EXPLANATORY NOTE

SCHEDULE 1 BROADER PUBLIC SECTOR EXECUTIVE COMPENSATION ACT, 2014

Subsections 4 (1) and (2) of the *Broader Public Sector Executive Compensation Act, 2014* set out the employees and office holders to whom the Act applies as designated executives. Subsection 4 (4) of the Act creates an exception for employees and office holders who are represented by specified organizations for the purpose of collective bargaining in relation to employment-related compensation. The Schedule repeals subsection 4 (4) of the Act.

Section 6 of the Act authorizes the Lieutenant Governor in Council to make regulations establishing one or more compensation frameworks governing designated employers and designated executives. The Schedule provides that a compensation framework may authorize a Minister to make a particular specified decision that, in the opinion of the Minister, is appropriate, on a case-by-case basis.

SCHEDULE 2 BUILDING CODE ACT, 1992

The Schedule makes various amendments to the *Building Code Act, 1992*. Some of the key amendments include the following:

1. The Schedule amends section 1.1 of the Act to set out the role of building owners and persons conducting building condition evaluations. The roles of chief building officials and inspectors are also amended to specify that their roles include exercising powers and performing duties in an independent manner. (See section 2 of the Schedule.)
2. Subsection 12 (1) of the Act currently authorizes an inspector to enter upon land and into buildings without a warrant where there is a permit or an application for a permit in respect of the building or site. This provision is amended to allow such entry, regardless of whether a permit is involved, if the inspector is entering to determine whether or not the Act, the building code or an order under the Act is being complied with, subject to the limitations set out in section 16 of the Act on the power to enter a dwelling. (See section 6 of the Schedule.)
3. The Schedule amends various provisions relating to the posting of orders made under the Act to authorize making copies of the orders available to the public and registering the copies in the proper land registry office. The existing orders affected are those authorized under the following sections of the Act: sections 12 (compliance), 13 (do not cover or enclose), 14 (stop work), 15.9 (unsafe building), 15.10 (emergency), 15.10.1 (maintenance).
4. New provisions are added to authorize the imposition of administrative penalties on specified persons by municipalities, designated enforcement persons and inspectors in specified circumstances. (See sections 10, 19 and 23 of the Schedule.)
5. The Lieutenant Governor in Council is authorized to make regulations establishing building condition evaluation programs and prescribing buildings and parts of buildings that are subject to such programs. Building owners are required to maintain and operate such a building or part of a building in accordance with the Act and the building code. Building owners are also required to ensure that an evaluation occurs in accordance with the Act and the building code. The Act provides for the inspection of buildings that are subject to a building condition evaluation program and authorizes the inspector to make orders. Requirements related to the service and posting of orders are set out, and the orders are also required to be made available to the public and registered in the proper land registry office. The Act also requires a principal authority to provide information regarding such a building to prescribed persons upon request and to adopt and maintain a written complaints policy regarding the program. (See section 15 of the Schedule.)
6. The Act is amended to make it an offence for a person to perform the functions of a chief building official, an inspector, a registered code agency, a designer or another person referred to in section 15.11 or 15.12 of the Act without meeting the qualification and registration requirements. A similar offence is added in respect of a person conducting a building condition evaluation. (See sections 16 and 17 of the Schedule.)
7. Various regulation-making powers are provided for, including the power for the Lieutenant Governor in Council to make regulations governing a continuing education and professional development program for chief building officials, inspectors, registered code agencies, designers and other persons. (See section 24 of the Schedule.)
8. The maximum penalty that may be imposed on a corporation convicted of an offence under the Act is increased from \$100,000 to \$500,000 in the case of a first offence. In the case of a subsequent offence, the maximum penalty is increased from \$200,000 to \$1,500,000. (See section 25 of the Schedule.)

A regulation in respect of the program may be retroactive.

Section 291 of the Act currently provides that property tax increases may be capped for business properties and that adjustments may be made by regulation for changes in municipal taxes. The Schedule also repeals an amendment that is not yet in force.

The Minister may add additional objects by regulation.

The Consortium has many of the powers and duties of a school board, and operates in a similar fashion to a school board.

