government should be urged to recognize the increasing concerns expressed by the people of Ontario for their public safety; and

recognizing the concern of the public for their safety, and the ensuing compromise of public confidence in the justice system, the federal government should revoke these provisions allowing convicted offenders to remain in Ontario communities while serving their sentences; and

where the federal government refuses to revoke these provisions, they should at the very minimum agree to limit the use of conditional sentencing provisions to minor property offences;

Therefore, the Government of Ontario should urge the federal government to act on the concerns of the Ontario public in order to ensure our communities are properly protected, and to ensure public safety is not compromised.

Carried September 4, 1997.

68. Mr Brown (Scarborough West) - Resolution - Whereas crime and in particular serious crime has been reduced in Scarborough schools due to the Zero Tolerance Policy Against Crime of The Scarborough Board of Education, and

Whereas the various school boards are amalgamating, and in particular The Scarborough Board of Education amalgamates with The Metropolitan Toronto Board of Education, and

Whereas the policy of Zero Tolerance Against Crime is not now province-wide,

Therefore, in the opinion of this House, the Ministry of Education of the Government of Ontario should use the Zero Tolerance Policies Against Crime developed and practised by The Scarborough Board of Education and apply them province-wide to all schools in Ontario.

69. Mr McLean - Resolution - That in the opinion of this House, the Government of Canada should immediately amend the Canada Shipping Act as it relates to the Small Vessel Regulations so that:

- (a) no person is authorized to operate a motor boat or personal watercraft propelled by an engine of more than ten horsepower on Ontario waterways unless the person has a boater safety certificate issued by the federal Crown;
- (b) a person who is the registered owner of a motor boat propelled by an engine of more than ten horsepower immediately before the Bill comes into force shall not be subject to the restriction described in clause (a) until three years after the Bill comes into force;

Section 6B-26

- (c) a person shall be required to pass a test in the safe operation of motor boats and personal watercrafts in order to obtain a boater safety certificate;
- (d) no person under 12 years of age is eligible to apply for a boater safety certificate;
- (e) the Ontario Provincial Police shall have the right to suspend or revoke a boater safety certificate if they have reasonable or probable grounds to suspect that a person is contravening the Bill;
- (f) the Bill include offences for the dangerous operation of motor boats including personal watercrafts such as,
 - (i) operating a motor boat or personal watercraft while under the influence of alcohol or other drugs, and
 - (ii) operating a motor boat or personal watercraft in a manner that endangers persons or property.

70. Mr Chudleigh - Resolution - That in the opinion of this House, given that plant breeding and the science of biology (the study of living organisms) have been used for years in enhancing the quality of our food supply and are critical to the long term economic and environmental sustainability of a safe agriculture and food industry in Ontario, and

Given the understanding that agricultural biotechnology is becoming an ever emerging field of importance in transforming the global agriculture and food production industry by creating an increasingly competitive global food commodity market, and

Given that in a world of change, if government and industry fail to form strategic partnerships and lead the way as innovators towards this 21st Century industry, they face being driven out of the competitive global market place,

Therefore, the Government of Ontario should recognize the importance of safe and cost-effective biotechnology and support well-researched science in advancing Ontario's agriculture and food production to ensure the industry's viability and competitiveness in the global marketplace and continue to work with all levels of government to ensure a safe food supply for the consumer and protect Canada's high standard and world leader status as a safe supplier of food, and

The Minister of Agriculture, Food and Rural Affairs should provide leadership and support to Ontario biotech initiatives and recognize their importance to future opportunities for growth, jobs and investment and continue to coordinate and support biotech research and development, and

To lead efforts in pursuing investment from financial institutions for biotech and its applications for the agriculture and food industry in Ontario and become the political

champion of this budding technological industry of the 21st Century.

71. Mr Johnson (Perth) - Resolution - That in the opinion of this House, since past provincial governments have been known to spend well beyond their means, and that these overspending practices have placed the people and the province of Ontario in a precarious fiscal position, and

Since responsible governments should be able to spend within the means available to them, and that the present government under the leadership of the Honourable Mike Harris intends to balance the budget by the year 2000-2001,

Therefore, after balancing the Provincial Budget, the Government of Ontario should recognize the importance of ensuring that future governments do not place the Province of Ontario in fiscal difficulty, and should introduce balanced budget legislation that would prohibit deficits in future Provincial Budgets, require the government to dissolve within 90 days of the presentation of an unbalanced Budget, or overspending a Budget, and require the people of Ontario to approve borrowing through a province-wide referendum that includes a repayment schedule for the principal and the interest if the government needs to borrow funds.

Carried October 2, 1997.

72. Mr Arnott - Resolution - That in the opinion of this House, the Government of Ontario should commit itself to a 25 year debt retirement plan, with five year interim targets, such that the Province of Ontario is free from its net debt by the year 2025.

Carried October 9, 1997.

73. Mr Shea - Resolution - That in the opinion of this House, since the Humber River is the largest watershed of the nine river systems in Metropolitan Toronto, and

Since the history of the Humber River is one that parallels the growth and development of Toronto, and

Since the Humber River is currently home to many outstanding recreational, educational and tourist facilities, and

Since the Province of Ontario through the Minister of Natural Resources is a signatory to "The Canadian Heritage Rivers System Charter" which is a voluntary national program that for the last 13 years has recognized and promoted a total of 33 rivers in Canada including 4 in Ontario which have been deemed to be culturally and historically important;

Therefore, the Government of Ontario should recognize the importance of the Humber River to the history and character of the City of Toronto and the development of Ontario, and encourage The Canadian Heritage Rivers Board to nominate and ultimately designate the

Humber River as the first Urban River in Ontario recognized under this charter, and

The Minister of Natural Resources should accept the recommendations of this nomination bid and allow for a 3 year management strategy to be put in place for the voluntary co-ordination of all concerned parties to work toward the enhancement of this precious natural resource for the benefit of all Ontarians and their future generations.

Carried September 25, 1997.

74. Mr Martiniuk - Resolution - That in the opinion of this House, the Government of Ontario should request the Ministry of Transportation to amend regulation 628 of the Highway Traffic Act, to include mandatory safety checks on used leased vehicles.

Carried October 9, 1997.

75. Mr Newman - Resolution - That in the opinion of this House, the government of Ontario should extend its program for rebate of the Land Transfer Tax for all first-time home buyers who purchase a newly constructed home to include first-time home buyers who purchase a resale home, and extend the rebate program through to March 31, 1999, and increase the \$200,000 purchase price ceiling from the Land Transfer Tax rebate through the Ontario Home Ownership Savings Plan for buyers in the Greater Toronto Area, and the Minister of Finance should accept the provisions of this resolution and include them as part of the 1998 Ontario Budget.

Carried November 20, 1997.

