LEGISLATIVE ASSEMBLY
OF THE
PROVINCE OF ONTARIO.

Wednesday, 13th December, 1882.

3 o'clock P.M.

This being the first day of the Fourth Session of the Fourth Legislature of *Ontario* for the Despatch of Business, pursuant to a Proclamation of His Honour the Honourable *John Beverley Robinson*, Lieutenant-Governor of the Province, and the House having met, His Honour entered the House; and, having taken his seat on the Throne, was pleased to open the Session by the following gracious Speech:—

Mr. Speaker, and Gentlemen of the Legislative Assembly—

With much pleasure I welcome you once more to the capital of the Province, and to your important and responsible duties as Provincial Representatives of the people.

I congratulate you on the prosperity which during the present year the Province has enjoyed, arising in part from the abundant harvest with which it has pleased Providence to bless the labours of a thrifty and industrious people.

The progress of agriculture in the Province during the past twelve years is extremely gratifying. Important services have been rendered to this great industry by the work of the Agricultural College and Experimental Farm, by the investigations and the report of the Agricultural Commission, and by the other measures which have from time to time been adopted for this purpose by the Legislature. On the present occasion I desire to congratulate you especially on the important advantages which have already been secured by the Bureau of Industries, established in your last Session. The statistical and other information relating to the agricultural interests of the Province, collected by the Bureau, strikingly exhibits the magnitude and importance of these material resources. In the production of cereals, especially, it is now ascertained that *Ontario* holds a foremost place when compared with the most favoured regions of this continent. A system which, besides its other objects, provides for annually publishing carefully gathered statistics of the Farm, the Forest, and the Factory, is a valuable agency for exhibiting the growth and capabilities of the Province, and cannot fail to prove of essential service in attracting immigration and wealth from other lands. I notice with pleasure that during the present year there has been a marked increase over last year in the number of immigrants who have become permanent settlers in our Province.

I have much gratification in stating that the lumber trade, which always constitutes an important factor in the general welfare and prosperity of the Province, has, alike as a source of Provincial Revenue and of profitable industry, been in a satisfactory condition during the year. The year's receipts from timber and from Crown Lands' sales will probably exceed a million of dollars.

I regret that the Federal authorities continue to dispute the title of the Province to its northerly and westerly portions, notwithstanding the unanimous award of the Arbitrators which was made and published more than four years ago. Some recent correspondence has taken place on the subject with the Federal Government, and will be laid before you. The Reports of the Provincial Officers on the condition of the disputed territory, and on the local occurrences of the year, will also be submitted for your information. I commend to your earnest attention the question of the territorial integrity of the Province.

You are already aware that the Act which was deemed necessary for protecting the public interest in rivers, streams and creeks, has again been disallowed by the Federal Government. The recent decision of the Supreme Court of *Canada*, as to the present state of the law, renders some legislation indispensable in the interest as well of the public, as of lumbermen and all others, whose business requires that they should have the use of our rivers and streams. The subject demands your renewed attention, both in connection with the disallowance of the two Acts heretofore passed, and as involving the legislative autonomy of the Province.

The Revised Acts respecting Municipal Institutions, and respecting Jurors and Juries, having from time to time received important additions and improvements, Bills consolidating the various Acts on these subjects will be submitted for your approval.

Bills also for consolidating the Public and High School Laws will probably be laid before you. I rejoice to state that our Educational Institutions continue efficient and progressive, and that the scholastic advantages of the Province keep pace with its rapid material development.

In pursuance of the policy of passing general laws, wherever practicable, for matters which otherwise would have to be provided for by private Acts, there will be submitted for your consideration:—a Bill for the construction of Street Railways in Cities and Towns; a Bill to facilitate the erection of Gas Works by Municipalities; and a Bill to provide Public Parks where desired by the Ratepayers concerned and their Municipal Representatives.

Among the other measures which are to be submitted for your consideration are:—a Bill to supply defects in the Election Laws; a Bill relating to the Law of Insurance; a Bill for the Inspection of Steam Boilers; a Bill respecting Private Asylums for the Insane; and a Bill for simplifying the practice of Conveyancing and the Law of Property.

The Reports of the several Departments of the Public Service for the year 1882 will be laid before you. Amongst these will be the first Annual Report of the Provincial Board of Health. I congratulate you upon the advantages which have already attended the creation and appointment of this Board; and, from its operations during the year, I venture to hope that the Board is destined to prove an efficient instrument in promoting the health, comfort and well-being of the people.

The Report of the License Department will show the operation of the License Laws during the year. I am glad to observe a determination on the part of our people to resist all attempts to relax the laws for restricting the traffic in intoxicating liquors.

The Public Accounts of receipts and expenditures in 1882 will be laid before you.

The Estimates for 1883 will be presented for your approval, and will be found to be framed with every regard for economy consistent with the efficiency of the public service.

I trust that the labours of this Session may be marked, as those of past Sessions have been, by wisdom and prudence, and may serve to further promote the prosperity and happiness of our people.

His Honour was then pleased to retire.

By Mr. *Gibson (Huron)*,—The Petition of the Village Council of *Wroxeter*.

The Order of the Day for taking into consideration the Speech of His Honour at the opening of the Session having been read,

Mr. *Balfour* moved, seconded by Mr. *Drury*,

1. That an Humble Address be presented to His Honour the Lieutenant-Governor, thanking His Honour for his gracious Speech, and reciprocating the expression of pleasure by His Honour in welcoming the Provincial Representatives of the people to the capital of the Province, and to their important and responsible duties.

2. That we rejoice that His Honour is able to congratulate us on the prosperity which during the present year the Province has enjoyed, arising in part from the abundant harvest with which it has pleased Providence to bless the labours of a thrifty and industrious people.

3. That we agree with His Honour that the progress of agriculture in the Province during the past twelve years is extremely gratifying; that important services have been rendered to this great industry by the work of the Agricultural College and Experimental Farm, by the investigations and report of the Agricultural Commission, and by the other measures which have from time to time been adopted for this purpose by the Legislature; that we rejoice that His Honour is able on the present occasion to congratulate us especially on the important advantages which already have been secured by the Bureau of Industries, established in our last Session; that we rejoice to know that the statistical

and other information relating to the agricultural interests of the Province, collected by the Bureau, strikingly exhibits the magnitude and importance of these material resources ; and that in the production of cereals, especially, it is now ascertained that Ontario holds a foremost place when compared with the most favoured regions of this continent ; that we agree with His Honour that a system which, besides its other objects, provides for annually publishing carefully gathered statistics of the Farm, the Forest, and the Factory, is a valuable agency for exhibiting the growth and capabilities of the Province, and cannot fail to prove of essential service in attracting immigration and wealth from other lands ; and that we learn with pleasure that during the present year there has been a marked increase over last year in the number of immigrants who have become permanent settlers in our Province.

4. That we share His Honour's gratification that the lumber trade, which always constitutes an important factor in the general welfare and prosperity of the Province, has, alike as a source of Provincial Revenue and of profitable industry, been in a satisfactory condition during the year ; and we rejoice to learn that the year's receipts from timber and from Crown Lands' sales will probably exceed a million of dollars.

5. That we agree with His Honour in regretting that the Federal authorities continue to dispute the title of the Province to its northerly and westerly portions, notwithstanding the unanimous Award of the Arbitrators which was made and published more than four years ago ; that we are glad to learn that the recent correspondence which has taken place on the subject with the Federal Government will be laid before us, and that the Reports of the Provincial Officers on the condition of the disputed territory, and on the local occurrences of the year, will also be submitted for our information ; and that we beg to assure His Honour that we will give our earnest attention to the question of the territorial integrity of the Province.

6. 8. That we thank His Honour for informing us that Bills for consolidating the Public and High School Laws will probably be laid before us ; that we shall give to any such Bills our best attention ; and that we rejoice with His Honour that our Educational Institutions continue efficient and progressive, and that the scholastic advantages of the Province keep pace with its rapid material development.

9. That we thank His Honour for informing us that, in pursuance of the policy of passing general laws, wherever practicable, for matters which otherwise would have to be provided for by private Acts, there will be submitted for our consideration :—a Bill for the construction of Street Railways in Cities and Towns ; a Bill to facilitate the erection of Gas Works by Municipalities ; and a Bill to provide Public Parks where desired by the Ratepayers concerned and their Municipal Representatives ; and that to all these Bills we shall give our careful consideration.

10. That we shall give our most careful attention to the measures which are to be submitted for our consideration for supplying defects in the Election Laws ; relating to the Law of Insurance ; providing for the Inspection of Steam Boilers ; respecting Private Asylums for the Insane ; and for simplifying the practice of Conveyancing and the Law of Property.

11. That we shall be glad to receive the reports of the several Departments of the Public Service for the year 1882, including the first Annual Report of the Provincial

Board of Health ; that we join His Honour in feeling that the advantages which have already attended the creation and appointment of this Board are a subject for congratulation ; and in hoping, from its operations during the year, that the Board is destined to prove an efficient instrument in promoting the health, comfort and well-being of the people.

12. That we thank His Honour for informing us that the report of the License Department will shew the operation of the License Laws during the year ; and that we share His Honour's satisfaction at the determination of our people to resist all attempts to relax the laws for restricting the traffic in intoxicating liquors.

The Debate was resumed; and, after some time, the first, second, third, and fourth paragraphs, having been again read, were agreed to.

The fifth paragraph, having been again read, was agreed to on a division.

The sixth paragraph, having been again read, was agreed to on a division.

The seventh, eighth, ninth, tenth, eleventh, twelfth, thirteenth, fourteenth and fifteenth paragraphs, having been again read, were agreed to.

Resolved, That the above Resolution be referred to a Select Committee composed as follows: the Attorney-General, and Messieurs *Pardee, Balfour, and Drury*, with instructions to prepare and report an Address to His Honour in conformity therewith.

The Attorney-General, from the Select Committee, reported an Address which was read as follows:—

To the Honourable *John Beverley Robinson*, Lieutenant-Governor of the Province of *Ontario*:

We, Her Majesty's dutiful and loyal subjects, the Legislative Assembly of the Province of *Ontario*, humbly thank Your Honour for your gracious Speech at the opening of the Session, and reciprocate the expressions of pleasure felt by Your Honour in welcoming the Provincial Representatives of the people to the capital of the Province, and to their important and responsible duties.

We rejoice that Your Honour is able to congratulate us on the prosperity which during the present year the Province has enjoyed, arising in part from the abundant harvest with which it has pleased Providence to bless the labours of a thrifty and industrious people.

We agree with Your Honour that the progress of agriculture in the Province during the past twelve years is extremely gratifying; that important services have been rendered to this great industry by the work of the Agricultural College and Experimental Farm, by the investigations and report of the Agricultural Commission, and by the other measures which have from time to time been adopted for this purpose by the Legislature; we rejoice that Your Honour is able on the present occasion to congratulate us especially on the important advantages which already have been secured by the Bureau of Industries, established in our last Session; we rejoice to know that the statistical and other information relating to the agricultural interests of the Province, collected by the Bureau, strikingly exhibit the magnitude and importance of these material resources; and that, in the production of cereals especially, it is now ascertained that *Ontario* holds a foremost place when compared with the most favoured regions of this continent; we agree with Your Honour that a system which, besides its other objects, provides for annually publishing carefully gathered statistics of the Farm, the Forest, and the Factory, is a valuable agency for exhibiting the growth and capabilities of the Province, and cannot fail to prove of essential service in attracting immigration and wealth from other lands; and we learn with pleasure that during the present year there has been a marked increase over last year in the number of immigrants who have become permanent settlers in our Province.

We share Your Honour's gratification that the lumber trade, which always constitutes an important factor in the general welfare and prosperity of the Province, has, alike as a source of Provincial Revenue and of profitable industry, been in a satisfactory condition during the year; and we rejoice to learn that the year's receipts from timber and from Crown Lands' sales will probably exceed a million of dollars.

We agree with Your Honour in regretting that the Federal authorities continue to dispute the title of the Province to its northerly and westerly portions, notwithstanding the unanimous Award of the Arbitrators which was made and published more than four years ago; we are glad to learn that the recent correspondence which has taken place on the subject with the Federal Government will be laid before us, and that the Reports of the Provincial Officers on the condition of the disputed territory, and on the local occurrences of the year, will also be submitted for our information; and we beg to assure Your Honour that we will give our earnest attention to the question of the territorial integrity of the Province.

We learn with much concern that the Act which was deemed necessary for protecting the public interest in rivers, streams, and creeks, has again been disallowed by the Federal Government; we agree with Your Honour that the recent decision of the Supreme Court of *Canada*, as to the present state of the law, renders some legislation indispensable in the interest, as well of the public, as of lumbermen and all others whose business requires that they should have the use of our rivers and streams; and that the subject demands of renewed attention, both in connection with the disallowance of the two Acts heretofore passed, and as involving the legislative autonomy of the Province.

We thank Your Honour for the information that the Revised Acts respecting Municipal Institutions, and respecting Jurors and Juries, having from time to time received important additions and improvements, Bills consolidating the various Acts on these subjects will be submitted for our approval; and we shall give to these Bills our careful attention.