The Schedule also permits the Minister, subject to the approval of the Lieutenant Governor in Council, to make regulations governing meals and lodging at the Centre Jules-Léger schools and at all the provincial and demonstration schools, and the Schedule provides for inspection and enforcement of the regulations.

The definition of “enforceable provision” in section 3 of the *Ontario Energy Board Act, 1998* is amended to include the provisions of Part III.1 of the *Green Energy Act, 2009* and of the regulations made under it.

**SCHEDULE 19
HIGH OCCUPANCY TOLL (HOT) LANES ACT, 2017**

The Schedule enacts the *High Occupancy Toll (HOT) Lanes Act, 2017*, under which the Minister of Transportation may designate high occupancy toll (HOT) lanes on parts of the King’s Highway.

The designation regulations may do any of the following: limit a designation to specified days, times of day, conditions or circumstances; limit the use of HOT lanes to specified vehicles or classes of vehicles, or to vehicles with a specified number or minimum number of occupants; and regulate the use of HOT lanes, including by prescribing different rules of the road. Driving on an HOT lane or entering or exiting an HOT lane except in accordance with the regulations is an offence punishable by a fine of \$60 to \$500.

The Minister is authorized to set the toll rates payable for driving on HOT lanes, either by displaying the toll rates on signs along the HOT lanes or by regulation. The Minister may, by regulation, exempt any person or vehicle or class of persons or vehicles from the obligation to pay a toll.

The rules respecting the obligation to pay tolls, fees and interest, and for their collection and enforcement are essentially the same as those in the *Highway 407 Act, 1998* and the *Highway 407 East Act, 2012*. A brief summary is as follows: the person named on the plate portion of the vehicle permit or the person to whom a toll device is registered is required to pay a toll and fee for the use of the HOT lane; photographic, electronic or any other prescribed type of evidence is proof of the use of an HOT lane, of the number or minimum number of occupants in a vehicle on an HOT lane, of the setting at which the toll device is set, of the obligation to pay a toll and of any other prescribed facts; a person obligated to pay a toll may also notify

the Ministry of the number or minimum number of occupants in the vehicle at a given time and, in the absence of evidence to the contrary, the notification will be accepted as proof of the facts contained in it; if the person does not pay the toll or fee within 35 days after the invoice for the toll and fee is sent, a notice of failure to pay the toll will be issued to the person; the person may dispute the alleged failure to pay to the Minister, and may appeal the Minister's decision to a dispute arbitrator; the decision of the dispute arbitrator is final; if the person fails to pay any toll, fee or interest within 90 days of receiving the notice of failure to pay, the Registrar of Motor Vehicles will refuse to validate or issue a vehicle permit for or to the person.

The Minister is authorized to enter into an agreement with a person or entity to collect and enforce payment of the tolls, fees and interest that are owed to the Crown. That person or entity may also be authorized to perform additional activities related to the collection and enforcement of the tolls, fees and interest, and to charge an administrative fee payable to the person or entity for those activities.

Consequential amendments are made to the *Highway Traffic Act*.

The Schedule to section 46 of the Act is re-enacted to include the *High Occupancy Toll (HOT) Lanes Act, 2017*; the effect is that a person's driver's licence may be suspended for failure to pay a fine imposed on conviction under that Act.

Part X.1 (Toll Highways) of the Act is amended as follows:

The definition of "toll highway" is expanded to include HOT lanes. For non-HOT lane toll highways, the Lieutenant Governor in Council continues to be authorized to prescribe toll devices and how to affix them to a vehicle. The Minister of Transportation, however, is authorized to prescribe toll devices for HOT lanes, how to affix them and the setting at which they must be set.

A toll device for HOT lanes may be any kind of device that denotes permission to use HOT lanes, including a device that is the same as or similar to a toll device prescribed for use on non-HOT lane toll highways or a sticker. A person is not required to set their toll device to a prescribed setting in order to drive on an HOT lane if they submit a notification under the *High Occupancy Toll (HOT) Lanes Act, 2017* to the Ministry that attests to the number or minimum number of occupants in the vehicle. The notification is proof, in the absence of evidence to the contrary, of the number or minimum number of occupants in the vehicle.