76. Mr Brown (Scarborough West) - Resolution - Whereas there is a limited federal recognition of the rights of victims' of crime in the trial sentencing or parole process and no directed federal participation in crime victim compensation and,

Whereas the access to information concerning offenders is of vital importance to persons victimized by crime and,

Whereas different provincial jurisdictions have enacted different statutes regarding relief to victims of crime,

Therefore, the Legislature of Ontario urges the federal government to create a federal Victim's Bill of Rights to include the following matters:

Section 6B-29

- the right to give oral submissions at conditional release hearings and to be notified of any offender application for conditional release, transfer or release from custody,
- the creation of a victim's Ombudsman with powers equivalent to that of the Correctional Investigator appointed under the Corrections and Conditional Releases Act,
- the creation of a National Crime Victim Compensation Fund,
- amendment to the Inquiries Act to mandate an independent inquiry where a person is killed by an offender on any form of federally-mandated conditional release.

77. Mr Brown (Scarborough West) - Resolution - Whereas the penalty for those persons convicted of murder is currently subject to varying parole eligibility and that this has produced a great measure of uncertainty amongst Canadians about the credibility of the justice system of Canada,

Therefore, the Legislature of Ontario urges the federal government to make the following changes:

- the Criminal Code be so amended so as to allow a discretionary capital penalty in defined aggravated circumstances for those persons convicted of first degree murder,
- all other persons convicted of first degree murder but not sentenced to capital punishment be imprisoned for life with no chance of parole or conditional release in any form (except for escorted temporary absences for medical purposes or for a period not to exceed 48 hours), until the expiration of a period of twenty to twenty-five years as fixed by the sentencing court,
- Section 745 of the Criminal Code be repealed,
- Section 746 of the Criminal Code be repealed,
- Section 747(2) of the Criminal Code be repealed,
- the Criminal Code be amended so as to permit the discretionary imposition of consecutive parole ineligibility periods for multiple murder convictions or for offences committed while on conditional release of any kind from a life sentence.

78. Mr Brown (Scarborough West) - Resolution - Whereas individuals that choose to flee from police by means which result in a high speed chase cause inordinate risk to public and police officer safety meriting special criminal sanction, and current dangerous driving provisions of the Criminal Code are inadequate to deal with this action and criminal records resulting

Section 6B-30

from such conviction do not specifically relate to the relevant facts of the nature of the offence,

Therefore, the Legislature of Ontario urges the federal government to make the following changes:

- Section 249 of the Criminal Code be amended to create the indictable offence of operating a motor vehicle and failing to stop for a peace officer when directed to do so, such offence to have a maximum penalty of two years imprisonment
- Section 553 be amended so as to add the above-noted offence to those offences over which the provincial court has absolute jurisdiction.

79. Mr Brown (Scarborough West) - Resolution - Whereas both the Criminal Code and Corrections and Conditional Release Act contain no provision for the creation of an offence if violation of a condition of a conditional release or arrest without warrant by a peace officer who reasonably believes such a breach to have occurred, and whereas current provisions of existing legislation and policies of the Correctional Services of Canada do not permit the timely arrest and detention of parole violators, nor the maintenance of a CPIC based record of parole violation, both of which are important to the prevention of future crime,

Therefore, the Legislature of Ontario urges the federal government to amend Section 733.1 of the Criminal Code so as to create the indictable offence of breaching a condition of conditional release issued pursuant to the Corrections and Conditional Release Act or the Prisons and Reformatories Act.

80. Mr Brown (Scarborough West) - Resolution - Whereas the activity and criminality of organized crime gangs has increased in recent years within Canada at severe risk to public safety and security and, the recent amendments to the Criminal Code, although helpful, are inadequate to deal with such organized crime activity,

Therefore, the Legislature of Ontario urges the federal government to amend the Criminal Code, Corrections and Conditional Release Act and Income Tax Act of Canada, so as to mandate lengthier sentences and no parole for persons convicted of serious offences and thereafter shown to be a member of an organized criminal group itself defined in the Criminal Code, and

Amend the Criminal Code permitting full asset forfeiture upon conviction of such persons and that the Income Tax Act be amended to permit asset forfeiture application by the Crown where a person is shown to be a member of an organized criminal group as defined in the Criminal Code and Income Tax Act.

81. Mr Brown (Scarborough West) - Resolution - Whereas the attempt to disarm a police officer of issued protective equipment which could be used to harm them by offenders is a matter of serious concern and indicative of serious criminality which is worthy of note by a separate and distinct recorded criminal offence,

Therefore, the Legislature of Ontario urges the federal government to amend Section 271 of the Criminal Code so as to create the indictable offence of attempting to disarm a police officer, such offence to have a maximum penalty of two years imprisonment consecutive to any other sentence imposed and that Section 553 be amended to include this offence in those over which the Provincial Court has absolute jurisdiction.

82. Mr Brown (Scarborough West) - Resolution - Whereas the current provisions of the Corrections and Conditional Release Act do not deal adequately with the circumstances of offenders committing further offences while on any form of conditional release in that such offenders are not required to serve all of their previous sentence and at least two-thirds of their new sentence, and

Whereas such offenders are not thereafter disentitled to further conditional release despite the commission of a new offence, and

Whereas such flaws seriously undermine the public credibility of the criminal justice system and unreasonably fail to prevent the commission of crime,

Therefore, the Legislature of Ontario urges the federal government to amend Section 139 of the Corrections and Conditional Releases Act so as to require any person convicted of an indictable offence while on any form of conditional release to be statutorily required to serve any remaining portion of the original sentence and no less than two-thirds of the sentence for the new offence, the calculation of which shall commence on the day the person was sentenced for the new offence, and

Any person convicted of an indictable offence committed while on any form of conditional release on two separate occasions is thereafter disentitled to any future conditional release of any kind but shall instead serve any such future sentence in its entirety, including a mandatory 90-day period in a community correctional facility following the expiration of the sentence in full.

83. Mrs Elliott - Resolution - That in the opinion of this House, the Legislative Assembly of Ontario should request the Ministry of Intergovernmental Affairs to petition Canada Post Corporation to treat under Section 35 of the Canada Post Corporation Act Members of the Legislative Assembly and Municipal Councillors of Ontario in the same manner as federal Members of Parliament and request the Canada Post Corporation exempt them from the ban of

**WANT OF CONFIDENCE MOTIONS PURSUANT TO
STANDING ORDER 43(a)**

1. Mrs McLeod - Whereas the Conservative government has clearly broken every single promise it made with respect to protecting health care; and

Whereas the government broke its promise not to cut "one cent" from health care spending when it cut more than \$1.3 billion from Ontario hospitals; and

Whereas the government broke its promise that, "Aid for seniors and the disabled will not be cut" when it introduced a new user fee on the drugs that sick seniors, disabled persons and the poor are prescribed by their doctors; and

Whereas the government broke its promise that, there would be "no new user fees" when it introduced Bill 26, which will add \$225 million worth of user fees to the Ontario Drug Benefit Plan; and

Whereas the government is now planning, through Bill 26, to bestow upon the Minister of Health new unilateral powers which would allow him to close any hospital in the province without public input; and

Whereas the government is now planning, through Bill 26, to grant the Premier and Cabinet new powers that will usurp the rights and privileges of the elected Members of the legislature and thereby the rights of every person in the province;

Therefore, pursuant to Standing Order 43(a), the House no longer has confidence in the government.

