JOURNALS
OF THE
LEGISLATIVE ASSEMBLY
OF THE
PROVINCE OF ONTARIO.

Thursday, 12th January, 1882.

3 o'clock P.M.

This being the first day of the Third Session of the Fourth Legislature of *Ontario* for the Despatch of Business, pursuant to a Proclamation of His Honour the Honourable *John Beverley Robinson*, Lieutenant-Governor of the Province, and the House having met, His Honour entered the House, and, having taken his seat on the Throne, was pleased to open the Session by the following gracious Speech:—

Mr. Speaker, and Gentlemen of the Legislative Assembly—

It is with much pleasure that I once more bid you welcome to the metropolis of the Province, and that I congratulate you upon the encouraging circumstances under which you assemble for the performance of the responsible duties with which, as the representatives of the people, you have been put in charge. The public revenue for the year has considerably exceeded the amount estimated; the year has been one of general prosperity, the result of the late abundant harvest, the general revival of trade in other countries, and the consequent demand for the products of our fields, forests, and mines; and the recent census has shewn that the population of the Province has in the last decade increased by nearly 300,000, and amounts now to nearly two millions, notwithstanding the number of our people who, from various causes, have during several years past left the Province.

I regret that since your last Session no progress has been made towards a recognition of the right of the Province to that extensive portion of its territory our title to which, notwithstanding the Award of the distinguished Arbitrators appointed by the two Governments, the Federal authorities have continued to dispute. The grave practical evils resulting from the dispute have, since you last met, been greatly increased by an Act of the Federal Parliament transferring to the Province of Manitoba, so far as relates to provincial jurisdiction, the claim of the Dominion to the most valuable part of the disputed territory, including our organized municipalities South and East of the Height of Land. While a Bill was before the House of Commons, I addressed to the Federal Government a despatch protesting, on behalf of Ontario, against this part of the intended Act. A copy of my despatch, with other papers relating to the territory, will be laid before you.

I regret that I have to refer also to the disallowance of the Act of last Session for protecting the Public Interest in Rivers, Streams, and Creeks. The competency of

the Legislature to pass the Act was not questioned, and the Act was disallowed mainly upon the ground that the Minister of Justice did not approve of the mode or extent of the compensation which the Act gave to owners of property affected by the Act. The correspondence on the subject will be laid before you. The object of the Act is of such importance as well to those engaged in the lumber trade as to the Province in general, and the duty of asserting the right of the Legislature to deal according to its own judgment with all matters within Provincial jurisdiction is so urgent, that a Bill for the same purpose as the disallowed Act will without delay be submitted for your renewed consideration.

I congratulate you that recent decisions of the Judicial Committee of the Privy Council have set at rest all question as to the right of the Provincial Legislature to legislate as our interests may from time to time require, on matters of internal trade, and in particular on the law of Insurance. Some further provisions seem now necessary in order to render effectual the legislation which had for its object the securing of uniform conditions in Fire Policies; and I invite your attention to the subject.

I regret that the right of the Provinces to property escheated for want of heirs—unanimously maintained by the highest Courts in Ontario and Quebec, and acquiesced in by the Federal Government for several years—has, on a recent appeal to the Supreme Court of Canada by that Government in the name of the defendants in a well-known case, been negated by a majority of the Judges of the Court. The case in litigation is but one of several cases of the same kind which have occurred since confederation; and the constitutional question involved is so important, and some of the grounds on which the decision proceeds are of such far-reaching application, that I have lost no time in taking the necessary steps for obtaining a review of the judgment by Her Majesty's Privy Council. There is strong reason for expecting a favourable result.

I congratulate you on the general favour with which the Report of the Commissioners appointed to inquire into the Agricultural resources and requirements of the Province, had been received by all classes interested in agriculture. I have anxiously considered what further means may be employed to aid this great industry, and to promote the welfare of the population engaged in it. During recent years in Great Britain and other European countries, and also in the United States of America, and in the Australian Colonies of Great Britain, great advantage has been found to result from the collection of reliable crop reports and other agricultural statistics. A measure to secure like advantage to this Province will be submitted for your consideration.

I have also to recommend to your consideration such changes in the law respecting the Agricultural and Arts Association as may increase the usefulness of that organization, and bring its operations into harmony with the present needs and circumstances of the country.

A Bill respecting Market Fees will again be submitted for your consideration.

Other measures which will probably be laid before you, and to which I invite your attention are, a Bill for Amending and Consolidating the Laws respecting Line Fences, Ditches and Water Courses; a Bill to provide by a general law for the construction of water-works by cities, towns and villages; a Bill providing for the crossing of railway tracks by streets and roads; a Bill for the Inspection of Boilers, with a view to affording some additional security against explosions; a Bill to make provision for maintaining and promoting the Public Health; a Bill for further simplifying the laws concerning Real Property and Conveyancing; a Bill to remove some defects in the Law of Evidence; a Bill to place on a more satisfactory footing the Law of Libel in certain cases; and a Bill to facilitate the establishment of Free Libraries.

It having become necessary in the interests of settlement and revenue, to place under timber-license a few Townships lying to the south of French River and Lake Nipissing, in the Parry Sound and Nipissing Districts, the activity of the timber trade last year afforded a favourable opportunity of selling at public auction the right to cut the pine timber in these townships, covering the limited area of 1,321 square miles; and it is gratifying to know that the result was most satisfactory, the sale having (among other advantages) increased the available means of the Province by nearly three-quarters of a million of dollars, besides adding to the revenue the annual rent to which the purchasers are liable, and the dues on the timber which they may cut.

In consequence of circumstances not within the control of either Government, the accounts between the Province and the Dominion are still unsettled ; and the money coming from the Common School Fund for local improvements in the Counties in which the lands that produced the Fund are situate, has not yet been received by the Province. In view of the prolonged delay, I recommend the payment of the principal (about \$125,000) to the Counties interested, out of the Consolidated Revenue of the Province, in anticipation of the receipt of the money from the Dominion.

The subject of constructing new Provincial buildings adequate to the growing requirements of the Province, and the necessities of the public service, has continued to receive my attention during the past year. Much more time than had been expected was consumed in procuring necessary modifications to be made in the plans received previously to your last Session, and in the preparation of the specifications. This preliminary work has now been completed ; tenders have been called for ; and the result will be communicated to you.

The public Accounts, shewing the receipts and expenditure of the past year, and the Estimates of moneys required for the services of the current year, will be laid before you. The Estimates have been prepared with every regard for economy consistent with the public interest.

I cannot allow the present opportunity to pass without expressing in my own name, and in that of the people of this Province, the grief and indignation which, in common with the whole civilized world, we felt at the shocking and unprovoked murder of the late honoured and lamented President of the United States. By no community was President Garfield's death more sincerely mourned than by the people of Ontario.

In now dismissing you to the onerous and important labours in which for some time you will be engaged, I desire to express the hope that your deliberations and decisions will, as on former occasions, be such as to manifest your wisdom and your patriotism, and as will contribute to the continued development of the varied resources of our great Province and to the increased well-being of its inhabitants.

His Honour was then pleased to retire.

The Order of the Day for taking into consideration the Speech of His Honour at the opening of the Session having been read,

1. That an Humble Address be presented to His Honour the Lieutenant-Governor, thanking His Honour for his gracious Speech, and reciprocating the expressions of pleasure felt by His Honour at meeting the representatives of the Province assembled in the discharge of their Legislative duties.

2. That we rejoice in the fact that His Honour is able to congratulate us upon the encouraging circumstances under which we assemble for the performance of the responsible duties with which, as the representatives of the people, we have been put in charge; the public revenue for the year having considerably exceeded the amount estimated; the year having been one of general prosperity, the result of the late abundant harvest, the general revival of trade in other countries, and the consequent demand for the products of our fields, forests, and mines; and the recent census having shewn that the population of the Province has in the last decade increased by nearly 300,000, and amounts now to nearly two millions, notwithstanding the number of our people who, from various causes, have during several years past left the Province.

3. That we agree with His Honour that it is to be regretted that since our last Session no progress has been made towards a recognition of the right of the Province to that extensive portion of its territory our title to which, notwithstanding the Award of the distinguished Arbitrators appointed by the two Governments, the Federal authorities have continued to dispute; and that the grave practical evils resulting from the dispute have, since we last met, been greatly increased by an Act of the Federal Parliament transferring to the Province of Manitoba, so far as relates to Provincial jurisdic-

tion, the claim of the Dominion to the most valuable part of the disputed territory, including our organized municipalities South and East of the Height of Land ; and we are glad to learn that while the Bill was before the House of Commons His Honour addressed to the Federal Government a despatch protesting, on behalf of Ontario, against this part of the intended Act, and that a copy of his despatch, with other papers relating to the territory, will be laid before us.

4. That we agree with His Honour in regretting the disallowance of the Act of last Session for protecting the Public Interest in Rivers, Streams and Creeks ; the competency of the Legislature to pass the Act not being questioned, and the Act being disallowed mainly upon the ground, that the Minister of Justice did not approve of the mode or extent of the compensation which the Act gave to owners of property affected by the Act ; and we thank His Honour for the information that the correspondence on the subject will be laid before us, and that the object of the Act being of such importance as well to those engaged in the lumber trade as to the Province in general, and the duty of asserting the right of the Legislature to deal according to its own judgment with all matters within Provincial jurisdiction being so urgent, a Bill for the same purpose as the disallowed Act will without delay be submitted for our renewed consideration.

5. That we rejoice that His Honour is able to congratulate us on the fact that recent decisions of the Judicial Committee of the Privy Council have set at rest all questions as to the right of the Provincial Legislature to legislate, as our interests may from time to time require, on matters of internal trade, and in particular on the law of Insurance ; and we beg to assure His Honour that such further provisions as are necessary in order to render effectual the legislation which had for its object the securing of uniform conditions in Fire Policies, shall receive our careful attention.

6. That we agree with His Honour in regretting that the right of the Province to property escheated for want of heirs—unanimously maintained by the highest Courts in Ontario and Quebec, and acquiesced in by the Federal Government for several years—has, on a recent appeal to the Supreme Court of Canada by that Government, in the name of the defendant in a well-known case, been negatived by a majority of the Judges of the Court. The case in litigation being but one of several cases of the same kind which have occurred since confederation, and the constitutional question involved being so important, and some of the grounds on which the decision proceeds being of such far-reaching application, we rejoice to learn that His Honour has lost no time in taking the necessary steps for obtaining a review of the judgment by Her Majesty's Privy Council, and that there is strong reason for expecting a favourable result.

7. That we rejoice that His Honour is able to congratulate us on the general favour with which the Report of the Commissioners appointed to inquire into the Agricultural resources and requirements of the Province has been received by all classes interested in agriculture, and that he has anxiously considered what further means may be employed to aid this great industry, and to promote the welfare of the population engaged in it. That we assure His Honour that, as during recent years in Great Britain and other European countries, and also in the United States of America, and in the Australian Colonies of Great Britain, great advantage has been found to result from the collection of reliable crop reports and other agricultural statistics, any measure intended to secure like advantage to this Province which may be submitted to us will be carefully considered.

8. That we beg to assure His Honour that our best attention will be given to the consideration of such changes in the law respecting the Agricultural and Arts Association as may increase the usefulness of that organization, and bring its operations into harmony with the present needs and circumstances of the country.

9. That we will carefully consider any Bill respecting Market Fees which may be submitted for our consideration.

10. That we will give our most careful attention to any Bills which may be laid before us, Amending and Consolidating the Laws respecting Line Fences, Ditches and Water-courses ; providing by a general law for the construction of water-works, by cities, towns and villages ; providing for the crossing of railway tracks by streets and

roads ; providing for the Inspection of Boilers, with a view to affording some additional security against explosions ; making provision for maintaining and promoting the Public Health ; further simplifying the laws concerning Real Property and Conveyancing ; removing some defects in the Law of Evidence ; placing on a more satisfactory footing the Law of Libel in certain cases ; and facilitating the establishment of Free Libraries.

11. That we thank His Honour for the information that, it having become necessary in the interests of settlement and revenue, to place under timber-license a few Townships lying to the south of French River and Lake Nipissing, in the Parry Sound and Nipissing Districts, the activity of the timber trade last year afforded a favourable opportunity of selling at public auction the right to cut the pine timber in these townships, covering the limited area of 1,321 square miles ; and we are gratified to know that the result was most satisfactory, the sale having (among other advantages) increased the available means of the Province by nearly three-quarters of a million of dollars, besides adding to the revenue the annual rent to which the purchasers are liable, and the dues on the timber which they may cut.

12. That we thank His Honour for informing us that in consequence of circumstances not within the control of either Government, the accounts between the Province and the Dominion are still unsettled ; and the money coming from the Common School Fund for local improvements in the Counties in which the lands that produced the Fund are situate, has not yet been received by the Province ; and we shall carefully consider the question of making payment of the principal (about \$125,000) to the Counties interested out of the Consolidated Revenue of the Province, in anticipation of the receipt of the money from the Dominion.

13. That we thank His Honour for informing us that the subject of constructing new Provincial Buildings adequate to the growing requirements of the Province, and the necessities of the public service, has continued to receive his attention during the past year ; that much more time than had been expected was consumed in procuring necessary modifications to be made in the plans received previously to our last Session, and in the preparation of the Specifications ; and that this preliminary work having now been completed, tenders have been called for ; and that the result will be communicated to us.

14. That we thank His Honour for the information that the Public Accounts, shewing the receipts and expenditure of the past year, and the Estimates of moneys required for the services of the current year, will be laid before us, and that the Estimates have been prepared with every regard for economy consistent with the public interest.

15. That we thank His Honour for not allowing the present opportunity to pass without expressing the grief and indignation which, in common with the whole civilized world, we all felt at the shocking and unprovoked murder of the late honoured and lamented President of the United States, and we agree with His Honour that by no community was President Garfield's death more sincerely mourned than by the people of Ontario.

16. That we unite with His Honour in the hope that our deliberations and decisions will be such as to manifest wisdom and patriotism, and as will contribute to the continued development of the varied resources of our great Province and to the increased well-being of its inhabitants.

The first paragraph of the proposed Address having been read the second time,
And a Debate having arisen,

The third paragraph, as amended, was then read the second time as follows, and agreed to :—

That we agree with His Honour that it is to be regretted that since our last Session no progress has been made towards a recognition of the right of the Province to that extensive portion of its territory our title to which, notwithstanding the Award of the distinguished Arbitrators appointed by the two Governments, the Federal authorities have continued to dispute ; and that the grave practical evils resulting from the dispute have, since we last met, been greatly increased by an Act of the Federal Parliament transferring to the Province of *Manitoba*, so far as relates to Provincial jurisdiction, the claim of the Dominion to the most valuable part of the disputed territory, including our organized municipalities South and East of the Height of Land ; and we are glad to learn that while the Bill was before the House of Commons, His Honour addressed to the Federal Government a despatch protesting, on behalf of *Ontario*, against this part of the intended Act, and that a copy of his despatch, with other papers relating to the territory, will be laid before us. That we avail ourselves of this, the earliest opportunity at the present Session, to reiterate our determination to give our cordial support to any steps which may be necessary for ascertaining and maintaining the just claims and rights of *Ontario*, as by the said Award found and determined ; and in the name of the people of *Ontario* we emphatically insist that any absence of prior legislation on the part of the Dominion to give effect to the conclusions which should be arrived at by the Arbitrators, can neither justify nor excuse the action of the Dominion authorities in now repudiating the said Award, and refusing to give to *Ontario* her just rights as thereby ascertained and determined.

The fourth paragraph having been again read,
 Mr. *Morris* moved, in amendment, seconded by Mr. *Lauder*,
 That all the words in the fourth paragraph be struck out and the following words substituted therefor :—

“That we represent to His Honour that the Act of last Session for protecting the public interest in Rivers, Streams and Creeks was contrary to constitutional usage and precedent, and in violation of the rights of private property and of natural justice ; and that the same having been disallowed in the exercise of the power of disallowance which under the *British North America Act* is vested in the Governor-General of *Canada*, acting under the advice of His Excellency's Ministers who are responsible to the Parliament and people of *Canada* for the action of the Governor-General in exercising or abstaining from the exercise of such power, we, while prepared to assert and defend our constitutional rights with regard to all matters of Provincial jurisdiction as defined by the *British North America Act*, do not regard the disallowance of the Act in question as any invasion of those rights.”

Mr. *Harcourt* moved in amendment to the proposed Amendment, seconded by Mr. *Murray*,

That all the words after the first word “That” in the Amendment be struck out, and that in lieu thereof there be inserted these words, “that part of the original Resolution now under consideration by this House be amended by adding thereto the following, ‘That we take this occasion to declare not only that we will, by all proper means, resist and oppose every encroachment and attack upon the constitutional rights of this Province, but that, in our judgment, the Constitution could not survive the wrench that would be given to it if the Dominion Government assumed to dictate the policy, or question the action, of the Legislatures of the different Provinces on subjects reserved by the *British North America Act* to these Legislatures.’”

And the Amendment to the Amendment, having been put, was carried on the following division :—

The fourth paragraph, as amended, was then read the second time, as follows, and agreed to :—

That we agree with His Honour in regretting the disallowance of the Act of last Session for protecting the Public Interests in Rivers, Streams and Creeks ; the competency of the Legislature to pass the Act not being questioned, and the Act being disallowed mainly upon the ground that the Minister of Justice did not approve of the mode or extent of the compensation which the Act gave to owners of property affected by the Act ; and we thank His Honour for the information that the correspondence on the subject will be laid before us, and that the object of the Act being of such importance as well to those engaged in the lumber trade as to the Province in general, and the duty of asserting the right of the Legislature to deal according to its own judgment with all matters within Provincial jurisdiction being so urgent, a Bill for the same purpose as the disallowed Act will, without delay, be submitted for our renewed consideration. We take this occasion to declare, not only that we will, by all proper means, resist and oppose every encroachment and attack upon the constitutional rights of this Province, but that, in our judgment, the Constitution could not survive the wrench that would be given to it if the Dominion Government assumed to dictate the policy, or question the action of the Legislatures of the different Provinces on subjects reserved by the *British North America Act* to these Legislatures.

The fifth, sixth, seventh, eighth, ninth, tenth, eleventh, twelfth, thirteenth, fourteenth, fifteenth, and sixteenth paragraphs, having been again read, were agreed to.

Resolved, That the above Resolution be referred to a Select Committee composed as follows : the Attorney-General, and Messieurs *Pardee, Hay, and Robinson (Cardwell)*, with instructions to prepare and report an Address to His Honour in conformity therewith.

The Attorney-General, from the Select Committee, reported an Address which was read as follows :—

To the Honourable *John Beverley Robinson*, Lieutenant-Governor of the Province of *Ontario* :

We, Her Majesty's dutiful and loyal subjects, the Legislative Assembly of the Province of *Ontario*, humbly thank Your Honour for your gracious Speech at the opening of the Session, and reciprocate the expressions of pleasure felt by Your Honour at meeting the representatives of the Province assembled in the discharge of their Legislative duties.

We rejoice in the fact that Your Honour is able to congratulate us upon the encouraging circumstances under which we assemble for the performance of the responsible duties with which, as the representatives of the people, we have been put in charge ; the public revenue for the year having considerably exceeded the amount estimated ; the year having been one of general prosperity, the result of the late abundant harvest, the general revival of trade in other countries, and the consequent demand for the products of our fields, forests, and mines ; and the recent census having shewn that the population of the Province has in the last decade increased by nearly 300,000, and amounts now to nearly two millions, notwithstanding the number of our people who, from various causes, have during several years past left the Province.

We agree with Your Honour that it is to be regretted that since our last Session no progress has been made towards a recognition of the right of the Province to that extensive portion of its territory our title to which, notwithstanding the Award of the distinguished Arbitrators appointed by the two Governments, the Federal authorities have continued to dispute ; and that the grave practical evils resulting from the dispute have, since we last met, been greatly increased by an Act of the Federal Parliament transferring to the Province of *Manitoba*, so far as relates to Provincial jurisdiction, the claim of the Dominion to the most valuable part of the disputed territory, including our organized municipalities South and East of the Height of Land ; and we are glad to learn that while the Bill was before the House of Commons Your Honour addressed to the Federal Government a despatch protesting, on behalf of *Ontario*, against

this part of the intended Act, and that a copy of your despatch, with other papers relating to the territory, will be laid before us. We avail ourselves of this, the earliest opportunity at the present Session, to reiterate our determination to give our cordial support to any steps which may be necessary for ascertaining and maintaining the just claims and rights of *Ontario*, as by the said Award found and determined; and in the name of the people of *Ontario* we emphatically insist that any absence of prior legislation on the part of the Dominion to give effect to the conclusions which should be arrived at by the Arbitrators, can neither justify nor excuse the action of the Dominion authorities in now repudiating the said Award, and refusing to give to *Ontario* her just rights as thereby ascertained and determined.

We agree with Your Honour in regretting the disallowance of the Act of last Session for protecting the Public Interest in Rivers, Streams and Creeks; the competency of the Legislature to pass the Act not being questioned, and the Act being disallowed mainly upon the ground that the Minister of Justice did not approve of the mode or extent of the compensation which the Act gave to owners of property affected by the Act; and we thank Your Honour for the information that the correspondence on the subject will be laid before us, and that the object of the Act being of such importance as well to those engaged in the lumber trade as to the Province in general, and the duty of asserting the right of the Legislature to deal according to its own judgment with all matters within Provincial jurisdiction being so urgent, a Bill for the same purpose as the disallowed Act will without delay be submitted for our renewed consideration. We take this occasion to declare not only that we will, by all proper means, resist and oppose every encroachment and attack upon the Constitutional rights of this Province, but that, in our judgment, the Constitution could not survive the wrench that would be given to it if the Dominion Government assumed to dictate the policy or question the action of the Legislatures of the different Provinces on subjects reserved by the *British North America* Act to these Legislatures.

We rejoice that Your Honour is able to congratulate us on the fact that recent decisions of the Judicial Committee of the Privy Council have set at rest all questions as to the right of the Provincial Legislature to legislate, as our interests may from time to time require, on matters of internal trade, and in particular on the law of Insurance; and we beg to assure Your Honour that such further provisions as are necessary in order to render effectual the legislation which had for its object the securing of uniform conditions in Fire Policies, shall receive our careful attention.

We agree with Your Honour in regretting that the right of the Province to property escheated for want of heirs—unanimously maintained by the highest Courts in *Ontario* and *Quebec*, and acquiesced in by the Federal Government for several years—has, on a recent appeal to the Supreme Court of *Canada* by that Government, in the name of the defendant in a well-known case, been negatived by a majority of the Judges of the Court. The case in litigation being but one of several cases of the same kind which have occurred since Confederation, and the constitutional question involved being so important, and some of the grounds on which the decision proceeds being of such far-reaching application, we rejoice to learn that Your Honour has lost no time in taking the necessary steps for obtaining a review of the judgment by Her Majesty's Privy Council, and that there is strong reason for expecting a favourable result.