We thank Your Honour for informing us that Bills for consolidating the Public and High School Laws will probably be laid before us; we shall give to any such Bills our best attention; and we rejoice with Your Honour that our Educational Institutions continue efficient and progressive, and that the scholastic advantages of the Province keep pace with its rapid material development.

We thank Your Honour for informing us that, in pursuance of the policy of passing general laws, wherever practicable, for matters which otherwise would have to be provided for by private Acts, there will be submitted for our consideration:—a Bill for the con-

struction of Street Railways in Cities and Towns ; a Bill to facilitate the erection of Gas Works by Municipalities ; and a Bill to provide Public Parks where desired by the Rate-payers concerned and their Municipal Representatives ; and to all these Bills we shall give our careful consideration.

We shall give our most careful attention to the measures which are to be submitted for consideration for supplying defects in the Election Laws, relating to the Law of Insurance, providing for the Inspection of Steam Boilers, respecting Private Asylums for the Insane, and for simplifying the practice of Conveyancing and the Law of Property.

We shall be glad to receive the reports of the several Departments of the Public Service for the year 1882, including the first Annual Report of the Provincial Board of Health ; we join Your Honour in feeling that the advantages which have already attended the creation and appointment of this Board are a subject for congratulation ; and in hoping, from its operations during the year, that the Board is destined to prove an efficient instrument in promoting the health, comfort and well-being of the people.

We thank Your Honour for informing us that the report of the License Department will show the operation of the License Laws during the year ; and we share Your Honour's satisfaction at the determination of our people to resist all attempts to relax the law for restricting the traffic in intoxicating liquors.

We thank Your Honour for the information that the Public Accounts of receipts and expenditures in 1882 will be laid before us.

We thank Your Honour for informing us that the Estimates for 1883 will be presented for our approval, and that they will be found to be framed with every regard for economy consistent with the efficiency of the public service.

We unite with Your Honour in trusting that the labours of this Session may be marked, as Your Honour is pleased to say that past Sessions have been, by wisdom and prudence, and may serve to further and promote the prosperity and happiness of our people.

The Address, having been read the second time, was agreed to.

Ordered, That the Address be engrossed, and presented to His Honour by such Members of this House as are of the Executive Council.

On motion of Mr. *Wood*, seconded by Mr. *Pardee*,

Resolved, That this House will, To-morrow, resolve itself into the Committee of Supply.

Resolved, That this House will, To-morrow, resolve itself into the Committee of Ways and Means.

Clerk of the Legislative Assembly.

OSGOODE HALL, *10th January, 1883.*

SIR,—I have the honour to acknowledge the receipt of your communication of the 8th inst., with the accompanying papers, and the Private Bill (No. 27), in the matter of the estate of the late *Robert Wilkes.*

The will confers upon *Martha Wilkes*, the widow of the Testator, very comprehensive powers. She is devisee of all the real estate, and legatee of all the personal estate. After payment of debts and legacies for her life in trust to her own use and for the benefit of all the Testator's children, with absolute powers as to the application of the income and proceeds of the said property, real and personal, for the benefit of the children during her life; and she has the power to appoint, by will, a trustee to take her place, and to dispose of the property by her will in trust for her children in such shares as she pleases. The Testator directed the buildings on his Toronto property to be well insured, and to have them rebuilt in case of fire, or repaired.

There is no provision for building, unless in case of loss by fire, nor any power to grant building leases, so as to maintain the value of the *King Street* property, which is of very considerable value. It appears to us the Testator would have made a provision to meet such necessities if he had thought of it, and we have no doubt he would have given to his wife, in whom, throughout his will, he has shewn such unlimited confidence, full power to act as she pleased in a case of the kind.

We are therefore of opinion, so far as the *King Street* property is concerned, and in the presumption of course that the allegations in the preamble of the Bill are proven to the satisfaction of the Committee of the Legislative Assembly, that it is reasonable the Bill do pass into a law, and that the provisions thereof are proper for carrying its purposes into effect, excepting that it may be prudent to limit the period of the demise to 21 years, or not exceeding, say, 40 years.

As to the *American Hotel* property, it is not quite clear that the Testator would have provided for the sale of this property, if he had given this subject particular consideration. He has expressly provided that his homestead and adjoining property in *Yorkville* shall be sold, and that his city of *Toronto* property (including, of course, the *American Hotel* property) may be sold by his wife, or by the trustees she appoints by will, if in her or his judgment it is thought best to do so, *when the youngest of my children comes of age.*

This property consists partly of leasehold and partly of freehold—the freehold being part of the estate in question, and the leasehold expiring in September next, but renewable forever in terms of 21 years, with power to end the term and to accept of payment for the buildings in place of taking a renewal.

The power now asked by the Petitioners is not absolutely required for the due enjoyment and preservation of the property, as in the case of the *King Street* property; but for its sale upon the ground that it is beneficial to the estate that it should be sold.

We presume, of course, that it is to the advantage of the estate that it should be sold; and we believe a better price will be got for the leasehold premises by selling along with them the freehold adjoining property as a necessary ground for the purposes and accommodation of the hotel.

We may therefore say it is reasonable the Bill do pass into a law, and that the provisions thereof are proper for carrying its purposes into effect.

We have now to say, "what alterations or amendments, if any are necessary in the Bill." It appears to us that the name of *Marcella Wilkes* is not required; perhaps we may say, not a proper party in the Bill.

She is an executrix only, and if the debts and legacies are paid, and the leasehold delivered over to the devisee, *Martha Wilkes*, and we presume all that has been done, the duties of the executrix are concluded, and the property, that is the personalty, with which alone the executrix has any concern or interest, has vested in the legatee or beneficiary and trustee, *Martha Wilkes*, to whom the testator has devised "all my real and the residue of my personal estate, after payment of debts and legacies, to my wife for life in trust for her own use and for the benefit of all my children"; it is the widow alone who deals with, manages and controls everything during her life, and it is her nominee who is to manage it after her death.

Unless there be some very special reasons for giving *Marcella Wilkes* the powers now prayed for—and we do not see what cause there can be for it—we are of opinion it would be more in accordance with the terms, as well as the spirit, of the will, to confer the powers upon the widow only in whom her husband lodged all the powers which he granted, and which he thought were all that could be required for the full management of his estate.

It is true that under the 16th clause of the will the executrices, that is *Marcella* as well as *Martha Wilkes*, are to invest all the personal estate and the proceeds of the real estate which *Martha Wilkes* may not require for the use of herself and family; but that, at most, constitutes *Marcella Wilkes* a trustee jointly with *Martha Wilkes* of and in respect only of such personal estate and the unrequired proceeds of the real estate—the Bill far transcends such a power as the 16th clause relates to.

We have the honour to be, Sir,
Your obedient servants,

ADAM WILSON, C. J. C. P. D.
THOMAS GALT, J.

To *Charles T. Gillmor*, Esq.,
Clerk of the Legislative Assembly.

Ordered, That Bill (No. 17), To empower the Trustees under the will of the late *John Corry Wilson Daly* to sell certain lands, and to sell or make division of certain goods, be referred to the Committee on Private Bills, with instructions to consider the same with reference to the suggestions of the Commissioners of Estate Bills thereon.

Ordered, That Bill (No. 27), To enable the Trustees and Executrices under the will of *Robert Wilkes* to lease and sell certain real estate, be referred to the Committee on Private Bills, with instructions to consider the same with reference to the suggestions of the Commissioners of Estate Bills.

The following Petitions were severally brought up, and laid upon the Table :—

- By Mr. *Hardy*,—Four Petitions of the County Council of *Brant*.
- By Mr. *McKim*,—The Petition of the Town Council of *Mount Forest*.
- By Mr. *Drury*,—The Petition of the County Council of *Simcoe*.
- By Mr. *Creighton*,—The Petition of the Town Council of *Meaford*.
- By Mr. *Dryden*,—The Petition of the County Council of *Ontario*.

The following Petitions were read and received :—

Of the County Council of *Simcoe*, praying that no Act may pass to authorize the fusion of the *Hamilton* and *Northwestern* and *Grand Trunk* Railways.

Of *Charles Magee*, of *Ottawa*, praying that the Bill to extend the limits of the city may not pass.

Of *Walter Ross* and others, of *Picton*, praying that travelling pedlars may be compelled to take out a license.

Of *James T. Bell* and others, of *Belleville*, praying for certain amendments to the Game Law, respecting foreign sportsmen.

Of the County Council of *Norfolk*, praying for certain amendments to the Voters' Lists Act, respecting Appeals.

Mr. *Deroche*, from the Committee on Standing Orders, presented their Fourth, Fifth, Sixth, and Seventh Reports, which were read as follows :—

The Committee have carefully examined the following Petitions, and find the notices as published in each case sufficient :—

Of the Town Council of *Collingwood*, praying that an Act may pass to legalize and confirm a certain By-law.

Of *John B. Snider* and others, of *Waterloo*, praying that an Act may pass to incorporate the *Berlin* and *Waterloo* Street Railway Company.

Of the City Council of *Hamilton*, praying that an Act may pass to amend the Sinking Fund provisions of "The City of *Hamilton* Debenture Act, 1864."

Of the City Council of *Hamilton*, praying that an Act may pass to authorize the issue of debentures.

Of *W. Colquhoun* and others, of *Cornwall*, praying that an Act may pass to incorporate the *Eastern Ontario* Railway Company.

The Committee have examined the Petition of the Village Council of *Port Colborne*, praying that an Act may pass to incorporate the Village as a Town, and to extend the limits thereof, and find that notice of the intended application to the Legislature was given, both in the *Ontario* Gazette and the *Welland* Tribune, but that a slight error occurred in the description of the land proposed to be included in the new limits of the proposed town ; this error was corrected after the second appearance of the advertisement in both papers, and the said advertisement in its corrected form has now appeared four times in each publication, and is now current ; moreover, proof has been produced to your Committee, that a very numerous signed Petition was presented to the said Village Council of *Port Colborne*, praying that the lands comprised in the amended notice might be included in the limits of the proposed town.

The Committee therefore, considering that full publicity has been given to the matter, recommend that the notices as published in this case be held sufficient.

The Committee have carefully examined the Petition of *Victoria College, Cobourg*, praying that an Act may pass to amend their Act of Incorporation, and find that notice of the intended application to the Legislature was first inserted in the *Ontario* Gazette on the sixteenth day of December last, and has been continued to the present time, and is now current, but the said notice has only been inserted once in the *Cobourg* World, viz. : on January the sixth instant. The Committee, however, deeming this a matter purely connected with the government and management of the College, are of the opinion that all parties intrusted have had sufficient opportunity of becoming aware of the proposed legislation, and they therefore recommend that the rule requiring six weeks' notice be suspended in this case.

The Committee have carefully considered the Petition of the *Waterloo, Wellington, and Georgian Bay* Railway Company, praying that an Act may pass to amend their Act of Incorporation and to enable them to extend their line, and find that notice of the intended application to the Legislature was duly published the requisite length of time in the *Ontario* Gazette ; the said notice was also published in the *Waterloo* Chronicle of dates November 30th, December 7th and 14th, and the Committee are informed that the notice was then discontinued through a misunderstanding as to the number of times it was to have to have been inserted ; through a misunderstanding on the part of the Secretary of the Company the said notice was not inserted in any newspaper published in the County of *Wellington*. The Committee, however, are credibly informed that there is no opposition to the proposed legislation, and therefore recommend the suspension of the rule in this case.

Mr. *Fraser*, from the Committee on Private Bills, presented their First Report, which was read as follows :—

The Committee have carefully considered Bill (No. 4), To consolidate the general Debenture Debt of the Village of *Elora*, and have prepared certain amendments thereto.

Mr. *Baxter*, from the Select Committee on Printing, presented their First Report, which was read as follows :—

The Committee recommend that fifty thousand copies be printed of an Address to the Agricultural and Arts Association of *Ontario* upon the Herds and Flocks of *Ontario*; also fifty thousand copies of a Report on the Experimental Department of the Agricultural Farm, *Guelph*.

PRAYERS.

Mr. Speaker informed the House, That the Clerk had received from the Judges appointed to enquire into and report on Estate Bills their Report in the following case:—

Bill (No. 8), An Act to authorize the Corporation of the Town of *Lindsay* to sell or lease certain lands.

The Report was then read by the Clerk at the Table, as follows:—

The undersigned have examined the Statute of 1862, 25th *Victoria*, Chapter 34, enabling the Corporation of *Lindsay* to lease portions of the Market or *Queen's Square* for terms not exceeding twenty-one years.

No information is furnished as to the manner in which the lands were obtained by the Corporation, or whether any trust exists in respect thereof; nor is it very clear as to the exact position or extent of the land used as a public market square.

Section One should be amended by inserting the words "or any part thereof" as marked in draft of Bill.

Section Two is improperly worded as giving an absolute title to lessees as well as to purchasers, and some such words as these:

"Any deed or lease executed by the Corporation under "their corporate seal shall be valid and binding, so as to vest in the purchasers or lessees the estate and interest of the Corporation professing to be conveyed respectively by any such deed or lease" should be used in Section Two instead of the words therein from the beginning down to the word "lands."

Subject to these suggestions, and assuming the Legislature to be satisfied thereon, the undersigned report that it is reasonable that such Bill should pass into a law.