Lost on division April 2, 1996.

2. Mr Wildman - Whereas the government has reaffirmed its commitment to both balance the budget and implement a 30% reduction in personal income taxes; and

Whereas economic growth in Ontario is predicted to continue to be weak at 2.3%, much lower than the government's assumptions in the Common Sense Revolution; and

Whereas the current unemployment rate for the province stands at 8.9% and the employment outlook given the low growth rate is expected to continue to weaken over the next year; and

Whereas the cuts to government spending were cited by the witnesses at the Pre-Budget hearings of the Standing Committee on Finance and Economic Affairs as the major contributor to the poor economic performance and loss of jobs; and

Whereas by cutting personal income taxes to capture the tax savings published in the Common Sense Revolution, the government will lose \$27.8 billion in revenue by the year 2000; and

Whereas in order to balance the budget as promised in the Common Sense Revolution the government will have to implement further spending cuts, which will affect children, senior citizens, and other vulnerable Ontarians; and

Whereas the cost of such a tax cut, which is to reduce the percentage of basic federal tax by 20 points, will add an extra \$16.5 billion to the accumulated debt of the province; and

Section 6C-2

Whereas fully two-thirds of the value of the tax cut will go to the top 10% of income earners and will do nothing to increase consumer spending; and

Whereas witnesses at the Pre-Budget Committee hearings agreed that the Common Sense Revolution's promise of 725,000 new jobs is unrealistic and unattainable; and

Whereas the government has refused to listen to expert witnesses, the people of the province and has refused to pay attention to the reality of Ontario's economic situation;

Therefore, pursuant to the provisions of Standing Order 43(a), the House no longer has confidence in the government.

Lost on division April 9, 1996.

3. Mr Hampton - Whereas on September 22, 1997, the Mike Harris government introduced Bill 160, the Education Quality Improvement Act, 1997; and

Whereas Section 257.12 of the Education Act as amended by Bill 160 states clearly "the Minister of Finance may prescribe tax rates for school purposes"; and

Whereas setting tax rates of any kind by regulation without approval of the Legislative Assembly of Ontario violates the most fundamental principle of democracy, namely "no taxation without representation";

Therefore, this House no longer has confidence in the government.

4. Mr McGuinty Whereas Premier Mike Harris informed the Ontario electorate during the 1995 provincial election campaign that it was not his plan to close hospitals; and

Whereas Premier Mike Harris pledged during the 1995 provincial election campaign that he would not cut one penny from classroom funding for Ontario's public education system; and

Whereas Mike Harris has ordered the closure of 30 hospitals in Ontario and will cut publicly funded education by more than one billion dollars; and

Whereas the Harris Government has given itself new undemocratic powers to cut public education through Bill 160, while the Minister of Education and Training has stated that no government should have this kind of power; and

Whereas the Harris Government has proceeded with Bill 152, which will cause fluctuations in property taxes, the erosion of public health services, and was voted against by members of all three political parties in the Ontario Legislature;

Therefore, this House no longer has confidence in the government.

Section 6C-3

SPECIAL DEBATES

OPPOSITION DAYS

FALL PERIOD 1995

1. Mrs McLeod - Whereas the Common Sense Revolution states that a Conservative government "will not cut health care"; and

Whereas, during the 1995 election campaign, the Conservatives clearly promised to defend the health care system by protecting ministry funding, stating in a campaign backgrounder, "there will be no cuts to health care funding by a Harris government", and calling this their first, and most important commitment; and

Whereas the Premier repeated this promise throughout the campaign; and

Whereas the Public Accounts for 1994/95 show the Ministry of Health budget at \$17.8 billion; and

Whereas the Conservative government has said that it is committed to funding health care only to the level of \$17.4 billion; and

Whereas this represents a cut to the health care budget of more than \$400 million; and

Whereas the Conservative government has already cut \$132 million from the budget of the Ministry of Health when, on July 21, 1995, the Finance Minister announced a series of spending cuts designed to reduce the deficit; and

Whereas the Common Sense Revolution clearly states "every dollar we save by cutting overhead or by bringing in the best new management techniques and thinking will be reinvested in health care to improve services to patients"; and

Whereas the \$132 million in funding has gone directly to reduce the deficit and therefore cannot be reallocated within the health care system; and

Whereas this government is considering introducing user fees to the Ontario Drug Benefit Program; and

Whereas there have been suggestions that hospitals will face a reduction in funding from this government when it cuts its support to all transfer partners next year; and

Whereas, according to media reports on the Premiers' Conference in St. John's, the Premier of Ontario "wouldn't rule out user fees"; and

Whereas the Premier has stated that "a signal has gone out to the (health) ministry that there are no sacred cows", suggesting that further cuts may be planned to health care funding; and

Whereas the recent actions taken by this government contradict election promises and have confused a concerned public still coping with the negative impact of the previous NDP government's mismanagement of the Ministry of Health; and

Whereas the NDP government was the first government in the history of the province of Ontario to reduce the budget of the Ministry of Health in real dollars; and

Section 6C-4

Whereas the NDP government inflicted chaos upon the health care system with the introduction of the Social Contract, which resulted in a deterioration in the quality of care provided in Ontario; and

Whereas the NDP government attempted to introduce user fees to the Ontario Drug Benefit Program and then removed more than 230 drugs from the Ontario Drug Benefit Program without first consulting with those affected by this change; and

Whereas the NDP government reneged on its funding promises for hospitals in the province of Ontario and reduced the budgets of provincial psychiatric hospitals; and

Whereas, faced with the detrimental effects of the NDP government's assault on the health care system and the threats being made by this Conservative government to continue the attack through cuts in funding and the introduction of user fees, the province requires real leadership for the protection of the health care system and a commitment to maintain stable funding for the health ministry at \$17.8 billion;

Therefore, this House calls on the Minister of Health to restore the \$132 million that was cut on July 21, 1995, in order to maintain the promise made by this government to protect health care funding and not cut health care; to reaffirm this government's commitment to no new user fees; and to ensure that the health care budget will stand at \$17.8 billion dollars for every day of the life of this government. Minister of Health.

Debated October 11, 1995.

Lost on division October 16, 1995.