We rejoice that Your Honour is able to congratulate us on the general favour with which the Report of the Commissioners appointed to inquire into the Agricultural resources and requirements of the Province has been received by all classes interested in agriculture, and that Your Honour has anxiously considered what further means may be employed to aid this great industry, and to promote the welfare of the population engaged in it. We assure Your Honour that, as during recent years in *Great Britain* and other European countries, and also in the *United States of America*, and in the Australian Colonies of *Great Britain*, great advantage has been found to result from the collection of reliable crop reports and other agricultural statistics, any measure intended to secure like advantage to this Province which may be submitted to us will be carefully considered.

We beg to assure Your Honour that our best attention will be given to the consideration of such changes in the law respecting the Agricultural and Arts Association

as may increase the usefulness of that organization, and bring its operations into harmony with the present needs and circumstances of the country.

We will carefully consider any Bill respecting Market Fees which may be submitted for our consideration.

We will give our most careful attention to any Bills which may be laid before us, Amending and Consolidating the Laws respecting Line Fences, Ditches and Water-courses; providing by a general law for the construction of water-works, by cities, towns and villages; providing for the crossing of railway tracks by streets and roads; providing for the Inspection of Boilers, with a view to affording some additional security against explosions; making provision for maintaining and promoting the Public Health; further simplifying the laws concerning Real Property and Conveyancing; removing some defects in the Law of Evidence; placing on a more satisfactory footing the Law of Libel in certain cases; and facilitating the establishment of Free Libraries.

We thank Your Honour for the information that, it having become necessary, in the interests of settlement and revenue, to place under timber-license a few Townships lying to the South of *French River* and Lake *Nipissing*, in the *Parry Sound* and *Nipissing* Districts, the activity of the timber trade last year afforded a favourable opportunity of selling at public auction the right to cut the pine timber in these townships, covering the limited area of 1,321 square miles; and we are gratified to know that the result was most satisfactory, the sale having (among other advantages) increased the available means of the Province by nearly three-quarters of a million of dollars, besides adding to the revenue the annual rent to which the purchasers are liable, and the dues on the timber which they may cut.

We thank Your Honour for informing us that, in consequence of circumstances not within the control of either Government, the accounts between the Province and the Dominion are still unsettled; and the money coming from the Common School Fund for local improvements in the Counties in which the lands that produced the Fund are situate, has not yet been received by the Province; and we shall carefully consider the question of making payment of the principal (about \$125,000) to the Counties interested out of the Consolidated Revenue of the Province, in anticipation of the receipt of the money from the Dominion.

We thank Your Honour for informing us that the subject of constructing new Provincial Buildings adequate to the growing requirements of the Province, and the necessities of the public service, has continued to receive your attention during the past year; that much more time than had been expected was consumed in procuring necessary modifications to be made on the plans received previously to our last Session, and in the preparation of the Specifications; and that this preliminary work having now been completed, tenders have been called for; and that the result will be communicated to us.

We thank Your Honour for the information that the Public Accounts, showing the receipts and expenditure of the past year, and the Estimates of moneys required for the services of the current year, will be laid before us, and that the Estimates have been prepared with every regard for economy consistent with the public interest.

We thank Your Honour for not allowing the present opportunity to pass without expressing the grief and indignation which, in common with the whole civilized world, we felt at the shocking and unprovoked murder of the late honoured and lamented President of the United States, and we agree with Your Honour that by no community was President Garfield's death more sincerely mourned than by the people of Ontario.

We unite with Your Honour in the hope that our deliberations and decisions will be such as to manifest wisdom and patriotism, and as will contribute to the continued development of the varied resources of our great Province and to the increased well-being of its inhabitants.

The Address, having been read the second time, was agreed to.

The Committee have carefully considered the Petition of *W. Shanly* and others, of *Toronto*, praying that an Act may pass to incorporate the *Niagara Falls Reclamation and Improvement Company*, and find from a declaration filed in this matter that notice of the intended application was published in the *Welland Tribune* of January 6th and 13th, also in the *Niagara Falls Review* of January 6th, 13th and 20th, and that a similar notice was published in the *Ontario Gazette* of January 7th, 14th, 21st and 28th. The Committee have had before them the Petition of *John Coulson*, *Saul Davis* and a very large number of other residents of *Niagara Falls*, praying that such an Act of incorporation may pass; and the Committee considering that, from the said Petition having been so numerously signed, sufficient notice has been given to the parties interested, recommend the suspension of the Rule requiring six weeks in this case.

The Committee have also had before them the Petition of the Town Council of *Strathroy*, praying that an Act may pass authorizing the assessment and levying from the owners of the property immediately benefited their portion of the costs of certain local improvements, and find that the proper notice has been published the requisite time in the *Ontario Gazette*, but that no notice has been given in any local paper. Evidence has been heard before the Committee, shewing that the people of the town are well aware of the matter concerning which legislation is sought, and approve of the same; and the Committee therefore recommend that the Rule be suspended in this case.

The Committee have also had before them the Petition of the *London and Port Stanley Railway Company*, praying that an Act may pass to consolidate their indebtedness, and find that notice of the intended application was first published in the *Ontario Gazette* on

December 31st, and has appeared continuously to the present time, making in all five insertions; a declaration has been filed shewing that a similar notice appeared in the *London Free Press* on January 4th and 20th. The Committee have had evidence before them shewing that the City of *London* and the Town of *St. Thomas* are the only parties interested in the matter, and this legislation is sought to ratify an agreement between them, entered into at too late a date to allow of full notice having been given; the Committee therefore recommend the suspension of the Rule in this case.

Ordered, That the Bill be read the second time on Monday next.

On motion of Mr. *Creighton*, seconded by Mr. *French*,

Ordered, That there be laid before this House a Return giving a statement of all judicial decisions declaring Acts or parts of Acts of the *Ontario* Legislature unconstitutional; also, shewing the Judges or Courts by which such judgments have been given, the causes in which given, and the effect on such Acts or parts of Acts respectively; also, shewing which of such judgments, if any, have been appealed from, and the appeal remaining undecided; also, all such decisions affirming the constitutionality of enactments of this Legislature.

Mr. *French* moved, seconded by Mr. *Creighton*,

1. That in the opinion of this House it is expedient to increase the jurisdiction of the several County Courts, as follows:—(1) In actions under sec. 19, sub-sec. 1, R.S.O., cap. 43, to \$500; (2) In actions on contracts under sub-sec. 2, to \$1000; (3) In actions of replevin, under sub-sec. 5, to \$500.

2. That a Committee of this House be appointed to prepare and bring in a Bill accordingly.

The Attorney-General moved an amendment, seconded by Mr. *Pardee*,

That all after the first word "That" in the original motion be struck out, and the following be substituted therefor, "having regard to the changes so lately made in the practice and procedure of the Courts by the Judicature Act, and to the discretion by that Act given to the Judges and Courts, in the matter of costs, and having regard likewise to the fact that the increased jurisdiction also, lately given to the Division Courts, has not yet been fully tested, this House considers that it would be premature to now decide upon the question of whether or not increased jurisdiction should be given to the County Courts."

Mr. *Merrick* then moved in amendment to the proposed Amendment, seconded by Mr. *Boulter*,

That all the words in the Amendment after the word "therefor" be struck out, and the following substituted:—"It be referred to a Select Committee of this House to enquire as to the expediency of extending the jurisdiction of the County Court."

And the Amendment to the Amendment having been put, was lost on the following division:—

The Motion, as amended, having been then put, was carried on the same division, and it was

Resolved, That, having regard to the changes so lately made in the practice and procedure of the Courts by the Judicature Act, and to the discretion by the Act given to the Judges and Courts, in the matter of costs, and having regard likewise to the fact that the increased jurisdiction, also lately given to the Division Courts, has not yet been fully tested, this House considers that it would be premature to now decide upon the question of whether or not increased jurisdiction should be given to the County Courts.

The Committee have carefully examined the following Petitions, and find the notices as published in each case sufficient :

The Committee have had before them the Petition of the *Ontario Trust Company*, praying that an Act may pass to extend their powers, and find that notice has been published the requisite length of time in the *Ontario Gazette*, the *Hamilton Spectator*, and the *Evening Times*. The Committee find that the Petition asks to have vested in the petitioners "all the mortgages and other securities and assets of the *Canada Loan Company*," and that this is not covered by the notice; the Committee have, however, had produced and filed before them a letter from the Secretary-treasurer of the *Canada Loan Company*, setting forth that proposed legislation "meets with the entire approval and consent of the shareholders, directors, and management of that Company;" and that "the *Canada Loan Company* will be able to show the Private Bills Committee that they have no liabilities, and that the legislation, as far as they are concerned, is a mere matter of economy, and will interfere with no rights whatever, either of the shareholders, depositors or creditors." Under these circumstances the Committee recommend the suspension of the Rule in this case.

The Committee have also examined the Petition of the *Ontario Trust and Investment Company*, praying that an Act may pass to authorize them to lend money upon certain securities, and find that notice of the intended application to the Legislature was published in the *Ontario Gazette* four times, viz.: January 14th, 21st, 28th, and February 4th; in the *Toronto Globe*, January 10th, 17th, 24th, 31st, and February 7th; in the *Mail*, January 11th, 12th, 13th; in the *Evening Telegram*, January 10th, 11th, and 12th; in the *World*, January 11th, 12th, and 13th, making in all four newspapers published in the City of *Toronto*, besides the *Ontario Gazette*. The Committee considering the above publications sufficient recommend the suspension of the Rule in this case.

PRAYERS.

Mr. Speaker informed the House, That the Clerk had received from the Judges appointed to enquire into and report on Estate Bills, their reports in the following cases:—

Bill (No. 79), To declare and confirm the title of the Corporation of the Village of *Southampton* to certain lands.

Bill (No. 75), For the relief of the Trustees of *Harriet Eliza Gamble*.

The reports were then read by the Clerk at the Table, as follow:—

OSGOODE HALL, 9th February, 1882.

The undersigned Commissioners, in regard to Bill No. 79, entitled "An Act to declare and confirm the title of the Corporation of the Village of *Southampton* in and to certain lands," to them referred, beg leave to report as follows:

It should be made to appear that the Crown did not intend the land in question to be applied to any particular purpose when the grant in fee simple was made to the Corporation; if otherwise, then the sanction of the Crown should be obtained to any diversion of the land from this purpose.

It should further be made to appear that no person has dealt with any property abutting on the land in question on the faith of its being a public reserve, induced so to do either by the conduct of the Corporation or the intention of the Crown at the time of the grant; if otherwise, then such person should receive compensation or give his consent to the proposed legislation.

In other respects the Bill is a reasonable one, and the provisions for carrying it into effect are proper, save that it would be better simply to validate and confirm the previous dealings of the Corporation with the land, and empower them to deal therewith in the future instead of making the declarations contained in the first section of the Bill.

J. A. BOYD, C.

W. PROUDFOOT, J.

To *Charles T. Gillmor*, Esq.,

Clerk of the Legislative Assembly.

OSGOODE HALL, 9th February, 1882.

The undersigned Commissioners, in regard to Bill No. 75, entitled "An Act for the relief of the Trustees of *Harriet Eliza Gamble*," to them referred, beg leave to report as follows:

The property in this case appears to have been granted by the Hon. *Henry John Boulton* to trustees for the benefit of *Harriet Eliza Gamble* for life, without power of anticipation, and with a power of appointment in favour of all or any of her children by *C. Gamble*, and in default of such appointment then for the use of the children equally.

There is no limitation over in case of the children pre-deceasing their mother, at her death none of the children may be alive, and in that case the property would devolve on her heirs generally.

The persons who are now applying for the Bill are not, therefore, all who, under the deed, may become interested in the estate.

We do not think it reasonable that this Bill, sanctioning the conversion of the estate into money, contrary to the deed of settlement in the absence of those who may become entitled to it, should pass into law.

J. A. BOYD, C.

W. PROUDFOOT, J.

PRAYERS.

Mr. Speaker informed the House, That the Clerk had received from the Judges appointed to enquire into and report on Estate Bills, their Reports in the following cases:—

Bill (No. 71), To enable the Trustees of the Methodist Episcopal Congregation of the Town of *Orangeville* to sell certain lands.

Bill (No. 4), Respecting the Old Burying Ground of the Town of *Wingham*.

Bill (No. 28), To empower the Trustees under the will of the late *John Corry Wilson Daly* to sell or divide certain property.

Bill (No. 61), Respecting a Public Hospital and Home for the Friendless for the City of *Belleville*.

The Reports were then read by the Clerk at the Table, as follow:—

OSGOODE HALL, 10th February, 1882.

SIR,—The Commissioners to whom has been referred a copy of Bill (No. 71), entitled, "An Act to enable the Trustees of the Methodist Episcopal Congregation of the Town of *Orangeville* to sell certain lands," beg leave to report, that it appears that the land in question was granted by *Orange Lawrence* in trust for a place of worship, parsonage and burying ground, for which it has been heretofore used; that the Act proposes to allow such land to be sold for general purposes; that it does not appear the grantor or his heirs have been consulted or have consented to the proposed dealing with said land, and may possibly claim an interest in having it kept for the original purposes of the grant, or on failure thereof, claim a right of reverter.

Apart from this serious objection, it seems reasonable that this Bill do pass, and that the provisions thereof seem to be proper for carrying its purposes into effect.

JOHN H. HAGARTY,
ADAM WILSON, C.J., C.P.D.

To *Charles T. Gillmor*, Esq.,
Clerk of the Legislative Assembly.

OSGOODE HALL, 10th February, 1882.

SIR,—The undersigned Commissioners to whom has been referred a copy of Bill (No. 4), intituled, "An Act respecting the Old Burying Ground of the Town of *Wingham*," beg leave to report that, presuming the allegations contained in the preamble to be proved to the satisfaction of the House, it seems reasonable that such Bill do pass into a law, and the provisions thereof seem reasonably proper for carrying its purposes into effect.

JOHN H. HAGARTY,
ADAM WILSON, C.J., C.P.D.

To *Charles T. Gillmor*, Esq.,
Clerk of the Legislative Assembly.

OSGOODE HALL, 11th February, 1882.

Report on Bill (No. 28), To empower the Trustees under the will of the late *J. C. W. Daly* to sell or divide certain property. This Bill proposes to empower the Trustees under the will of the late *John Corry Wilson Daly* to dispose of the trust estate,

by sale or otherwise, in place of holding it in the manner directed by the will; and in some respects to vary the interests given by the will to the persons beneficially entitled to the property.

The preamble merely sets out the provisions of the will, and does not state any facts concerning the property or the family of the testator, or the wishes or circumstances of the *cestuis que trustent*, or otherwise, to shew the necessity or the propriety of granting the powers asked for.

We are therefore of opinion that, assuming the allegations contained in the preamble to be proved to the satisfaction of the House, it is not reasonable that the Bill do pass into a law.

J. G. SPRAGGE, C.J.A.

C. T. PATTERSON, J.A.

To *Charles T. Gillmor, Esq.*,
Clerk of the Legislative Assembly.

OSGOODE HALL, 11th February, 1882.

Report on Bill (No 61), Respecting a Public Hospital and Home for the Friendless for the City of *Belleville*." This Bill, which is to authorize the grant of two lots in *Belleville* in aid of an Hospital and Home for the Friendless, in place of reserving them for or granting them in aid of a Public Hospital as formerly designed, does not appear to us to come within the class of Bills dealt with under the name of Estate Bills in Rule No. 62.

But, in case this should not be the opinion of the House, we have to report that, in our opinion, presuming the allegations contained in the preamble to be proved to the satisfaction of the House, it is reasonable that the Bill do pass into a law.

We consider the provisions of the Bill proper for carrying its purposes into effect.

We suggest, by way of amendment, the substitution of the words "Inspector of Public Charities" for the words "said Inspectors of Prisons" in the first section.

J. G. SPRAGGE, C.J.A.

C. T. PATTERSON, J.A.

To *Charles T. Gillmor, Esq.*,
Clerk of the Legislative Assembly.

The Corporation of the City of *London* having by their petition prayed that the said Company might be incorporated, with power to build the railway aforesaid, and the *Great Western* Railway Company having opposed the said incorporation as being inconsistent with the intent and object of the parties to a certain indenture set forth in the Schedule to the Act passed in the 37th year of Her Majesty's reign, entitled, “An Act to amend an Indenture made between the *London* and *Port Stanley* Railway Company

and the *Great Western Railway Company*," chapter 51, to which indenture the said Corporation of the City of *London* were concurring parties, and the terms of which indenture the *Great Western Railway Company* contend should be modified as a condition of passing this Act;

And so far as the award of the said arbitrators, or a majority of them, shall provide for a modification of the terms of the said indenture, the same shall be varied and modified accordingly;

And the various clauses of the Acts in regard to arbitrations shall apply to the arbitration herein provided for, as in case of a reference by agreement of parties;

Ordered, That the Bill be read the third time forthwith.

The Bill was then read the third time, and passed.

The Attorney-General moved, seconded by Mr. *Crooks*,

That, subject to the power of the Parliament of *Canada* to declare any work situate within a Province to be for the general advantage of *Canada*, or for the advantage of two or more of the Provinces, the right to incorporate railway companies for local and Provincial purposes is, by the *British North America Act*, vested exclusively in the respective Legislatures of the several Provinces.

That thereby the right to maintain and continue legislative control and authority over companies so incorporated is, where the interests of the Dominion or of other Provinces do not conflict therewith, assumed and admitted to remain with and belong to the Provincial Legislature incorporating the same.

That the Provincial Legislatures ought not to be deprived of this rightful authority, save where it is absolutely necessary for the general advantage of the Dominion, or of more than one of its Provinces.

That many railway companies have been incorporated by the Legislature of this Province for the construction and operation of railways of a local and Provincial character, and the Province and local municipalities have, by money bonuses, largely aided in the building and completion of these railways.

That it is unlikely that this aid would have been contributed if it had been contemplated that the right to control and supervise the operations of these companies and their railways would be taken away from the Provincial Legislature.

That the best interests of the people of *Ontario* require and demand that the Provincial Legislature should not be deprived of its authority and control over these railway companies.

That, in order to escape from the proper controlling power and supervision of the Legislature of this Province, and not because of any benefit or advantage which would result to the Dominion or any of the Provinces, some of these companies are seeking to have their respective railways declared by the Dominion Parliament to be for the general advantage of *Canada*.

That this House respectfully, but firmly, asserts that none of the railways above specially referred to ought to be thus declared to be for the general advantage aforesaid, but should as hitherto be left to be dealt with and controlled by the people of this Province through their Local Legislature.

And that this House respectfully, but firmly, insists that where a company whose railway has been constructed under a Provincial charter seeks to escape Provincial control by procuring its railway to be declared to be for any such general advantage as aforesaid, the Company ought to be compelled to first procure from the Provincial Legislature by which it was incorporated an assent to its railway being so declared, or at least to shew that such assent was applied for, and, if refused, had been so refused on improper or insufficient grounds.

That an humble Address be presented to His Honour the Lieutenant-Governor, praying that His Honour will be pleased to transmit to His Excellency the Governor-General the foregoing Resolution of this House, in order that the same may at the very earliest date be laid before the Parliament of *Canada* in such manner as His Excellency may think fit.

The first, second, third, fourth and fifth paragraphs of the proposed Resolutions having been again read, were agreed to. The sixth paragraph, as amended, having been again read, was agreed to.

The seventh paragraph having been again read,

Mr. *Creighton* moved, seconded by Mr. *French*,

That the seventh paragraph be amended by striking out the words from "Provinces" in the third line, to "are" in the fourth line, and substituting "the *Toronto, Grey and Bruce*, and some other railway companies."

And the amendment, having been put, was lost on a division.

The seventh paragraph was then agreed to.

The eighth paragraph having been again read, was agreed to.

The ninth paragraph having been again read,

Mr. *Meredith* moved in amendment, seconded by Mr. *Morris*,

That all the words after the word "aforesaid" in the third line be struck out, and the following substituted: "Notice ought to be given to the Provincial Secretary of the company's application, and an opportunity afforded to them to be heard in opposition thereto."

And the Amendment, having been put, was lost on the following division:—

2. That the persistent endeavours of the Federal Authorities to deprive this Province of one-half of its Territory are, in the interest of the people of *Ontario*, to be opposed by every Constitutional resort within the reach of this Province.

3. That this House protests against the conduct of the Federal Government in enforcing a pretended ownership in this Territory; in assuming to make sales therein without the concurrence of the Provincial Authorities; in promoting, under colour of Federal grants and licenses, the destruction of its valuable timber; in inducing the inhabitants to set at defiance the laws and authority of this Province; in prevailing on a neighbouring Province to assume jurisdiction in the Territory by establishing courts and by other executive acts, and thereby to assist the Federal Government in neutralizing or embarrassing the territorial jurisdiction of this Province.

4. That a unanimous Award was made on the 3rd August, 1878, determining the boundaries between this Province and the territories of the Dominion ; that this Award was made in pursuance of a reference designed to be binding and conclusive, entered into by the two Governments in good faith, with the knowledge of the Parliament of *Canada*, and acquiesced in until long after the proceedings under the reference had terminated ; that this Award was made by distinguished Arbitrators of the highest character, after an exhaustive collation of all known evidence bearing on the subject ; that the Award assigned to *Ontario* less territory than His Excellency's present Advisers, as well as previous Canadian Governments, had, in other contentions, invariably claimed to lie within this Province ; that more than two years elapsed before the Federal Government gave any notice of an intention to reject the Award ; and that the course of the Federal Government in now rejecting such an Award is unprecedented in British practice, is opposed to the usages of civilized government, and is a grievous wrong to the people of *Ontario*.

5. That the extension of *Manitoba* by the Federal Act of last Session receives, so far as the Territory added is undisputed, the hearty approval of the inhabitants of *Ontario* ; but, in the name of the people of this Province, this House protests against the transfer attempted by the same Act, of 39,000 square miles of the territory which was awarded to this Province, and which forms by far the most valuable portion of that Territory ; that such transfer greatly aggravated the difficulties already created by the unjust proceedings of the Federal Government, and can only be regarded as an act of direct antagonism and hostility to the interests and rights of this Province.

6. That while the attempted transfer to another Province of any part of the Territory awarded to *Ontario*, was a grievous wrong to this Province, this House cannot too strongly express the injustice of including in the transfer 7,000 square miles of the *Ontario* District of *Algoma*, south of the Height of Land, which before Confederation had been an undisputed part of *Upper Canada de facto* ; had been settled by its people, and governed by its laws ; to which no counter claim had been set up from any quarter ; and which after Confederation continued to be regarded and dealt with as an undisputed part of this Province, until the present controversy arose ; that the *British North America* Act expressly declared that, what "formerly constituted the Province of *Upper Canada* shall constitute the Province of *Ontario*," and, therefore, that every consideration of Imperial intention, as well as of justice and fair dealing, demanded from the Federal authorities a confirmation of the title of *Ontario* to this part of the Territory, even if such confirmation had, in law, been required.