Mr. Wood moved,

That the House do now resolve itself into the Committee of Supply.

Mr. Morris moved in amendment, seconded by Mr. Meredith,

That all the words in the motion after "That" be struck out and the following substituted therefor:—"it is the undoubted right of the Legislature of this Province to exercise without interference by the Government of *Canada* the exclusive powers vested in it by the *British North America* Act, if such powers are exercised lawfully and constitutionally, and not in a manner prejudicial to the interests of the Dominion, and this House is prepared at all times to maintain and defend this right; but it is of opinion that Provincial legislation which provides for the taking of private property and applying it to public uses without making full compensation to the owner is contrary to natural justice and the fundamental principles of legislation in civilized communities and prejudicial to the interests of the Dominion, and that it is the undoubted right and manifest duty of His Excellency the Governor-General in Council to prevent such legislation remaining in force by exercising the power of disallowance vested in him by the said Act."

And the Amendment, having been put, was lost on the following division:—

Mr. *Deroche*, from the Committee on Standing Orders, presented their Thirteenth, Fourteenth and Fifteenth Reports, which were read as follow :—

The Committee have had before them the Petition of the City Council of *Toronto*, praying that an Act may pass enabling the city to institute an issue of registered stock, referred back to the Committee from the House, with instructions to reconsider the matter of the notices in the said Petition. The Committee have had a declaration of the City Treasurer filed before them setting forth as follows: That the notice hereto annexed appeared in the *Evening News* newspaper, on the second day of December, 1882, and also in the *Globe*, *Mail*, *Telegram*, *Evening Canadian* and *World* newspapers on the thirteenth day of January instant, and is still under publication in said papers. The full term of notice was published in the *Ontario Gazette*. The Committee are informed that instructions to publish for six weeks accompanied the advertisement first sent to the *Evening News*, but that through some mistake the said advertisement was dropped after the first insertion thereof. Under these circumstances the Committee would recommend the suspension of the Rule in this case.

The Committee have had before them the Petition of *Thomas C. Atkinson*, of *Toronto*, praying that an Act may pass to authorize the Law Society to admit him as a Solicitor in the High Court of Justice, referred back to the Committee from the House, with instructions to reconsider the matter of the notices in the Petition. The proper notice was published in the *Ontario Gazette* for the space of five weeks, and is now current, but no notice was published in any local paper. The Petitioner has, however, filed before the Committee a declaration in the words following: "I did on the Twelfth day of January notify the Law Society of *Ontario* of my intention to apply to the Legislative Assembly of the Province of *Ontario* for an Act to authorize the Supreme Court of Judicature for *Ontario* to admit me to practise as a Solicitor therein, by sending to *J. H. Esten*, Esquire, the Secretary of the said Law Society, a copy of the notice of my intention to apply as aforesaid, which was published in the *Ontario Gazette*, and otherwise informing him of my said intention." The Committee, considering that by the above notice all parties interested are aware of the intended application, recommend the suspension of the Rule in this case.

The Committee have had before them the Petition of the Town Council of *Woodstock*, praying that an Act may pass to declare a certain agreement between the Town and the *Great Western Railway Company* as binding from the time of its execution. The Committee find that the proper notice was published the requisite length of time in the *Ontario Gazette*, but that through some oversight on the part of the town, the said notice did not appear in any local newspaper. Proof has, however, been produced before the Committee, shewing that all parties interested are fully aware of the proposed legislation. The Committee therefore recommend that in view of the foregoing facts the Rules of this House be suspended in the matter of this Petition.

Mr. *Fraser*, from the Standing Committee on Private Bills, presented their Third Report, which was read as follows :—

The Committee have carefully examined Bill (No. 27), To enable the Trustees and Executrices, under the will of *Robert Wilkes*, to lease and sell certain real estate, and have prepared certain amendments thereto. The Committee have also amended the preamble of the Bill so as to make the same conform with the facts as they appear to your Committee.

The Committee recommend that Rule No. 51 of the House be further suspended in this, that the time for the introduction of Private Bills to this House be extended until, and inclusive of, Thursday next, and that the time for receiving reports of the Standing Committee on Private Bills be extended until, and inclusive of, Wednesday, the twenty-fourth day of January instant.

Mr. *Pardee*, from the Standing Committee on Railways, presented their Third Report, which was read as follows :—

The Committee recommend that Rule No. 51 of the House be further suspended in this, that the time for introducing Private Bills to the House be extended until, and inclusive of, Thursday, the eighteenth of January instant, and that the time for receiving reports of the Standing Committee on Railways be extended until, and inclusive of, Wednesday, the twenty-fourth January instant.

Ordered, That the time for introducing Private Bills be extended until, and inclusive of, Thursday, the eighteenth of January instant, and that the time for receiving reports from the Standing Committees on Private Bills and Railways be extended until, and inclusive of, Wednesday, the twenty-fourth day of January next.

The following Bills were severally introduced, and read the first time :—

Bill (No. 38), intituled “An Act to empower the City of *Toronto* to institute an issue of Corporation Stock, to be styled ‘The Registered Stock of the said City of *Toronto*.’”—Mr. *Morris*.

Referred to the Committee on Private Bills.

Bill (No. 41), intituled “An Act to confirm an agreement between the Town of *Woodstock* and the *Great Western Railway Company*.”—The Attorney-General.

Referred to the Committee on Railways.

The Order of the Day for the second reading of Bill (No. 69), To establish Public Creameries, having been again read,

Mr. Speaker said: "Objection has been taken to the second reading of this Bill on the ground that it involves the expenditure of public money, and ought to have received the previous assent of His Honour. It is undoubtedly the practice for all Bills directly imposing a charge upon the people to originate in a Committee of the Whole House, and that no such charge shall be proposed without the expressed sanction of the Crown, but it has been equally the practice here, and in the Imperial Parliament, to take initiatory steps towards expenditure, and not involving actual expenditure, upon the responsibility of a Minister of the Crown, without direct and specific concurrence of the Crown being expressed by message. In 1868 a Bill was introduced in this Legislature by the Hon. *J. S. Macdonald*, then Attorney-General, providing for the establishment of Central District Prisons, and when in Committee, objection was taken by Mr. *E. Blake* to the first section, giving power to the Lieutenant-Governor to purchase and acquire lands and erect two or more buildings, to be known as Central Prisons, inasmuch as it had not been based on resolutions recommended by His Honour the Lieutenant-Governor. The objection was overruled by the Chairman, as the first section applied to charges to be made thereafter provided by a vote of Committee of Supply, and Mr. *Blake* did not appeal from the decision. The Bill was ultimately abandoned, but re-introduced in the same Parliament in 1870-1, without precedent resolutions, and passed without renewal of the objections originally taken. In the Imperial Parliament, on March 2nd, 1865, Mr. *Cowper*, a member of the Government, moved for leave to bring in a Bill to enable the Commissioner of Her Majesty's Works and Public Buildings to acquire additional lands for improving the site of the new public offices in *Downing Street*, and the approaches thereto, when Mr. *Sygon* submitted as a point of order that this was a Bill which should be originated in Committee of the Whole House. Mr. *Cowper* said that the Bill was of exactly the same character as five or six Acts which were upon the Statute Books, all of which had been introduced in the same manner, and which indeed could not, by the Rules of the House, have been introduced in any other way. Mr. Speaker said that the Bill was to enable the Government to take ground for certain purposes. It did not give them the power to purchase the property; the funds for that purpose should be voted afterwards in Committee of the Whole House. There was therefore no question of order.

"Referring to the Rules of this House I find that Rule 93 provides that if any motion shall be made for any public aid or charge upon the people, it shall be referred to a Committee of the Whole House before any vote of the House do pass thereupon, and by the 54th section of 'The British North America Act' it is provided that the House shall not pass any Bill for the appropriation of any part of the public revenue to any purpose that has not been first recommended by a message in the Session in which such Bill is proposed. The 93rd Rule, which deals with motions exclusively, I regard as inapplicable to this Bill, and the 54th section of the B. N. A. Act cannot be held as fatal to the second reading of a measure which, in its present form, makes no definite appropriation of or charges upon any part of the public revenue. But if in the further progress of the Bill through this House it seeks to impose a specific charge upon the people through a distinct appropriation of public moneys, such changes in it can be made only after a recommendation of the expenditure by His Honour, communicated to this House in the usual manner. I am of opinion that there is now no question of order."

The Bill was then read the second time.

Referred to a Committee of the Whole House, to-morrow.

The following Bills were severally read the second time :—

Resolved, That the Committee have leave to sit again on Monday next.

The House then adjourned at 6 p.m.

Monday, 22nd January, 1883.

3 O'CLOCK P.M.

PRAYERS.

Mr. Speaker informed the House, That the Clerk had received from the Judges appointed to enquire into and report on Estate Bills, their Reports in the following cases :—

Bill (No. 40), To enable the Corporation of the Town of *Barrie* to close up a portion of *Dunlop* Street in the said Town.

Bill (No. 25), To amend the Synod and Rectory Sales Acts affecting the Diocese of *Toronto*.

The Reports were then read by the Clerk at the Table, as follows :—

SIR,—We have the honour to acknowledge the receipt of your communication of the 17th inst., addressed to the Chief Justice of the Common Pleas, accompanying Private Bill (No. 40), To enable the Town of *Barrie* to close up a portion of *Dunlop* Street in the said Town.

It appears by the Petition the property was laid out by the Crown, and that it is proposed to erect upon it public buildings. It having been originally laid out for a public highway, there seems to be no objection to the land in question being so used.

The prayer of the Petition is that the Town be empowered “to sell and convey in fee simple to the Government of *Canada*, for the hereinbefore mentioned purposes, a portion of the said Gore or open space, and which may be more particularly described as follows, etc. :—”

The 2nd Section of the Bill should have added to it “to the Government of the Dominion of *Canada*, for the hereinbefore mentioned purposes,” so as to make it conform to the object and prayer of the Petition.

And we may further call attention to the fact that while the Petition refers to the *whole* portion of the Gore *which is particularly described* being conveyed to the Dominion for the erection of public buildings thereon, the 2nd Section provides for the sale of “the portion of the said Gore or open space so closed, *or any part thereof*.” If less than the whole portion of the Gore particularly described is sold to the Dominion, what is to be done with the remaining part?

Having drawn your attention to these points, and subject to the consideration of the Committee upon them, we report :—

- (1) It is reasonable the Bill do pass into a law.
- (2) The provisions thereof are proper for carrying its purposes into effect.
- (3) And that, excepting as aforesaid, no alterations or amendments are necessary in the same.

We have the honour to be, Sir,

Your most obedient Servants,

ADAM WILSON, C.J., C.P.D.
F. OSLER, J.

Dated at OSGOODE HALL, 9th January, 1883.

To *Charles T. Gillmor*, Esq.,
Clerk of the Legislative Assembly.

OSGOODE HALL, 19th January, 1883.

We have perused Bill (No. 25), entitled "An Act to amend the Synod and Rectory Sales Acts affecting the Diocese of *Toronto*."

The preamble recites that the Incorporated Synod of the Diocese of *Toronto* have, by their Petition represented that, in order to enable them effectually to execute the rights, powers, duties, and trusts conferred upon and reposed in them by the Act 41 *Vic.*, chap. 69, and the several Acts and parts of Acts dealt with or referred to in that Act, it is desirable and necessary that it should be declared what lands are comprised within and affected by the said Acts, and that the same lands should be vested in the said Incorporated Synod, and that further provisions should be made in regard thereto.

We do not find any Acts, or part of Acts, conferring upon the said Synod, or reposing in it, any rights, powers, duties, or trusts, or touching any lands in the Diocese of *Toronto*, expressly referred to in the Act 41 *Vic.*, chap. 69, and are therefore unable to understand the reference to such Acts, and parts of Acts, in the preamble, and in some Sections of the Bill. If the Bill should pass into a law, it should be amended by mentioning specifically whatever Acts, or parts of Acts, are meant to be referred to.

Assuming the preamble to be intended only to refer to the Act 41 *Vic.*, chap. 69, and any others specifically mentioned, and to point to the necessity for legislation in the nature of an Act, supplementary to those mentioned, for the purpose of enabling the Synod, more effectually than may be possible or convenient under the terms of the existing Acts, to carry out their objects and intention, it would, in our opinion, be reasonable that, if such necessity is proved to the satisfaction of the House, a Bill for the required purpose should pass into a law.

But we are unable to say whether or not the provisions of the Bill submitted to us are proper for carrying that purpose into effect, because we have not the means of ascertaining whether the lands mentioned, and referred to in Sections 1 and 2, are the same lands to which the Act 41 *Vic.*, chap. 69, applies, which we understand to be only those referred to in the Rectory Act of 1869, 29 and 30 *Vic.*, chap. 16, secs. 1 and 6, or whether the terms of the proposed Act may not embrace other lands.

If other lands are intended to be embraced, we do not think there are sufficient facts stated in the preamble to enable us, acting as Commissioners of Estate Bills, to form an opinion as to whether or not it is reasonable that the Bill should pass into a law.

S. PATTERSON, J.A.

PRAYERS.