2. Mr Rae - Whereas the Common Sense Revolution states that "our obligation to those in need is even greater in the case of our children"; and

Whereas the Common Sense Revolution also notes that "children living in poverty suffer from significantly higher infant mortality rates, lower life expectancies and tend to receive poor nutrition and education"; and

Whereas Mike Harris's government is hurting kids who live on welfare through cuts in welfare benefits, because 41% of the people living on welfare are children; and

Whereas the 22% cut in welfare benefits hurts children most of all - children who will have to do without the food, clothing or adequate housing they need, children who have no way to fight back against the cuts; and

Whereas, Mike Harris's government is hurting kids who need day care by cutting the funding for day care provided through jobsOntario Training, so parents can't look for work or take job training; and

Whereas, this punishes families trying to help themselves and makes safe and dependable day care for their kids less accessible; and

Whereas Mike Harris's government is hurting kids who need extra help - abused children, children with disabilities, children from troubled homes - by cutting the budget for services like Children's Aid Societies, children's mental health centres and second-stage housing for women and children seeking refuge from domestic violence and abuse; and

Whereas Mike Harris's government is hurting kids and their families by eliminating jobs, by making it harder for them to make ends meet and harder to get training to get back to work; and

Section 6C-5

Whereas Mike Harris's government is cancelling early childhood education pilot projects and making junior kindergarten less accessible for children across the province, despite a generation's evidence that education supports in the early years pay huge positive dividends later in children's lives;

Therefore, this House calls on the Mike Harris government to stop hurting Ontario's children, primarily by restoring the benefits it has seized by means of welfare rate cuts, but also by restoring the funding cuts it has made to child care provision, to training, and to social service agencies. Minister of Community and Social Services.

Lost on division October 17, 1995.

3. Mr Rae - Whereas the Common Sense Revolution commits the Mike Harris government to creating 725,000 new jobs; and

Whereas the Common Sense Revolution states that "Ontario needs jobs today, and jobs tomorrow"; and

Whereas the Mike Harris government has cut public investments and programs eliminating tens of thousands of jobs in Ontario; and

Whereas unemployment currently stands at 8.5% in Ontario and the current instability in employment in Ontario is of concern to all members of this House; and

Whereas the Mike Harris government has condemned children and their parents relying on social assistance to a less than survival existence; and

Whereas the Mike Harris government has told families who rely on welfare "to work and to get jobs to supplement their income"; and

Whereas the Mike Harris government has done nothing to promote job creation in Ontario; and

Whereas the Mike Harris government has ended an era where partnerships between business, labour and government promoted economic development; and

Whereas the Mike Harris government is following a fiscal plan aimed at further cuts, increasing economic drag and a tax hand-out to the wealthy; and

Whereas the Mike Harris government's fiscal plan will do nothing to create jobs today or tomorrow;

Therefore, this House calls on the Mike Harris government to take the unemployment situation in this province seriously by restoring job creation programs and job support programs and to follow a balanced and responsible approach to economic development and deficit reduction, rather than pursue a policy of irresponsible cuts to program funding and economic investment in order to pay for tax breaks for the rich. Premier of Ontario.

Lost on division November 21, 1995.

4. Ms Castrilli - Whereas the Conservative policy document "New Directions II, A Blueprint for Learning in Ontario" reports that tuition fees should represent 25 per cent of the operating costs of a post secondary education; and

Whereas a recent Statistic Canada report shows that university tuition fees already represent more than 26 per cent of the cost of education; and

Section 6C-6

Whereas the former NDP government was responsible for a 42 percent increase in tuition fees and the elimination of the grant portion of the Ontario Student Assistant Program; and

Whereas Ontario ranks second-last when it comes to per student expenditure on post secondary education; and

Whereas the Conservative government has failed to act on their promise to establish an income contingent loan repayment plan; and

Whereas it is immoral to force students to pay the price of Mike Harris' income tax cut to the wealthy through higher tuition fees;

Therefore this House calls on the Mike Harris government not to impose or allow any tuition increase without first: demonstrating that students are not paying their fair share of education costs, which according to New Directions II, was set by the Conservatives at 25 per cent of operating expenditure; ensuring that no student is denied access to a post-secondary institution as a result of their ability to pay; significantly expanding existing student aid programs; consulting with all stakeholders; and establishing an income contingent loan repayment plan as promised. Minister of Education and Training.

SPRING PERIOD 1996

1. Mrs McLeod - Whereas the Progressive Conservative campaign document promises to ensure that any actions by the Mike Harris government will not result in increases to local property taxes; and

Whereas Mike Harris and his government have repeatedly said that there is only one tax payer; and

Whereas Mike Harris has repeatedly said that a fee hike is the same as a tax hike; and

Whereas Mike Harris and his government have either introduced new fees or hiked existing fees in the Ministries of Citizenship, Culture and Recreation; Consumer and Commercial Relations; Economic Development, Trade and Tourism; Education and Training; Environment and Energy; Management Board Secretariat; Municipal Affairs and Housing; Natural Resources; and the Solicitor General; and

Whereas Bill 26 gave municipalities the power to impose new and increased user fees despite the overwhelming opposition from the electorate; and

Whereas Mike Harris and his government have reduced transfer payments to municipalities by 42%; and

Whereas this reduction has led to property tax increases in various municipalities; and

Whereas transfer payments to school boards, colleges and universities, social service agencies and other transfer partners have also been significantly reduced; and

Whereas these reductions have led to a 42% tuition fee increase; and

Whereas these reductions have forced municipalities to introduce hundreds of new user fees; and

Whereas these reductions will negatively affect the province of Ontario and its citizens; and

Section 6C-7

Whereas Mike Harris and his government's approach to deficit reduction has led to Ontario now being known as "Home of the User Fee"; and

Whereas the spending cuts leading to all these new fees and fee hikes will ultimately fund the tax cut to the wealthy in Ontario; and

Whereas for the average Ontarian any tax cut will be eaten up by new user fees;

Therefore this House calls on the Mike Harris government to stop any further actions that will lead to new or increased fees at the provincial or municipal level; do a complete inventory of new and increased user fees at the provincial and municipal level; acknowledge the impact of Bill 26 on user fees in Ontario; and present to this House a more balanced approach to deficit reduction. Premier of Ontario.