The Lieutenant Governor in Council continues to have the authority to exempt any vehicle or class of vehicles from the requirement to be equipped with a toll device for non-HOT lane toll highways. The Minister of Transportation is authorized to exempt any vehicle or class of vehicles from that requirement for HOT lanes.

Consequential amendments, to change cross-references to re-enacted provisions of the *Highway Traffic Act*, are made to the *Highway 407 Act, 1998* and the *Highway 407 East Act, 2012*.

Consequential and complementary amendments are also made.
2. A new section 129.1 of the Act provides that if a contract excludes coverage for loss or damage to property caused by a criminal or intentional act or omission of an insured or other person, the exclusion only applies to the claim of a person whose act or omission caused the loss or damage, who abetted or colluded in the act or omission, who consented to the act or omission and who knew or ought to have known that the act or omission would cause the loss or damage, or who is in a class prescribed by the regulations.

3. Section 410 of the Act (application re risk classification system, rates) is amended to provide that the Superintendent may order an insurer to apply to the Superintendent for approval of the risk classification system and rates it intends to use in respect of coverages and categories of automobile insurance. The section is also amended to provide that a decision of the Superintendent made under the section is final. Section 411 of the Act (reconsideration by Superintendent) is re-enacted to provide that the Superintendent may notify an insurer of the Superintendent's intention to make an order with respect to certain matters, and the insurer is to be given an opportunity to make written submissions with respect to the matter.

SCHEDULE 23
LAND TRANSFER TAX ACT

Currently, section 3 of the *Land Transfer Tax Act* provides that the tax in respect of a disposition of a beneficial interest in land is payable on the 30th day after the date of the disposition. New subsection 3 (2.1) authorizes the Minister to make regulations prescribing different rules respecting when the tax is payable.

Under subsection 5 (7) of the Act, a person liable to pay tax under section 3 is required to deliver a return in a form approved by the Minister. The subsection is amended to also require the return to be delivered in the manner approved by the Minister.

A regulation in respect of the program may be retroactive.

The Schedule amends the Act to specify that the Lieutenant Governor in Council may make regulations requiring the distributor to apply any resulting credit in accordance with prescribed methods or criteria.

The Act is also amended to authorize the Lieutenant Governor in Council to make similar regulations in circumstances where a generator is not generating the electricity primarily for the generator's own use:

1. One possible arrangement involves the generator and consumer entering into an agreement that meets prescribed criteria, with any credit to be applied to the consumer.

The Lieutenant Governor in Council is also given regulation-making authority over all matters in respect of which the Authority may make rules. Consequential and complementary amendments are also made.

Funding and governance policies

Section 10 of the Act is amended to require that the documents that create and support a pension plan include a funding policy and governance policy of the pension plan. Administrators of pension plans that have applied for registration before the amendment comes into force must also file with the Superintendent a funding policy and governance policy.

Registry for missing beneficiaries

New section 30.2 of the Act requires the Superintendent to establish, maintain and operate an electronic registry relating to beneficiaries who are missing. Administrators of pension plans must notify the Superintendent if a beneficiary cannot be located and the Superintendent must record the specified information in the registry. A person may make a request to the Superintendent to determine if they, or someone they are authorized to act on behalf of, are a beneficiary recorded in the registry. The Superintendent is required to give the specified information to the person, if provided satisfactory proof that they are a beneficiary recorded in the registry or are authorized to act on behalf of such a beneficiary. If an administrator locates a missing beneficiary, the administrator must notify the Superintendent and the information relating to the beneficiary must be removed from the registry.

Purchase of pension, deferred pension or ancillary benefit from insurance company

Currently, section 43 of the Act provides that the administrator of a pension plan who is required by the pension plan to provide a pension, a deferred pension or an ancillary benefit may purchase the pension, deferred pension or ancillary benefit from an insurance company. The Act is amended to add a new section 43.1, which provides that if the administrator of a single employer pension plan has complied with certain requirements in respect of the purchase of a pension, deferred pension or ancillary benefit, the administrator is discharged. Despite the discharge, a former member or retired member for whom the pension or benefit is purchased retains the same rights with respect to payment of surplus from the pension plan when it winds up as former members and retired members who are entitled to payments under the pension plan as of the date of the wind up.