7. That it is on the westerly side of this Province that, independently of the Award, the title of *Ontario* to the Territory is the most clear, and the Territory the most valuable ; that it is in this part of our unorganized territory that undisputed authority and a vigorous administration of the law are most needed for the maintenance of peace and order, the suppression of illicit liquor-selling, and of drunkenness, immorality, and crime ; that the course of the Federal Government has to a large extent paralyzed the efforts hitherto made under the authority of this Province for the prevention of disorder ; that by the effect of the Dominion Act of last Session relating to *Manitoba*, and by the action taken thereunder with the concurrence and approval of the Federal Government, two sets of Provincial laws distract settlers ; two sets of Provincial Courts and officers are set in array against one another ; no sure title can be obtained to any land or timber in the Territory ; squatters and trespassers, so far as Federal authority can accomplish such a result, are to be the only settlers ; the country is being stripped of the timber which is its most valuable product ; capital and immigration are diverted to other territories, where a settled Government and settled laws prevail ; an interest antagonistic to this Province is created in those who go to the Territory, by giving to them seeming titles the validity of which depends on resisting successfully the authority of *Ontario* ; and complications are created which, if allowed to continue without interference, will seriously impede the practical incorporation of the territory with this Province to which it belongs.

8. That the policy of the Federal Authorities is inexplicable except in the light of the avowal which, in the debate in the House of Commons on the *Manitoba* Bill, was publicly

made by the First Minister, when he announced that the purpose was to "compel" the Government of this Province not to insist on the Awarded Boundaries; was to "compel" them "to come to terms;" and to induce such a condition of the Territory that "they must do so;" and the Minister predicted that the Government of this Province would "come to terms quickly enough when they found they must do so." That this House approves of the refusal of the Government of this Province to be coerced into consenting to the proposals contained in the despatch of the Federal Secretary of State to His Honour the Lieutenant-Governor, dated the 27th January last, which were the only terms proposed to this Province since the Award.

9. That it would be most unjust for the Federal authorities to entangle this Province in a second litigation, especially after having delayed for more than three years since the award to propose any mode or terms of settlement. But this House concurs with the Government of the Province in recognizing the possible expediency, under all the circumstances, of an immediate reference to the Privy Council of the questions of the Award and the Boundaries, on the condition (in order to avoid further delay and unnecessary difficulty) that the reference shall be based on the evidence collected and printed for the arbitrators, with any additional documentary evidence, if such there is; and on the further condition, that, pending the reference, the territory, its population and lands shall, by the legislative consent of all parties, be subject in all respects to the laws of this Province, including the jurisdiction of its Legislature and Government.

10. That as provisional arrangements to this effect have been ineffectually pressed on the Federal Government, it cannot be forgotten in deciding upon the future policy of the Province, that the forbearance hitherto exercised in hope of an amicable settlement, has been taken advantage of by the Federal Authorities, to destroy our timber, and to complicate to our prejudice our relations with the Territory; that the Territory belongs to *Ontario*, and not to either the Dominion or *Manitoba*; that before Confederation it was claimed by successive Governments of the Province of *Canada* as belonging to *Upper Canada*; that after Confederation the same claim was made in official documents and otherwise, by Federal ministers, and was by them, on behalf of the Dominion, affirmed to be a clear title, such that "no impartial investigator of the evidence in the case could doubt it;" that inasmuch as the Territory forms part of *Ontario*, it follows that the only legal Government which is possible in the Territory is government by *Ontario*; that the only laws which are in force are the laws of *Ontario*; that the only grants of land which can convey a legal title are grants by this Province; that valid licenses for mining or for cutting timber can be issued by this Province alone; and that all the acts of the Federal Government in pretending to deal with lands, timber or mines, and all legislative and executive acts of the Province of *Manitoba* with reference to the Territory, are illegal and of no force or validity. In view of these considerations it has, in the opinion of this House, become the duty of this Province to assume without further delay the full government and ownership of the Territory, without reference to the claims of the Federal Government.

11. That this House is unwilling to believe that the Federal authorities are so determined to make the Territory a prey to unsettled government and disputed jurisdiction, and so determined to "compel" this Province to abandon its just and awarded rights, that the Federal Government will offer forcible resistance to the laws and the constituted authorities of *Ontario*; and this House is of opinion that, while collision with the Federal authorities is to be avoided, the stipendiary magistrates and the other officers of this Province should be instructed to see that as far as possible our laws are enforced, peace and order preserved, and justice duly administered as in other parts of this Province, and that trespassers are not allowed to destroy the property of the Province; and, if the authorities of this Province should, in the discharge of their constitutional functions, be resisted by Federal authority, the responsibility is to be left with the Federal authorities, and the remedy to the people whom the Federal and Provincial authorities respectively represent.

Mr. *Meredith* moved, seconded by the Hon. Mr. *Morris*,

That all the words in the first Resolution after the word "That" be struck out, and the following substituted therefor: "by the provisions of the *British North America*

Act, 1867, the limits of the Province of *Ontario* are declared to be those which formerly constituted the limits of *Upper Canada*.

“That neither the Government nor the Parliament of *Canada* has, or has ever claimed to have, any authority, without the express consent of the Province, to define its Boundaries, or to in any wise interfere with its territorial rights or limits.

“That differences having arisen between the Governments of the Dominion and of the Province with reference to the true Boundaries of the Province, the Government of *Ontario* entered into negotiations with the Government of the Dominion for the determination of the true situation of the northerly and westerly Boundaries of the Province, as defined by the *British North America Act*, and in the first Session of the year 1874 obtained from this House its sanction for the submission of the questions in dispute either to arbitration or to the Judicial Committee of Her Majesty’s Privy Council, but the Government of the Dominion (then led by the Honourable *Alexander Mackenzie*) failed to ask or to obtain the like authority from the Parliament of *Canada*.

“That in the year 1874, an agreement was entered into between the two Governments for the administration and disposal of the lands within the limits of the territory in dispute, and by that agreement Conventional Boundary lines were adopted, and it was agreed that the Government of *Ontario* should, ‘until the final adjustment of the true Boundaries of the Province,’ have the charge, management, and disposal of the lands east and south of such Conventional Boundaries, and the Government of *Canada* of the lands west and north of them, in each case subject to account when the true Boundaries should be definitely adjusted; and the Dominion authorities have, ever since the agreement was made, and under the authority of it, been and are now in possession of the land west and north of the said Conventional Boundary lines; and the Province of *Ontario* has been, and is, in undisturbed possession of the lands east and south of the said Conventional Boundary lines, which last-mentioned lands comprise two-thirds of the whole territory in dispute.

“That subsequently, and in the same year (1874), an agreement was entered into between the two Governments that, subject to the approval of the Parliament of *Canada* and of the Legislature of *Ontario*, the matters in dispute between them should be referred to arbitration, and by the terms of that agreement it was provided, that concurrent action should be taken by the two Governments in obtaining such legislation as might be necessary for giving “binding effect” to the conclusions which should be arrived at.

“That in pursuance of the agreement last mentioned, the Legislature of this Province, in the year 1874, passed an Act for the purpose of giving effect to the Award of the Arbitrators when made; but the Government of the Dominion, then led by the Honourable *Alexander Mackenzie*, though applied to for that purpose, refused to ask the Parliament of *Canada* to pass a similar Act, and claimed to reserve, and insisted upon reserving, to the Parliament of *Canada*, the right of approving or disapproving of the Award after it should be made; and the Government of *Ontario* assented to and acquiesced in the position taken by the Dominion Government, and to the reservation of that right to the Parliament of *Canada*.

“That, notwithstanding that the agreement of reference was made in the year 1874, and although negotiations were subsequently entered into between the two Governments for the adoption of a compromise line (the particulars of which negotiations this House has been unable to obtain), the case was not presented to the Arbitrators for consideration, and was not adjudicated upon by them until the month of August, 1878.

“That the Parliament of *Canada*, in the exercise of the right so expressly reserved to it, with the full consent of the Government of *Ontario*, has withheld its assent to the adoption of the Boundaries as defined in the said Award.

“That while this House regrets that the Parliament of *Canada* has not seen fit to give such assent, it cannot fail to recognize the right of that body, in the exercise of its powers, to adopt that course which, in the judgment of its members, sound policy and the rights of the people of the whole Dominion dictate, and for the adoption of which they are responsible to the people of *Canada*.

“That the Award made by the Arbitrators, being, as it now is, by reason of the premises, wholly nugatory and inoperative, the whole question remains undetermined,

and the parties to the negotiations are remitted to their original rights and position, and it is now, in the judgment of this House, in view of the grave difficulties and inconveniences arising from delay, of paramount importance that an early settlement of the questions in dispute should be come to.

“That, in the opinion of this House, it is the duty of the Government of *Ontario*, under the authority of the resolution above referred to (the reference to arbitration having proved abortive), to take steps for the immediate submission of the matters in dispute between the two Governments, for decision by the alternative mode authorized by the said resolution—a reference to the Judicial Committee of Her Majesty’s Privy Council, and a mode which was proposed by the Government of *Canada*, led by Sir *John Macdonald*, as early as the year 1872, and which that Government is still willing (as shewn by the correspondence submitted during the present session) to agree to.

“That in view of the statement of Sir *Francis Hincks*, one of the Arbitrators by whom the Award was made, that every doubtful point arising upon the reference was, by the Arbitrators, decided against the claims of *Ontario*, and the statement of the Attorney-General that the territory awarded to this Province comprises less than one-thirteenth of the territory claimed by her, it is improbable that the result of a reference to the Judicial Committee of Her Majesty’s Privy Council will be less favourable than that of the reference to arbitration.

“That to postpone action with a view to the final settlement of the matters in dispute, in the hope that the electors of the Dominion will reverse the decision of the Parliament of *Canada*, will be to incur the risk that the questions as to the territory in dispute ‘may be overshadowed by other issues, which in Dominion politics divide parties,’ and in the very probable event of the Dominion Government being sustained, it will then be necessary to resort to the means now proposed for the settlement of the matters in dispute, and the valuable time intervening will have been thrown away.

“That the legislation of the Dominion Parliament providing for the extension of the Boundaries of *Manitoba* could not, did not, and did not profess to take from this Province any part of the territory assigned to it by the *British North America Act*; but, on the contrary, expressly provided that the easterly boundary of *Manitoba* should extend only so far east as to meet the westerly boundary of the Province of *Ontario*.

“That the correspondence with the Dominion authorities, satisfies this House that the Government of the Dominion, notwithstanding that, by the terms of the agreement for the adoption of the Conventional Boundaries before referred to, it is entitled to administer the lands in the territory west and north of the Conventional Boundaries until the final adjustment of the true boundaries of the Province, is prepared to come to reasonable arrangements for the government and administration of affairs in the territory in dispute; and, in the opinion of this House, it is the duty of the Government of *Ontario* to enter into immediate negotiations with the Government of the Dominion with a view to effecting suitable arrangements of that character, including an equitable arrangement for the administration and disposal of the lands in the territory in dispute.

“That this House deeply regrets that while a speedy settlement of the matters in dispute, by a reference to the Privy Council, is being pressed on their attention by the Government of *Canada*, and a willingness expressed by it to arrange reasonable terms for the government of the territory in the meantime, the advisers of the Crown in *Ontario* manifest a disposition to retard that reference, reject amicable proposals for the government of the territory, and invite the House to take the law into its own hands and resort to rash measures, calculated to endanger the peace of the Dominion and imperil the best interests of the Province.

“That this House further regrets and deprecates the violent, improper and reckless attitude assumed by the advisers of the Crown in *Ontario* with regard to the important questions to which these resolutions relate, and affirms that the suggested action is not dictated by a desire to promote the best interests of the Province, but by an intention to create political capital at the expense of arousing ill-feeling and animosity between the Province of *Ontario* and the rest of the Dominion.

“That while this House is prepared to firmly maintain, by all constitutional means, the rights of this Province, it is compelled to protest, and does earnestly protest, against

the action of the advisers of the Crown for *Ontario* in the premises—action which is inimical to the best interests of the Province, hostile to the Crown, and which will not be sanctioned or tolerated by the loyal people of the Province of *Ontario*.”

The first Resolution, having been then again put, was carried.

The remaining Resolutions, having then been severally put, were carried, each on a division, and it was

Resolved, That, having considered the despatches of the Government of *Ontario* to the Federal Government, dated respectively 31st December, 1881, and 18th February, 1882, and a report of the Attorney-General, dated 1st November, 1881, on the subject of those portions of this Province to which the Federal Authorities have asserted an unjust and unfounded claim, this House desires to record its concurrence in the views and representations which are expressed in the said despatches and report.

Resolved, That the persistent endeavours of the Federal authorities to deprive this Province of one-half of its Territory are, in the interest of the people of *Ontario*, to be opposed by every Constitutional resort within the reach of this Province.

Resolved, That this House protests against the conduct of the Federal Government in enforcing a pretended ownership in this Territory ; in assuming to make sales therein without the concurrence of the Provincial authorities ; in promoting, under colour of Federal grants and licenses the destruction of its valuable timber ; in inducing the inhabitants to set at defiance the laws and authority of this Province ; in prevailing on a neighbouring Province to assume jurisdiction in the Territory by establishing courts and by other executive acts, and thereby to assist the Federal Government in neutralizing or embarrassing the territorial jurisdiction of this Province.

Resolved, That a unanimous Award was made on the 3rd August, 1878, determining the boundaries between this Province and the territories of the Dominion ; that this Award was made in pursuance of a reference designed to be binding and conclusive,

entered into by the two Governments in good faith, with the knowledge of the Parliament of *Canada*, and acquiesced in until long after the proceedings under the reference had terminated; that this Award was made by distinguished Arbitrators of the highest character, after an exhaustive collation of all known evidence bearing on the subject; that the Award assigned to *Ontario* less territory than His Excellency's present Advisers, as well as previous Canadian Governments had, in other contentions, invariably claimed to lie within this Province; that more than two years elapsed before the Federal Government gave any notice of an intention to reject the Award; and that the course of the Federal Government in now rejecting such an Award is unprecedented in British practice, is opposed to the usages of civilized government, and is a grievous wrong to the people of *Ontario*.

Resolved, That the extension of *Manitoba* by the Federal Act of last Session receives, so far as the Territory added is undisputed, the hearty approval of the inhabitants of *Ontario*; but, in the name of the people of this Province, this House protests against the transfer, attempted by the same Act, of 39,000 square miles of the territory which was awarded to this Province, and which forms by far the most valuable portion of that Territory; that such transfer greatly aggravated the difficulties already created by the unjust proceedings of the Federal Government, and can only be regarded as an act of direct antagonism and hostility to the interests and rights of this Province.

Resolved, That while the attempted transfer to another Province of any part of the Territory awarded to *Ontario*, was a grievous wrong to this Province, this House cannot too strongly express the injustice of including in the transfer 7,000 square miles of the *Ontario* District of *Algoma*, south of the Height of Land, which before Confederation had been an undisputed part of *Upper Canada de facto*; had been settled by its people, and governed by its laws; to which no counter claim had been set up from any quarter; and which after Confederation continued to be regarded and dealt with as an undisputed part of this Province, until the present controversy arose; that the *British North America* Act expressly declared that, what "formerly constituted the Province of *Upper Canada* shall constitute the Province of *Ontario*;" and, therefore, that every consideration of Imperial intention, as well as of justice and fair dealing, demanded from the Federal authorities a confirmation of the title of *Ontario* to this part of the Territory, even if such confirmation had, in law, been required.

Resolved, That it is on the westerly side of this Province that, independently of the Award, the title of *Ontario* to the Territory is the most clear, and the Territory the most valuable; that it is in this part of our unorganized territory that undisputed authority and a vigorous administration of the law are most needed for the maintenance of peace and order, the suppression of illicit liquor-selling, and of drunkenness, immorality, and crime; that the course of the Federal Government has to a large extent paralyzed the efforts hitherto made under the authority of this Province for the prevention of disorder; that by the effect of the Dominion Act of last Session relating to *Manitoba*, and by the action taken thereunder with the concurrence and approval of the Federal Government, two sets of Provincial laws distract settlers; two sets of Provincial Courts and officers are set in array against one another; no sure title can be obtained to any land or timber in the Territory; squatters and trespassers, so far as Federal authority can accomplish such a result, are to be the only settlers; the country is being stripped of the timber which is its most valuable product; capital and immigration are diverted to other territories, where a settled Government and settled laws prevail; an interest antagonistic to this Province is created in those who go to the Territory, by giving to them seeming titles the validity of which depends on resisting successfully the authority of *Ontario*; and complications are created which, if allowed to continue without interference, will seriously impede the practical incorporation of the territory with this Province to which it belongs.

Resolved, That the policy of the Federal authorities is inexplicable except in the light of the avowal which, in the debate in the House of Commons on the *Manitoba* Bill, was publicly made by the First Minister, when he announced that the purpose was to "compel" the Government of this Province not to insist on the Awarded Boundaries; was to "compel" them "come to terms;" and to induce such a condition of the Territory

that "they must do so;" and the Minister predicted that the Government of this Province would "come to terms quickly enough when they found they must do so." That this House approves of the refusal of the Government of this Province to be coerced into consenting to the proposals contained in the despatch of the Federal Secretary of State to His Honour the Lieutenant-Governor, dated the 27th January last, which were the only terms proposed to this Province since the Award.

Resolved, That it would be most unjust for the Federal authorities to entangle this Province in a second litigation, especially after having delayed for more than three years since the Award to propose any mode or terms of settlement. But this House concurs with the Government of the Province in recognizing the possible expediency, under all the circumstances, of an immediate reference to the Privy Council of the questions of the Award and the Boundaries, on the condition (in order to avoid further delay and unnecessary difficulty) that the reference shall be based on the evidence collected and printed for the arbitrators, with any additional documentary evidence, if such there is; and on the further condition that, pending the reference, the Territory, its population and lands shall, by the legislative consent of all parties, be subject in all respects to the laws of this Province, including the jurisdiction of its Legislature and Government.

Resolved, That as provisional arrangements to this effect have been ineffectually pressed on the Federal Government, it cannot be forgotten in deciding upon the future policy of the Province, that the forbearance hitherto exercised in hope of an amicable settlement, has been taken advantage of by the Federal Authorities, to destroy our timber, and to complicate to our prejudice our relations with the Territory; that the Territory belongs to *Ontario*, and not to either the Dominion or *Manitoba*; that before Confederation it was claimed by successive Governments of the Province of *Canada* as belonging to *Upper Canada*; that after Confederation, the same claim was made in official documents and otherwise, by Federal Ministers and was by them, on behalf of the Dominion, affirmed to be a clear title, such that "no impartial investigator of the evidence in the case could doubt it;" that inasmuch as the Territory forms part of *Ontario*, it follows that the only legal government which is possible in the Territory is government by *Ontario*; that the only laws which are in force are the laws of *Ontario*; that the only grants of land which can convey a legal title are grants by this Province; that valid licenses for mining or for cutting timber can be issued by this Province alone; and that all the acts of the Federal Government in pretending to deal with lands, timber or mines, and all legislative and executive acts of the Province of *Manitoba* with reference to the Territory, are illegal and of no force or validity. In view of these considerations it has, in the opinion of this House, become the duty of this Province to assume, without further delay, the full government and ownership of the Territory, without reference to the claims of the Federal Government.

Resolved, That this House is unwilling to believe that the Federal authorities are so determined to make the Territory a prey to unsettled government and disputed jurisdiction, and so determined to "compel" this Province to abandon its just and awarded rights, that the Federal Government will offer forcible resistance to the laws and the constituted authorities of *Ontario*; and this House is of opinion that, while collision with the Federal authorities is to be avoided, the stipendiary magistrates and the other officers of this Province should be instructed to see that, as far as possible, our laws are enforced, peace and order preserved, and justice duly administered as in other parts of this Province, and that trespassers are not allowed to destroy the property of the Province; and, if the authorities of this Province should, in the discharge of their constitutional functions, be resisted by Federal authority, the responsibility is to be left with the Federal authorities, and the remedy to the people whom the Federal and Provincial authorities respectively represent.

The House then adjourned at 11.45 p.m.

To these Bills the Royal Assent was announced by the Clerk of the Legislative Assembly, in the following words :—

“In Her Majesty’s name His Honour the Lieutenant-Governor doth assent to these Bills.”

Mr. SPEAKER then said :

May it please your Honour :

We, Her Majesty’s most dutiful and faithful subjects, the Legislative Assembly of the Province of Ontario, in Session Assembled, approach Your Honour at the close of our labours with sentiments of unfeigned devotion and loyalty to Her Majesty’s person and Government, and humbly beg to present for Your Honour’s acceptance a Bill intituled “An Act for Granting to Her Majesty certain sums of money to defray the expenses of Civil Government for the year 1882, and for other purposes therein mentioned,” thus placing at the disposal of the Crown the means by which the Government can be made efficient for the service and welfare of the Province.

To this Bill the Royal Assent was announced by the Clerk of the Legislative Assembly, in the following words :—

“His Honour the Lieutenant-Governor doth thank Her Majesty’s dutiful and loyal subjects, accept their benevolence, and assent to this Bill in Her Majesty’s name.”

His Honour was then pleased to deliver the following Speech :—

Mr. Speaker, and Gentlemen of the Legislative Assembly :

My pleasure in relieving you from further attendance upon your legislative duties is enhanced by the opportunity it affords me of expressing my appreciation of the zeal and devotion with which you have addressed yourselves to the discharge of the arduous labours of the Session.

I experienced much gratification in transmitting to Her Most Gracious Majesty the Queen your loyal Address of congratulation upon Her Majesty’s recent providential escape from injury at the hands of a wicked assassin, and join you in the prayer that a life so precious may long be spared to Her Majesty’s loving and faithful subjects.

Your firm insistence that Railway Companies which have received Provincial Charters, and the construction of whose lines of railway have been aided by money grants from the Province and from Municipalities, should not, without absolute necessity, be permitted to escape from Provincial supervision and control, by having their respective railways declared by the Dominion Parliament to be for the general advantage of *Canada*,

will, I believe, meet with general approval. I have transmitted to His Excellency the Governor-General your Address to be laid before the Parliament of *Canada*.

The just claims of the Province, as determined by the Boundary Award, will continue to receive the earnest attention of my Government.

The Rivers and Streams Bill, which you have again passed, being within the competence of the Legislature, and being deemed to be required in the public interest, has again received my assent.

I notice with satisfaction that you have passed various measures which will tend to obviate the necessity of seeking to obtain by private Acts powers which may, with equal safety and greater expedition, be granted under general Acts.

The establishment of a Provincial Board of Health is a step the wisdom of which no one will question, and I am happy to recognize it as an earnest that the Province is alive to the importance of legislation which has for its object the preservation of the health of the people.

No less gratifying to the country will be the establishment of a Bureau of Industry, which, I am convinced, will, by its efficacious agency in their behalf, prove to be beneficial to a vast majority of the residents of this Province.

Your endeavours to place the Agricultural and Arts Association upon a more satisfactory basis, having regard to the present wants of the country, will, I trust, realize your anticipations.

The Act respecting Market Fees will, I hope, by its adjustment of conflicting interests, and, by its equitable operation, recommend itself to the approval of the public at large.