Mr. Speaker informed the House, That the Clerk had received from the Judges appointed to enquire into, and report on Estate Bills their Report in the following case :—

Bill (No. 25), To amend the Synod and Rectory Sales Acts affecting the Diocese of *Toronto*.

The Report was then read by the Clerk at the Table, as follows :—

OSGOODE HALL,
26th January, 1883.

We have perused Bill (No. 25) with proposed amendments which has been referred back to us in conformity with the recommendation of the Standing Committee on Private Bills.

The amended preamble recites that the Incorporated Synod of the Diocese of *Toronto* have by their petition represented that in order to enable them effectually to execute the rights, powers, duties and trusts conferred upon and reposed in them by the Acts 41 *Vic.* c. 69, 39 *Vic.* c. 109, and 29 and 30 *Vic.* c. 16 it is desirable and necessary that the lands dealt with in the said Acts should be vested in the Synod, and that further provisions should be made in regard thereto.

We are of opinion that, presuming those allegations to be proved to the satisfaction of the House, it is reasonable that the said Bill should pass into a law.

We are also of opinion that the provisions of the Bill, as amended, are proper for carrying its purposes into effect.

And objection having been taken to the Amendment, as being out of order, and Mr. Speaker being appealed to, decided,

"That the proposition contained in the amendment of Mr. *Meredith* being in substance, if not in precise form, the same as already passed upon by this House during the present session, cannot be now submitted to this House, and is therefore out of order."

Objection being then taken to the decision of Mr. Speaker, the same was submitted to the House and sustained upon the following division :—

<i>Creighton,</i>			

And the Amendment was then declared by Mr. Speaker to be out of order.

Mr. *Meredith* then moved in amendment to the Motion, seconded by Mr. *Morris*,

That all the words in the Motion after "That" be omitted, and the following inserted in lieu thereof :—"the policy of the law is to exempt from taxation for municipal purposes incomes below \$400 ; that large numbers of persons, particularly among the young men and of the industrial portion of our people, who are by their intelligence and otherwise justly entitled to vote at Parliamentary Elections, are, by reason of the existence of the property qualification requirement of the law excluded from the exercise of the Franchise, unless as income franchise voters ; that the existing law which requires persons in receipt of incomes of \$400 to waive their exemption from taxation in respect of such income to entitle them to the Franchise, ignores the true principle upon which the income Franchise rests, and excludes from the benefits of the Franchise almost the whole of those whom it was the ostensible object of the Act creating the income Franchise vote to invest with it,

and is therefore unjust, and ought, so far as relates to Parliamentary Elections, to be changed, and to that end, that the said Bill be not now read the third time, but be forthwith referred back to the Committee of the Whole House, with instructions to amend the same by repealing, so far as the same relates to Parliamentary Elections, the provisions of the law requiring persons otherwise qualified to vote in respect of income, to be rated for income exempt from taxation, and to pay taxes upon such income in order to entitle them to vote in respect of income."

And objection having been taken to the amendment as being out of order, and Mr. Speaker being appealed to, decided,

"That inasmuch as this House has declared during the present Session that a considerable extension of the Franchise is especially a subject upon which the people ought to be consulted, and that the approaching general election will offer an opportunity for so consulting and ascertaining the wish of the people, any proposition to admit large numbers of persons to the Franchise as proposed in the amendment of Mr. *Meredith* cannot be now sustained, and that his proposed amendment is therefore out of order."

And objection having been taken to Mr. Speaker's decision, the House was appealed to, and the decision was sustained on the following division:—

YEAS :

<i>Appleby,</i>	<i>Field,</i>	<i>Lyon,</i>	<i>Robinson (Cardwell),</i>

<i>Broder,</i>	<i>Madill,</i>	<i>Morris,</i>	<i>White—25.</i>
<i>Creighton,</i>			

Mr. Speaker then declared the amendment out of order.

Mr. *Meredith* then moved in amendment to the original Motion, seconded by Mr. *Morris*,

That all the words in the Motion after "That" be omitted and the following substituted: "the said Bill be not now read the third time, but be forthwith referred back to the Committee of the Whole House with instructions to amend the same by reducing the qualification of income franchise voters in cities, towns and villages to three hundred dollars, and in townships to two hundred dollars."

And objection having been taken to the amendment as being out of order, and Mr. Speaker being appealed to, decided,

That the Amendment was out of order on the ground that the question involved had been already decided upon by the House.

The original Motion, having been then put, was carried, and the Bill was then read the third time, and passed.

The House resolved itself into a Committee to consider Bill (No. 72), Relating to the Law of Insurance, and, after some time spent therein, Mr. Speaker resumed the Chair; and Mr. *Sinclair* reported, That the Committee had directed him to report the Bill with certain amendments.

The House accordingly resolved itself into the Committee; and, after some time spent therein, Mr. Speaker resumed the Chair; and Mr. *Sinclair* reported, That the Committee had amended the Bill as directed.

Ordered, That the Bill be read the third time forthwith.

The Bill was then read the third time, and passed.

The Order of the Day for the third reading of Bill (No. 74), For protecting the Public Interest in Rivers, Streams and Creeks, having been read,

Mr. *Pardee* moved,

That the Bill be now read the third time.

Mr. *Meredith* moved in amendment, seconded by Mr. *Morris*,

That all the words in the Motion after "That" be struck out, and the following substituted: "the said Bill be not now read the third time, but that it be resolved that it is proposed by the first section of the Bill to declare to be and to have always been the law that which the Supreme Court of *Canada* has by its unanimous judgment declared not to be and not to have been the law, thereby constituting this House a Court of Appeal from the Courts of the country in a matter affecting valuable private rights, and in the opinion of this House the said provisions are highly objectionable and dangerous in principle and ought not to pass into a law."

And the Amendment, having been put, was lost on the following division:—

Gentlemen of the Legislative Assembly :

In relieving you from the discharge of your Legislative functions, I desire to thank you for your assiduous attention to your duties, and to express my appreciation of the useful and practical results of your labours.

The numerous Public and Private Bills to which I have assented, affirm the zeal and diligence with which you have applied yourselves to the Parliamentary work of the Session.

I congratulate you upon the successful consolidation of the Acts relating to Municipal Institutions and to Jurors and Juries. In addition to placing these laws upon the Statute Book in a convenient form, the amendments which you have made will be of public advantage.

The General Acts which you have passed to facilitate the construction of Street Railways, Gas Works, and other Local Improvements in Cities and Towns, and to provide Public Parks, are opportune, and will no doubt meet with the approval of the people.

The measures for establishing Public Creameries and encouraging the Planting of Trees in the Province have my warmest approval, as also the provision you have liberally made for the purchase of new and improved varieties of seed grain. The Agricultural interests of the Province cannot fail to be encouraged and benefited by these measures.

My Government will continue to guard the interests of the Province in relation to the Boundary Award.

I thank you for the Supplies granted for the year. They will be expended with every regard to economy and to the efficiency of the public service.

In bringing to a close the last Session of the fourth Parliament of this Province, I cannot part with you without referring with satisfaction to the wisdom and prudence which have guided your deliberations, or without expressing my hope that the new Assembly will prove not less anxious than its predecessors have been to advance every interest of the people, nor less resolved to retain intact the integrity of our Province.

The Provincial Secretary then said :—

It is His Honour's will and pleasure that this Legislative Assembly be prorogued ; and this Legislative Assembly is accordingly prorogued.

PUBLIC ACCOUNTS COMMITTEE.

TREASURER'S OFFICE,

January 23rd, 1883.

Evidence re Item of \$11,396.25, Agricultural Hall, Toronto.

KIVAS TULLY, sworn (examined by Mr. MEREDITH):—

I am the Provincial Architect; the alterations and improvements to the Agricultural Hall, Toronto, were done under my supervision.

Q. Under what department was that work?

A. I consider it was under the Public Works Department.

Q. How is it this work was not done under the Public Works Department in the ordinary way?

A. Well, we had no appropriation for it; I reported though to the Commissioner.

Q. And, in fact, it was done under the direction of the Treasury Department?

A. The Treasurer directed me to put myself in communication with the Agricultural and Arts Association, which I did, and carried out their instructions; I received instructions some time in March last; they were to wait on the Association, and they would tell me what was required to be done.

Q. What was you to see them about?

A. They were to make alterations in the building for the Agricultural and Arts Association, for the Bureau of Industries, and for the Professor of Agriculture, and with reference to stores to be fitted up for the tenant of the Association.

Q. You were so informed by the Chief of the Treasury Department.

A. I had been told there were certain alterations in the building, and that the Association would tell me what they were to be.

Q. Was there nothing said about the extent to which you were to go, or as to the extent of your authority in the matter?

A. No. I saw the Association officers. Mr. Drury, the President, was present at a committee meeting, and I think also Mr. Rykert.

Q. Were there any instructions given you?

A. They were about to hold a meeting at Kingston, and I was to report to the President, enclosing plans describing alterations; the Association at that meeting described the alterations; they said the lease with their tenant was up, and they wanted to make a new arrangement with him; Mr. Jamieson was about to have both the stores, which were to be thrown into one. Then there were to be alterations on the first floor for offices, and at the front and rear by the workshop for the tenant, Mr. Jamieson; I was instructed to prepare a plan and to make estimates; I sent the plan to Kingston; I saw the Treasurer again after seeing the Board; I showed him the plans, and also made a report to him on the alterations; I understood the Treasurer was controlling all the expenditure.

[Report to Treasurer, dated May 1st, 1882, produced.]

Q. You have said nothing about the hydraulic lift mentioned here as having been part of your conference with the Board.

A. It was originally contemplated to have a stairway going up to the second floor, but there was found to be an objection to the employés of Mr. Jamieson using it in common, and it was suggested there should be this additional means of getting up; it was not spoken of at the Board, I think it was agreed upon by the Secretary of the Association and the tenant, and the Treasurer approved of it.

Q. I see the amount of your estimate was, including the lift, \$5,000.

A. Yes. There was considerable variation from that estimate. Mr. Jamieson wished the Government to put in the plate glass windows and have them charged to him; when I found they were wanting so many alterations I requested Mr. Munro, the Clerk of Works, to furnish me with a certified copy of the arrangements which had been made with their tenant; he was furnished with this copy of a resolution passed by the Board. (Resolution produced.) I noticed in that I was selected as the architect for the Association Council.

Q. What additional accommodation was the Agricultural and Arts Association securing?

A. I don't know that they have any more accommodation now than they had before; the space on the first floor, formerly occupied by Mr. Jamieson as a work-room, was fitted up into three rooms for the Bureau of Statistics; there were also two rooms at the back, one fitted up with pigeon holes for records, that is five altogether.

Q. When was this work commenced?

A. About the second week in May; it was finished in November.

Q. Was the work done by contract?

A. We had tenders for a portion of the work, for steam-heating, plumbing, painting, plastering, and for the lift; none of these tenders were advertised for; we notified the different parties likely to be the best.

Q. Did you receive any instructions as to tenders from anybody?

A. The instructions I got were that the work was to be done under a Clerk of Works, by day work, and of course do it as economically as possible; I mentioned to the Association that it was to be done by day work, and it was so understood.

Q. What plumbers did you give notice to ?

A. To Messrs. Richie & Co., D. S. Keith & Co., W. J. McGuire, and to John Richie.

Q. Why did you not adopt the plan of advertising for tenders ?

A. We wanted the work done right away.

Q. Could you not have inserted an advertisement twice in the *Globe*, and so received tenders ?

A. We are often delayed in getting tenders in that way, and we also get tenders that are not reliable.

Q. Is it not the practice of the Public Works Department to receive tenders for work ?

A. Yes.

Q. Then why adopt a different practice in regard to this ?

A. I thought it was safer to get tenders in the way I did ; I do not think it made any difference, except that we might have got a tender from irresponsible parties.

Q. Then you do not approve of the system of tendering ?

A. Oh, yes, I do, but sometimes we are bothered with low tenders. I gave the plumbers a week's notice for their tenders.

Q. Could that not have been done as well in the papers ?

A. I suppose we could have given a week's notice in the papers ; D. S. Keith & Co. did the plumbing.

Q. Who were the parties notified with respect to steam-heating ?

A. The same parties as to the plumbing ; the amount of the steam-heating contract was \$1,545.

Q. Are there not others engaged in the same business besides those gentlemen ?

A. Yes ; for the painting tenders we notified M. O'Connor, W. Milligan, John Herbert, and Black & Crawford ; Black & Crawford, being the lowest, got the contract ; their estimate for painting and glazing was \$157 ; they were paid \$929.14, in consequence of the alterations ; these were extras.

Q. Then the amount of the contract was \$157, and the extras amounted to \$800 ?

A. They were not extras of the contract ; they were for additional work, performed in consequence of the alterations ; the contract price for steam-heating was exceeded very little ; the amount for plumbing was \$275 ; I forget the amount paid ; I could furnish that.