2. Mrs McLeod - Whereas the actions taken by Mike Harris and his government have reduced the excellence and accessibility of our education system; and

Whereas Mike Harris promised in the Common Sense Revolution that any funding cuts to education would not come from the classroom; and

Whereas Mike Harris and his government have in fact affected classroom funding with an initial cut of \$400 million, which annualized will equal \$800 million, and which has resulted in the elimination of the classroom for many young Ontarians and adult students; and

Whereas Mike Harris and his government have acknowledged that the current drop-out rate will cost the country \$23 billion in lost productivity, \$9.9 billion in lost taxes and \$1.4 billion in welfare and unemployment benefits; and

Whereas many adult learners are high school drop-outs who realize the need to complete their high school education; and

Whereas Mike Harris' actions through Bill 34 will make adult education unaffordable for many; and

Whereas Mike Harris has closed the doors of education and opportunities for these individuals by a reduction of funding for adult education with the intended passage of Bill 34; and

Whereas the government's own studies have shown that junior kindergarten has a positive impact on children; and

Whereas the Royal Commission on Learning recommended that schooling begin at age three to maximize the benefit of early childhood education for each child; and

Whereas Mike Harris also promised to present a tool kit to the education sector to help them reduce their costs and failed to provide an adequate set of tools; and

Whereas, for many Ontarians the cost of the tax cut promised by Mike Harris will be a poorer education system;

Therefore this House calls on the Mike Harris government to fulfil its promise not to affect classroom spending; to refocus its priorities on the quality of our education system rather than simply cutting and slashing programs; and to promise no further cuts to the education system. Minister of Education.

3. Mr Wildman - Whereas the NDP Government's Rent Control Act protects tenants from high rent increases; and

Whereas the 1992 Rent Control Act was the result of extensive consultation with tenants, landlords and other groups; and

Whereas tenants deserve rents that are predictable and fair; and

Whereas gutting rent control will do nothing to stimulate new private sector housing construction or solve maintenance problems; and

Whereas the Mike Harris Conservative Government has cancelled more than 15,000 units of co-op and non-profit housing and has embarked on a plan to privatize public housing; and

Whereas the Mike Harris Conservative Government now wants to gut rent control; and

Whereas the previous Conservative and Liberal governments failed to protect tenants from high rent increases;

Therefore this House calls on the Conservative Government to keep the existing system of rent control, which protects tenants from high rent increases through a cap on rents, and ensures that landlords whose buildings are not properly maintained cannot increase rents; and to ensure that tenants still have security of tenure and access to the courts under the Landlord and Tenant Act. Minister of Municipal Affairs and Housing.

FALL PERIOD 1996

1. Mrs McLeod - Whereas the Conservative party promised voters in the last election through the Common Sense Revolution that "Aid for seniors and the disabled will *not* be cut."; and

Whereas the Common Sense Revolution states that "our obligation to those in need is even greater in the case of our children"; and

Whereas the Harris government's actions have resulted in Special Services at Home funding and other individualized funding to families of people with disabilities to be cut by an average of 30%; and

Whereas many of these families were only receiving 10 to 12 hours of funding support before the Harris cuts; and

Whereas Mike Harris has broken his promise to protect the most vulnerable in our society; and

Whereas many of these individuals and their families have also been affected by the Harris cuts to municipalities which have consequently reduced transportation services such as Wheel Trans and access to affordable housing; and

Whereas the Harris government broke its promise not to cut aid to seniors and persons with disabilities when it introduced a new user fee on the drugs that persons with disabilities are prescribed by their doctors; and

Section 6C-9

Whereas many of these children and their families will also be negatively affected by the \$800 million cut to education as school boards eliminate teachers aids for children with special needs; and

Whereas the cuts to individual families will place increased financial and emotional stress on families that are already under a tremendous amount of stress; and

Whereas people with disabilities who are on welfare or families on welfare with children who have special needs have been unfairly hurt by the treatment they have received from the Harris government; and

Whereas the government has acknowledged publicly that only a small portion of the funds currently allocated for people with disabilities living in those institutions targeted for closure will be reinvested in the community;

Therefore this House calls on the Mike Harris government; to admit that their failure to meet the increased need for funding has resulted in reductions to individuals and their families; to do what Mike Harris promised when in opposition and allocate additional funding to people with disabilities and their families; to redress the current funding inequity that exists between disabled individuals who are cared for by their families in their homes, and those who are in the care of an institution; and to re-evaluate the priorities and budgets of the various programs that assist people with disabilities and their families to ensure that the services they need are readily available. Minister of Community and Social Services.

2. Mrs McLeod - Whereas Mike Harris promised Ontarians in the last election that there would be "no cuts to health care funding"; and

Whereas hospital funding has been slashed by \$1.3 billion; and

Whereas the Big Blue Bulldozer -- the so-called "arms length" Health Service Restructuring Commission -- has begun to plough through communities across the province; and

Whereas this non-elected and unaccountable body wields dictatorial power over the fate of Ontarians' health care; and

Whereas all the work of the Commission has been conducted in secret; and

Whereas this government's hospital restructuring has nothing to do with improving the quality of patient care in Ontario and everything to do with funding the Tories' 30% tax cut promise; and

Whereas decisions of the Health Service Restructuring Commission to date will result in Thunder Bay and Sudbury losing 50% and 37% of their acute care hospital beds, respectively; and

Whereas the Common Sense Revolution promised that "local health care communities will share in any savings identified locally for reinvestment in community priorities"; and

Whereas of the \$41 million cut from the operating budgets of Thunder Bay hospitals only \$10 million has been committed to reinvestment and of the \$41 million cut from the operating budgets of Sudbury hospitals only \$13 million has been committed for reinvestment; and

Whereas the Minister of Health has reduced the amount the government is required to fund for capital projects from 2/3 of the capital required to 1/2; and

Section 6C-10

Whereas thousands of Ontarians in communities across the province, such as Thunder Bay, Sudbury, Kitchener, Wiarton and Kincardine have pleaded with the Minister to stop the destruction of health care in the province of Ontario and save their local hospitals; and

Whereas there is no regard for community input in the restructuring process; and

Whereas Jim Wilson has stated repeatedly that "bricks and mortar do not cure people, people cure people", and

Whereas the \$1.3 billion cut to hospital funding over three years will result in 15,000 nurses losing their jobs; and

Whereas this loss of health care providers translates into patients losing 13 million hours of nursing care; and

Whereas the actions of the Harris government will result in the erosion of quality and accessible health care in the province of Ontario; and

Whereas Ontarians are frightened and angry that because of the actions of the Harris Conservatives they will be unable to access quality health care in their own communities; and

Whereas the Minister of Health is clearly in control of this process despite his attempts to deny it;

Therefore, this House calls on the Mike Harris government to admit that the so-called "arms length" Restructuring Commission is a sham; to dismantle the unaccountable and dictatorial Health Services Restructuring Commission; to restore the \$1.3 billion it has stripped from Ontario's hospitals; and to live up to the promise it made to voters in the last election that access to quality health care will be protected. Minister of Health.