The extension of the Mechanics' Lien Act so is to afford to mechanics and labourers some further protection from loss of wages in certain cases, is a measure of justice to a large and important portion of the industrial population of this Province.

I congratulate you upon the passage of an Act which is intended to enable Municipalities to found Free Libraries, and maintain them in an efficient condition by levying a rate, so small as to be almost inappreciable in its incidence. The advantages capable of being derived from this measure are so manifold that I shall be glad to learn that extensive application is made of the provisions of the law.

The measures which you have passed introducing needed improvements in the affairs of the Courts, and in the laws relating to schools, as well as in those affecting the powers and proceedings of Municipal Corporations, will be of public service.

The number and variety of the Public and Private Bills to which I have given my assent bear ample testimony to your diligence in the performance of the duties with which you have been entrusted, and I am glad to acknowledge the close attention and patient care you have bestowed upon them.

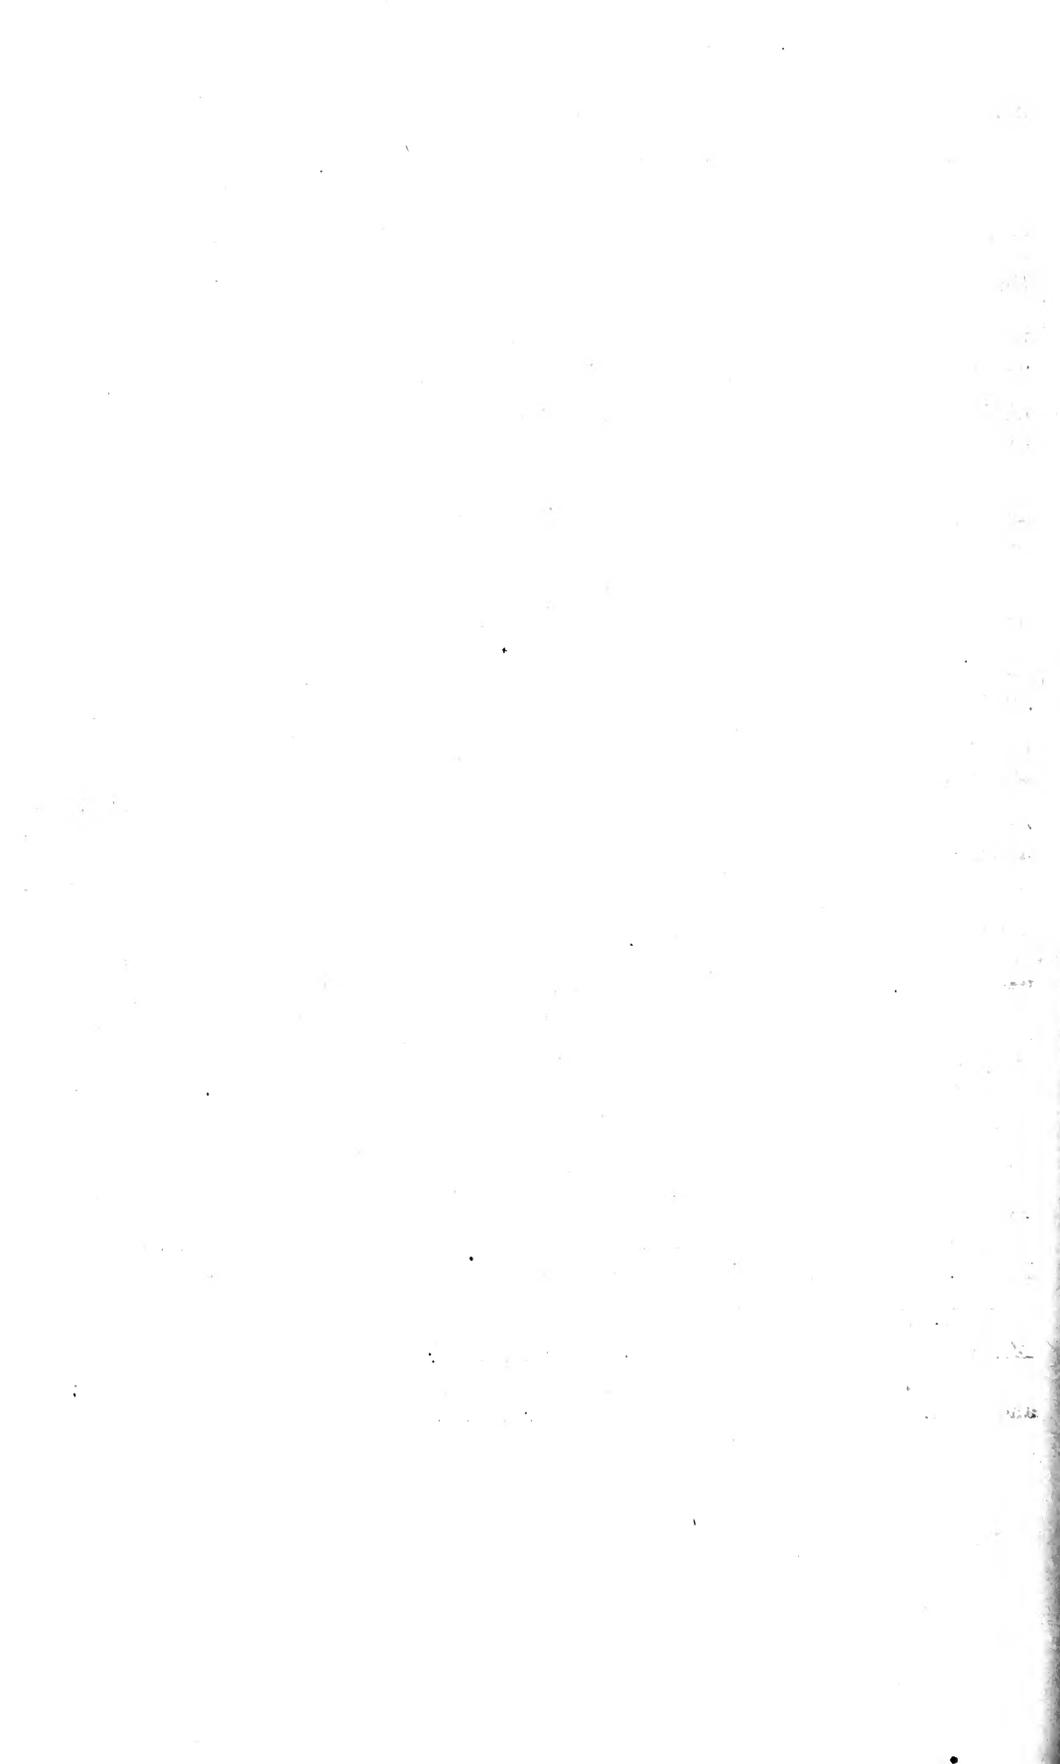

I thank you for the Supplies you have granted for the year. They will be expended with every regard to economy consistent with the efficiency of the public service.

I trust that all happiness and prosperity may attend you until I again have the pleasure of inviting your advice and assistance in the affairs of the Province.

The Provincial Secretary then said :—

Mr. Speaker, and Gentlemen of the Legislative Assembly :

It is His Honour's will and pleasure that this Legislative Assembly be prorogued ; and this Legislative Assembly is accordingly prorogued.

TORONTO, 7th March, 1882.

MR. FERRIS,
Chairman, Public Accounts Committee.

DEAR SIR,—With reference to the Order in Council passed on the 3rd September, 1880, under which payment was made, through the Manager of the Ontario Bank, of the amount of costs and expenses incurred by James Bonfield by reason of the erroneous provisions inserted by a former Commissioner of Crown Lands in a patent issued to him, I was Attorney-General *pro tem.* when such Order was under consideration by the Executive Council. The details of the several items making up the amount authorized, being \$1,832.37, were before the Council and considered and deemed satisfactory by the several members then present, namely, Messieurs Pardee, Wood and Hardy and myself. This account appears to have been mislaid, but the details in the annexed paper have been furnished me and represent the amounts paid in respect of the different items mentioned therein. The principle on which the Government proceeded was one of full indemnity to Mr. Bonfield against any loss or expenses in defending his right to the timber upon the land covered by his patent, which by error and mistake of the Crown Lands Department had been alienated to third parties.

Truly yours,

(Signed) ADAM CROOKS.

IN CHANCERY.

Between THE HONOURABLE OLIVER MOWAT, Attorney-General for the Province of Ontario, *Informant*, and JAMES BONFIELD, *Plaintiff*, and CYRIL CONTOIS and JOHN FREDERICK, *Defendants*.

To the Honourable the Judges of the Court of Chancery :

CITY OF OTTAWA. { The Information of the Honourable Oliver Mowat, Attorney-General for the Province of Ontario, informing, and the Bill of Complaint of James Bonfield, of the Village of Eganville, in the County of Renfrew, and Province of Ontario, Lumber Merchant, humbly complaining, sheweth as follows :—

1. Prior to the twelfth day of March, eighteen hundred and seventy-three, lot number twenty-one, in the twenty-second concession of the Township of Wilberforce, formed part of the ungranted lands of the Crown.

2. The said lands were chiefly valuable for timber, and a license to cut timber had been given for several years preceding that date to the plaintiff upon lands of the Crown, including the said lots, in pursuance of chapter twenty-three in Consolidated Statutes, Canada, and there was then current a license covering the said lots, which expired on the thirtieth day of April, one thousand eight hundred and seventy-three.

3. The Crown, through the Department of Crown Lands for the Province of Ontario, in pursuance of the said Statute and certain Orders in Council hereinafter set forth, has been accustomed to renew the said licenses every successive year to the same licentiate, and in consequence thereof the right to appeal to the grace of the Crown for such renewal has come to be esteemed of great value.

4. The said Orders in Council, framed under the said Statute providing for renewal of the said licenses, are in the words and figures following :—“License holders who shall have complied with all existing regulations shall be entitled to have their licenses renewed on application to the Commissioner of Crown Lands, or to such local agent as he shall appoint for that purpose.”

5. The defendant, John Frederick, shortly before the said twelfth day of March, eighteen hundred and seventy-three, applied to the Commissioner of Crown Lands for the Province of Ontario, to give him a free grant of the said lot as an actual settler upon the said lands, which the said Commissioner of Crown Lands agreed to do, reserving to the Crown the timber upon the said lot in order that the same might be cut by the plaintiff under a license to be issued to him after the expiration of the said license which the said plaintiff then had, and which would expire on the thirtieth day of April, eighteen hundred and seventy-three.

6. The Commissioner of Crown Lands then directed that Letters Patent under the Great Seal of the Province of Ontario should be prepared in language apt to carry out the said intention.

7. By the error and improvidence of the officers of the Department of Crown Lands, a patent was prepared purporting to grant the said lands to the said defendant, John Frederick, in fee simple, without any reservation of the said timber, and an endorsement was made upon the back of the said patent, and signed by the Assistant Commissioner of Crown Lands, in the words and figures following: "These Letters Patent are subject to the renewal of the timber license for one year from the thirtieth of April, eighteen hundred and seventy-three, which the said officers of the Crown Land Department erroneously supposed to be sufficient to carry out the object and intent of the said Commissioner in reserving the said timber to the Crown for the purpose aforesaid, and the said Letters Patent containing the said endorsement were then sealed and issued to the said defendant, John Frederick, bearing date the twelfth day of March, eighteen hundred and seventy-three.

8. In pursuance of the said Orders in Council, the plaintiff applied to the Commissioner of Crown Lands for a renewal of his said license, which was duly granted for a year from the thirtieth day of April, eighteen hundred and seventy-three, and the Commissioner of Crown Lands informed the plaintiff that the said lot was embraced in his said license as they had theretofore been, and as the Commissioner then believed that they were.

9. Acting in the *bona fide* belief that the said license entitled the plaintiff to cut the timber upon the said lands up to the thirtieth day of April, eighteen hundred and seventy-four, the plaintiff proceeded to cut the same and paid to the Crown Lands Department the dues which are payable in respect of timber cut upon Crown Lands.

10. After the issue of the said patent to the defendant, John Frederick, the said defendant, John Frederick by deed, bearing date the twelfth day of September, eighteen hundred and seventy-three, granted and sold the said timber standing upon the said land to the defendant, Cyril Contois.

11. On the fourth day of April, eighteen hundred and seventy-four, and after the plaintiff had cut and removed the said timber from the said land, the said defendant, Contois brought an action against the plaintiff in the Court of Common Pleas to recover the value of the said timber which the plaintiff had removed from the said lot and from certain other lots, the timber of which the defendant, Cyril Contois, claimed to be entitled to.

12. Such proceedings were had in the said suit that it has been determined by the said Court, and afterwards by the Court of Appeal, that at law the said defendant, Cyril Contois, is entitled to recover from the plaintiff, in respect of the said timber, the sum of two thousand three hundred and seventy-nine dollars and seventeen cents, besides his costs of suit.

13. At the time when the said defendant, Cyril Contois, purchased the said standing wood, he had actual notice and knowledge of all the matters in the first nine paragraphs of this Information and Bill alleged.

14. Owing to the fact that the said patent has not been repealed, and that the Court of Common Pleas had no jurisdiction to repeal the said patent, it was adjudged that the plaintiff was unable to set up the facts hereinbefore pleaded as a defence to the said action at law.

15. It is impossible to ascertain how much of the said damages has been awarded on account of the timber cut upon the said lands in the first paragraph of this Information and Bill mentioned; but your informant and the plaintiff show, as the fact is, that the said damages which were not awarded for timber cut upon the said lands, were awarded on account of timber cut upon certain other lots of land, to wit: Lot number twenty-two, in the twenty-first concession, and twenty-two, in the twenty-second concession, of the said Township of Wilberforce; and your informant and the plaintiff have filed their certain other Information and Bill against the said defendant, Cyril Contois and one August Newman, and are entitled to relief in this Honourable Court against the said judgment as to the remainder of the said damages in the said latter suit.

16. Your informant and the plaintiff submit:

- (1) That the said Letters Patent to the said defendant, John Frederick, issued in error and through improvidence, and that the same should now be cancelled in order that patents may be issued in such language as properly to express the intention of the said Commissioner in issuing the same;
- (2) Or that it should be declared that in this Honourable Court the defendant, John Frederick, was a trustee of the said timber for the Crown, and that the plaintiff, under the said license, was entitled to cut and remove the same;
- (3) And that the said action should be restrained by a perpetual injunction.

17. The defendant, Cyril Contois, threatens and intends to, and will unless restrained, enforce payment from the plaintiff of the amount of the said judgment.

Your informant and the plaintiff therefore pray as follows:—

- (1) That it may be declared that the said patent was issued through the error and mistake of the officers of the Crown Land Department, and that the same was issued improvidently, and that the said patent ought to be cancelled;
- (2) That it may be declared that the plaintiff had a right, under the license from the Crown Land Department, to cut the said timber, and that the said action at law may be restrained by the perpetual injunction of this Honourable Court, and that the same may be ordered and decreed accordingly;
- (3) That the defendant, Cyril Contois, may be restrained by the order and injunction of this Honourable Court, for which writ your informant and the plaintiff pray, from proceeding to levy the amount of the said judgment debt and costs from the plaintiff;
- (4) That the defendants may be ordered to pay the costs of the said proceedings at law and of this suit, and that your informant and the plaintiff may have such further and other relief as to this Honourable Court may seem meet;
- (5) That for the purposes aforesaid, all proper directions may be given and accounts taken.

And your informant and the plaintiff will ever pray.

O. MOWAT.

Attorney-General vs. Contois and Frederick.

SIR,—We beg to enclose our bills of costs in these two suits, which amount in all to \$442.30. In addition to this we charge you with a retainer fee of \$30; so that the amount due is \$472.30, less the amounts now in our hands to your credit.

TORONTO, 24th April, 1879.

MY DEAR MR. PARDEE,—I learn there were two suits against Bonfield at Common Law. Bethune did not act for him at Common Law, his attorney in these suits being J. H. Metcalf, of Pembroke, and Bethune's people have no means of ascertaining what Metcalf's costs amount to. The decree made, I am told, was that the plaintiffs in the Common Law suits should be paid their costs of these suits subsequent to declaration out of Bonfield's money paid into court, after deducting therefrom Bonfield's costs of the Chancery suit. Bonfield had also to pay Bethune's extra solicitor and client costs which amounted to \$400 odd, but were put at even money, \$400. Barwick (Bethune's partner) was to obtain for me to-day such figures as he could at Osgoode Hall, as the proceedings he had in the office did not shew the amount which Bonfield had to pay the opposite parties, and his recollection of the matter was dim. I doubt not, however, but he will furnish me with all figures requisite to make up the amount which Bonfield has paid out, with the exception of Metcalf's costs. These will have to be obtained by Bonfield from Metcalf.

Yours truly,

(Signed) J. G. SCOTT.

IN CHANCERY.

Between THE HONOURABLE OLIVER MOWAT, Attorney-General for the Province of Ontario, *Informant*, and JAMES BONFIELD, *Plaintiff*, and CYRIL CONTOIS and AUGUST NEWMAN, *Defendants*.

To the Honourable the Judges of the Court of Chancery :

CITY OF OTTAWA. { The Information of the Honourable Oliver Mowat, Attorney-General for the Province of Ontario, informing, and the Bill of Complaint of James Bonfield, of the Village of Eganville, in the County of Renfrew, and Province of Ontario, Lumber Merchant, humbly complaining, sheweth as follows :—

1. Prior to the twelfth day of March, one thousand eight hundred and seventy-three, lots numbers twenty-two, in the twenty-first concession, and twenty-two, in the twenty-second concession, of the Township of Wilberforce, formed part of the ungranted lands of the Crown.

2. The said lands were chiefly valuable for timber, and a license to cut timber had been given for several years preceding that date to the plaintiff upon lands of the Crown including the said lots, in pursuance of chapter twenty-three of the Consolidated Statutes of Canada, and there was then current a license covering the said lots, which expired on the thirtieth of April, one thousand eight hundred and seventy-three.

3. The Crown, through the Department of Crown Lands for the Province of Ontario, in pursuance of the said Statute and certain Orders in Council hereinafter set forth, has been accustomed to renew the said licenses every successive year to the same licentiate, and in consequence thereof the right to appeal to the grace of the Crown for such renewal has come to be esteemed of great value.

4. The said Orders in Council, framed under the said Statute providing for renewal of the said licenses, are in the words and figures following :—“ License holders who shall have complied with all existing regulations shall be entitled to have their licenses renewed on application to the Commissioner of Crown Lands, or to such local agent as he may appoint for that purpose.”

5. The defendant, August Newman, shortly before the said twelfth day of March, one thousand eight hundred and seventy-three, applied to the Commissioner of Crown Lands for the Province of Ontario to give him a free grant of the said lots as an actual settler upon the said lands, which the said Commissioner of Crown Lands agreed to do, reserving to the Crown the timber upon the said lot, in order that the same might be cut by the plaintiff under a license to be issued to him after the expiration of the said license which the said plaintiff then had, and which would expire on the thirtieth day of April, one thousand eight hundred and seventy-three.

6. The Commissioner of Crown Lands then directed that Letters Patent, under the Great Seal of the Province of Ontario, should be prepared in language apt to carry out the said intention.

7. By the error and improvidence of the officers of the Department of Crown Lands a patent was prepared purporting to grant the said lands to the said defendant, August Newman, in fee simple without any reservation of the said timber, and an endorsement was made upon the back of the said patent and signed by the Assistant Commissioner of Crown Lands in the words and figures following:—"These Letters Patent are subject to the renewal of the timber license for one year from the thirtieth of April, one thousand eight hundred and seventy-three;" which the said officers of the Crown Lands Department erroneously supposed to be sufficient to carry out the object and intent of the said Commissioner in reserving the said timber to the Crown for the purpose aforesaid, and the said Letters Patent containing the said endorsement were then sealed and issued to the said defendant, August Newman, bearing date the twelfth day of March, one thousand eight hundred and seventy-three.

8. In pursuance of the said Orders in Council the plaintiff applied to the Commissioner of Crown Lands for a renewal of his said license, which was duly granted for a year from the thirtieth day of April, one thousand eight hundred and seventy-three, and the Commissioner of Crown Lands informed the plaintiff that the said lots were embraced in his said license as they had theretofore been and as the Commissioner then believed that they were.

9. Acting in the *bona fide* belief that the said license entitled the plaintiff to cut the timber upon the said lands up to the thirtieth day of April, one thousand eight hundred and seventy-four, the plaintiff proceeded to cut the same and paid to the Crown Lands Department the dues which are payable in respect of timber cut upon Crown Lands.

10. After the issue of the said Patent to the defendant, August Newman, the said defendant, A. Newman, by deed, bearing date the twelfth day of September, one thousand eight hundred and seventy-three, granted and sold the said timber standing upon the said land to the defendant, Cyril Contois.

11. On the fourth day of April, one thousand eight hundred and seventy-four, and after the plaintiff had cut and removed the said timber from the said lands, the said defendant, Contois, brought an action against the plaintiff, in the Court of Common Pleas, to recover the value of the said timber which the plaintiff had removed from the said lots, and from certain other lots the timber of which the defendant, Contois, claimed to be entitled to.

12. Such proceedings were had in the said suit that it has been determined by the said Court, and afterwards by the Court of Appeal, that at law the said defendant, Cyril Contois, is entitled to recover from the plaintiff, in respect of the said timber, the sum of two thousand three hundred and seventy-nine dollars and seventeen cents, besides his costs of suit.

13. At the time when the said defendant, Cyril Contois, purchased the said standing wood he had actual notice and knowledge of all the matters in the first nine paragraphs of this information and bill alleged.

14. Owing to the fact that the said patent has not been repealed, and that the Court of Common Pleas had no jurisdiction to repeal the said patent, it was adjudged that the plaintiff was unable to set up the facts hereinbefore pleaded as a defence to the said action at law.

15. It is impossible to ascertain how much of the said damages has been awarded on account of the timber cut upon the said lands in the first paragraph of this information and bill mentioned, but your informant and the plaintiff shew, as the fact is, that the

said damages which were not awarded for timber cut upon the said lands were awarded on account of timber cut upon certain other lots of land, to wit, lot number twenty-one, in the twenty-second concession of said Township of Wilberforce, and your informant and the plaintiff have filed their certain other information and bill against the said defendants, Cyril Contois and John Frederick, and are entitled to relief in this Honourable Court against the said judgment as to the remainder of the said damages in the said latter suit.

16. Your informant and the plaintiff submit :

- (1) That the said Letters Patent to the said defendant, August Newman, issued in error and through improvidence, and that the same should now be cancelled in order that patents may be issued in such language as properly to express the intention of the said Commissioner in issuing the same ;
- (2) Or that it should be declared that in this Honourable Court the defendant, August Newman, was a trustee of the said timber for the Crown, and that the plaintiff, under the said license, was entitled to cut and remove the same ;
- (3) And that the said action should be restrained by a perpetual injunction.

17. The defendant, Cyril Contois, threatens and intends, and will unless restrained, enforce payment from the plaintiff of the amount of the said judgment.