Q. Was any other portion of the work done by contract ?

A. There was an agreement with the plasterer for twenty cents a yard.

Q. What was to be total expenditure, according to the statement furnished ?

A. \$11,480.21.

Q. Is there any part of the expenditure for which Mr. Jamieson should pay ?

A. Over \$2,000.

Q. Mr. Jamieson, I believe, disputes his liability ?

A. He never said so to me.

Q. How did these alterations for Mr. Jamieson come to be done by you ?

A. Under that resolution.

Q. There is a great deal more than that charged in the accounts ?

A. Well, he said he would pay for the front, about \$500.

Q. According to your calculation there is an amount of \$2,031.30 which Mr. Jamieson ought to pay ?

A. Yes.

Q. Why should the Government pay for these alterations for Mr. Jamieson ?

A. They were part and parcel of the alterations, and the Association wanted the premises fitted up for their tenant.

Q. Did the Association direct you to make these alterations ?

A. I considered they were included in the original instructions.

Q. Do you mean to say that the original proposition was not that Mr. Jamieson should do for himself his own alterations, the rest being at the expense of the Province or the Board ?

A. He was to put in the front at his own expense. Well, we put it in and charged him with it ; he agreed to pay for it.

Q. Were there additional changes wanted by him that you had done ?

A. Yes, constantly.

Q. Did you receive any instructions from the Treasurer to do what Mr. Jamieson wanted ?

A. I think the only thing the Treasurer instructed us regarding was the lift ; that was changed from a hand lift to a hydraulic one.

Q. Well, did you undertake on your own responsibility work required by Mr. Jamieson ?

A. I could not say on my own responsibility, only under that resolution I was to get the work done, and Jamieson was to pay his proportion.

Q. That is not what the resolution says ?

A. Certainly, but the building belonged to the Association, and was an improvement to their property and gave them an addition rental.

Q. But why would Jamieson not make his own arrangement about that and pay his own money ?

A. I cannot see very well how it could be separated from the entire work ; we had to take away the stone supports in the front and substitute iron columns ; I don't see how we could have done the work differently from what we did.

Q. How was it you could not get a definite agreement from Jamieson with respect to what he should pay for before making these alterations ?

A. I could not get a definite agreement because I didn't know exactly what it would cost ; he said he would pay for putting in the front.

Q. Did anyone from the Department get from Mr. Jamieson what alterations he agreed to pay for ?

A. No.

Q. Do you know as a matter of fact that Jamieson is disputing the claim made upon him ?

A. I do not know ; I heard so.

Q. Upon whose proposal did you make this proposed division as to cost to be borne by the respected parties, of one-third for the Government and two-thirds for the Association?

A. I suggested it to Mr. Wood and he approved of it; it was a fair division.

Q. As a matter of fact the Association are willing to pay but \$3,000, instead of the two-third allotment of \$6,298.94?

A. I was present when they passed a resolution to that effect.

Q. Is it not a fact that the Association has repudiated this altogether, and said the Department had gone altogether beyond what they authorised?

A. I can only answer that by saying what I listened to; some of the members took strong ground in that direction; the resolution was carried unanimously.

Q. Why did you not adopt the ordinary course of having this work done by contract?

A. They wanted the work done in a hurry, and it was of such a character that it was impossible to have tenders for all the work; the chances are we would have had a large bill for extras.

Q. I see you made an estimate for something over \$5,000, and you doubled the expenditure?

A. The work I specified then could be done for \$5,000.

Q. What were the changes?

A. They are shown in the plans—removing stone front, as well as vault, new partitions, stairways, etc. (Plans produced.)

Q. Tell me anything that was extra on the ground floor?

A. We took out the supporting beams under the floors and erected iron columns, one row; originally there were two; I do not know there was any additional expense for that; then a hardwood floor was not in the original specifications.

Q. There is here in your original specifications a new floor, is not that an entirely new floor?

A. It may be a pine floor and removal of whatever portion was necessary.

Q. Is that what you meant here in this first estimate?

A. I did not intend a new floor, I merely intended to repair the floor.

Q. Then you made a mistake?

A. I did not intend to make a new floor.

Q. Who gave you instructions to change that?

A. Mr. Jamieson did and said he would pay for it; we did very little patching to the old floor, and then we put a hardwood floor over the whole of that; the next flat was a hardwood floor too; I do not think it was intended to put in a new floor, but to patch up the old one.

Q. Who gave instructions for that?

A. I did myself for that matter, though I consulted with the Secretary of the Association all through; I do not think I consulted with the Treasurer on this subject.

Q. Did you take the responsibility of not consulting with the Treasurer?

A. I wanted it well done while we were doing it; I did not think at first there was a new floor needed, but I found the old floor much damaged by the taking down of the beams, etc.

Q. Were there other changes?

A. There was an additional room and a partition 14 ft. 6 in. high, and we also put pigeon holes and shelving in what is called the store-room; the staircase was altered so as to run straight up, and that involved considerable expense; that was part of the arrangement between the tenant and the Association; this was not estimated for originally, because I went by the first plan.

Q. Did you not prepare these specification in accordance with the instructions from the Board; were they ever altered?

A. Not by the Board itself; they were by the Secretary; I do not know whether he had instructions or not.

Q. What authority had you to make these changes without instructions from the Board?

A. I had general instructions to make the building suitable for the purpose; I did not suppose there would be questions asked; I carried out instructions I got from the Secretary, in pursuance of an arrangement between the Association and their tenant.

Q. What changes were there from your first estimate on the second flat?

A. The staircase was altered, water-closets and urinals put in and the elevator came up: there were also two separate closets and a small room not in this plan; in the front part too there were partitions dividing the rooms for the housekeeper, and two large rooms, the partitions of which were about 8 ft. high.

Q. Who gave instructions for these?

A. That was in the same way; it was for the benefit of the tenant; I think it was agreed upon by the tenant and Mr. Wade, the Secretary; there was no writing got. The hydraulic lift was originally intended to be placed against the wall, now it is moved out so as to give room to the staircase; the lift is for the purpose of taking Mr. Jamieson's employés to the top flat; I think a lift was originally contemplated; a hand lift was to have cost \$365; the tenant thought it would not answer, as the female employés would be unable to lift it. It was made hydraulic and cost \$650.

Q. Who was to pay for this?

A. I think the cost was to be divided between the Association and the Government.

Q. When were your plans completed?

A. The first I think in March, 1882, and the last on the 3rd May; the Treasurer instructed me on the 3rd May, to proceed at once with the work, and I carried out that to the best of my ability; we did not really commence the work till June, because we did not get possession sooner.

Q. Well then there was no difficulty in asking for tenders on the score of delay?

A. I suppose we ought to have done so.

Q. You adopted the plan I see of sending requests for tenders to political friends of the Government?

A. They were men who are constantly doing work for us by contract; they are good men; I got no special instructions about it.

Q. Are not other equally good men in the city?

A. They are not men who have done work for me and I could not tell.

Q. Is Mr. Harding, for instance, not a good man?

A. I do not know.

Q. What about Gurney & Co., and Bennet & Wright, steam heating firms?

A. They never did work for me.

Examined by Mr. HARDY.

Q. Is McGuire supposed to be a friend of this Government ?

A. Well I never inquire what a man's political leanings are, but I think McGuire voted against the Government ; I would not charge my memory however.

Q. Now Mr. Jamieson was a tenant in the Agricultural Hall for some years, I believe before this work began ?

A. Yes ; I do not remember the rent he was paying.

Q. The resolution reads :—"The whole work to be prepared under the direction of the architect, selected by the Council," who was selected by the Council ?

A. I understood they gave me instructions ; they asked me to go on with the work.

Q. Was this work Government work, or was it for the Association, the Government merely advancing the money in the meantime ?

A. The work I considered was being done for the Association.

Q. The Government advancing the money, or as a loan ?

A. I don't know ; the Government was to have the use of part of the building for the Bureau of Industries, and I was to fit it up for that.

Q. Did you ever inquire whether they could have the loan of your services as an architect ?

A. I only know I got instructions from the Treasurer to put myself in communication with the Association.

Q. Did you prepare the plans under the direction of the Association, or of the Public Works Department ?

A. I got no instructions at all from the Commissioner of Public Works ; I told him about it and he told me to go on ; we had no appropriation for the work, but I thought it wright to report to the Commissioner of Public Works about it under the head of "Miscellaneous ;" I took no instructions from the Government at all in the matter.

Q. Was it settled by the Commissioner of Agriculture how the rooms for the Bureau of Industries were to be fitted up ?

A. I think he looked over the plans and thought they would answer.

Q. Did you submit more than one plan to the Association ?

A. My impression is that three plans were submitted ; the first plan I sent down to Kingston ; the second was drawn on account of some changes ; I also made a third plan and there were some alterations after that, and I really made four plans ; the building was an old building and the removal of the stone columns was a very heavy job ; it was very carefully and well done under Mr. Munro, the Clerk of Works ; he was a very satisfactory man, and gave his personal attention to the work, with the exception of superintending for one hour a day some work at the Normal School ; it was a large work to take an old building and pull it to pieces and remodel it.

Q. What is your opinion as to doing that class of work by contract or by day work ?

A. I do not think we could do it any cheaper under tender ; I think in that case we would likely have had three or four law suits.

Q. Why ?

A. The work was of such a character, the changes so numerous, that it would be impossible to get tenders of a satisfactory character ; there were so many changes and so much extra work, that you could not have confined contractors to their tenders ; I would not ask for tenders if there is any probability of there being a large amount of extra work ; such work is sometimes done by tender, sometimes by day work ; when I spoke

of law suits, I meant there would likely have been so many claims for additional work, I probably could not have certified to, and there would have been law suits; I made a final report to the Treasurer in which the charges are mentioned. (Report produced.) I mention one thing in that which made a great difference. When days work was first undertaken, I gave it in charge of Mr. Purdom, my assistant, and he measured up the work. When the work was about to be commenced he died. I intended that he should have had charge of this work, in which case there would have been no occasion for a Clerk of Works, who cost about \$700 for the seven months; then again, when executing the work we found the floor of the basement or cellar quite rotten, and when we cleared out the rubbish we found we had to lay a brick floor in cement, which was done; that was unprovided for in the original estimate; it was done by days work, I cannot tell the exact cost.

Q. Who did you communicate with as the work went on?

A. With the Secretary of the Association and with the tenant, Mr. Jamieson; I saw them frequently, in fact, every day.

Q. Now before you undertook any of the changes, differing from the original design, would you have the authority or sanction of either one or other of those, or was there anything you saw from time to time must be done.

A. There was no change made without my talking to one or the other about it; I then gave instructions to Mr. Munro to do it; Jamieson was to pay for the plate-glass front and he is to pay also for the sashes and frames which we supplied; I understand from the Secretary he is willing to pay \$500 for the front, but the other items he objects to; the carpenters work on the front amounted to \$378; there was a great deal of gilding put on the front in addition to the original design; the painting on the front alone cost \$75; other painting in the store made the bill \$401; all this is in addition to the original estimate; the only expenditure calculated for the front in my original estimate was the replacing of the stone columns with iron; then there were fronts and marble top on the circular heater, \$38.40; I think Mr. Jamieson told me he would pay half the cost of steam heating; he came to the office and said so; half the cost would be \$816.15; the amount of the tender for steam was \$1,545, but it cost a little more running the pipes into flues; Mr. Jamieson objected to the pipes running up the walls and said he must have them in the flues; there was also a ventilator in the windows, a matter that cost \$47; then when we came to examine the old ceiling, which I intended merely to patch up, I found it very bad; I considered it better to make a good job of it and put in a new ceiling at a cost of \$60; iron gratings in sidewalk cost \$45, that was not in the estimate; there were also extra partitions on the upper floor for closets and wash basins, \$50; the plumbers charges for water-closets were \$129.66; I think Mr. Jamieson ought to pay for that; then there was half the cost for changing the position of the gas pipes, which according to Mr. Munro he also agreed to pay for, \$50; these, with the exception of the steam-heating, were all items not in the original estimate and amount to \$2,031.80. I do not charge him for iron pillars.

Q. What about the extra items chargeable to the Association?

A. I estimated one-third for the Government and two-thirds for the Association; one-third is about the proportion of space occupied by the Government.

Q. When did the trade strikes of 1882 begin?

A. About the commencement of the building season, May or June; they made a very considerable difference in the cost of building work, about 25 or 30 per cent. more; we had seven carpenters, a bricklayer and two labourers.

Mr. LAUDER.—*Q.* What price do you pay the carpenters?

A. \$2.25 a day.

To Mr. Hardy.—The same price that builders in the city were paying, with the understanding that if there was cause for it it would be \$2.50; before this we paid

carpenters only \$2 a day ; the price paid labourers advanced also from \$1.50 to \$1.65 a day ; the wages paid were the ordinary wages current in the city ; we got tenders for steam heating, plumbing and painting, the lowest in all cases being accepted ; I changed the specification for steam heating from requiring 30 tubes to 52, and that made a difference of \$150.

Mr. WOOD.—Q. What rooms are placed at the disposal of the Government in the building ?

A. Three rooms and the use of a storeroom ; they have the temporary use of two other rooms up stairs ; I think a fair rental for these three rooms and closets would be \$500 a year.

Q. That would be interest on \$10,000 at five per cent., would it not ?

A. Yes.

Q. You are not aware that the Association have placed at our disposal, permanently, the two rooms up-stairs ?

A. No.

Q. What additional would they be worth ?

A. I should think \$100, or \$600 altogether ; they are good rooms.

Q. In carrying on these works did you consider at any time you were taking your directions from me ?

A. I only understood you were controlling the expenditure ; the only thing you spoke of particularly was the hydraulic lift.