3. Mr Hampton - Whereas the struggles of working families in Ontario for the past fifty years have led to safer workplaces, improvements to working conditions and standards, greater economic justice for pensioners and injured workers, pay equity for women and a more prosperous Ontario; and

Whereas this year marks the 50th anniversary of such milestones as the historic strike by steelworkers at Stelco in Hamilton and the landmark strike by auto workers at Ford in Windsor; and

Whereas the Ontario Workers Arts and Heritage Centre, opening this year in Hamilton, is focusing much needed attention on the history of working people; and

Whereas the Mike Harris government has launched a sustained attack on workers' rights; and

Whereas the Mike Harris government has stripped rights from workers in the Labour Relations Act while encouraging employers to force strikes, incite violence and hire scabs, causing more days lost to strikes already this year in Ontario than at any time since the passage of Bill 40; and

Whereas striking workers - at S.A. Armstrong, General Motors, Niagara Region and elsewhere -are under attack from their employers as a direct result of the Mike Harris government's actions; and

Section 6C-11

Whereas the Mike Harris government is preparing to take \$15 billion from injured workers and give \$6 billion to Ontario employers, undermining the longstanding compromise that guarantees full and fair Workers' Compensation in return for protecting employers from lawsuits; and

Whereas the Mike Harris government is threatening to close the Occupational Disease Panel and the Occupational Health Clinics for Ontario Workers, while setting the stage for attacking the right to refuse unsafe work; and

Whereas the Mike Harris government has pushed through amendments to the Employment Standards Act, under the guise of "housekeeping," that make it more difficult for vulnerable workers to defend their rights; and

Whereas the Mike Harris government has begun the gutting of pay equity protection for women, while making plans for further attacks on pay equity in the current session; and

Whereas the Mike Harris government has laid off hundreds of workers at the Ministry of Labour, including key staff in enforcement of employment standards and health and safety laws; and

Whereas the Mike Harris government has frozen Ontario's minimum wage, forcing down the standard of living of Ontario's most vulnerable workers while the U.S. Congress has passed legislation raising the U.S. minimum wage to a level higher than Ontario's; and

Whereas the Mike Harris government is driving down the standard of living of working families, while putting more money in the pockets of wealthy corporations and individuals, sharpening the divide between haves and have-nots; and

Whereas the Minister of Labour is, under the guise of creating "balance," taking power from unorganized and organized workers and putting more power in the hands of employers; and

Whereas the Minister of Labour rewrote the Ontario Labour Relations Act without a single day of public hearings, tried to roll back rights under the Employment Standards Act without public hearings and refuses to commit to full, provincewide public hearings on the drastic changes proposed to the Workers' Compensation Act and the Occupational Health and Safety Act;

Therefore this House calls on the government to withdraw its proposed changes to the Employment Standards Act, scrap its proposed amendments to the Workers' Compensation Act, commit to full funding of the Occupational Disease Panel and the Occupational Health Clinics for Ontario Workers, increase the Ontario minimum wage immediately and reinstate the ban on replacement workers in strikes and lockouts. Minister of Labour.

4. Mrs McLeod - Whereas the Common Sense Revolution promises not to cut education spending in the classroom; and

Whereas the millions of dollars in cuts to education brought in by Mike Harris and his Minister of Education and Training, John Snobelen have in fact hurt children and affected the classroom; and

Whereas Mike Harris and his Minister of Education and Training, John Snobelen, have cut nearly \$1 billion out of our elementary and secondary education system through reductions in GLGs, social contract reductions, and expenditure control plan reductions; and

Section 6C-12

Whereas Mike Harris and his Minister of Education and Training, John Snobelen, have forced thousands of Ontario children to sit in overcrowded classrooms; and

Whereas Mike Harris and his Minister of Education and Training, John Snobelen, have forced many children with special needs to lose their resource teachers; and

Whereas thousands of Ontarians will no longer have the opportunity to attend junior kindergarten and adult education programs due to poor policy decisions by the Minister of Education and Training; and

Whereas Mike Harris and his Minister of Education and Training, John Snobelen, have forced thousands of Ontario teachers to lose their jobs; and

Whereas parents no longer have confidence in Mike Harris and his Minister of Education and Training, John Snobelen to make decisions with the best interest of children in mind; and

Whereas parents and other taxpayers have clearly said that the government is cutting too much too quickly especially where education is concerned; and

Whereas parents feel that the Minister of Education and Training has not heard their concerns to date; and

Whereas the only thing guiding the Harris government is the tax cut;

Therefore this House calls on the Mike Harris government to stop any further reductions in the funding of our elementary and secondary schools; start listening to parents, students, and teachers on issues of education reform; and bring forward policies and initiatives that are guided by the best interest of children. Minister of Education and Training.

5. Mr Hampton - Whereas Mike Harris and Charles Harnick promised to improve the Family Support Program; and

Whereas Mike Harris promised in the Common Sense Revolution that "Government should concentrate its efforts on tracking down "deadbeat" parents and enforcing payment orders"; and

Whereas the Ministry of the Attorney General closed all the family support plan regional offices and laid off 290 staff, in order to fund the government's tax give away to the wealthiest Ontarians; and

Whereas the closure of the family support plan's regional offices have caused hardship and suffering for women and children who were previously receiving regular payments; and

Whereas the cuts to the family support plan have eliminated community based services; and

Whereas the loss of experienced staff and closing of the regional offices has thrown the family support plan into chaos; and

Whereas Mike Harris has clearly broken his promise to provide better enforcement of support orders; and

Whereas the government has introduced legislation which will allow the Director of family support to refuse to register an order or to close a file and will enable voluntary withdrawal from the family support plan;

Section 6C-13

Therefore this House calls upon the government to withdraw Bill 82 and guarantee that women and children who are entitled to family support payments promptly receive them and that all court ordered family support payments be enforced by the province of Ontario. Attorney General.

1. Mr Hampton - Whereas the Government of Ontario has introduced Bill 103, An Act respecting the City of Toronto, which will affect municipal representation and public services for every citizen in Metropolitan Toronto; and

Whereas the Mayors of municipalities within Metropolitan Toronto have decided to conduct a public referendum on the Province's legislation, to ensure that the voice of all citizens is heard; and

Whereas the Minister of Municipal Affairs and Housing has expressed concern that the question on any referendum ballot might be subject to manipulation, in order to affect the outcome;

Therefore, this House demands that the Minister of Municipal Affairs and Housing meet with the Mayors of Metropolitan Toronto's municipalities to draft a referendum question which fairly and accurately describes the Government's proposal for an amalgamated City of Toronto; and further, that the Legislative Assembly respect the results of the referendum. Minister of Municipal Affairs and Housing.