Your informant and the plaintiff therefore pray as follows :—

- (1) That it may be declared that the said patent was issued through the error and mistake of the officers of the Crown Lands Department, and that the same were issued improvidently, and that the said patent ought to be cancelled ;
- (2) And that it may be declared that the plaintiff had a right, under the license from the Crown Lands Department, to cut the said timber, and that the said action at law may be restrained by the perpetual injunction of this Honourable Court, and that the same may be ordered and decreed accordingly.
- (3) And that the defendant, Cyril Contois, may be restrained, by the order and injunction of this Honourable Court, for which writ your informant and the plaintiff pray, from proceeding to levy the amount of the said judgment debt and costs from the plaintiff ;
- (4) That the defendants may be ordered to pay the costs of the said proceedings at law and of this suit, and that your informant and the plaintiff may have such further and other relief as to this Honourable Court may seem meet ;
- (5) That, for the purposes aforesaid, all proper directions may be given and accounts taken.

And your informant and the plaintiff will ever pray.

O. MOWAT.

TREASURER'S OFFICE,
Wednesday, March 8th, 1882.

Committee met at 9.30 a.m.

Present :

Messieurs Ferris, <i>Chairman</i> ,	Messieurs Hardy,
Ballantyne,	Meredith,
Creighton,	Monk,
Gibson (Huron),	Striker,
Lauder,	Wood.
Macmaster,	

Minutes of the previous meeting were read and approved.

Mr. Cashman appeared and gave explanation with reference to account of Mr. Mackenzie.

(1) Mr. Meredith moved, That the Committee desire to direct attention to the fact that although the House met on the 12th January they were not called together, except for the appointment of a Chairman on the 31st January, until the 15th February, and to express the opinion that no effectual examination and audit of the public expenditure can be had unless the business of the Treasury Department can be so arranged as to permit the Committee proceeding with its work in the early days of the session.

Mr. Hardy moved in amendment, That all after the words "15th February," in the said resolution, be struck out, and the following substituted therefor, "this Committee again desires to call the attention of this House to reports heretofore made by this Committee recommending a change in the financial year, with a view to affording to the Committee more time during the session in which to investigate the Public Accounts."

The amendment was carried on the following division:—

<i>Yeas.</i>	<i>Nays.</i>
Messieurs Ferris, <i>Chairman</i> , Ballantyne, Gibson (Huron), Hardy, Striker, Wood—6.	Messieurs Creighton, Lauder, Macmaster, Meredith, Monk—5.

(2) Mr. Meredith moved, That the partial examination, which the Committee have been able, in the limited time at their disposal, to make into the expenditure for Colonization Road purposes, has shewn that in some cases there has been a lack of the necessary supervision over and examination of the accounts of the overseers of Roads to whom the expenditure of moneys has been entrusted, and the Committee recommend that greater care shall in future be exercised to prevent the irregularities which have been brought to their attention; and a vote being taken, the motion was lost on the following division:—

<i>Yeas.</i>	<i>Nays.</i>
Messieurs Ferris, <i>Chairman</i> , Ballantyne, Hardy, Striker, Wood—5.	Messieurs Creighton, Lauder, Macmaster, Meredith, Monk—5.

Lost on the casting vote of the Chairman.

(3) Mr. Meredith moved, That the Committee have been unable to procure the full details connected with the payment of a sum of \$1,832.37 to the Ontario Bank for the use of James Bonfield, Esq., a Member of this House, to indemnify him for certain costs and expenses alleged to have been incurred in respect of certain timber cut on lands embraced in his timber license, and your Committee are of opinion payments to Members of the House, of the character of the payment referred to, ought not to be made without full explanation to and the previous sanction of the House.

Mr. Hardy moved in amendment, That all after the words "timber license," in the said resolution, be struck out, and the following be substituted therefor, "that your Committee have had submitted to them a statement shewing the items of such payment, except as to travelling and other expenses, and that in view of the indemnity given by the Government to the said James Bonfield, M.P.P., and of the previous Departmental error in alienating the timber which rightfully belonged to the said Bonfield, it was the duty of the Government to hold him harmless from loss in respect thereof."

The amendment was carried on the following division:—

<i>Yeas.</i>	<i>Nays.</i>
Messieurs Ferris, <i>Chairman</i> , Ballantyne, Gibson (Huron), Hardy, Striker, Wood—6.	Messieurs Creighton, Lauder, Macmaster, Meredith, Monk—5.

(4) Mr. Monk moved, That the Committee desire to express their disapprobation of the practice of making Members of the House the medium for the disbursement of moneys voted for Colonization Road purposes, and are of opinion that the practice should be discontinued.

Mr. Ballantyne moved in amendment, That all after the word "Committee" be struck out, and the following substituted therefor, "are of the opinion that in forwarding moneys to overseers of Colonization Roads, the same should not be forwarded through Members of the Legislature," which was carried without a division.

“A.”

PUBLIC ACCOUNTS COMMITTEE.

TREASURER'S OFFICE,

February 22nd, 1882.

Evidence re Expenditure on Colonization Roads.

HENRY SMITH, sworn (examined by Mr. MEREDITH):—

I occupy the position of Superintendent of Colonization Roads in the Crown Lands Department; was appointed on the 1st January, 1881; my duties are not defined in writing; at the time of my appointment I was not an officer of the Department, although I assisted in a way with Colonization Roads; my business before that was that of an engineer on the Great Western Railway; my duties as Superintendent are to guard the expenditure on Colonization Roads as far as possible; I have to do with recommending the expenditure, but have not initiated much of the work, because I am not long in my position; moneys are expended through consultation with the Commissioner.

Q. Will you just state the course pursued in the Department regarding expenditure in the different localities?

A. Expenditures are sometimes initiated through a member, sometimes through myself, but generally by petition from the people. Where I make the recommendation, it is after I have examined the locality; when the application is made through a member or by petition, the Inspector is usually asked to examine the locality; the Inspectors are C. F. Aylesworth for the eastern division, and D. M. Card for the western; sometimes the Inspector makes a written report, though not always; if he receives written instructions to examine the work, he replies in writing, or perhaps waits until he comes to town; his reply is written out in a journal I keep; it also contains scraps of information I may get from time to time, verbally, when persons call at the Department and make representations concerning roads; the notes of the Inspector are recorded in the Department, but not in my book.

Q. Where an appropriation is made for a particular road, is the vote of the House followed closely?

A. As closely as practicable; as far as I know, the appropriation is all expended for the purpose indicated in the vote; by saying “as far as practicable,” I mean that the amount to be expended in a particular place is not known until the Inspector passes over in the spring and makes a minute examination of the work proposed. The classes of roads to which colonization aid is given are roads leading to new settlements, which require improving, and in cases where the settlers are too poor to construct main roads; the expenditure is not confined to main roads, but it is generally laid out on main roads; it is not usual to expend money in organized municipalities where there is a council, but money is expended in them; speaking within my recollection, I am not prepared to say how much has been expended in organized municipalities—I do not refer to townships; I do not remember any expenditure made within the limits of such municipalities from the Colonization Roads Fund; as a matter of fact, I do not know of any such expenditure within the town of Pembroke; Mr. Aylesworth, Inspector, overlooks the expenditure down there.

Q. Would it be proper that such expenditure should take place according to the system pursued in the Department?

A. I am scarcely prepared to answer that question; I suppose it would depend upon the necessity of the people surrounding, if they required a road leading into a town, and the town was too poor to construct a road; that case would scarcely apply to Pembroke; there is a main road called Pembroke and Mattawa, which passes through Pembroke town, and money has been expended on that—when, I don't know.

Q. When the appropriation is made and funds provided, what is the course pursued regarding the disposition of those?

A. Overseers are appointed to see that the work is properly carried out; they are selected generally from the settlement, but not always, because, when we get good men, we use them as much as possible; I suppose it is thought desirable the settlers in the locality should be employed as much as possible; as far as I know, the work is given without distinction as to politics; I have no personal knowledge of that, however; the overseers are instructed to see the Inspector, who lays out the work; overseers are paid from \$2 to \$3.50 per day; during the progress of the work the Inspector goes over it at least once, and reports; he goes over it again in the end, and reports finally; the overseers are paid, in some cases, directly from the Department; in others, the money is sent to some reliable person, who sees to its distribution; the overseer keeps a record of the time the men are employed in connection with each work, and forwards it to the Department; there is a pay-list signed and sworn to by the overseer.

To Mr. Monk.—An overseer is sometimes appointed over all the roads in a township; the money to be distributed is sent sometimes to a member, if it is near his locality, sometimes to the Inspector.

MR. MEREDITH.—Here is one of the pay-lists. I do not see any declaration attached.

Witness.—No.

MR. MEREDITH.—Then the overseer is responsible for the time and the men, and upon his affidavit payment is made?

Witness.—Yes. With regard to the supplies—provisions, etc.—that is a matter of arrangement; sometimes the Department furnishes supplies; sometimes the men board themselves in the vicinity of the works; the Department has no depot for supplies, they are sent from the most convenient point; when supplies are purchased in the neighbourhood, they are purchased by the overseer; I do not know whether he is instructed as to that or left to his own discretion; after the completion of the work, the supplies, tools, etc., are either sold or stored; they are more frequently sold by the overseer at auction; the records of such sales will be found with the accounts.

Q. Here is an account of \$25.45, goods supplied William Durrell by Messrs. T. & W. Murray in 1881. Is not Mr. Thomas Murray a member of the House?

A. Yes; there are no instructions given either to purchase or not to purchase from members; I dare say there are others in Pembroke who deal in the class of goods mentioned in the account, but Murray's is the largest firm.

Q. Are these pay-sheets (produced) made out in a very business-like way? Is it proper that the receipts for payments made to workmen are signed apparently by the overseer?

A. No, but these things occur occasionally; the sheets are not always made out in a business-like way.

To Mr. Ross.—We do not get vouchers other than the pay-sheet for wages, etc., but we get vouchers for all other expenditure, however small.

To Mr. Meredith.—It is my duty to inspect these documents before any payment is made by the Department; I do not think that, in this case, my attention was called to the informality in the way of vouching for these items; the Inspector is instructed, when he visits a work, to look over the accounts; I don't think he has done that since I entered the Department; the overseers enter into bonds to account for moneys and stores; the money for pay-lists is sometimes sent to the overseers, sometimes not, because the overseers are often a long way from a post-office; I have sometimes taken money to men myself when going out; during my time a good deal of money has been consigned to Mr. Thomas Murray; in some cases Mr. Deroche has received the money; I do not think any was ever sent to Mr. Bonfield; the payments through members were in sums ranging from \$300 to \$600; money is sometimes sent to members at their own request; money was sent to Mr. Murray for this reason.

Q. Why not send these moneys to the officials employed for the purpose, and who give security that they will be properly applied?

A. I suppose the other way is more convenient; these men are miles away from a post-office at their work.

Q. What is the practice as to the member accounting for the moneys received by him?

A. We get receipts for all moneys sent; the affidavit is only made on the final account.

Q. Do you not rely on the good faith of the member and the receipt of the party receiving the money?

A. Yes, largely, and upon the report shewing that the money has been rightly applied; when money is sent to a member we get the final account and the declaration of the overseer just the same.

Q. Do you not think it would be better to send the money to some independent person?

A. Well, one generally has more confidence in a representative man; I think there was only one case in Mr. Murray's district last year where the money was sent direct to the overseer; there was about \$6,000 voted to that section last year; from the accounts I know that stores were purchased from Mr. Murray's establishment; I dare say most of them were; I did not know that it was a breach of the Independence of Parliament Act for a member to supply goods to the Department; I think the Commissioner knew what was being done.

Q. And gave no instructions for its discontinuance?

A. No. I cannot remember how much money was sent to Mr. Deroche; I think no money was consigned to Mr. Miller; I do not think any money was sent to any person other than an overseer or a member this year; I believe it has been done.

Q. What is the course pursued regarding the annual vote of \$20,000 for short roads?

A. It is an appropriation made to supply short roads that have been petitioned for, and which cannot be put in the Estimates because there is not time to examine these works, and see where the money is to be expended; we have applications for all the money under the grant; the largest share of the grant was expended last year in Parry Sound District; very little of it was spent in the Renfrew District; after the vote is passed, an examination is made, and the money spent in those places where the need is most pressing.

Hon. Mr. HARDY.—When money goes into the hands of a member, it is for the purpose of being paid over to the overseer—for the convenience of the Department?

A. Yes.

Q. Or for the convenience of the overseer, who may be away from the place at the time?

A. Yes.

Q. Then, upon a member paying an overseer, he takes a receipt from the overseer, and the overseer makes a sworn return as to what became of the money?

A. Yes.

Q. The Pembroke and Mattawa Road, upon which money was expended, is a long road running through and beyond Pembroke?

A. Oh, yes, it goes beyond the town; I could not say if the Crown has any lands in Pembroke; I have been in the Department since January, 1881; I cannot speak as to the old practice; my work was chiefly in the west and north-west; I cannot speak as to the practice of sending money to persons other than overseers or Members; it has been done, but I could not say to what extent.

Q. As to the pay-sheet signed by William Durrell. You cannot say that the initials opposite the men's names—"W. D."—mean William Durrell?

A. No.

To Mr. Monk.—It is the custom, before the work is finally taken from the overseer, to have it inspected; the overseer makes a return—sometimes monthly—of the work done and the money required; when he pays the men he obtains their signature.

To Mr. Ross.—It would not, I think, be practicable to have the time kept by one man and the money paid by another; there would be much more expense.

Substantially correct.

HENRY SMITH.

This concluded Mr. Smith's examination.

“B.”

Mr. CASHMAN, sworn, examined by Mr. MEREDITH:—

I am employed in the Department of Crown Lands; my business is to examine accounts and certify to them; I also look after the sending of supplies; it would be my duty to point out anything unusual in accounts.

Q. With regard to this pay-list (Pembroke and Osceola Road, No. 2), is it usual to permit accounts like that to be paid without examination or explanation?

A. No; we consider on the whole that when they make affidavit it is all right; I look upon them all, perhaps, as not so strictly correct as they might be, but we have to make allowances for overseers; we cannot overcome the manner in which the pay-sheets are receipted; we frequently make enquiries about such accounts; I cannot say that I made any about this particular one; I did not call the attention of my superior officer to it; the name signed to pay-list, Pembroke and Alice Road, No. 2, is that of the overseer, John Barrand; I do not know that he has anything to do with Mr. Murray.

Q. How do you account for some labourers on this sheet receiving \$1.10, and others \$1.20 and \$1.50?

A. The man receiving \$1.50 may be a handy man or a carpenter; the instructions are to pay the lowest wages that men can be got for in the locality; I do not know who Mr. Bourke is; about that time men had to be paid a little more, owing to the progress of railway work in that section; the Pembroke and Alice Road is very likely close to Pembroke.

Q. Here are men on this pay-list, ending the 30th July, receiving, with three exceptions, \$1 per day, and teams at the regular rate; was no enquiry made why these larger sums were paid?

A. No, because the overseer is expected to get men at the lowest possible wages; no, I do not enquire when I find anything unusual; the Inspector is supposed to know about it; speaking from memory, the amount expended last year on Colonization Roads in North Renfrew was about \$6,000 (six thousand dollars); I could not just say, but I think something over five thousand dollars was sent through Mr. Murray; there was only one sum sent to an overseer; there were no supplies sent to the Renfrew District last year; the men were allowed so much a day for board; some Germans got but fifty cents per day, because we boarded them; I think Mr. Murray suggested that we should send no supplies, that it would be cheaper for the men to board themselves.

Mr. HARDY.—Where, in these accounts, men are paid \$1.20 and \$1.50, I suppose it would be in cases when the men boarded themselves?

A. Yes.

Q. I see there is in this pay-sheet but one item of \$1.50—that would be, perhaps, for a foreman?

A. The average price is \$1.10; a man that can hew is paid more.

To Mr. Meredith.—I do not think these men at \$1.50 are foremen.

Q. I understand then that if men are paid higher than usual the account is passed without inquiry?

A. Well, if there were any extraordinary charges there would be inquiry.

Q. Can you name me a case in which inquiry was made last year?

A. No, but it is the custom to pay more to "handy" men.

To Mr. Lauder.—I could not say whether we made any such inquiries last year.

Mr. HARDY.—That is left to the overseer and Inspector, I understand?

A. Yes, largely.

Q. In sending cash to an overseer through a Member is it sent in a sealed package to the overseer, addressed in care of the Member?

A. It is addressed to the overseer in care of the Member; for instance, we would write to Mr. Murray, telling him that such and such amounts were enclosed for such and such overseers and roads, as requested; sometimes the money is sent to the Member when they ask for it; when they don't we send a cheque payable to the order of the overseer; we have sent money to places without a bank; we have sent both cheques and cash to Mr. Murray.

TREASURER'S OFFICE,
February 23rd.

Examination of Mr. CASHMAN continued by Mr. MEREDITH; accounts (portion of) with reference to North Renfrew produced.

Q. Have you had any discussion with Mr. Murray since your examination yesterday?

A. Mr. Murray was in the office about five minutes this morning; he was not talking about my evidence yesterday; he was talking about Colonization Roads; he remarked also about moneys sent to him by the Department; I have not since ascertained who John Bourke is.

Q. Here is an account of T. & W. Murray's for \$15.08, goods supplied for colonization work on the Pembroke and Alice Road—was that paid?

A. Yes.

Q. Here is a voucher for a payment made to John Carr, signed "John Carr, per J. B."—is that a proper voucher?

A. As long as it is signed by the overseer I do not see anything wrong about it.

Q. Is that the custom in the Department?

A. It is not exactly; of course this man Carr should have signed; I passed it in that shape because I considered that "J. B." was a clerk in his employ and authorized to sign for him; Carr was paid for team work.

Q. According to your view, then, it is proper that sums of \$110, like this paid to Carr, should be paid without the signature of the person who received the money?

A. Well, yes, I would say so.

Q. Why?

A. Because it is signed by "J. B.," who, it is presumed, is in his employment.

Q. Did you never observe that all the accounts over the signature of Barrand, the overseer, are in the same handwriting?

A. They are not all.

Q. Shew me one that is not?

A. Perhaps I could not do so just now ; I find, from Barrand's signature, that he is evidently not an educated man ; it is the rule in the Department to require, in addition to the receipt from the overseer, a receipt from the person receiving the money ; I consider that a receipt where a man puts his initials to it.

Q. Who are these supplies, to the value of \$110.72, bought from, for the Pembroke and Alice Road ?

A. From T. & W. Murray (account produced, dated Pembroke, October 19th, 1880).

Q. Did it not strike you that it was peculiar to have Murray's accounts signed by the same "J. B." as Carr's account ?

(No answer given.)

Q. I see that, in the pay-sheet ending 7th October, John Copeland signs for \$61.50, "per J. Bourke," and that Wm. McCacheron signs in like manner—is there any mark to shew that these men cannot write ?

A. No.

Q. Did the Province pay for the right of way over this Pembroke and Alice Road through the first concession of Stafford ?

A. That was an exceptional case ; \$204 was paid to the owner of the land which was then deeded to the municipality ; originally \$1,500 was appropriated to build a bridge across the Indian River between the 10th and 12th concessions ; after the Superintendent had made the plans he found that nothing less than \$3,000 would make a bridge, on account of the deep cutting on one side ; he suggested to the Inspector to see if another location could be got ; the Inspector recommended that the bridge be abandoned and this road built ; in doing this the right of way had to be purchased ; it was built for the appropriation, or a few dollars less, while the bridge would have cost double the amount ; we put a fence on each side of the road, costing \$175, because that was the understanding with the party from whom the right of way was purchased.

To Mr. Hardy.—I am not aware that part of the Pembroke and Alice Road ran through Pembroke ; it connected with a road in the town.

Mr. MEREDITH.—Here is another account of T. & W. Murray's for \$16.50—did that come in the usual way ?

A. That account is for implements.

Q. Here is an item :—"John Copeland, \$72 ;" is he a brother-in-law of Mr. Murray ?

A. I don't know.

Q. This is another account of \$99.72, T. & W. Murray, for supplies on the Pembroke and Mattawa Road ?

A. Yes. (Account dated 19th October, 1880.)

Q. Here is another account of John J. Copeland, "per J. Bourke,"—is it a usual thing to pay these moneys without the voucher of the recipient himself ?

A. We consider receipts signed in that way as vouchers, so long as the overseer swears to the total amount in the pay-sheet ; we cannot be so punctilious about every item ; there is a column in the pay-sheets for a cross when the man receiving the money is a "marksman ;" this account (produced, dated 3rd November, 1881) of T. & W. Murray's, \$21.25, is for implements.

Q. I see on this pay-list, Michael Sheedi, overseer, (produced,) the sums \$65 and \$77.50, opposite the names Daniel and James Sheedi, and the overseer appears to have drawn these two amounts and signed for them—was any inquiry made as to that ?

A. No, not particularly ; there is no mark to shew that they cannot write ; it is not regular ; we have a report from the Inspector when the work is done ; he is supposed to see the final account ; there is nothing on those sheets to shew that he has seen them.

Q. Is this another account of T. & W. Murray's for \$30.14 ?

A. Yes ; the letter produced, dated December 20th, 1880, is from Mr. Murray to the Department ; when he undertakes the payment of money, "whether by pay-list or contract," he writes for the overseer.

Q. Does that letter not indicate that Mr. Murray was regulating how this work was being done ?

A. As Members they sometimes take an interest in these things, and they write for the overseer.

(Letter from Mr. Murray to the Department, marked "Private," produced.)

Witness continued :—It is the duty of the Inspector to superintend this work ; judging from the reports of Inspector Aylesworth he was in this locality in the year this expenditure took place.

Q. Here is another account (dated October 20th, 1880) from T. & W. Murray, relative to the Pembroke and Algona Road, \$16.56—what is the price of the best axes ?

A. We pay in Toronto from \$8 to \$10 and \$11 per dozen ; I could not say just now what Mr. Murray charged.

Q. Here is an account of Murrays & Tuffy for supplies from Cobden—who are they ?

A. I presume a branch store of Messrs. T. & W. Murray's ; I could not just say what we were paying for pork and flour in 1880 ; I think \$13.75 was the contract for pork, but towards the end of the season it usually goes up ; when work in a particular locality is through finally we sell the stores, etc. ; if it is a road continued from year to year we do not sell them ; I do not know where the men who board themselves purchase their goods ; where the men who boarded themselves worked was, I suppose, in the immediate vicinity of where they lived.

Mr. HARDY.—Do you interfere with the pay-sheets when they returned by the overseers not properly vouched ?

A. Yes, we have frequently ; but invariably we have found, although there were irregularities, that things were all right.

Q. If a labourer requested the overseer to pay his money to anybody else would he do that ?

A. I think he would.

Q. If he wished the overseer to pay his money to anyone in the village he had been dealing with, would he do that ?

A. I think he would ; also, if an order was given it would be accepted ; in any of these cases I cannot say whether this was done or not ; we trust to the oath of the overseer.