Q. In reporting these changes to me, you reported what the Association wanted done ?

A. Yes ; I know nothing of any communication between the Association and myself.

Mr. HARDY.—Q. As Mr. WOOD was advancing the money, I suppose it was with especial reference to that ?

A. Yes.

KIVAS TULLY.

WEDNESDAY, January 24th.

Examination of Mr. TULLY resumed by Mr. HARDY.

Q. Have you brought any further detailed statement of extras ?

A. I went through the pay-list and ascertained what the amount of increase would be at the advanced rate of wages—25 cents a day to the carpenters and 15 cents a day to the labourers, also with respect to Munro's time, and the advance of twenty-five per cent. on lumber ; the amount on time, inclusive of carpenters and labourers, is \$318.70 ; and the item of lumber would be about \$288.57 ; Mr. Munro's time was \$609 ; Munro was paid \$3.50 a day, the ordinary sum ; these three items amount to about \$1,200 ; it was my intention to have placed Mr. Purdom in Mr. Munro's place if he had not died, and as Mr. Purdom was my assistant the amount paid Mr. Munro would not have been required. I have made a rough calculation of the cost of bricking the cellar, about \$150 ; the flooring of the store was another extra ; there were thirty squares, the difference between that and patching up the old floor would be about \$6 a square, or \$180 ; there would be on the first flat where the Bureau of Industries is, new floor, at \$10 a square, or \$300 ; the floor there was of cherry and maple ; that is about \$630 for these three items ; then on the upper floor there were one hundred feet of frame partitions eight feet high, at one dollar a foot, making \$100. Then we put in a new bookcase in the

library for the Association, twenty feet, at \$6—\$120; we also repaired the old bookcase at a cost of \$60; there is a stand in the library for papers, as much for the use of the Bureau of Industries as for the Association, costing about \$30; we put in pigeon holes in the clerk's rooms, cost about \$240, or a total of about \$500. The balance of the difference between the original estimate and the expenditure, was in addition to the steam heating and fonts; they have all been measured and checked over, also with regard to plumbing, of course Mr. Jamieson has to pay back \$2,000; I certified all the accounts; with regard to lumber, I told Munro to go to different lumber yards I named, and any others he choose that had such lumber on hand, particularly of hardwood and good clear lumber; he told me he went round and came to the conclusion Mr. Smith was the most reasonable.

MR. MEREDITH—Objected to the witness saying what Monro had said.

Continuing, witness said he had given Munro the same instructions regarding hardware, giving him names in both cases; he made arrangements with Rice Lewis & Co. for cast iron at so much a pound; they were to take any old iron we had, allowing for the same; the prices charged in all the accounts are fair and reasonable prices; the only objection I made was to some prices of lumber which I deducted on the accounts in red ink, not a large amount in itself, but it would have been, if allowed to run through all the accounts; in the account dated June, he charged for clear lumber \$45, I put it down at \$40; in other works he wanted to charge me as much as \$50, but I would not give it.

MR. HARDY.—Q. The prices charged in all the accounts were the ordinary commercial charges?

A. Yes.

THE CHAIRMAN.—Q. The flooring you say was of maple and cherry alternately?

A. Yes.

MR. MEREDITH.—Q. What would be a fair price for maple?

A. About \$40, and about the same for cherry.

Q. There is charged here in one of the accounts \$70, for some cherry?

A. When I say \$40, I am speaking of it in the rough; we purchased it in the rough from Smith, and got him to dress it.

Q. What would be the cost of dressing it?

A. I do not know, we generally get it dressed; this was dressed, tongued and grooved.

Q. Well, what would you be willing to give for doing that?

A. I have no idea.

Q. You say there was an advance in the price of lumber, when?

A. At the beginning of the building season, April or May; the advance in wages was about the same time I think; I directed Munro to go to Downey & Co., Oliver & Co., and J. B. Smith; I told him to go to those as the most substantial.

Q. These men are in the habit of dealing with the Government you say?

A. Yes.

Q. You suggested in your report of the 16th May, that there ought to be some arrangement as to the proportion of these expenses each would bear, why was that not carried out?

A. I don't know; I made it because there were so many demands for changes in the alterations; I thought it was going to increase the expenditure considerably, and I

wanted something final about it ; I did not press that on the Commissioner ; I made my estimates about the same time I made the report, 16th May.

Q. Then it was made after the rise ?

A. No ; I did not take the rise into account ; the matter between the men and the masters was not quite settled ; I think there was an arbitration.

Q. What was the cost of the iron pillars ?

A. They were bought by the pound, the account will show ; four or five cents a pound would be about the price, perhaps six cents.

Q. For work of this quality what would be about the proper price ?

A. About six cents I suppose.

Mr. FERRIS.—Q. It depends very much on the length of them, does it not ?

A. Yes.

Mr. MEREDITH.—Q. I see on the 19th May you wrote—"I have the honour to forward pay list of workmen," etc., "as directed by Mr. Wood" ; how was that ?

A. I think it can be explained on the ground that Mr. Wood was controlling the expenditure ; Mr. Wood, of course, saw the plans, and knew what was going on.

Q. You say here he directed the alterations ?

A. He directed them in connection with the Agricultural and Arts Association have never been round the building with Mr. Wood yet ; Mr. Wade, the Secretary of the Association, was there all the time, suggesting this and that work, and of course I thought it was all right ?

Q. Was there any rise in the price of lumber between May and October ?

A. I think there was ; I am not certain whether there was any rise between May and June.

Q. How came you to pay by this account \$45 for clear lumber if you reduced the charge to \$40, as you say ?

A. There may have been a rise ; there must have been a rise in the price of lumber ; I said I considered \$45 too high at the time, and I thought it ran through the whole ?

Q. I see in this account of September you paid \$50 ?

A. Probably I did ; I know I refused it on other occasions.

THE CHAIRMAN.—Q. Would there be some of that stuff used for flooring ?

A. Yes ; in flooring it is all hardwood.

Q. Well there would be a difference between that used for panneling, and that for flooring ?

A. Yes ; for panneling we would require well seasoned clear lumber.

Messrs. Drury and Wade were present in answer to summons.

DEPARTMENT OF PUBLIC WORKS, ONTARIO,

TORONTO, May 3rd, 1882.

SIR,—I have the honour to report that, in accordance with your instructions, the necessary examination and measurements have been made at the Agricultural Hall, on the corner of Queen and Yonge streets, in reference to the proposed alterations in the store occupied by Mr. Jamieson, and to provide accommodation for the Bureau of Agriculture and Statistics, as shown on the accompanying plans of the several floors.

The improvements on the second floor, for the accommodation of the Bureau of Agriculture and Statistics, in addition to the offices of the Agricultural and Arts Association, could be undertaken at once, if the work is done by the day, and materials purchased.

The alterations on the ground floor, and the proposed steam or hot water heating, could not be commenced until the store was vacant, which I understand will be the case about the 1st of July next. An estimate of the proposed alterations is herewith submitted.

I have the honour to remain,

Your obedient servant,

Architect, etc.

DEPARTMENT OF PUBLIC WORKS, ONTARIO,

TORONTO, May 16th, 1882.

SIR,—I have the honour to report that the alterations in the upper floors of the Agricultural Hall, on the corner of Yonge and Queen streets, were commenced on Monday last, under the superintendence of Mr. H. Munro, junior, the Clerk of Works, who was engaged a few days previously in making arrangements for materials, etc.

I understand from Mr. Jamieson that the store north of his will not be vacated until the 29th of July next, consequently the improvements on the ground floor could not be commenced until after that date, but Mr. Jamieson suggests that the tenant would move out sooner if compensated.

In my report of May 3rd, it is stated that, “ It is understood that the plate glass required for the front will be provided by the tenant, Mr. Jamieson.” It appears now that Mr. Jamieson wishes that the plate glass should be provided by the Government, the cost of the same to be charged to him, as well as the cost of other improvements, but as the prices may be disputed afterwards, when the work has been done—particularly the plate glass, which will be expensive, at least \$600, and would have to be ordered from England—I would recommend that a specified amount should be agreed upon, before the improvements in the stores are commenced, and that the tenant should agree to pay the cost of the plate glass, as per invoice, when imported.

It would be desirable, also, to have an understanding with the Agricultural and Arts Association, as to the amount to be paid by them for their share of the proposed alterations, unless it has been already decided that the balance of the cost of the improvements, beyond what has to be paid by the tenant, should be charged to the Association, the cost of the whole work to be paid, in the meantime, by the Government.

I have further to report, that the pay-list and accounts will be made out every fortnight, for payment by the Treasury Department.

I have the honour to remain,
Your obedient servant,

KIVAS TULLY,
Architect, etc.

HON. S. C. WOOD,

Commissioner of Agriculture, etc., etc., Ontario.

DEPARTMENT OF PUBLIC WORKS, ONTARIO,
TORONTO, April 11th, 1882.

SIR,—I am directed by the Hon. H. Wood, Commissioner of Agriculture, to enclose a tracing of the second and third floors of the Agricultural Hall, on the corner of Queen and Yonge Streets, in this city, showing the present arrangements of the second floor and proposed alterations.

When the Council of Agriculture and Arts have decided on the proposed alterations I can make an estimate of the cost, including the improvements on the ground floor, and the plans could be prepared to submit for tenders.

I have the honour to remain,
Your obedient servant,

KIVAS TULLY,
Architect, etc.

C. DRURY, Esq.,

President Agr. and Arts Association, Walker House, Toronto.

DEPARTMENT OF PUBLIC WORKS, ONTARIO,
TORONTO, October 31st, 1882.

SIR,—I have the honour to report, by the directions of the Hon. S. C. Wood, Commissioner of Agriculture, that the cost of heating the Agricultural Hall, at the corner of Queen and Yonge streets, with the present steam heating apparatus, would be, annually, as follows :

Engineer, for 7 months, @ \$50	\$350 00
Fuel for steam boiler, 25 tons, @ \$6.....	150 00
Ordinary repairs to furnaces and pipes.....	100 00
	\$600 00

The above estimate is, of course, approximate, and I consider it will not be less than that amount. As the alterations are not yet completed, the total cost cannot be ascertained, or the proportion to be paid by the tenant, and the amount to be charged to the Agricultural and Arts Association, and the Ontario Government.

I remain,
Your obedient servant,

KIVAS TULLY,
Architect, etc.

C. DRURY, Esq., M.P.P.,

President Agr. and Arts Association, Toronto.

DEPARTMENT OF PUBLIC WORKS, ONTARIO,
TORONTO, December 17th, 1882.

SIR,—I am directed by the Hon. The Commissioner of Agriculture to enclose a statement of the cost of the alterations in the Agricultural Hall, on the corner of Queen and Yonge streets, and the apportionment of the expenditure chargeable to the tenant Mr. Jamieson, the Agricultural and Arts Association, and the Ontario Government.

The building is heated by steam throughout, with all the necessary conveniences in the shape of water closets, washbasins, and urinals on each flat, with a hydraulic lift from the basement to the upper floor, for the use of the tenant.

The work connected with the hydraulic lift is not yet completed, and the painting of the outside brick and stone work of the building has also to be done, but the cost is included in the account.

I have the honour to remain,

Your obedient servant,

KIVAS TULLY,
Architect, etc.

President Agr. and Arts Association, Toronto.

DEPARTMENT OF PUBLIC WORKS, ONTARIO,
AGRICULTURAL HALL, Sept. 11th, 1882.

KIVAS TULLY, Esq.,

Chief Architect, Department of Public Works.

SIR,—I have the honour of reporting to you, that on the 11th day of July Mr. Jamieson was fully commenced removing his goods from the back part of store, and on Wednesday, the 12th, Mr. Holmes, his head cutter, was, by his own statement to me, compelled, by the dust made by the workmen employed on the work, to leave and go down to the premises now occupied by Mr. Jamieson, on Yonge street. Mr. Jamieson did not remove all his goods until the following Monday, viz., July 17th, when we obtained only partial possession, the store being encumbered with counters, desk, shelving, and office fittings, which had all to be removed by the workmen, and at the expense of the Government.

The tenant, Mr. Broughton, did not leave the north store until the 1st day of August, and the work has progressed as rapidly as it possibly could have been done with safety and economy.

Mr. Jamieson was put in possession of the store, to fit up same, to-day, but as the plate glass, ordered by him, has not arrived, the store could not be enclosed.

I am, sir,

Your obedient servant,

HUGH MUNRO, JR.,
Clerk of Works.

DEPARTMENT OF PUBLIC WORKS, ONTARIO,
TORONTO, Dec. 16th, 1882.

SIR,—I have the honour to report, that the works connected with the alterations to the Agricultural Hall, on the corner of Queen and Yonge streets, in this city, have been completed, with the exception of the hydraulic lift, gas-fitting, and outside painting.

In accordance with your directions, I placed myself in communication with the Council of the Agricultural and Arts Association in March last, and prepared plans of the proposed alterations in compliance with these instructions, which were forwarded to the President, C. Drury, Esq., M.P.P., on the 11th of April following.