2. Mr McGuinty - Whereas the Harris government is dumping over \$6.4 billion in service costs to municipalities, including \$2.7 billion in social assistance, \$1.6 billion in public health and seniors long term health care and \$270 million in child care services; and

Whereas the transfer of these services will add over \$1 billion in net new costs to property taxpayers; and

Whereas moving social services to the property tax base contradicts past municipal reform reviews including the 1991 Committee on the Provincial-Municipal Financial Relationship, The Ontario Fair Tax Commission, and the 1996 GTA Task Force Report; and

Whereas Duncan Sinclair, the chair of the government's Health Services Restructuring Commission, said that dumping senior's long term health care on municipalities was "stupid" and "180 degrees out of phase with the (prevailing) philosophy"; and

Whereas the government's own "Who Does What" panel unanimously recommended against moving social services to the property tax base; and

Whereas the Metro Board of Trade and the GTA mayors oppose the government's plan to move social services to the property tax base because it will increase property taxes; and

Whereas the United Way and other service agencies say the government's reforms will reduce services or raise property taxes; and

Whereas the Canadian Taxpayers' Federation has called the government scheme a "shell game" which will result in higher property taxes; and

Section 6C-14

Whereas David Crombie has said "the only way they (municipalities) can deal with any increasing (welfare) caseload or any long term care is to either cut services or raise taxes. Which either means you're going to hit the poor or drive out business"; and

Whereas property taxes are considered one of the most regressive forms of taxation;

Therefore this House calls on the government to reconsider its decision to transfer over \$6.4 billion in service costs to municipalities and work on developing alternatives which: 1) do not add extra costs to municipalities; 2) follow the principles of disentanglement in moving hard service costs to municipalities and soft service costs to the province; and 3) which are developed in true consultation with municipalities and agencies to ensure that local property taxes do not increase as the result provincial downloading. Minister of Municipal Affairs and Housing.

3. Mr Colle - Whereas the Harris government is wiping out the existing municipalities of Toronto, the City of York, East York, North York, Scarborough and Etobicoke and replacing them with one enormous Megacity of 2.3 million people;

Whereas Mike Harris and his party platform made no mention of amalgamating the six municipalities composing Metropolitan Toronto prior to the 1995 provincial election and were not elected on that basis;

Whereas the Harris government has no mandate from the people to amalgamate Metropolitan Toronto into a Megacity;

Whereas, as recently as 1994, Mike Harris said, "There is no cost for a municipality to retain its name and identity. Why destroy our roots and pride? I disagree with restructuring because it believes that bigger is better. Services always cost more in larger communities";

Whereas the Harris government is forcing the people of Metropolitan Toronto into a Megacity to hide the \$531 million in increased taxes for Metro residents that will be caused by the Harris government's dumping of provincial costs onto the municipalities of Ontario;

Whereas the ill-conceived plan to create this Megacity is based on a three-week KPMG study carried out behind closed doors and without consultation;

Whereas the KPMG study contradicts the recommendations of every other study carried out on Greater Toronto Area restructuring over the last 40 years;

Whereas even the author of the KPMG study admitted that "There has been no amalgamation of which I am aware in the current fiscal environment that would demonstrate the certainty of savings";

Whereas the Harris government has stated that it plans to drive the legislation creating the Megacity through the Legislature by April, without leaving adequate time for study or consultation;

Whereas the Harris government's plans to force the people of Metropolitan Toronto into a Megacity will cause property taxes to soar, will lead to more cuts in services and will make government even more remote from the people that it is supposed to serve;

Whereas studies have shown that, once a city grows to over 1 million people, economies of scale in municipal operations disappear and per capita costs for basic services go up;

Section 6C-15

Whereas Mike Harris and Al Leach have failed to provide the people of Ontario with any numbers to support their contention that amalgamation will lead to cost savings;

Whereas the Harris government's own study anticipates transition costs of \$150 million to \$220 million following amalgamation;

Whereas unprecedented grass-roots opposition to the Megacity plan has sprung up all over Metropolitan Toronto;

Whereas thousands of Metro residents have spontaneously and vocally expressed their opposition to the Megacity plan;

Whereas the public hearings on Bill 103 conducted by the Harris government have failed to reveal any widespread public support for this legislation and instead have revealed deep and consistent concern about this plan among citizens of all political stripes and affiliations;

Whereas the Harris government has refused to conduct its own referendum on the issue of amalgamation;

Whereas the Mike Harris government has stated that it plans to proceed with its plan to force the citizens of Metro Toronto into a Megacity regardless of their wishes;

Whereas the Harris government is consistently ignoring the voice of the people of Metropolitan Toronto by continuing to plow ahead with its Megacity plan, and is acting undemocratically by forcing this massive change down the throats of the citizens of Metropolitan Toronto without proper consultation or a mandate from the people;

Therefore this House calls upon the provincial government to reverse its decision to amalgamate Metropolitan Toronto into a Megacity, to withdraw Bill 103 and to proceed to consult with the people and governments of Metropolitan Toronto, to develop a plan to restructure the Greater Toronto Area for better co-ordination of services and strengthened local government and to make this a better place for all citizens to live. Minister of Municipal Affairs and Housing.

4. Mr Hampton - Whereas the Harris Conservative government is refusing to listen to the voices of citizens in East York, Etobicoke, North York, Scarborough, Toronto and York who have clearly rejected the Harris government's megacity proposal in Bill 103; and

Whereas the Harris Conservative government has ignored the concerns expressed by parents and educators about the grab for central control of schools in Bill 104; and

Whereas the Harris Conservative government, by appointing trustees to oversee actions of elected municipal councils before final passage of Bill 103, has shown no regard for the role of the Legislative Assembly; and

Whereas the Harris Conservative government, by appointing committee vice chairs with powers over elected school boards before final passage of Bill 104, has shown no regard for the authority of the Legislative Assembly; and

Whereas the Harris Conservative government is taking control of schools away from elected local school board members so that it can cut education spending to fund its tax cut scheme; and

Section 6C-16

Whereas the Harris Conservative government, while slashing \$1.3 billion from Ontario hospitals, is ordering hospitals closed before ensuring that community services are in place to meet health needs; and

Whereas the Harris Conservative government is downloading the costs of welfare, long-term care, public health, housing, public transit, libraries, police, child care, ambulance services and other social services to find money to pay for its tax cut scheme;

Whereas the Harris Conservative government, instead of seeking real input for its proposals, has spent millions of taxpayers' dollars on slick advertising campaigns intended to shore up sagging Tory support; and

Whereas the Harris Conservative government set the tone for its bully tactics by passing the anti-worker Bill 7 without a single minute of public hearings, then trying to ram the omnibus Bill 26 through the Legislative Assembly without listening to the province-wide concerns;

Therefore this House calls on the government to withdraw Bill 103 and Bill 104; to make a new start on reforming municipal and education governance in Ontario; to stop cutting base funding of hospitals; allow communities to determine how to restructure their hospital services and ensure that community services are in place before hospitals are closed; to embrace a process that gives all citizens a chance to have their voices heard; and to reverse the decision to download social service costs onto municipal taxpayers. 5. Mr Duncan - Whereas there has been a proliferation of accidents and fatalities related to truck safety in Ontario, and;