Q. I suppose you have found cases where men have left the works before the money arrived ?

A. Yes, where we have made inquiries we have found that to be the case ; in the particular cases of the Sheedis we have not inquired as to whether Daniel and James were sons or near relatives of the overseer, Michael Sheedi ; Sheedi had charge for one year only.

Q. Some of those roads you say are through a country more or less settled ?

A. We judge from their proximity to Pembroke ; I have never been there ; I did not say it was a well-settled country, but that the works were in near enough vicinity to Pembroke to enable the men to board themselves.

To Mr. Lauder.—On occasions when Mr. Murray came to the city he was in the office frequently talking to me ; letters concerning Colonization Roads would be addressed to the Assistant Commissioner ; they are registered and distributed to the various branches ; the Superintendent gets the Colonization Road accounts ; I was aware when Mr. Murray was at the Department getting the money ; a requisition for the money is drawn by the Superintendent and the Assistant Commissioner who issues a cheque ; cheques are drawn

payable to overseer or to bearer ; we did not trust Mr. Murray any the more for being a Member of the House ; we look to Members in a measure to see that good, reliable men are employed as overseers.

To Mr. Ferris.—The Inspector is supposed to visit all these works and forward interim reports upon which moneys are advanced, a certain amount being retained until the final report is received.

Q. A workman might sell his time to the overseer, might he not ?

A. I suppose, but we don't know anything about that.

Q. If a man wanted to go away he would not be supposed to wait until the next pay-sheet came down ?

A. The overseer is supposed to have a little cash on hand and he would pay them ; sometimes he gives an order on the small shops.

Mr. HARDY.—I presume the overseer frequently pays a man some small sum in advance, and then he would be entitled to retain so much out of their pay when it came from Toronto ?

A. Yes.

To Mr. Meredith.—I have a son in business in Bracebridge, Muskoka ; I never bought supplies from him ; in fact, I arranged that he should not sell even to overseers.

TREASURER'S OFFICE,
February 24th.

Examination of Mr. CASHMAN resumed by Mr. MEREDITH :—I have not brought the statement in detail of the moneys paid *re* Renfrew and Addington Colonization Roads for want of time in which to make it out ; I have brought a number of accounts of 1880 ; R. H. Ramsay furnished supplies to the Department—pork, beans, dried apples, etc. ; I purchased them at the market price ; Mr. Ramsay is a general dealer in provisions ; I had instructions to purchase from him at market prices ; I inquired of Wm. Ryan as to what the market prices were ; he is the same Ryan who furnished \$5,000 worth of supplies of a similar kind ; I did not inquire of Mr. Ramsay in order to check Ryan ; Ryan's supplies were furnished chiefly under contract ; I also studied the market reports in the daily papers ; these supplies were all purchased for Colonization Roads and are all supposed to be of the same quality ; I did not buy from both Ryan and Ramsay at the same time ; Ryan has had the contract for certain quantities for the past two years ; sometimes after the contract expires we have to purchase more ; there was a written contract with Mr. Ryan (produced) ; it is for supplies for the year 1880 ; we make but one such contract in the year.

Q. How is it that in the one year different prices were paid for the same class of goods ?

A. The market fluctuates ; we have to pay the market price after the contract expires ; I could not say how many tenders were received for this contract ; Mr. Ryan's tender was, for pork \$13.75 per barrel, and for flour, \$4.85 per barrel ; Mr. Ramsay's tender was, for pork, \$13.50 per barrel, and for flour, \$5.75 per barrel ; Mr. Ryan's tender was accepted because it was, on the whole, the cheaper ; whether it would have been better to have accepted the one tender for pork and the other for flour is a question for the Commissioner ; I could not tell whether any effort was made to get Mr. Ramsay to deliver the pork and Mr. Ryan the flour ; I could not tell why, after Mr. Ryan's contract expired, we did not buy pork from Ramsay ; I think there would be about 50 barrels of flour purchased after the contract expired ; I bought blankets that year from Hughes Bros., and from McKeown, both of Toronto ; I do not know just how many were ordered ; we did not know how many might be used, and we ordered them to be shipped to the several overseers as they were required ; we might afterwards supplement the original order ; we do not always buy the

same quality of blankets; it is an unseasonable time of the year at which we buy, and cannot always get a sufficient number of one kind; we buy in the spring; I suppose it would be more advantageous to buy in the fall; last spring they rose in value about ten per cent.

Q. How came you to buy blankets at \$4.30, \$4.50 and at \$4.30?

A. According to the weight; we could not get all at \$4.30 at the houses we bought from; we purchased in the neighborhood of 400 pairs; I tried the houses of John Macdonald & Co., Gordon & MacKay, McMaster's, and Boyce & McMurrich; we buy principally blankets by the pound; we get dealers to put them in at an average of what they would cost by the pair; those at 55 cents a pound would cost \$4.62½ per pair; we sometimes, for the sake of convenience, get them put in by the pair; as a rule I will weigh one of a line to test it; we have to trust to the dealer some.

Q. You bought some blankets at \$4.30 from Petley & Co., why not all from them?

A. I think they did not have them; we bought from McKeown because he sold 2½ cents per pound cheaper; also because he had the quantities on hand; the average we paid McKeown was, I think, \$4.67½ per pair on the average; I don't think we bought from any one else that year (1880); the hardware sent to Bracebridge is not purchased there because we buy it at wholesale rates in Toronto; P. Nolan is a Toronto dealer in stoves, tinware, etc., retail; there are from nineteen to twenty-three stoves purchased in a year; I was not instructed to go to Nolan; I did try a manufacturer—Gurney—but he would not take such a small order; at the end of the season the stoves are generally sold at very good prices to the settlers; I do not know of any cases where supplies were sold for less than half their cost, except it might be in the case of old blankets; we ceased delivering supplies under the Ryan contract in June or July, I could not say which.

Q. How is it that on the 31st of July, 1880, Ramsay, who had tendered at \$13.50 for pork, was receiving \$17.00 for that article?

A. We had to pay the market price when the contract expired, and the price had gone up.

Q. Will you swear that at the time the contract had been filled, viz.: on the 31st of July?

A. I will say there was no pork bought from Ramsay until the 200 barrels contracted for had been exhausted.

Q. I see again on the 11th August, \$17.00 were paid for pork and \$6.25 for flour?

A. I think these things were higher still before the end of the season; I could not say the total amount of pork and flour which was consumed in the entire season of 1880; that was the time that settlers were supplied with seed, and overseers were sent out and supplies for the opening of a couple of roads.

Mr. HARDY.—Instead of sending out goods free, work was furnished and supplies sent out, which accounts for this purchase from Ramsay?

A. Yes.

To Mr. Long.—I did not inspect every item on the groceries invoice; I sample a particular grade of tea and order that line to be shipped; I do not inspect each shipment; I order many things by brands; I do not inspect flour; there is a flour inspector in town; it would be inconvenient to buy flour in Collingwood, as we have to ship five or six barrels to Tom, Dick, and Harry in every part of the country; it would complicate matters to have so many different accounts; there are instances where it might be cheaper, but we have to deal on the whole.

To Mr. Ferris.—I could not say whether flour could be bought cheaper in the city than in the country places.

To Mr. Merrick.—I cannot say, but I think all Ryan's accounts are here.

To Mr. Gibson.—I think Ryan would not have delivered one portion of the tender alone.

To Mr. Lauder.—There are in Toronto dealers in pork alone.

Q. Are there not men dealing in flour exclusively, who would tender as low for flour as if pork was coupled with it?

A. There possibly may be, I think there are.

Q. To get a low tender it is not necessary to get a tender from men who deal in both?

A. I did not say it was.

To Mr. Ross.—As a matter of convenience it would be, I think, much better for one man to ship with one invoice both flour and pork.

To Mr. Ferris.—This contract was awarded by public tender.

Q. You say this tender was *en bloc*?

A. We understand that both items go together, but that is for the Commissioner to say; my impression is that Ryan refused to supply one alone.

Q. Was it one reason for getting both items from one man that cartage and freight might be saved?

A. It would be cheaper in point of cartage.

To Mr. Lauder. Mr. Robert Jaffray, Toronto, has been furnishing groceries for some four years; Ryan and Ramsay for two years, I think; we have no contract with Jaffray; the way I fix the prices with him is by going to his store and selecting certain brands and lines, order from these for the season; that is at the beginning of the season; I afterwards order by sending up requisitions from the office with instructions to ship the goods; I would not see them before they were shipped; we forward a duplicate invoice to the person receiving those goods, and he checks them.

Q. You have no check on the quality of these goods except the honesty of the dealer?

A. No, except that if the goods are not good we are very sure to find it out from the overseer.

Mr. HARDY.—But if the dealer changes the line he is, I understand, to notify or consult you?

A. Yes; if they are not right they are even instructed to send them back; we have had pork returned; there was never any tea or syrup returned.

Mr. MEREDITH.—Having in previous years experienced difficulty in combining two classes of goods in one tender, do you not think it would be better to adopt the plan of asking for separate tenders?

A. It would appear to be, but although it came up in 1874, I could not say anything further about it.

To Mr. Long.—I keep no samples of tea or other groceries in the office; at the time we want to buy I keep myself posted in quotations.

Q. When you pay seventy-five cents a dozen for Twin Bros.' Yeast, do you think that is right?

A. Well, I don't know.

Q. If it was $33\frac{1}{2}$ more than the market price, do you not think it would be well to look into it?

A. Yes; I do not say that when I make the prices for groceries at the beginning of the season I follow the quotations of all those small items; I do not profess to be a skilled expert, but sufficient to keep away jobbing.

Q. Take Young Hyson tea for example, invoiced at forty cents a pound—unless you were an expert you could not tell whether it was worth twenty cents or forty?

A. That is true.

Q. How do you arrive at an estimate of the value of teas?

A. I go around to a few houses and procure samples and prices.

Mr. HARDY.—You choose a certain line of teas for the season, I understand?

A. I buy from a line that I decide is best for my purposes.

Q. And the understanding is that he reserves that line for you?

A. Yes; we cannot tell exactly how many chests of tea we will want; the principal part of the supplies will be got between the first of June and the middle of July.

Mr. MEREDITH.—Do you have a uniform price for the season for what you purchase from Mr. Jaffray?

A. Principally in the matter of teas we have, and syrups, too; with these two exceptions he charges current prices.

Q. How is it, then, he charges in this account fifty-five cents in one place and fifty-seven cents in another for syrup in the same season?

A. Well, it might possibly be that that line of syrup would be out.

Mr. HARDY.—And if a new line was opened, Mr. Jaffray would notify you?

A. Yes.

Mr. MEREDITH.—Were you notified in this case?

A. I don't remember; but if the line was changed, I must have been.

Q. Do you keep a memo. of your prices with Mr. Jaffray?

A. I do not know that I make a memo. of all the prices; I make a memo. on a small piece of paper in my hand at the time, and keep it until the first invoice comes in, when I compare them.

Q. What do you do with those memos. then?

A. I throw them into the waste-basket.

Q. Where is your memo. for 1880?

A. In the waste-basket.

Q. And for last year?

A. In the waste-basket, too.

To Mr. *Lauder*.—I have been in the Department since 1872; for a few months prior to that I was an extra clerk at two dollars a day; that was probably for something over a year; then I was moved from the Lands Branch into the Colonization Roads Branch; I received a salary of \$1,000 a year; I am getting that now; before, I sometimes travelled for the firm of James Stock; immediately prior to my appointment I was engaged in winding up the estate of the late James Stock; I buy most all the supplies for Colonization Roads; I report with reference to them to the Commissioner if he asks me; I have reported to him; I could not say if I reported in 1880; I could not say if I reported in 1881.

Q. Then you have had sole control for the last two years?

A. I bought most of the supplies outside of those contracted for.

Q. You look over the shipping-lists, check the prices, and order the payments?

A. Well, I don't order the payments to be made; I pass the account on to the Assistant Commissioner.

Q. And he does not question the correctness of the prices?

A. No.

Q. Has any fault been found with you in the discharge of your duties?

A. I am not aware of any.

Q. So you have the sole charge of the affair?

A. Well, I do not know what you mean by sole charge of the affair.

Q. I mean that the Commissioner or the Assistant Commissioner or the Superintendent do not come to you and look over your books and say: "Well, Mr. Cashman, what are you paying for goods, and what kind of goods are you getting?"

A. No, they do not.

Q. Has there been any inquiry during the last two years?

A. I do not know of any particular inquiry during the last two years; there might have been regarding accounts; I would not say there was not any inquiry; I think I would remember if there had been.

Hon. Mr. Wood.—Are you not under the Superintendent of Colonization Roads, and do you not occupy the same office?

A. Yes.

Q. Does the Superintendent know from whom you buy?

A. He knows everything about it.

Q. These matters come up frequently in conversation?

A. Yes.

Q. He knows the kinds of goods purchased and the prices paid?

A. Oh, yes.

Q. The Commissioner and the Assistant Commissioner know from whom you are buying?

A. Yes.

Q. Are your instructions to pay the lowest market price for goods?

A. Yes.

Mr. Ferris.—I suppose the parties to whom the goods are sent are, to a certain extent, a check on you?

A. Certainly, because they are concerned in getting good supplies.

Q. And the overseers are interested in knowing they get every pound?

A. Yes, because it is charged against them.

Q. If they think anything is faulty they remonstrate with you?

A. Yes.

Mr. Meredith.—Those overseers are merely employed temporarily—they are not permanent officials?

A. They are not known as permanent officers, although we have some that have been in the employ of the Department for some years.

Q. As a rule, they are employed from year to year?

A. Yes.

Q. And new men may be on one year and off the next?

A. Yes.

Q. As a rule, how is it?

A. As a rule, if an overseer begins on a road one year, he is left on it if competent.

January 10th	Black Creek Bridge.....	Thos. Jackson	275 60	Official cheque to Thos. Jackson or bearer, cashed at Bank of Commerce here, and money enclosed in sealed envelope addressed in pencil to Thos. Jackson and mailed to Mr. Murray, Pembroke.

Mr. MEREDITH.—I see sometimes money was sent by official cheque, “payable to John Barrand or order,” and in other cases it is “payable to John Barrand or bearer.” How is that?

A. In some cases the cheque was cashed and the money forwarded to the overseer.

Q. Where does Mr. Barrand live?

A. Somewhere in the neighbourhood of Pembroke, I think.

Q. Does he not live in Pembroke?

A. I do not know where he lives.

Q. Why in one case was the amount sent by cheque, and in the other the cheque cashed and the money sent?

A. Well, we sent most of the money to the overseers in cash because of the difficulty in the country of getting cheques cashed.

Q. Why was money for Barrand sent to Mr. Murray?

A. It would be because there was a letter to that effect.

Q. What reason would there be for departing from the usual custom of the Department?

A. I could not say; it would be in deference to a letter either from Mr. Barrand or Mr. Murray.

Q. Is this a correct statement of what it purports to be?

A. That is a correct statement; I prepared the details, and it has been made out from that.

Q. In some cases you speak of the official cheque payable to the order of Mr. Barrand being sent to Mr. Murray, while in other cases it was sent direct to the overseer—in other cases cheques have been cashed here and the money sent to Mr. Murray, sometimes, it is said, in sealed envelopes, addressed to the overseer. Where do you find a record in the Department that it was sent in that way?

A. I know from the practice; there is no record in just those words; there is a record in the correspondence shewing that so much money was enclosed; in all cases where it is so stated in the statement, I know it was enclosed; money was paid to Mr. Murray in the office of the Crown Lands by the authority of either the Commissioner or the Assistant Commissioner; the cashing of an official cheque to John Dooner at Bank of Commerce here for \$200, and the payment of the proceeds to Mr. Murray at the office of the Crown Lands Department on the 14th of June, 1881, was done on the authority of the Assistant Commissioner; I have a recollection of that.

Q. What reason was there for departing from the usual custom, and paying this money to Mr. Murray at the office here?

A. I don't know of any reason.

Q. Do the same remarks apply to the similar payment on September 8th?

A. Yes.

Q. On June 14th, 1881, an official cheque in favour of J. Dwyre, or bearer, was cashed at the bank here, and the money with receipt handed to Mr. Murray in the office?

A. Yes.

Q. On the 8th September, 1881, the proceeds of a cheque to William Durrill, or bearer, was handed to Mr. Murray in the office?

A. Yes.

Q. What reason was there for mailing a cheque to the order of William Durrill on the 24th October, 1881, to Mr. Murray at Pembroke?

A. We either received a letter to that effect from the overseer or Murray, or we did not know the overseer's post-office.

Q. Would it not have been easy to have ascertained from Mr. Murray the name of the post-office?

A. We generally have the names of the post-offices, but not always of the works.

Q. Could the name of the post-office have been got from Mr. Murray when he was here on the 14th June?

A. Oh, yes, if he was going down; my impression is he was here on business, and brought a list with him of those to whom money was to be sent.

Q. Where you sent money to an overseer, you had his bonds for the proper application of it?

A. Yes.

Q. The Department think it necessary to have security for the proper application of money?

A. Yes.

[Two letters of date December 31st, 1880, from Mr. Murray to the Department, produced and read.]

Q. I see you drew attention to the similarity of the signatures?

A. I generally do draw attention to any irregularities.

Q. Although in some cases, there being a column for marksmen, the vouchers were signed by the overseer?

A. That is possible.

Q. Was the contract referred to in those letters ever sent to you?

A. I could not say at present.

[Accounts for South Renfrew and Addington produced, those with reference to Renfrew being examined first.]

Q. I see in pay-sheet for McNabb Road, ending October 7th, 1881, that there are no receipt signatures for two items of \$13.50 and \$2.50. How do you account for that?

A. I cannot account for it without going over all the accounts.

Q. Do you mean to say that you will pay money on a pay-list where there is no receipt for portions of it?

A. Not always, but in some cases; I examined the pay-sheet and observed that there were two receipts unsigned; I could not say just now whether I made any inquiries of the overseer about it; it would not be thought regular.

Q. Here is a pay-sheet ending Oct. 25, 1881, Peterson Road, Bernard Malone, overseer, for \$352.24, without any receipt at all; can you explain that?

A. Even the overseer himself cannot sign his name in this case; I cannot say just now in regard to this omission, but I am satisfied that these accounts will, in every case, after being looked up, be found satisfactory.

Q. This pay-sheet (Oct. 25, 1881) contains the names of Bernard Malone, overseer, \$92; Patrick Malone, cook, \$28.52; Edward Malone, labourer, \$22.32; Philip Malone, \$6.20 (labourer); Joseph Malone, labourer, \$3.50; John Malone, labourer, \$10.50; is that so?

A. Yes.

Q. There appears to be \$138 paid to the overseer also, for a team and teamster?

A. Well, although the item follows Mr. Malone's name immediately, it does not follow that the amount was paid to him.

Q. Here is an account in which Bernard Malone, the overseer, gets \$138 for team work. Is it a regular thing to allow an overseer to employ his own teams?

A. I cannot see anything wrong about it.

Q. Here is an account from Bernard Malone, dated Brudenell, October 26, 1881, for \$36.75, in which he charges \$10 for clerking, keeping books, and stationery?

A. That item was not allowed; it was deducted.

Q. Where is the account showing the deduction?

A. It would take some time to get it; I will produce it to-morrow.

Q. Here is an account "Bernard Malone, road contractor, in account with the Crown Lands Department, \$213.62" (no date), without vouchers or receipts.

A. Oh, but there are other papers; here are some of the vouchers; the final account is evidently not here, but it will be somewhere about; the endorsement on the back of the packet is proof that the sworn account came in; I pledge my oath to that.

Q. Is this the account for \$213.62 mentioned on the back of the packet?

A. That you call an "account" is not an account, but a statement which did not come in with the other papers; I will bring the final account to-morrow, and explain these things satisfactorily.

Q. Let me understand again, whether the Crown Lands Department recognize it as a proper thing for an overseer to employ his own teams and men?

A. No; I think that is not a recognized rule; sometimes, however, we cannot help that; sometimes there are no other teams to be got.

Q. Here is a pay-sheet ending the 9th July, 1881, on the Mount St. Patrick road, Mortimer Kinnelli, overseer, in which the item "Mortimer Kinnelli, for team, waggon and plough, \$42," occurs.

A. Yes.

Q. Then, in the same pay-list there are the following items: John Kinnelli, sr., labourer, \$6.82; John Kinnelli, jr., labourer, \$7.44; Joseph Kinnelli, labourer, \$6.96; Henry Kinnelli, labourer, \$7.44, and M. Kinnelli, cook, \$7.44. Is that not so?

A. Evidently.

Q. Then here is another pay-sheet on the same road, ending Nov. 11, 1881, in which the following items, amongst others, occur: John Kinnelli, labourer, \$10.20; M. Kinnelli, cook, \$29.75; Hy. Kinnelli, with team, \$3; Mortimer Kinnelli, with team, waggon and plough, \$111. Is that what appears?

A. Yes.

Q. It would appear that besides receiving two dollars a day, the overseer got three-dollars for a team?

A. No, he furnished a teamster for that.

Q. Did Mr. Mortimer Kinnelli, in addition to furnishing a waggon, team and plough, furnish also a man?

A. I will say he was bound to do it.

Q. Will you pledge your oath that Mortimer Kinnelli did not receive two dollars a day, and also this three dollars, without furnishing any teamster at all?

A. That would not be the intention of the Department.

Q. Then Mortimer Kinnelli received \$250, and others of the same name received \$333.05. Did that not call for some inquiries from the Department?

A. I may have inquired, but I could not say just now.

To Mr. Hardy.—There are others, of course, on these pay-sheets besides the Kinnellis.

Mr. MEREDITH.—Is it reasonable that this party should have used three barrels of pork and three of flour during the three weeks they were employed?

A. If they had work which would cost \$800 or \$1,000, we would send three barrels of pork and of flour, though sometimes they do not use all we send; in this case there may have been some over, which they would sell; in cases where there are no teams more men will be required, and more pork and flour will be used.

Q. Here is an account, "Bought from Mortimer Kinnelli, for butter, provisions and use of tools, \$30.30." Is that regular?

A. It may not be strictly regular.

To Mr. Hardy.—He furnishes the supplies, etc., charged to the men.

Mr. MEREDITH.—Here's an account in which the time of Mortimer Kinnelli, overseer, dates from the 24th June, while the time of the men on the pay-sheet dates from the 27th June.

A. It takes an overseer generally two or three days of his time before he can put his men on the work; the overseers are allowed two or three days before and after the opening and closing of the works, making up accounts, etc., for which, of course, he must get paid.

Q. According to the pay-sheet ending 25th Nov., 1881, on the Opeonga road, Edward Rodden, overseer, the workmen received \$88.86, and in the final account, dated 2nd December, 1881, for superintending and supplies, Mr. Rodden received \$309.88. Let us have the explanation?

A. It is chiefly for teaming; here are the vouchers for teaming work. [Vouchers examined, and found to show an expenditure of \$161.70 for teaming.]

WITNESS.—That amount should be added to this pay-sheet.