Sundry alterations having been proposed in the arrangement of the stairways to the Agricultural and Arts Association, and Bureau of Industries, also to the work-shop of the tenant, on the second floor; new plans and specifications were prepared, which were submitted to the Secretary and tenant and approved. The works were commenced in May last, under the superintendence of Mr. H. Munro, junior, as Clerk of Works, this appointment having become necessary, owing to the death of Mr. A. Purdom, my assistant, who prepared the plans, and was to have superintended the work.

The principal alteration, as you are aware, was the construction of the lift, an objection having been taken to the use of the stairway, at the west end of the store, in common, as the entrance to the offices on the first floor, and for the employes of the tenant, who, of necessity, would be constantly passing from the store to the work-room on the second floor and returning thereby, inconveniencing parties having business to transact with the offices on the first floor. To meet this objection, it was agreed that the lift should be constructed at a cost of \$365, for a hand hoist, but was afterwards altered to be worked by hydraulic power, at the additional price of \$650.

In addition to the improvements originally contemplated, which consisted of the removal of the heavy stone pilasters on the front and corner of the store, and the substitution of strong iron columns to support the front wall, and a portion of the side wall on Queen street, and the taking down of the brick walls and vaults on the first and second floors. On further examination it was found that the basement floor was quite decayed, the joists and flooring were therefore removed, and a brick floor, laid in concrete, was substituted. Workmen were employed and materials purchased, the works having been pushed forward as rapidly as possible, in order to have them completed by the 1st of September, for the accommodation of the tenant; but as possession of the store was not given until the 11th of July, and two months having been allowed for the removal of the brick walls, vault, stairs, etc., the tenant did not get possession until the 11th of September.

Tenders were received for the steam-heating, plumbing, and painting, the lowest in all cases having been accepted.

As the tenant required additional improvements, which were not contemplated originally, I applied to Mr. Wade, the Secretary of the Agricultural and Arts Association, for a copy of the resolution of the Council, as a guide to making the required improvements, the certified copy being herewith annexed.

By this resolution you will perceive that, "The whole work was to be prepared under the direction of the architect selected by the Council, work in the upper flat to be done by the Council, all work in the lower flat, except the pillars supporting the floor, to be done by Mr. Jamieson." I have endeavoured to comply with the resolution, but owing to the increasing demands made by the tenant, which would lead to additional expenditure, I deemed it my duty to report to you in reference to the following:—

According to the agreement between the Council of the Agricultural and Arts Association and their tenant, Mr. Jamieson "was to put in new front at his own expense," but shortly after the work was commenced, he requested that the Government should order the plate glass for the front, which was especially provided in my first report should be ordered by Mr. Jamieson, and you endorsed on the report: "Mr. Jamieson is to satisfy Mr. Tully, that the glass, of the approved size, is ordered, and will be delivered in time, otherwise no work on same is to be commenced." The glass was, therefore, ordered by Mr. Jamieson, and was placed in the front shortly after it was constructed.

In that report it was also stated that, "It would be desirable also to have an understanding with the Agricultural and Arts Association, as to the amount to be paid by them for their share of the proposed alterations, unless it has already been decided that the balance of the cost of the improvements, beyond what has to be paid by the tenant, should be charged to the Association, the cost of the whole work to be paid, in the meantime, by the Government." As the cost was considerably increased by these and other changes, by the fitting up of book-cases and shelving, tinting the walls, gas fittings, and painting of the outside work, which were not included in the original estimate, and also by the advance of from 25 to 30 per cent., on wages and materials, consequent on the strikes which occurred at the commencement of the building season, I consider that the apportionment made in the statement to the Council on the 7th inst., was a liberal one on the

part of the Government, viz : that one-third should be paid by the Government, and two-thirds by the Agricultural and Arts Association, after deducting the amount to be paid by the tenant, particularly as the building is the property of the Association, who have the full benefit of the improvement to their property, the Government only occupying four offices, for the Professor of Agriculture and the Bureau of Industries.

I have the honour to remain,
Your obedient servant,

KIVAS TULLY,
Architect, etc.

HON. S. C. WOOD,
Commissioner of Agriculture, Ontario.

Mr. Drury, M.P.P., President of the Agricultural and Arts Association, was examined, his evidence taken by shorthand reporter, marked in appendices as "B."
 Mr. Wade, Secretary of the Agricultural and Arts Association, next examined, his evidence taken down and marked in appendices "B."

"B."

Mr. DRURY, sworn (examined by Mr. Meredith) :—

I am the President of the Agricultural and Arts Association ; the negotiations regarding the alterations to our hall began in this way ; the tenant wanted some changes made in the store, and about the same time the Government proposed that we should give rooms in the hall for the Bureau of Industries, and for Prof. Buckland ; I think that was the occasion Mr. Wood appeared before the Council and addressed them regarding the accommodation required on the 25th Nov., 1881 ; there was prior to that a proposition made and talked over, but not seriously.

Q. What action was taken on Mr. Wood's application ?

A. The minutes will show that a resolution was passed granting the Government what was asked, free of rent. In April I was instructed to have a conference with Mr. Wood, and accompanied by the Secretary, I obtained one ; the proposition then made was that, as we were going to make certain changes in the basement, and the Government in the first flat for their offices, there should be one architect to superintend the work ; the proportion of cost was to be left to Mr. Tully, the Government architect.

Q. Had you at that time come to any agreement with Jamieson ?

A. Yes, there is a memo. in the minutes entered that evening, on motion of Mr. Rykert.

Q. On page 255 of the minutes, there is a letter from Jamieson making an offer to rent the whole lower and upper flats for the purposes of his business. He offered \$2,000 without or \$1,800 with taxes for a period of 21 years or less, that was on the 24th March, 1882 ?

A. Yes, that is the time he made a formal proposal in writing ; on the same day the resolution (already put in) was passed.

Q. Then I see on the 12th April it was that you and the Secretary had the interview with the Commissioner of Agriculture, and came to an agreement as to how the work was to be done. Then what the Board agreed to was that all the work should be done by the Government ?

A. Yes, under the direction of the Government architect.

Q. And that an estimate of the proportion was to be made, and they were to pay that back to the Government ?

A. Yes, we guessed the cost would be about \$5,000.

Q. Was there any other interview on the part of the Council with the Government ?

A. The Council did not meet again till September at Kingston, when the work was well advanced ; nothing was said there about alterations ; the question next came before the Council, at the winter meeting, on the 6th and 7th December, 1882.

Q. The resolution ordering the payment to the Government of \$3,000 was carried unanimously ?

A. Yes, the total claim made upon us was something over \$6,000 ; the Board thought a great deal more had been expended than we had been led to anticipate, but we thought \$3,000 a fair sum to pay in consideration of the improvements made.

Q. Did you ever give authority for any changes other than those covered by the resolution ?

A. No.

Q. Then the whole authority the Government had from the Board is contained in that resolution of April 12 ?

A. Yes, that was the arrangement ; there was no authority to do work for Jamieson except that the stone supporting the building should be taken out, and we were particular to have that done under the direction of our architect for the purpose of protecting the building.

Q. When this resolution was passed did the Board intend that Mr. Jamieson should do his own work.

A. Yes.

Q. Then any arrangements made between any person and Jamieson, it was not for the Board ?

A. No ; I had no authority, and the Council never met between those two dates.

Mr. HARDY.—Q. Have there been any improvements or additions made to the building which you think, in the interests of the building, ought not to have been made ; any unreasonable or extravagant ?

A. Oh, I don't see anything about the building that does not seem to be in keeping with the purposes of the building, only there was more money expended than the Council originally contemplated.

Q. Well, if it is so, what Mr. Tully says, that \$2,000 of that was done at Mr. Jamieson's expense, for which Mr. Tully assumed, at all events he undertook to be liable, you would have no objection to that I suppose ?

A. Well, that is a matter between Mr. Tully and Jamieson.

Q. I suppose you could not, as President of the Board, object to that ?

A. Well, I really do not care anything about it ; I do not object or I do not approve.

Q. I suppose the building is improved by those alterations for Mr. Jamieson?
A. Oh, certainly.

Q. One would suppose you would look upon it with favour for you were getting more rent?

A. Yes, there would be something in that for more was done than we thought Mr. Jamieson would undertake, owing to his having a ten years' lease; he has been very liberal in that.

Q. These improvements would not be exhausted in ten years?

A. No; and for instance he agreed to pay for the plate glass front which becomes the property of the Association in ten years.

Mr. MEREDITH.—Q. That is not included in the \$11,000?

A. No.

Mr. HARDY.—Q. Have you a new lease?

A. Yes; before the Association was receiving, I think, a rental of \$1,000 for the two old stores, now we are receiving \$2,000; that is, the rent is actually \$1,800, but there is an arrangement about heating which makes it \$2,000; Mr. Jamieson pays the taxes; I think he paid them before.

Q. Well, \$800 a year extra at 6 per cent. capitalized, would be worth a good deal more than your improvements, at all events you are going to get \$2,000 extra in less than three years from the rental?

A. Yes.

Q. So if you are called upon to pay \$3,000 you will not lose much at that rate?

A. It must be borne in mind that we had this agreement with Mr. Jamieson before this work was touched.

Q. But certain improvements were to be made?

A. Yes, but he was to make them.

Q. All of them?

A. The agreement will show what he was to do and what we were to do; I am not sure who was to bear the expense of repairing the store columns with iron; the Council were to remove the vault extending up two stories, and also a heavy brick wall.

Mr. MEREDITH.—Q. And that with removing the stair-case was all you had to do?

A. Yes.

THE CHAIRMAN.—Q. Were you to provide the tenant with improved entrance into the upper flat?

A. Yes; that meant putting up a staircase; anything that was to be done in the upper flat we had to do.

Mr. HARDY.—Q. Have you ever done much in the way of tearing down an old building and refitting it?

A. No.

Q. The taking away the wall would injure the whole building?

A. Oh yes. I saw what was going on during the progress of the work, whenever I came to Toronto. Mr. Wade, the Secretary, was in charge for the Association; he had his office during the progress of the work in the third flat.

Q. Did the Council ask Mr. Wood's permission to employ Mr. Tully, or how was that?

A. The Government were going to alter the first flat for their own purposes, and of course we thought it unadvisable to bring in another architect; my suggestion that Mr. Tully should have charge, was agreed to by Mr. Wood.

Q. Then the proposition that Mr. Tully should have charge, came from the Council?
A. Yes.

Mr. MEREDITH.—Q. That is so far as your part of the work was concerned?
A. Yes.

Mr. HARDY.—Q. The report says, "he also laid on the table plans"?
A. At the conference we had, Mr. Tully prepared that plan, and I took it to Kingston and submitted it to the Board next day.

Mr. MEREDITH.—Q. How long had Mr. Fleming and Mr. Jamieson been tenants?
A. Messrs. Fleming and Buckland were the tenants of the Association, and they sub-let to Mr. Jamieson six or seven years ago; I believe their lease was a ten year one and had been renewed once.

*Q.—*There would have been an increase of rental altogether apart from these improvements?
A. Yes; the opinion was the premises had been let cheaply.

Mr. WOOD.—Q. How many offices are there in the first flat now?
A. Prof. Buckland has one, the Bureau of Industries two, and another room for records; the Secretary of the Association has two rooms, and there is a Board room which has a public library as well.

Q. Do you think it desirable that the only staircase by which to reach public offices should be used also by factory operatives?
A. I think it could not be entertained for a moment; that necessitated the construction of something we had not got there.

THE CHAIRMAN.—Q. Has Mr. Jamieson precisely the same premises as Mr. Buckland had?
A. Not precisely the same because he had a portion of the first flat, and now we have the entire first flat; the workshop is now another storey higher.

Q. So that in the new lease you reserve a portion for yourselves, formerly used by the tenant?
A. Yes.

Mr. WOOD.—Q. And in a more valuable part of the building?
A. Oh, certainly.

Mr. HARCOURT.—Q. What value did you put upon the building before the repairs?
A. The auditors of the Association valued it at \$30,000.

Q. What value would you put on it now?
A. I have heard it stated we could sell the property now at \$40,000; I could not say of my own knowledge.

Substantially correct,

CHARLES DRURY.

HENRY WADE, sworn (examined by Mr. Meredith):—

I am the Secretary of the Agricultural and Arts Association ; I agree with Mr. Drury in his account of what took place between us and the Treasurer.

Q. I see by resolution of the 12th April, speaks of certain changes having been agreed upon, is that where they have been detailed by Mr. Drury and yourself ?

A. There were no details.

Q. I mean the nature of the changes ?

A. Yes ; certain things were to be done.

Q. Is it true that after the plans were made and approved of you made some changes on your own responsibility ?

A. I made some trifling suggestions involving some more partitions and an additional room ; I could not say what expense it involved.

Q. Would \$500 cover the whole thing ?

A. I suppose so ; at the meeting at Kingston the Council examined the plans and there being one or two partitions not to their liking, they left the matter to me to see to.

Q. These are minor changes ?

A. Yes.

Q. Did you give any authority for changes to be made at the expense of Mr. Jamieson ?

A. No.

Q. Did you in any way authorize the Treasury Department or Mr. Tully to do work for Mr. Jamieson ?

A.—No.