Whereas this has caused a great lack of confidence in road safety in Ontario, and;

Whereas the Government has repeatedly stated its intention to deal decisively and swiftly with truck safety in Ontario, and;

Whereas the Government has had a truck safety Bill on the Order Paper since February 24, 1997, and;

Whereas the Minister of Transportation has attempted to exploit the issue for political purposes, choosing numerous photo opportunities to advance the need for truck safety, and;

Whereas the Government has failed to address the issue in a meaningful way, and;

Whereas the Liberal caucus has stated its desire to cooperate and expeditiously pass legislation ensuring road safety in Ontario,

Whereas various court proceedings have raised further concerns while leaving many important questions unanswered;

7. Mr Sergio - Whereas Mike Harris promised Ontarians in the last election that there would be "no new user fees for health care"; and

Whereas the government broke this promise on July 15, 1996 by imposing \$225 million per year in user fees on prescription drugs for seniors, people with disabilities and the poor; and

Whereas Mike Harris forced seniors earning over \$16,075 to pay a \$100 "annual" user fee and all subsequent dispensing fees while charging poorer seniors a \$2 user fee for every prescription filled; and

Whereas Mike Harris added insult to injury when he forced seniors to pay another "annual" \$100 fee on April 1, 1997, only eight and a half months after the last so-called "annual" fee; and

Whereas this double-charging amounts to a \$30 million rip-off; and

Whereas these new user fees are causing undue hardship for Ontario seniors, many of whom must now choose between paying the rent, buying food or filling necessary prescriptions; and

Whereas we have a special responsibility to ensure seniors are treated with dignity and respect;

Therefore, this House calls on Mike Harris to admit that he broke a key election promise, to review the impact these new user fees have had on seniors' lives, to keep his election promise by scrapping these user fees and, at the very least, to correct his blatant rip-off by giving seniors a three and a half month credit on this unfair user fee. 1. Mr Duncan - Whereas the Mike Harris government has introduced Bill 96, the so-called Tenant Protection Act, that will gut rent controls in Ontario, raise tenants' rents and make it easier to demolish their homes; and

Whereas Bill 96 is only part of the Conservative's attack on affordable housing that includes cancelling over 390 non-profit housing projects and dumping the massive cost of social housing onto Ontario's municipalities; and

Whereas tenants across the province have denounced Bill 96 during public hearings; and

Section 6C-18

Whereas the Tory dominated legislative committee refused to support Liberal amendments that would have maintained strong tenant protections; and

Whereas during the York South by-election in May, 1996 Mike Harris promised that "Rent Control will Continue" and that "Tenant protection will be improved under the Mike Harris government"; and

Whereas Liberal Leader Dalton McGuinty has committed to scrapping Bill 96 and replacing it with meaningful rent controls;

2. Mr Wildman - Whereas, the Minister of Education and Training has said that the provincial government intends to take a further \$1 billion away from the education of Ontario children; and

Whereas the Mike Harris Conservative government appears determined to provoke a work stoppage by Ontario teachers, thereby disrupting the education of Ontario students; and

Whereas Bill 160, the Education Quality Improvement Act, removes the right of school boards to raise revenue for the purpose of funding local schools and meeting local students' needs; and

Whereas the Minister of Education and Training has stated that the future role of school boards will be limited to negotiating teachers' salaries and benefits while the provincial government limits boards' funds; and

Whereas Ontario teachers should enjoy all the rights to collectively bargain terms and conditions of work that are enjoyed by other Ontario workers, including an unrestricted right to strike; and

Whereas the Mike Harris Conservative government has created uncertainty about the level of funding that will be provided to school boards for the purpose of educating Ontario children;

Therefore be it resolved that the Legislative Assembly of Ontario calls on the Mike Harris Conservative government to withdraw Bill 160, the Education Quality Improvement Act; to restore the right to local school boards and teachers' federations to negotiate local, quality learning conditions for Ontario students; and to make public the new funding formula and the exact dollar amounts to be allocated for educating students across the province. 3. Mr McGuinty - Whereas education is our future and whereas Bill 160 and funding cuts will compromise that future; and

Whereas the parents, teachers and students of Ontario have shown the government that they will not allow their futures to be sacrificed for tax cuts and will not allow the Government to bankrupt Ontario's Education system; and

Whereas you cannot improve achievement by lowering standards, cutting any more money from the education system or removing thousands of teachers from our schools and whereas, students, parents, teachers want re-investment in Education rather than a reduction in funding; and

Section 6C-19

Whereas, Ontario Liberal Leader Dalton McGuinty has pledged to repeal Bill 160 and restore partnership in education;

Therefore, be it resolved that

this legislature recognize that teachers play the most important role in our children's formal education; and

this legislature calls on the Minister of Education, the Premier and the Cabinet to back away from their plan to cut any more money from our schools and our children's education; and

this legislature supports the Education Improvement Commission's finding that no more money should be cut from education and that any savings which can be found should be immediately re-invested into our schools; and

this legislature understands that firing thousands of teachers and removing millions of dollars will increase class sizes, eliminate programs and reduce contact time between teachers and students, therefore destroying quality education rather than improving it; and

this legislature believes a quality education is more important than a tax cut; and

this legislature instruct the Minister of Education and Training to withdraw Bill 160. Minister of Education and Training.

4. Mr Hampton - Whereas the Mike Harris Conservatives in 1995 campaigned on a promise to offer Ontarians more "direct democracy"; and

Whereas Premier Harris issued a White Paper advocating citizen initiated referenda on important issues in Ontario; and

Whereas the Standing Committee on the Legislative Assembly, dominated by members of the Mike Harris Conservative Caucus recommended that the government be forced to conduct a binding referendum when the signatures of 10 percent of eligible voters are collected asking for a referendum; and

Whereas the majority report of the Standing Committee, including the then Parliamentary Assistant to the Premier, the Member for Brampton South, stated: "In an initiative, it is the citizenry, not the political elite or the media, who are determining what is an appropriate issue for a referendum"; and

Whereas parent groups throughout the province, and especially in Toronto, Peel, Hamilton, and Ottawa, initiated a petition campaign calling for a referendum on the government's Bill 160, the Education Quality Improvement Act, 1997; and

Whereas the New Democratic Party Caucus has responded to this citizens' initiative by carrying the referendum petition campaign to every corner of the province;

Therefore, this House agrees that the provincial government should hold a binding referendum on the withdrawal or repeal of Bill 160, whichever the case may be; and

That the Office of the Chief Electoral Officer shall conduct a binding referendum vote in accordance with the rules recommended by the Standing Committee on the Legislative Assembly.