A technical amendment is made to the French version of subsection 43 (1) of the Act.

Provision for adverse deviations

Section 1 of the Act is amended by adding a definition of “provision for adverse deviations”, which has the meaning set out in the regulations.

Currently, unproclaimed section 55.1 of the Act permits employers and members to reduce or suspend contributions for normal cost of the pension plan in certain circumstances. Amendments are made to also permit members of jointly sponsored pension plans and employers to reduce or suspend any required contributions for the provision for adverse deviations in respect of the normal cost of the pension plan in certain circumstances.

Currently, subsection 79 (1) of the Act provides that the Superintendent shall not consent to the payment of surplus to an employer out of a continuing pension plan unless certain requirements are met. Amendments are made to add a requirement that at least twice the provision for adverse deviations in respect of the normal cost of the pension plan must be retained in the pension fund as surplus.

Amendments relating to solvency deficiency and surplus

In various provisions of the Act, references to “solvency deficiency” are changed to “reduced solvency deficiency”. “Reduced solvency deficiency” is defined as having the meaning set out in the regulations. Further, in provisions relating to contribution holidays in unproclaimed section 55.1 of the Act, references to “surplus” are changed to “available actuarial surplus”. “Available actuarial surplus” is defined as the portion of a pension plan’s surplus that is determined in accordance with the regulations.

Target benefits

Currently, unproclaimed section 39.2 of the Act governs target benefits, including setting out criteria that must be satisfied for benefits provided by a pension plan to be target benefits. The section is repealed and re-enacted to add new criteria and to make technical changes to some of the existing criteria. A new subsection provides that a pension plan shall not provide both defined benefits and target benefits, except as otherwise prescribed. The current versions of subsections 39.2 (3) and (4) of the Act are not re-enacted.

A new section 81.0.2 of the Act governs the conversion of benefits provided by a multi-employer pension plan to target benefits, where the conversion is proposed to be implemented by amending the pension plan. Notice of a proposed conversion must be given to the members, former members, retired members and other persons entitled to benefits under the pension plan, to the participating employers, to any trade union that represents members of the plan and to the Superintendent. The administrator of the pension plan must consult with any trade union that represents members of the pension plan. The prior consent of the Superintendent to the conversion is also required. The criteria to be considered by the Superintendent are specified. The section contains provisions conferring immunity on the Crown in specified circumstances.

An amendment is also made to the unproclaimed definition of “target benefit” in subsection 1 (1) of the Act.

Pension Benefits Guarantee Fund

Subsection 84 (1) of the Act lists the benefits and contributions that are guaranteed by the Pension Benefits Guarantee Fund. Amendments are made to remove requirements regarding the age and years of employment or membership that members and former members must meet for their benefits to be guaranteed by the Fund, if the date of the wind up of the pension plan is on or after the day the amendments come into force.

Section 85 of the Act governs pension benefits that are not guaranteed by the Pension Benefits Guarantee Fund. Currently, the amount of a pension or pension benefit, including any bridging supplement, in excess of \$1,000 per month is not guaranteed by the Fund. The section is amended to provide that an amount of a pension or pension benefit, including any bridging benefit, in excess of \$1,500 is not guaranteed by the Fund, if the date of the wind up is on or after the day the amendments come into force.

Payments on wind up of pension plan — exemption

Section 75 of the Act currently governs the amounts that an employer must pay into the pension fund when a pension plan is wound up. The Act is amended in connection with variable benefits. The amendments provide that the specified beneficiary of a retired member for whom a variable benefit account has been established is entitled to receive statements about the pension plan or about the variable benefit account and to transfer amounts out of the variable benefit account in accordance with the Act. The priority of payments of the death benefit is established.

Special rules, Essar Steel Algoma Inc.

The Act is amended by adding a new section 102.2 with respect to listed pension plans for which Essar Steel Algoma Inc. is the employer. Subject to certain conditions, the section permits the making of regulations that exempt Essar Steel Algoma Inc. or a successor employer from subsection 57 (3), (4), (5) or (6) of the Act.