Q. As a matter of fact do you know whether Mr. Jamieson disputes the claim made upon him ?

A. I do not know.

Q. I suppose there would have been no difficulty in getting a much larger rental than \$1,000 without the improvements ?

A. Oh, I think we could have a somewhat larger sum.

Mr. YOUNG.—Q. The building was in a bad state ?

A. Yes, fearful ; it was the dirtiest place I ever went into ; some improvements were quite necessary.

Mr. HARDY.—Q. Mr. Tully tells us that in tearing down the vault he had to put in a new ceiling, do you think that necessary ?

A. Oh, yes, quite necessary.

Q. And he tells us also with reference to the basement floor ?

A. There was a great accumulation of filth, and it was necessary to have a new floor.

Q. You knew all that was being done ?

A. Yes. I think the labour strikes occurred about the 12th April ; the large vault in the building ran up to the second storey ; the principal timbers of the building rested on it ; they had to take that down and also a wall they did not calculate to take down.

Q. Seeing the building before and the work as it progressed, has it struck you that there has been any extras or work done not fairly in the interest of the building ?

A. There was nothing done we did not require ; we might have had a little more.

Q. Did you see anything in the appearance of a corrupt job there?

A. I could not see anything; the workmen appeared to be good workmen, and the Clerk of Works apparently gave proper attention to his duties.

Mr. MEREDITH.—Q. Mr. Hardy has been asking you about a new ceiling, are you aware that everything except the removal of the vault and the building of a staircase was to have been paid for by Mr. Jamieson?

A. Yes; the resolution was drawn hurriedly whether the Council intended to give him the ceiling or not; the first floor was cut through for the placing of the sewing machines; I gave the architect no instructions to do that at the expense of the Council.

HENRY WADE.

Mr. Meredith moved that certain extracts from the minute book of the Agricultural and Arts Association, relating to the matter under discussion be entered upon these minutes.

EXTRACTS FROM THE MINUTE BOOK OF THE AGRICULTURAL AND ARTS ASSOCIATION:—

March 23rd, 1882.

"Hon. Mr. Wood then again appeared before the Council and addressed them as to the accommodation offered by them to the Bureau of Industries. It was thought advisable, he said to have all the Agricultural offices of the Government in the same building with the Council, and for all to co-operate as far as possible with the Council."

March 24th.

"A letter was also read from Mr. P. Jamieson, making an offer to rent the whole of the lower flat and one-half of the upper flat for the purpose of continuing his business, he would respectfully offer a rental of \$2,000 without taxes, or \$1,800 with taxes, for a period of twenty-one years or less. Referred to Committee of the whole Council.

"Moved by J. C. RYKERT, M.P., seconded by D. P. MCKINNON,

"That a lease be granted to Mr. P. Jamieson of the lower flat and one half of the upper flat in the Agricultural Building, on the following terms, viz.: Lease for ten years at a rental of eighteen hundred dollars and taxes, and payable quarterly in advance, Mr. Jamieson to put in new front at his own expense, the Council to remove the vault and leave the lower flat in one room, Mr. Jamieson to have an entrance by the stair in rear of his shop. The whole work to be prepared under the direction of the architect selected by the Council, work in the upper flat to be done by the Council, all work in the lower flat, except the pillars supporting the floor, to be done by Mr. Jamieson."

"I accept the above terms."

(Signed)

PHILIP JAMIESON.

Dated March 24th, 1882.

KINGSTON, April 12th, 1882.

“The President then explained that he and the Secretary had waited on the Commissioner of Agriculture the evening before, in reference to the alterations in the Agricultural Hall, and for other matters, and he had suggested to Mr. Wood that the Government do all the *work* in connection with the different changes already agreed upon, and that they make an estimate of the proportion agreed to be paid by the Council, and that the Council pay that portion to the Government, all to be under the direction of the Government Architect; he also laid upon the table the plan prepared by Mr. Tully, the Government Architect, with a few alterations suggested by the Secretary.”

C. H. SPROULE,
Auditor.

Provincial Auditor's Office,
January 24th, 1883.

Mr. LEYS, of the firm of Rice Lewis & Co., was called and examined. Evidence marked in appendices "C."

"C."

TREASURER'S OFFICE,
January 26, 1883.

Inquiry into the expenditure of \$11,396.25 on Agricultural Hall continued.

Mr. LEYS, a member of the firm of Rice Lewis & Son, sworn (examined by Mr. WOOD):—

My firm furnished hardware supplies on account of the repairs to Agricultural Hall.

Q. Did you sell these goods as cheap to the Government as you would to any private individual?

A. Yes.

Mr. MEREDITH.—*Q.* Are there others who sell the same kind of supplies you furnished?

A. Yes.

Mr. SMITH, sworn (examined by Mr. Wood):—

My father is a lumber dealer; I am aware of all the transactions that take place; I am aware that a large amount of lumber was furnished for the repairs to Agricultural Hall.

Q. Did you sell that lumber at the lowest market price?

A. We did.

Q. Did you sell it as low as you would to any private individual?

A. We did.

Mr. MEREDITH.—*Q.* What was the price of Cherry lumber last summer in this market?

A. The first quality, if it could be got, would be worth \$70; but it is not sold in that way; it is sold first and second at, probably, \$50.

Q. How did you come to charge \$70 for what you furnished the Government?

A. That was manufactured; it was worth \$50 in the rough; the work of planing, tonguing and grooving is probably \$5 a thousand.

Q. How do you make \$50 and \$5 to be \$70?

A. In measuring the rough lumber of course we take a board a foot wide; you might imagine we would get four pieces three inches wide; on the contrary, we get only three and a fourth, which is short of the full width, and consequently left on our hands.

Q. How did you come to charge \$5 more than you ultimately agreed to take for clear pine?

A. I don't know that we did; I do not remember what kind of stuff was furnished; I could not say how many lumber firms such as ours are in the city; I do not know that there is one doing both a manufacturing and dealing business; we have supplied this and former Governments with lumber; we do not solicit contracts.

Mr. WOOD.—*Q.* Are you in the habit of charging this Government more than is usual?

A. No; on the contrary, we figure pretty close; we had some in this case left on our hands.

THE CHAIRMAN.—*Q.* Would there be required for panels better stuff than for flooring?

A. Certainly; it would have to be thoroughly seasoned, and would probably have to take that out of stuff worth \$60, and then stand a good deal of waste; hardwood is not usually kilned; it is much better if you get it without.

Mr. FITZIMMONS, sworn (examined by Mr. Wood):—

I am a member of the firm of D. S. Keith & Co.; we did the plumbing for the Agricultural Hall.

Q. In doing that work, did you charge the Government more than to a private individual paying cash?

A. No; we charged regular prices for the work done outside of the contract; it was most of it under contract.

To Mr. Meredith.—I myself fixed the price upon the goods furnished; I made no examination of the books with a view to my evidence.

Mr. FERRIS.—*Q.* I suppose your account is an abstract from your book.

A. Yes. (Keith & Co.'s accounts produced).

Mr. HARCOURT.—*Q.* Now that you have looked at the accounts, will you say whether regular prices were charged, or whether they were excessive?

A. These are regular prices.

Q. Such as you would have charged any individual for similar work?

A. Yes; we have been twenty-five years in the trade; our total account was \$2,198, and of that \$1,834 was under contract.

Mr. GIBSON (Huron).—*Q.* Did you charge for that outside the contract just the same as the contract?

A. I do not think so, because I do not think we made a cent out of the contract.

Q. But it was the same price you would have charged myself or Mr. Meredith?

A. Yes.

Mr. BLACK, sworn (examined by Mr. WOOD):—

Our firm (Black & Crawford) got the contract for the painting at Agricultural Hall; I believe other parties tendered; what was not contracted for and done, was charged by the yard; the contract was \$157; the total bill was \$925; what was not contracted for was under our usual prices; because we thought we might get another job at another time, and we made it low.

Q. Then it was rather under than over your usual prices?

A. It might have been a good deal more without being considered an over charge.

Q. I notice such items charged as this—"Calsomining not under contract"; now in making out the number of yards did Mr. Munro assist?

A. We checked it with him, but whether he measured or not I don't know; I saw him measuring plaster; I never did work before for the Government; I put in a tender for this work; I had been inquiring first; I got the directions for tendering from Mr. Munro; I live in Toronto; have been for four years.

Mr. MEREDITH.—*Q.* Did you suggest to this gentlemen that you were sound in the faith as a reason why you should have this job?

A. No.

To Mr. Wood.—I had no communication with the Government, direct or indirect; I was not asked at that time what my politics were.

Mr. MEREDITH.—*Q.* When was it you were asked?

A. After I commenced work.

Q. Who asked you?

A. One of the carpenters.

Mr. WOOD.—*Q.* Did you ever speak to me before to day?

A. No.

To Mr. Meredith.—Tenders were put in on the first of July, and a few days after I was notified my tender was accepted; four weeks, may be six weeks after that, we commenced work; I did work on the buildings for Mr. Jamieson to the amount of \$63; it was for him personally; there was \$75 of my account for gilding.

Mr. TULLY, recalled (examined by Mr. Wood):—

I was first appointed to the public service by the Province of Canada in 1856, by the Government of Sir John Macdonald; I was appointed by the Inspector of Asylums and Prisons as Architect of the Toronto Asylum; at Confederation, Mr. Carling, Commissioner of Public Works, appointed me Architect and Engineer, and Chief Officer of Public Works; I have prepared plans for most of the public buildings erected; I have been able to give more personal attention to this building in question because it was in the city; I was in a position to notice the quality of the material used, and the kind of workmen employed.

Q. Now, from your experience of forty years, both in England and Canada, as a general architect and engineer, and from your own knowledge of what was going on at Agricultural Hall, do you consider you have value for the expenditure?

A. I consider the Government has value for every dollar expended on that work; Mr. Munro told me he measured the work; I told him to measure it up, and I saw him measuring one day.

Q. Before you certified to the accounts did you consult with Mr. Munro?

A. I went over every item, and checked it myself.

Mr. MEREDITH.—Q. What was Munro's trade?

A. I do not know; I do not know he was a stonemason.

Q. If you did not know his trade how did you come to employ him?

A. He has been before Clerk of Works; he was at Thunder Bay; he measured work also at the Central Prison; I did not see his work at Thunder Bay; I know of his capacity by his general knowledge of business; he revised all the accounts between the Canada Car Company and the Government with respect to the Central Prison.

Mr. FERRIS.—Then he is more or less of an expert?

A. I consider him a smart man.

KIVAS TULLY.

Mr. JAMIESON, sworn (examined by Mr. MEREDITH):—

I am the tenant of the Agricultural and Arts Association in their building on the corner of Yonge and Queen streets, Toronto.

Q. I believe you made them an offer to rent upon certain terms a portion of the building, is that a copy of your lease (copy produced)?

A. Yes, I suppose that is a copy of the lease I signed.

Q. Are you aware that the sum of two thousand odd dollars is claimed from you in connection with the repairs. Do you owe them that amount?

A. Not that I am aware of.

Q. Did you authorize them to do any work on your behalf?

A. I had nothing to do with the Government; I did not know them in the transaction; my agreement was with the Association.

Q. Did you authorize any one to do work in connection with the alterations, and say you would pay for it?

A. I mentioned about the heating to Mr. Wade; nothing else that I am aware of.

Q. Then do you admit your liability to pay anything on account of changes in the building?

A. I do ; I admit \$500, but I dispute my liability to the Association for anything over \$500, simply because I give them \$2,000 already of an increased rent ; they take my cellar from me, and put me up stairs for my workshop ; will they allow me for keeping me out of my place in July and August, and till the first of October ?

THE CHAIRMAN.—Q. I suppose you are willing to leave this matter to any fair court of arbitration ?

A. I am willing to do anything that is fair.

Mr. MEREDITH.—Q. You say the original bargain with you was that you were to have the cellar ?

A. Yes.

Q. The resolution passed on the 25th March says that a lease be granted of the lower flat and one-half of the upper flat ; there is nothing there about the cellar ?

A. I knew then it did not include the cellar, but I had the cellar before ; I understood at first I was getting the same premises I had before ; then they commenced to discover they wanted half the cellar ; of course nothing was said about the cellar, but I supposed the cellar went with the place ; under the old lease I had a vault in the cellar I used for books, etc. ; now the cellar is not worth fifty cents to me ; there is an engineer there now ; I have spent \$7,000 on the interior of the building ; I will give \$10,000 more for the building to-day than I would before it was touched ; the whole thing cost about \$28,000, and I will give \$40,000 for it.

Mr. SMITH, son of J. B. Smith, lumber dealer, called and examined with reference to lumber supplied. Evidence marked "C" in appendices.

Mr. FITZSIMMONS, one of the partners in the firm of D. S. Keith & Co., next called and examined with reference to the plumbing. Evidence marked "C" in appendices.

Mr. TULLY recalled and examined. See evidence marked "C" in appendices.

Mr. JAMIESON, tenant of the ground floor, in the Agricultural Hall, was then called and examined under oath. His evidence taken by shorthand reporter. Marked "C" in appendices.

Mr MEREDITH requested that copies of D. S. Keith & Co.'s accounts be entered up the minutes. Copies marked "M" and "N" in appendices.