Mr. MEREDITH.—Here are vouchers again of the Roddens in which the following items appear: Patrick Rodden, July 13th, for teaming, \$39; Patrick Rodden, in August, for teaming, \$18; Patrick Rodden, September, \$97.50; Susan Rodden, as cook, and for butter, \$7.04. In the pay-sheet the name of John Rodden occurs as labourer for \$39.50, and Edwd. Rodden as overseer, \$100. Then, about this time you appear to have paid out \$499 for work on this section, of which only \$49 went outside of the Rodden family?

A. In this case the overseer took supplies from the Department at cost price, and furnished men for the work at one dollar a day and boarded them himself.

Q. Do you not think you should have had some explanation of that expenditure?

A. I cannot see why; there is a report on that expenditure, from the Inspector, on file in the office.

Q. Here is a pay-sheet on the Grattan road, where the time of the overseer commences on the same day as that of the men?

A. That may be, in his case.

TREASURER'S OFFICE,

March 1st.

The examination of Mr. Cashman was resumed by Mr. MEREDITH.

WITNESS.—I have here the voucher shewing the deduction of an item of \$10 for clerking in the account of the Peterson road, Bernard Malone, overseer.

Q. What amount did you send him?

A. Four hundred and ninety-six dollars and eighty-seven cents (\$496.87) in cash and supplies; his account should be \$506.87, from which deducting the \$10 for clerking not allowed, leaves the \$496.87.

WITNESS.—Then here is the missing final sworn account of Bernard Malone's, with reference to the pay-sheet not signed by any of the workmen, produced yesterday.

Mr. MEREDITH.—Your printed form requires an affidavit that "the above account is correct and true in all its particulars." Bernard Malone adds "to the best of my knowledge and belief." Did you observe that?

A. Well, it is evident he does not write ; I do not see that the words added either adds to or diminishes the strength of the oath ; seeing that the overseer was not a man of letters, I did not expect to find everything put into the accounts in proper shape, and although I have noticed these things, I have overlooked them. [Further papers *re* South Renfrew produced.]

Q. Here is a pay-list on the Hagarty and Brudenell road, Michael Prixe, overseer, amounting to \$229, in which there is Joseph Prixe, labourer, \$10 ; Frank Prixe, with team, \$78, and Adam Prixe, labourer and clerk, \$26, in all \$114, besides the overseer's wages paid to the same family. Do you think that desirable ?

A. I cannot see any objection to their being all of one name ; I cannot say they are all of one family ; if no other men can be had, I cannot see any difference.

To Mr. Young.—The Inspectors are supposed to go continually over the roads.

Mr. MEREDITH.—Can you say that an Inspector saw this particular road ?

A. I will say that he writes a report which shows that he was there—in the letter produced, from Michael Prixe to the Department, 25th August, 1881, where he speaks of supplies got from Mr. Bonfield, M.P.P., and that he is now returning. I do not know who underscored part of it.

Q. Was that not done in your office ?

A. No ; I will swear it was not.

[Mr. Lauder explained that he had underscored the letter in the Committee room.]

Q. What supplies were bought from Mr. Bonfield ?

A. None at all. These are goods, tools and implements stored with Mr. Bonfield by the Government the year before, for the roads in the neighbourhood ; they were left in store for the winter, and the overseer returns them again after using them a second year.

With reference to the pay-list on the McNabb road, Andrew Hamilton, overseer, in which two payments were not receipted, I find, on refreshing my memory, that this Andrew Hamilton was in the office on the 15th December, 1881, and handed me the whole of the papers in one bundle, remarking at the time that there were two he had paid and could not get their signatures, not having the pay-sheet with him ; when he got the pay-sheets they had left for the shanties.

Q. T. C. Hamilton received \$60 for teaming ; did you inquire about that ?

A. No ; nor about an item, M. Hamilton, cook, \$10.50.

[Accounts of 1880 produced.]

Q. What price do you pay your overseers ?

A. The ordinary rule is from \$2.50 to \$3.50 ; it depends upon what they have to expend ; for sums under \$800, we pay \$2 only ; from \$800 to \$2,000, \$2.50 ; \$2,000 and over, \$3.50 ; but there are exceptions to that.

[Accounts of Opeongo road, Whelan, overseer.]

Q. I see James Whelan received \$3.50 for his team, and Thomas Hagarty the same ?

A. That was the ruling price in that section of the country in 1880.

Q. Will you tell me what the amount of this pay-list [produced] is, exclusive of the amount to the overseer ?

A. It appears to be \$462.96 ; it is impossible for me to tell to whom \$232.20 for boarding the men was paid without reference to papers ; there is no voucher for it except what is on the face of the account.

Q. I see you overpaid one of these men on this job ; how much ?

A. He had been overpaid \$20.12.

To Mr. Hardy.—That was afterwards made right ?

A. Yes.

To Mr. Meredith.—I cannot say when just now, but I will find out for to-morrow.

To Mr. Hardy.—The men had been boarded in this case ; it is just the same as paying them in cash ; sometimes we find an overseer who either lets the men board themselves, or he charges so much and takes the supplies as cash, and boards them himself ; in the latter case there would be more down for labour than where we send supplies.

Q. Here is a pay-sheet on the Perrault settlement road, where ten men were employed. I see there was paid Alex. Le Blanc, \$10 ; Joseph Le Blanc, teamster, \$60 ; Isidore Le Blanc, \$40 ; and Fred. Le Blanc, cook and clerk, \$10 ; that is \$120 out of \$138.61 expended went to the Le Blanc family ; were supplies furnished for these men ?

A. From the figures I would assume that.

Q. Allow them \$3 a day for a team, and supply them as well ?

A. No ; that is not the case.

Q. There are three pay-sheets on this road ; here is a second for \$152.50, as follows : Alex. Le Blanc, \$10.75 ; Oliver Le Blanc, \$6.50 ; Fred. Le Blanc, \$10.15 ; Joseph Le Blanc, \$64.50 ; Isidore Le Blanc, \$48.

A. Yes ; there are two others on the sheet outside of the Le Blancs.

Q. We will take next a pay-sheet of Michael Gallagher, on the Eganville and Foy road, where there were fourteen men employed ; pay list, \$348. There are Edward Gallagher (J), \$3.25 ; Edward Gallagher (H), \$17 ; James Gallagher, \$1.75 ; Hugh Gallagher, \$12 ; Hugh Gallagher, general work, \$1 ; Edward Gallagher, \$164.50 ; and Michael Gallagher, boarding men, \$90 ; is that so ?

A. Yes.

Q. Out of this sheet, \$348, \$300 was paid to the Gallaghers ?

A. So it appears ; the total amount expended on this road was \$677.59.

Q. In addition, \$106 was received by the overseer ; how, under those circumstances, did you allow every one of the signatures for money to be in the same handwriting ?

A. It is an informality, no doubt ; we have to depend upon the overseers, more or less, so long as they swear to the correctness of the total expenditure ; it is impossible for us to hold uneducated men who are overseers to strict account for the form in which they send in their accounts.

Q. Where you find an overseer putting the bulk of the money into his own pocket and those of his family, do you not think greater safeguards are necessary ?

A. I do not know how you can avoid that ; there is an Inspector, who reports from time to time that the work is satisfactory.

Q. Here is an account from John Hawley, on the High Chute road ; \$500 was expended there ?

A. Yes ; John Hawley apparently got \$82, which is included in the \$500 ; according to the pay-sheet he also got \$36 for teaming and journeying.

To Mr. Hardy.—He got \$2 a day for overseeing.

Q. Here is a pay-sheet of Narcisse Bourdignon, overseer, ending July 30, out of which John Bourdignon got \$13 ; D. Bourdignon, \$9 ; D. Bourdignon, again, \$7.30 ; John Bourdignon, team and teamster, \$45 ; and Narcisse got besides, \$14 ?

A. Yes ; you will notice they are for two different seasons.

Q. Here is a pay sheet on the Bogot and Opeongo road, Michael Whelan, overseer ; how much did he receive ?

A. Forty-eight days at \$2 a day, evidently, \$96 ; he received during the same time for his team, \$144.

Q. How much did he receive for a man and team?

A. I have noted a query here, and called it error, opposite this item of \$3 for a man.

Q. The Whelans then received—Michael, \$144 for his team; Thomas, \$16.80; Daniel, 60 cents; James, \$1.20; and James, again, \$3?

A. Yes.

Q. Here is another pay-sheet on the same road (1 and 2); how many Whelans in that?

A. Five; the pay-sheet amounts to \$124.60.

Q. Here are accounts on the Grattan road (1 and 2); they appear to be in much better shape than the others?

A. When the overseer is anyway educated we have little difficulty.

Mr. GIBSON.—Don't you think you might utilize your Inspectors in assisting the overseers in making out their accounts?

A. The Inspector is supposed to have examined the accounts they have made up to the time of his visit; that is part of his instructions; the overseer does not know when he is coming, and we depend largely on him.

Mr. MEREDITH.—I will read from a pay-list on the Grattan road, of Michael Macdonald: Patrick Macdonald and team, \$24; Michael Macdonald, chore boy, \$8; Patrick and team, again, \$8; Michael, overseer, \$54; is that right?

A. Yes, evidently.

Q. Here is another sheet of \$189, in which are Michael Macdonald, overseer, \$60; Michael Macdonald, labourer, \$16; Patrick Macdonald, teamster, \$90; \$60 for superintending \$189 of work, is it not?

A. That would not be a fair way of putting it; there are other things to be taken into consideration.

Q. Here are two accounts on the Egansville and Foy road: John Dooner, overseer, \$202.60; total amount of which John Dooner, sr., got \$46, and John Dooner, teamster, \$80.50; on the second one, John Dooner, sr., gets \$26, and John Dooner, teamster, \$45.50—that is, \$71.50 out of a total of \$95.58?

A. Yes; there were six men employed there.

Q. Take the Baker and Mount St. Patrick road, Edward Ryan, overseer; the pay-sheet is \$115.90; eight men are employed; how many are Ryans?

A. Five; Ryan gets paid for 38 days at \$2 a day.

Q. Take another pay-sheet of \$21.60, in which there are seven men; how many of those are Ryans?

A. Four.

[Addington accounts for 1880 produced.]

Q. I see on the Tamworth and Oso road you paid in July \$2.25 for teams, while you are paying \$3.50 in Renfrew?

A. That might be; in some cases teams are scarce; we may have had to feed teams in this case, although I am not positive about it.

Q. Here are the accounts for the Mississippi road, John Mackenzie overseer, pay-sheet ending 16th July, 1880, total amount \$190.50; did you enquire about item "Wm. Mackenzie, teaming, \$65?"

A. He evidently got that; he is not the overseer.

Q. But John, the overseer, signs for him?

A. Yes.

Q. On the pay-sheet ending September 4th, 1880, I see Wm. Mackenzie gets \$72.50 out of a total of \$212.25.

A. Yes.

Q. I find this pay-sheet ending 16th July adds up to \$168 only, instead of \$190.50, and the pay sheet ending September 4th I add up to \$197.75, instead of \$212.25 ; look and see if that is not so ?

A. It appears to be so ; I might explain that that was the year when the Superintendent died, and the whole work devolved upon myself ; I could not find time to examine closely every item ; I did get some assistance at the time.

Q. In these two accounts, then, \$365.75 is what should have been paid, and \$402 was paid ; is that true ?

A. It would appear so.

To Mr. Wood.—When the accounts come in from the different overseers I add them up and see they are correct.

Q. When you make corrections, do these appear on the face of the account, or are they put in a book ?

A. I would note them on the account.

To Mr. Meredith.—On the Addington road, up to the 1st of June, Francis Bosely was overseer, and received \$94 ; Francis Bosely, sr., was employed as foreman, William F. Bosely as teamster, and John Bosely with team.

TREASURER'S OFFICE,

I certify that that portion of the foregoing statement supplied by me is correct.

HENRY SMITH.
PEDRO ALMA.

C. CASHMAN.
JULIAN SALE.

Q. Under Mr. Langmuir's method of securing supplies for the public institutions, tenders for flour, etc., are called for without asking for a particular quantity; why is that plan not adopted by the Crown Lands Department?

A. I really could not say.

Q. Do you see any reason why that plan should not be adopted?

A. I see no reason.

Q. I see the price paid for pork under the tender was \$13.75 a barrel, and that you used 85 barrels more than the contract quantity, and you paid as high for these as \$18.75 in some cases in 1881?

A. Yes.

Q. Have you any reason to suppose that if you had merely called for tenders without naming the quantity you would not have got your whole supply at the contract price?

A. I have reason to suppose I would not, because the contractor knows he has to supply just 200 barrels, and he makes his arrangements to purchase accordingly, otherwise he would add something for the fluctuations of the market.

Q. Then, in the small purchases of the Department, the plan mentioned would not work, whereas in the public institutions it is a good system?

A. I don't know; there are some things to be said on both sides; I am not able to compare our prices and Mr. Langmuir's; the letters "O. P." in the statement were explained to mean "ordinary purchase."

Q. I see that \$4.85 was the contract price for flour, and you paid as high as \$6 when it expired?

A. Yes, in some cases throughout the season, but not for all; we contracted for 200 barrels of pork and 200 barrels of flour, and we used 246 barrels of pork and 319 barrels of flour.

Q. What was the contract price for pork last year?

A. \$18.50; we paid for ordinary purchase as high as \$20, and I think higher; there was no contract price for blankets?

Q. You appear to have paid \$3.85 for blankets in 1881?

A. That was the price for the majority; we cannot always get blankets of the same size, weight, and quality; the difference in the price with that of last year is because they are about two cents and a half per pound cheaper; they run from six and a half pounds to nine and a quarter.

Q. Does this statement include supplies purchased at the works?

A. No; it would be impossible to give these within any reasonable time; I may say that I think the amount of pork purchased by the overseers last year would exceed five barrels in all.

Q. And flour the same way?

A. In some sections, some years we do not send flour; in the eastern section we let them buy it locally, because they usually get it cheaper; on one occasion we sent flour east because it was cheaper to buy it in Toronto.

Q. You had 336 blankets left over at the close of 1880; why did you want to buy 384 pairs in 1881?

A. Because it required that number to answer the need; the quantity required in a camp would go from seven all the way up to thirty; many things in this connection are to be taken into consideration; some of the blankets deteriorate, and have to be sold; there are altogether about 120 or 125 works; we might supply three-fourths of them with blankets; some roads are supplied with pork and no flour, others with pork and flour and no blankets; I think ten pairs of blankets would be supplied on an average; some of them will serve two years, while some will carry them over three seasons; two years I suppose would be the average.

Q. Did you look up that case of overpayment mentioned yesterday?

A. Yes; here is a voucher showing that the \$20 was refunded on the 28th January, 1882.

Q. I mean the error of fifty or sixty dollars in the extension of one of the accounts produced yesterday?

A. I have not been able to look into that since.

Q. Have you a statement of the moneys paid to Mr. Deroche, M.P.P.?

A. Yes; here it is.

Q. I see that one of your explanations for sending money to members was that you had not the address of the overseer ?

A. That was only in some cases.

Q. Where you had the address, then what was the object in sending the money to a member ?

A. Sometimes for convenience sake, and sometimes for safety—that is, where the member would not ask for it. There are cases where the member will write and say, “Such and such an overseer will be in town at such and such a date, and he desires me to have some money here ; will you kindly send some to my care ?”

Q. Do you mean to say that the overseers write to you asking that money be sent in that way ?

A. I could not say just now ; I remember, however, that there are letters from Mr. Deroche asking for money to be sent in that way.

Q. You had Colonization Road works within Mr. Lyon’s constituency ; did you send any money to him ?

A. No.

Q. Well, that is a pretty out-of-the-way place where he is ; why not send the money to him ?

A. One reason is, because he never asked, and besides, we always know the address of the overseer on the Island.

Q. But there are works also on the mainland in Algoma ?

A. Well, even there, there are pretty good men ; besides, Mr. Lyon lives on Manitoulin Island.

Q. There are a good many Colonization Roads in Muskoka and Parry Sound District ; was there any money sent to Mr. Miller, M.P.P., there ?

A. I think we have in one or two instances, in some very small amounts ; I could not say whether by money or cheque ; I think we had a letter from Mr. Miller asking for the money to be enclosed to him—either that or one from Mr. Miller’s business foreman ; and we have sent money to Mr. Beatty.

Q. Take Haliburton District ; was any money sent to Mr. Peck, M.P.P. ?

A. Not this year, nor I think the year before ; he was here once or twice and took money from the office to the overseer ; that was in 1880 Speaking from recollection, Mr. Peck came in and said that Mr. Hartle had asked him to bring some money for certain roads which he named ; in all such cases the Assistant or the Commissioner is referred to, and a cheque signed by the Assistant Commissioner upon a requisition, and made payable to the overseer or bearer ; the cheque would be cashed, and the member would get the money with the receipts for the overseer to sign.

Q. Can you bring a statement of the moneys paid to Mr. Peck ?

A. Yes ; I will to-morrow.

Q. Did Mr. Paxton, when a member, get money in the same way ?

A. He never got a dollar.

Q. Did the money for the relief of the settlers in North Ontario pass through your hands ?

A. No, not in the sense you understand it ; it does not pass through our hands at all.

Q. Was any money paid to Mr. A. P. Cockburn in the Muskoka District ?

A. Not from our branch.

Q. Do you know of any other member, either of the House of Commons or the Legislature, to whom money has been sent in the way you have spoken of ?

A. I don’t just now ; I do not think there are any others.

Q. Now, with regard to building bridges, is such work done by contract or by days' work?

A. This last year it was done by days' work.

Q. I see that \$1,178 were spent in the construction of the Echo Bridge in Algoma; how was that done?

A. That was built under an overseer by days' work.

Q. Buck Lake Bridge, west, how was that done?

A. That was built without a contract; Beaver Lake Bridge was done also by days' work.

Q. I see that upon the Muskoka Road \$5,426.16 were spent over a distance of seventeen miles?

A. I think there were some repairs, it was done in four different sections by days' work, but it seems to me the sections were longer than that; the Mills Road, over the Wolfe River, ninety feet long, was built by days' work; also the Sinclair Road Bridge, the South River Bridge—all were done last year by days' work.

Q. What was the practice regarding this in previous years?

A. Several were let by contract, and some otherwise, but the Department found it utterly impossible to let the bridges, especially the small ones, by contract, without it costing a great deal more. After the contracted-for bridge was completed, we found he had only tried to get it off his hands as quickly as possible, and that if the foundations were to be good, we would have to have an overseer at the work every day, which would cost more than if it had been done by days' work.

Q. How was it that the Bonnechere Bridge was not let by contract; it is 266 feet long?

A. That was not contracted for because we were always in trouble with contractors. For instance, we have had tenders ranging from \$375 for a job all the way up to \$1,500, when, too, the lowest estimate for the cost of the timber alone was \$900; in one instance we took a tender offered at \$525 for a work, and, although the man built the bridge, he lost money on it, and would not take another; under that system we found bridges not built at all as they ought to have been.

Q. Whose fault was that?

A. It could not be helped unless we kept a man at the work every day it was being built; members do not press upon us to build by days' work; frequently, new members especially press upon the Commissioner to give out the work by contract; Mr. Miller, for instance, when he became member, wanted to change things upside down; there were several \$500 jobs for which no supplies were to be sent; the fact was, before the season was half out we had to send supplies to one of these.

Q. I think I heard the Commissioner, in the House, defending the system of calling for tenders?

A. Oh, yes, that used to be the system, but it was changed chiefly at the solicitation of the late Superintendent, who was given the privilege of looking after the bridges himself.

Q. Was there any estimate of the cost of this bridge made before its construction?

A. I could not say; that was the superintendent's work, who prepares the plans and specifications; I may say, with regard to the man who built the Bonnechere Bridge, Mr. Boyd, we never had any complaint against the bridges built by him, and he has built for us since the year 1873; he is engaged by the day, and paid \$3.50 per day for the time he works; he remains at one job until it is finished; he is a thorough bridge builder, and is sent from one place to another.

Hon. Mr. HARDY.—This statement of moneys sent to Mr. Deroche is in full, and shows that every dollar sent to Mr. Deroche was either in a sealed envelope, addressed to the overseer, or else by cheque payable to the order of the overseer?

A. Yes.

Q. So Mr. Deroche appears to have handled no money direct from the Department ?

A. No, not direct.

Q. Except as sealed money—money under seal ?

A. Yes ; except in a few instances, where they would call at the office.

Q. In Mr. Peck's county—Haliburton District—he lives remote from towns and banks ?

A. The overseer does ; I do not think there is any bank in Haliburton ; I do not know where Mr. Peck lives.

Witness.—I was asked for information as to how some of the supplies sent to the roads were disposed of, and I have a statement here showing the extreme prices for which goods were sold by the overseers at the end of the season. This list was sold by D. F. Bourke, which shows :—For a barrel of pork \$30, which would cost from \$18.50 to \$21 here ; he sells a stove, costing \$25, with cooking utensils, for \$30, after having the use of it ; blankets he sells for \$3.50 a pair, which cost \$3.85 ; he credits us with this money in his account. These prices are a sample of the highest. Here is a sale, a sample of the lowest prices generally brought, in which blankets costing \$4.25 a pair are sold for \$2 a pair. These blankets were in use over a year, yet this man was called to account for the low price by the Department ; this is his reply. [Letter produced and read.]

Mr. MEREDITH.—I am afraid the item with reference to the pork sent to Bourke in the statement is not correct. Here is an item in Ramsay's account of three barrels of pork shipped to Bourke, which I don't see in the statement—how is that ?

A. Well, there were four of us engaged in making out the statement, and I can only vouch for the portion I made out, but the item ought to be there.

Mr. MEREDITH.—Oh yes, here it is—on the 18th August—that is all right.

Mr. FERRIS.—When the contract for pork and flour is awarded, you have to pay the total amount of the contract down, have you not ?

A. Yes ; that is the condition upon which the goods are contracted for.

“D.”

TREASURER'S OFFICE,
Friday, March 3rd.

Mr. Cashman's examination was resumed by Hon. Mr. WOOD.

Q. Who gives you instructions to purchase supplies ?

A. The Commissioner, at the commencement of the season, when he gives orders to proceed with the works.

Q. Does he tell you from whom to purchase ?

A. I cannot say that he does particularly. He says, in this way—purchase from those you are in the habit of dealing with if they have given satisfaction, and if they sell to you as cheaply as anyone else.

Q. What course do you take in purchasing ; do you use caution to see that you get your supplies at the proper prices ?

A. When I get instructions to go and purchase, I usually take a sheet of paper and note down the principal items necessary—teas, syrups, dried apples, beets, blankets, spades, shovels ; these I note down under several heads ; I do not take down every item, such as salt or yeast, or a pound of pepper ; I then call on the leading houses who deal in these things that require comparison, such as teas, etc. ; other things, such as brands of syrups, I get quotations for, which I note with the dealer's name under the particular head ; I inform myself as to the value and quality of these, and, generally speaking, the prices do not vary ; if anything, I get them a shade lower at the houses I

deal with ; I don't mean to say this is so in all cases, but in no case is the price I pay higher than at another house.