2. The regulation-making authority in paragraph 27 of subsection 7 (1) of the Act is re-enacted to provide authority for the making of regulations under the Act governing the continuing education of holders of temporary licences, provisional licences and limited licences as well as of members, including sanctions for non-compliance.
3. Subsection 8 (3) of the Act is re-enacted to change how by-laws made by the Council of the Association may be confirmed, if confirmation is required.
4. Subsection 14 (2) of the Act, which provides for the circumstances in which the Registrar may refuse to issue a licence, is re-enacted both to add to the circumstances in which the Registrar may exercise the power, as well as to add a power to suspend or revoke a licence in the specified circumstances. Complementary amendments are made to sections 15, 18 and 19.

SCHEDULE 35 PROVINCIAL OFFENCES ACT

The Schedule amends the *Provincial Offences Act* and makes consequential amendments to several other Acts. The major elements of the Schedule are set out below.

1. The definition of a "prosecutor" is amended to include persons acting on behalf of a municipality under a transfer agreement.

2. Offence notices under Part I must indicate that the notice of intention to appear may be filed in person. They must also indicate that an early resolution meeting is available, unless they indicate that the notice of intention to appear may be filed by mail.
3. The existing procedure for meeting with the prosecutor to resolve an offence under Part I of the Act is replaced with a new procedure for early resolution meetings between the defendant and the prosecutor. Early resolution meetings may be conducted in person, in real time by electronic method or, if the offence notice indicates that this option is available, through the exchange of written electronic communications. The procedures that apply to meetings conducted in person or in real time by electronic method are set out, and a regulation-making power is provided to set out the procedure for written electronic communication meetings.
4. The defendant and the prosecutor may agree in an early resolution meeting that the defendant will plead guilty to the offence, a substituted offence or a substituted allegation related to the offence and either pay the set fine or make submissions as to the amount of the fine or the time to pay the fine. The defendant may abandon an agreement to plead guilty and not make submissions before a justice within 15 days after signing it, in which case the matter will proceed to trial. If submissions are to be made, the justice who hears the submissions may enter a conviction and impose a fine at his or her discretion or may choose not to accept the guilty plea and instead set the matter to trial.
5. Section 9 of the Act is amended to continue to provide that a person is deemed not to dispute a charge if they request an early resolution meeting but do not attend it. It is also amended to permit the clerk of the court to examine the certificate of offence when the defendant is deemed not to dispute a charge and enter a conviction if it is not defective. A person convicted as a result of this examination can apply to a justice to re-examine the certificate and determine if it is defective or is otherwise not complete and regular on its face.
6. The procedure in section 11 of the Act for defendants who have been convicted without a hearing to apply to strike out a conviction is amended to permit the clerk of the court to strike out the conviction if satisfied that the defendant was, through no fault of their own, unable to attend an early resolution meeting or appear for a hearing or did not receive delivery of a notice or document relating to the offence. If the clerk of the court does not strike out the conviction, he or she must forward the application to a justice for review.
7. Section 48.1 (Certified Evidence) is amended to apply to proceedings under Part I or II for which a set fine has been specified for the offence or if the offence is specified by the regulations.
8. A new process is provided to authorize the clerk of the court to grant applications for extensions or further extensions of the time for payment of a fine after the fine has been imposed. If the clerk does not grant the application, it is forwarded to a justice for review.
9. New section 69.2 requires persons with multiple fines in default to pay them in order of default date.
10. Section 70 is amended to provide that administrative monetary penalties imposed for defaults are not affected by an extension of the time to pay the fine. It also clarifies that a fine may result in multiple administrative penalties if it goes into default multiple times after extensions of the time to pay.
11. Section 83.1 is amended to require courthouses to be equipped to allow remote attendance of early resolution meetings if the availability of those meetings is indicated in the offence notice.
12. Municipalities can now be authorized by agreement with the Attorney General to conduct any prosecution under the Act or the *Contraventions Act* (Canada) and are no longer restricted to proceedings commenced under Part I or II of the Act.
