SPRING PERIOD 2002

1. Cancel retail competition and free consumers from contracts signed with electricity marketers;
Ensure that no sale, lease or other privatization of Hydro One, Ontario Power Generation or the assets of either company, will take place;
Give the Ontario Energy Board the power to set electricity rates and approve or veto major generation projects by the major power provider;

Commit to supplying stable, long-term operational funding indexed to the cost of living that will ensure that the level of nursing and personal care services in Ontario’s long-term care facilities ranks first among similar national and international jurisdictions with similar populations within the next five years.