Q. Do you, in any case, knowingly pay more for any article than its lowest cash value in the market ?

A. No, never knowingly.

Q. What articles do you receive tenders for ?

A. Pork and flour.

Q. For what quantities do you contract generally ?

A. Some years ago we made an estimate of the quantity required, and it has turned out as a rule to be right, especially as the Government appropriation is about the same ; formerly it used to be 150 barrels of pork, and now it is about 200 barrels.

Q. In advertising for tenders, does the person tendering understand that the moment the contract is executed he is paid the full amount of the contract ?

A. Yes, that has always been the understanding since I came into the Department.

Q. What was the contract price paid for pork during the past two years ?

A. In 1880, \$13.75 ; and in 1881, \$18.50.

Q. What was paid for the pork purchased outside of the contract ?

A. The price varied, as we never knew precisely how much was required for which to order ; in 1880 we paid for pork purchased after the contract expired, at different times, \$14.50, \$15.50, \$17, \$16, and \$18.75, the highest figure reached that year. In 1881 we paid in the same way, \$15, \$20, \$20.50, and \$22 ; those prices were for odd and small quantities—four or five barrels ; my purchases are made in March ; the contract last year was made about the 1st of April ; these subsequent purchases were made of course after the contract supply became exhausted ; they would have been made in July or August.

Q. Do you recollect if the market advanced after the contract was made ?

A. We know it advanced the very day after the contract was signed.

Q. What did you pay for flour in 1880 and 1881 ?

A. Under the contract we paid in 1880, \$4.85, and in 1881, \$4.65 ; after this contract expired in 1880, we bought some odd quantities, and paid the highest—\$5.50 and \$6 ; for odd quantities in 1881 the highest paid was \$6.50.

Q. Has the same custom always been pursued in the Crown Lands Department, with reference to calling for tenders for certain classes of supplies, and buying others on the market, as is pursued now ?

A. That has been the custom since I came in, and was, I learn from the books, before I came ; it used to be, however, that pork only was tendered for ; it is only of late years that flour has been added.

Q. Then the practice now has been the continued practice ever since you came into the Department ?

A. Yes.

“C.”

Mr. LANGMUIR, Inspector of Prisons and Asylums, was at this stage called and sworn.

HARRY HAYES,
Inspector of Prisons' Dept.

Hon. Mr. WOOD.—Here is another statement from your office ; is it correct ?

A. It is.

Q. What was the price of fall wheat flour in the year 1880, as shown in that statement ?

A. The price of fall wheat flour, per barrel, was in 1880, for the different institutions, as follows :—

For Toronto Asylum	\$6 47
“ London Asylum	7 00
“ Kingston Asylum	6 60
“ Hamilton Asylum	6 50
“ Central Prison.....	5 90
“ Reformatory for Boys.....	6 00
“ Deaf and Dumb Institute	6 50
“ Institution for the Blind.....	6 19

The prices for 1881 are much lower, as follows :—

For Toronto Asylum	\$5 42
“ London Asylum	5 44
“ Kingston Asylum	5 80
“ Hamilton Asylum	5 70
“ Central Prison.....	5 30
“ Reformatory for Boys.....	5 90
“ Deaf and Dumb Institute	5 45
“ Institution for the Blind.....	5 40
“ Mercer Reformatory	5 40

The prices for spring wheat flour for 1880 were as follows :—

For Toronto Asylum	\$6 23
“ London Asylum	6 50
“ Kingston Asylum	6 60
“ Hamilton Asylum	6 25
“ Central Prison.....	5 90
“ Reformatory for Boys.....	6 00
“ Institution for the Deaf and Dumb	6 50
“ Institute for the Blind	6 19

The prices for spring wheat flour for 1881 were identical with those for fall wheat.

Q. Do you buy any pork by contract except at London ?

A. We kill generally ; we buy quite a large quantity at London ; I do not know anything about the state of the pork market in April or May as compared with December. Our contracts are closed between the 20th December and the end of the year for the next year ; that is, we buy in December, 1881, for the year 1882 ; pork bought for the London Asylum the price would be based upon an estimate of the price of next year ; the pork consumed in 1880 was tendered for in December, 1879, and the pork consumed in 1881 was tendered for in December, 1880 ; the same practice applies also to flour.

Mr. MEREDITH.—I suppose a different quality of flour is used in the public institutions to that used on the Colonization roads ?

A. The flour we use is “extra super” fall wheat ; it is not the very best quality ; “superior extra” is the best ; in the London Asylum we grind, and we find we get a better quality without grinding so close.

Q. How is the purchase of supplies managed for the public institutions ?

A. All perishable articles—flour, pork, butter, etc.—are purchased by contract ; for the rest, a requisition drawn at the time of each quarterly inspection is submitted to me, very often with samples ; these I go through carefully ; very often they are purchased by myself in Toronto.

Q. Do you merely ask for tenders for flour when you advertise, or do you call for a particular stated quantity?

A. They state the quantity for each institution; we often get a larger quantity than is specified in the contract.

Q. And at the contract price?

A. Yes.

Q. Do you not think that where supplies are to be purchased of the same character for all purposes it would be better for one man to have that in his hands?

A. Well, there are many things to be taken into consideration with reference to that; for instance, medical superintendents vary much in that respect; one superintendent will want Hyson and another Japan tea, so that the rule has been to have one brand thoroughly tested, and then stick to that.

Q. Where you yourself make purchases, why could you not make purchases as well for Colonization roads?

A. Knowing their wants, and the goods best suited for them from experience, there is no reason why I should not.

Hon. Mr. WOOD.—Does it often happen that your estimate for flour falls short, and that you have to purchase beyond the specified amount in the tender?

A. As a general thing, we are very close; there is hardly any difference at all; except in the case of the Hamilton Asylum, we can estimate within fifty barrels.

Q. Then the amount the contractor will furnish extra will not materially affect his contract?

A. Oh, no.

To Mr. Ferris.—We ask for tenders for “prime mess” pork; “heavy mess” pork would be about \$5 a barrel more.

Q. How do you pay for supplies?

A. For pork and flour the contractor is bound to deliver in monthly instalments, and we pay him monthly; but he will lay in supplies for three months, and on the condition that they do not sour we pay him for them.

Mr. GIBSON.—When?

A. After delivery.

“D.”

Examination of Mr. CASHMAN resumed.

Hon. Mr. WOOD.—What quality of pork do you purchase for Colonization road purposes?

A. We buy “heavy mess.”

Q. Does the Commissioner inquire into the prices you pay for these various articles?

A. He makes inquiries as to particular works going on; all correspondence and invoices are addressed to the Commissioner.

Q. Then, so far as you know, the Commissioner is in the habit of looking over every invoice?

A. If he himself does not open them, the assistant does; the assistant generally opens them.

Q. Have you some overseers employed who work from year to year?

A. Yes; there are some who have been in our employment ever since I came to the office.

Q. The majority of them are appointed, I suppose, on the recommendations of the members in the locality where the work is done ?

A. Yes.

Q. Explain what course you take with reference to accounts coming in from those overseers ?

A. When they are appointed and their bonds ready, they are set to work with instructions, and we furnish them with printed rules ; they are expected to send in monthly returns as to the work done and the moneys expended ; we find that quite a number of overseers are illiterate, and while they may be very good workmen they do not sometimes send in their accounts in very good order ; when they come in I examine them, or am supposed to examine them, and point out any irregularities and cause inquiries about them to be made ; sometimes, if the overseers are educated, we inquire from them direct by letter ; we settle up with the overseers in the fall ; we never settle with any overseer until the report of the Inspector on the work is in.

Q. And it is then you have a final settlement and adjustment ?

A. Yes.

Q. When you say you send money, you do so acting under the direction of the assistant, do you not ?

A. Yes.

Q. Can you of your own motion send money ?

A. Not at all ; when money is sent by letter, or when parties call for it at the office, they speak to the Commissioner, and I am authorized to draw up certain requisitions, which he signs, and I get an order or cheque.

Q. I notice you send money to members of the House sometimes ; what is the reason for doing that ?

A. Generally speaking, it is only to those members in whose constituences works are going on ; sometimes they are in the city, and as we understand it, for convenience sake, take the money to overseers.

Q. Do you consider it safer to send money in that way ?

A. Yes ; though in no instance do we send it in that way except the overseer requests it, or the member comes in with a memo. to the effect that the overseer desires him to bring it.

Q. Of your own knowledge do you know of any money sent through the agency of members not finding its way to the overseers ?

A. Never ; the receipt always come back with the signature of the overseer to it.

Q. Do you satisfy yourself and the Assistant Commissioner that these informal accounts you have referred to are honest accounts before paying them ?

A. I satisfy myself they are, but in all cases do not point it out to the Assistant Commissioner.

Q. Attention has been called to the amount paid the overseers in proportion to the amount paid for work done ; how is that ?

A. I don't know of any case I would consider an exorbitant proportion charged ; in the instances mentioned by Mr. Meredith, all the facts of the case were not taken into consideration. Let us suppose that an overseer has \$800 to expend ; he may be put down for \$160 for overseeing, and the pay-sheets may not show more than \$500 for labour, for the reason that the labourers will get fifty or sixty cents a day only in cash, the balance of their day's wages is made up in the supplies from the Department—we board them. Other pay-sheets will show more for actual labour, because the men will get one dollar or so a day and board themselves. In the former case, only part of the labour, as it were, appears on the sheet.

Q. When you are settling up with a large number of overseers in the fall, there are, I suppose, a number here at a time?

A. Very few of them come to the office.

Q. For instance, you have had overseers from North Victoria?

A. Oh, yes; they sometimes come.

Q. Well, when overseers come here with their accounts, and there are items charged too high, is it not referred to the Commissioner?

A. In all such cases I would not deal with it, and if the Assistant Commissioner does not either, it is referred to the Commissioner.

Q. So, as a matter of fact, when an account is disputed, and the overseer fails to satisfactorily explain it, it is referred to the Assistant Commissioner, who, if he is not satisfied, takes it to the Commissioner himself?

A. Yes.

Mr. MEREDITH.—Can you name a single instance in which a case has been referred to the Assistant within the last two years?

A. Oh, yes, there were quite a number.

Q. Can you mention one?

A. There was that letter from Mr. Murray in December, 1880.

Q. Oh, that was a letter; can you mention another case?

A. I cannot mention a case just now.

Q. About the purchases of supplies, did you make a tour of the business houses last year?

A. A few of them.

Q. Name them?

A. For hardware, I went to Hatch and to Thompson; for groceries, I went to Sloan and Jardine, Moore and Warren Bros., and Smith and Keighly, besides Jaffray, where I bought. With reference to blankets, I went to John Macdonald & Co., Bryce & McMurrich, McMaster's, and to Hughes Bros.

Q. Did you go to these houses before or after you had got quotations from the persons from whom you finally purchased?

A. I think I went afterwards.

Q. Did you get from them a price list of the articles you wanted to buy?

A. Yes; I got samples of teas for instance, and quotations for brands; I took a memo. of these myself; I did not preserve these memos; I did not make any record of them; I have not yet made the purchases for this year; I do not know whether the same plan as last year will be adopted by the Commissioner; there is no reason to suppose that a different plan will be adopted.

Q. Well, would it not be well to preserve these memos. in the office?

A. I don't know; I make my prices with Jaffray, grocer, for the season usually in May; we will get invoices from him as late as the 1st September, and after that in special cases perhaps. I wish to explain with reference to two different prices for syrup—fifty-five cents and fifty-seven cents—to which you called my attention in Mr. Jaffray's bill. The syrup at fifty-five was purchased specially in April for some work started on account of the poverty of the people in the neighbourhood, and at the time the purchases for the season had not been made.

Q. Then, your prices as fixed in May stand for the year?

A. Generally; that will be the agreement in most cases; I select a line of tea, and say, don't send any other; syrups will be the same, but rice, for instance, will vary; we don't deal much in that; if the particular line of syrups chosen should happen to run out, and a new line cost more, I would pay more, but if the cost was less, I would get the

benefit of it, and pay less ; the prices we get are wholesale prices ; I have been in business in this country since 1852 ; the tea I bought from Jaffray was Young Hyson tea ; the retail price of the same tea would be from sixty to seventy cents. [Receipts of Ryan produced.]

Hon. Mr. Wood.—You have some road work being done where you have no Inspector, have you not ?

A. Yes, at Thunder Bay, Manitoulin Island, and that section.

Q. Is it not always the case with these that they adjust their accounts themselves ?

A. He comes in and we go over them with him ; if there was anything unusual or in dispute, it goes to the Commissioner.

To Mr. Meredith.—Where supplies are furnished to a camp, the overseer gets his board the same as the men, except in some rare cases.

Substantially correct.

This concluded Mr. Cashman's examination.

With regard to the accountant of Mr. Mackenzie, road overseer on the Mississippi road for 1880, I desire to explain that I did check the pay-sheets, and discovered the errors in addition, but, by mistake, in striking the balance, I paid him \$15.50 more than he should have received.

TREASURER'S OFFICE,
February 10th, 1881.

Mr. JOHNSON, Assistant Commissioner of Crown Lands, gave the following evidence regarding the item of \$3,722.78, charged as cost of management of Municipalities Fund—20 per cent.—Public Accounts, 1880, p. 28

Q. By what authority is that 20 per cent. charged ?

A. Under an Order in Council dated June 23rd, 1860.

Q. Do you think that twenty per cent. is not an excessive charge ?

A. Well, it seems to me that it does not cost that now ; no doubt a person could be employed for less than that to make the collections ; six per cent., however, would not pay.

Q. Would it not cost as much in proportion to manage the Land Improvement Fund ?

A. There could be no difference.

Q. Then if six per cent. is sufficient in the one case it ought to be sufficient in the other ?

A. I do not know why it should not ; the cost of our Department is \$101,000, largely made up in connection with free grants, the total collections amount to over \$600,000 ; the twenty per cent. does not, I think, include cost of surveys.

Mr. ROSS.—I see by the Order in Council that the charge is stated to include the cost of surveys.

Mr. JOHNSON.—All the lands were surveyed before the Act was passed ; none were surveyed recently. The main cost in the management of these lands is the settlement of disputed claims, and that is ten times the cost of everything else ; they are, however, nearly all settled now.

On being interrogated, Mr. JOHNSON proceeded to give the following evidence with reference to the mode of keeping the accounts in the Crown Lands Department :—

Q. Are the books so kept that you can ascertain at any time, on balancing them, the amount due the Province ?

A. It would be impossible to do that, because accounts are being changed and cancelled continually ; I cannot say exactly the amount thrown off principal moneys consequent upon the reduction in values ; it would not be far from \$1,000,000, but that is only a rough guess.

Q. How are transactions entered in the books ?

A. When a man makes a purchase it is entered in the Land Roll ; we do not keep separate accounts with individuals ; the lot purchased and the payments thereon are all entered in this book ; the papers in connection with each lot are filed away, and are a ready reference.

Q. Why would it not be as convenient to keep the account in the individual's name?
 A. Because the names are changed very often, and the lot sub-divided.

Q. How do you keep a check upon the correctness of your book-keeping?

A. By keeping a check of payments made, and by balancing accounts monthly. Every sale is numbered for such a year and continued on, having a column for each instalment in the Land Roll; in this way we know just what has been paid.

Q. How do you check the Cash Book?

A. The money is received by me; it then goes to the Accountant; I open all money letters and keep a registry of the amounts received; this is balanced every month; money brought in is paid direct to the Accountant.

Q. Supposing a payment is made to him and he does not enter it; what check is there upon him?

A. If it was not entered in the cash book there would be none?

Q. Should there not be a comparison between the Land Roll and the Cash Book?

A. Mr. Brown attends to that. A man making a payment is sent to Mr. Kirkwood, who goes to Mr. Brown and gets a statement; upon that statement the man pays the money to the Accountant; the statement is then brought back to me, and I make the entry in my book.

Q. Supposing you were asked to furnish a statement of the amounts due upon a particular day?

A. It would be impossible.

Q. Would it be difficult to ascertain the condition of things, say on the 1st of January, 1873?

A. It could be done; every lot would have to be taken up and a statement made; it would take six months to obtain the total amount thrown off by re-valuation; when a man shews that his lot is short measurement, we make a refund; an order is always made for any reduction; that is sufficient authority for the clerks, and will shew the reason for the reduction.

Q. That does not give the amount?

A. We can get the amount; the papers would shew the amounts actually paid; we would not have to refer to the cash book; we have a separate book which shews it; it would be a great deal of labour to shew the amount now due; some months. Lands sold some years ago came into the hands of men who would not pay the taxes, saying that they amounted to more than the value of the land; we sent men out to make a new valuation; it is practically a new sale; these valuator's are not men from the Department; the number of outside agents has been reduced in the West where the lands are nearly all sold; where there is a large amount of free grants we have had to appoint agents; they receive \$500 a year each; Mr. J. B. McWilliams receives \$2,000 a year; he has to look over a large area of timber dues, and superintend a large number of bush rangers; before this system was adopted, the Government did not get half the amount they should have; the change was made in 1869; the Government was satisfied that I saved over \$100,000 that year; Mr. McWilliams is, I take it, general agent for the Ottawa district. There is no doubt that it cannot cost \$4,000 for the collection of \$21,000.

TREASURER'S OFFICE,
 February 17th, 1881.

Evidence of Mr. J. B. CARTER re Educational Depository.

I have done a great deal of work for the Educational Depository; ever since a man named Pell, who used to do it, gave it up; I tendered for work last year; I do not know whether tenders were advertised for or not; I tendered in answer to a circular I received;

it was signed by Dr. May ; I believe others tendered ; I noticed an advertisement in the daily papers ; I supplied the Department with laboratories last year ; they are used for teachers ; I get them up at 60 Hayter Street and 268 Terauley Street ; when I used to get laboratories from England I got the chemicals from Dr. May ; later I got chemicals from Mr. Miller ; Dr. May's son has a drug store on Queen Street, near Spadina Avenue ; I have never purchased chemicals from young Mr. May ; I have been preparing these laboratories for over a year ; I charge \$15 for one style of them, and \$9 for another style ; I retail them at \$18 and \$12 respectively ; they contain thirty-three bottles ; sometimes my assistant makes them up, sometimes myself ; those at \$12 cost me \$7 ; I think a company called the Canadian Apparatus Company supplied the laboratories to the Department before I did ; Dr. May was a member of the Company ; also his son ; I had no interest in the Company ; I think it is now broken up ; I bought all the stock of the Company in January of last year ; that was about the time the Company broke up ; I bought the stuff from Dr. May ; I believe his son owed him some money, and that he assumed all his son's debts ; the bulk of my business consists in map mounting ; I made an agreement about the time of the American war ; I generally had to do with Mr. Wilkinson or Dr. May ; Mr. Wilkinson and Dr. May sign the vouchers ; I was present sometimes when the accounts were checked over ; I get \$1 for mounting a Dominion map ; I have had about seven assistants in map mounting ; Geo. James, James Stearns, and Edward Adams are some of them ; my principal sales are with the Department ; I have done maps for many others also ; I did not sell any apparatus to the Department in 1879 ; I don't know whether others tried to get the work of map mounting for the Department ; I heard there were advertisements calling for tenders ; I paid \$1,000 to Dr. May for the stock of the Canadian School Apparatus Company ; I paid twenty-five per cent. on the dollar for it ; I did not pay cash, but was to pay as I turned the stock over ; the box for the laboratories costs \$1.25 ; the largest sized bottle is thirty ounces, the smallest one ounce ; what I bought from the Company at twenty-five cents I sold back to the Department at one hundred cents ; the proceeds of the sales went to Dr. May on account of the debt I owed him ; all the purchase money is not yet paid ; I have not sold all the stuff ; I have the agreement (agreement produced) ; at the time I got the stock list, but cannot find it now ; I made the agreement with Dr. May, not his son ; I have no books shewing my dealings with the Department ; I have a pass-book (pass-book produced) ; a Dominion map will be about 78 feet long ; for it I get \$1 ; for the maps of the continent I receive 90 cents ; I could not say whether the circular asking for tenders for mounting Dominion maps was sent to any one else or not ; I tendered for it ; I heard result a couple of days afterwards ; I don't recollect who told me of the acceptance of my tender ; Mr. Wilkinson generally communicated such acceptance to me ; Copp, Clark & Co. also tendered ; mine was the lowest tender ; the tender was cancelled, and the work is still in the Department.

TREASURER'S OFFICE,
February 17th, 1881.

Evidence of DR. MAY re Educational Depository.

Q. Who are the members of the Canadian School Apparatus Company ?

A. I cannot tell, from memory, all the names ; it will facilitate matters perhaps if I explain ; I was most interested in the Company myself ; most of the money was placed in it for the benefit of my son ; I had placed him in business ; he was manager of the Company ; I was responsible for all his debts ; it became necessary for second-class teachers to obtain these laboratories ; I was in France when my son tendered for one hundred laboratories ; he tendered at eight dollars, being one-third less than retail rate ; he wrote me saying this offer was refused ; I wrote to Mr. Crooks, and found that the reason the offer was not accepted was because they had sent to England and got the laboratories ; when I returned my son told me he could not make it pay, and I, assuming all his responsibilities, sold the stock to Mr. Carter for a sum something like twenty-five per cent. off the retail prices ; the laboratories were afterwards accepted ; a considerable

quantity of the goods were unsaleable ; if there had been any profit my son would have got every penny of it ; I, myself, never made any profit out of the Company ; I was interested in the Company from its commencement ; the Company dealt in chemical laboratories, anatomical models, black-board brushes, etc. ; they did not sell to the Department, excepting the eight hundred dollar order ; Major Browne and Dr. Archibald were members of the Company ; I think Carter was a member of it also ; any orders to Mr. Carter have been by tenders, opened by the Minister or Deputy Minister of Education ; map mounting was done at a fixed price ; no one else besides Carter did that work for a number of years ; competition was once invited—some years ago ; Carter is the only man who has accommodation for mounting maps ; tenders have been invited by circular ; I do not know the cost of chemical laboratories ; Mr. Carter's was considerably below other tenders, and considerably below what my son charged for the same goods ; the extra work I was paid for was colouring maps ; it was done at my own house ; tenders for map mounting was supplied by some other map mounter at the time of issuing the circular.

Q. Is it true that in consideration of purchasing the stock, Mr. Carter was to receive contracts from the Department ?

A. It is not true ; I had nothing to do with the tendering or ordering of goods ; that was done by requisition through the Minister of Education ; if an order came from Ottawa for a number of laboratories I would have to write "recommended" on it ; the making of the contract would have to be arranged by the officials of the Department.

Q. Is the Committee to understand that only \$800 of the Company's manufacture found a way into the Department ?

A. I could not say about that ; I think \$1,000 would cover the amount ; the other things got into the Depository through the medium of agents of the Canadian School Apparatus Company ; these were Copp, Clark & Co., and Dawson Bros., of Montreal ; I and Mr. Wilkinson vouched for the accounts ; Mr. Carter, Potter, the optician, and myself have erected some houses together ; six rough-cast houses ; Mr. Potter has supplied goods to the Department ; Richie, Harding & Foster have competed with them ; they manufactured some goods for the Department ; I could not tell in what year.
